

Cabinet

Date: 19 October 2015

Subject: Draft Business Plan 2016-20

Lead officer: Caroline Holland – Director of Corporate Services

Lead member: Councillor Mark Allison – Deputy Leader and Cabinet Member
for Finance

Contact Officer: Paul Dale

Urgent report:

Reason for urgency: The chairman has approved the submission of this report as a matter of urgency as it provides the latest available information on the Business Plan and Budget 2016/17 and requires consideration of issues relating to the Budget process and Medium Term Financial Strategy 2016-2020. It is important that this consideration is not delayed in order that the Council can work towards a balanced budget at its meeting on 2 March 2016 and set a Council Tax as appropriate for 2016/17.

Recommendations:

1. That Cabinet agree the proposed amendments to savings set out in Appendix 1 and incorporate the financial implications into the draft MTFS 2016-20.
 2. That Cabinet agrees the latest draft Capital Programme 2016-20 detailed in Appendix 3 for consideration by scrutiny in November and notes the indicative programme for 2021-25.
 3. That Cabinet considers and agrees the draft savings/income proposals (Appendix 4) and associated equalities analyses (Appendix 5) put forward by officers and refers them to the Overview and Scrutiny panels and Commission in November 2015 for consideration and comment.
-

1. Purpose of report and executive summary

- 1.1 This report provides an update on progress towards preparing the Business Plan 2016-20 and requests Cabinet to consider and agree the initial savings/income proposals put forward by officers and refer them to the Overview and Scrutiny panels and Commission for consideration.
- 1.2 It also requests Cabinet to consider and agree some proposed amendments to savings, including replacement savings, which have been approved previously and are incorporated into the current MTFS considered and approved by Cabinet at its meeting on 14 September 2015.
- 1.3 The report also provides details of the latest capital programme, including new bids and an indicative programme for 2021- 2025

Details

2. Medium Term Financial Strategy 2016-20

- 2.1 At its meeting on 14 September 2015 Cabinet considered a report which updated the Business Plan 2016-20. At the meeting it was resolved that Cabinet:-
1. notes the rolled forward MTFS for 2016 - 20.
 2. confirms the latest position with regards to savings already in the MTFS.
 3. agrees the approach to setting a balanced budget using weighted controllable expenditure for each department as the basis for the setting of targets.
 4. agrees the proposed departmental targets to be met from savings and income.
 5. agrees the timetable for the Business Plan 2016-20 including the revenue budget 2016/17, the MTFS 2016-20 and the Capital Programme for 2016-20.
 6. notes the process for the Service Plan 2016-20 and the progress made so far.
- 2.2 In the report, the following budget gap was identified before identifying any new savings and income proposals:-

	2016/17 £000	2017/18 £000	2018/19 £000	2019/20 £000
Budget Gap in MTFS	0	0	3,515	15,301

- 2.3 The September Cabinet agreed initial targets set for each department as follows:-

SERVICE DEPARTMENT'S SAVINGS TARGETS FOR 2016-2020 BUSINESS PLANNING PROCESS	Total £000
Corporate Services	2,338
Children, Schools & Families	2,580
Environment & Regeneration	6,568
Community & Housing	3,815
Total Savings/Income Proposals	15,301

3. Proposed Amendments to Previously Agreed Savings

- 3.1 In recent years, the introduction of multi-year financial planning has resulted in savings agreed in a particular financial year having an impact on future years. These have been incorporated into the Council's Medium Term Financial Strategy. The full year effect of savings in the current MTFS from 2016/17 onwards is shown in the following table:-

	2016/17 £000	2017/18 £000	2018/19 £000	2019/20 £000	Total £000
Corporate Services	2,898	1,656	165	0	4,719
Children, Schools & Families	2,191	621	0	0	2,812
Environment & Regeneration	5,514	935	(212)	0	6,237
Community & Housing	5,357	2,220	1,195	0	8,772
Total	15,960	5,432	1,148	0	22,540
Cumulative total	15,960	21,392	22,540	22,540	

3.2 Monitoring of the delivery of savings is important and it is essential to recognise as quickly as possible where circumstances change and savings previously agreed are either not achievable in full or in part or are delayed. The following changes to agreed savings are proposed in this report:-

3.2.1 Corporate Services

The delay in implementing the new financial systems means that two savings agreed in 2013/14 (CS46) and 2014/15 (CS65) need to be reprofiled. There is a replacement saving in Customer Services for savings CS12 and CS13 from 2012/13 and it is proposed to defer a number of staffing savings in Human Resources Division from 2016/17 to 2018/19 to assist the new service.

3.2.2 Children, Schools and Families

It is proposed to replace a 2016/17 saving in Commissioning, Strategy and Performance with alternatives.

3.2.3 Environment and Regeneration

In Regulatory Services there are proposals to defer one saving (ER14) and an alternative saving for ER10 in 2015/16.

3.2.4 Community and Housing

It is proposed to delete a number of savings in Adult Social Care in 2016/17 and replace most of them with alternative savings. However, it produces a shortfall going forward which will need to be addressed.

3.2.5 Further details of the proposed amendments to previously agreed savings are provided in Appendix 1.

3.3 Summary

The overall effect of the proposed amendments is set out in the following table:-

SUMMARY (cumulative)	2015/16 £000	2016/17 £000	2017/18 £000	2018/19 £000	2019/20 £000
Corporate Services	-	495	448	-	-
Children, Schools & Families	-	-	-	-	-
Environment and Regeneration	-	100	-	-	-
Community and Housing	-	178	778	978	978
Net Cumulative total	-	773	1,226	978	978

3.4 All departments except Community and Housing have identified replacement savings for those deleted. The Director of Community and Housing will come back later in the budget process with the replacement £978,000 in addition to the new savings discussed later in this report to ensure that Community and Housing deliver their previously agreed savings targets.

4. Progress towards meeting Savings Targets

4.1 As part of the business planning process, service departments have been reviewing their budgets and formulating proposals to address their targets. The progress made to date is set out in this report.

4.3 Proposals that Cabinet agree at this meeting will be referred to the Overview and Scrutiny Commission and panels for review and comment in the November 2015 cycle.

4.4 The proposals submitted by each department are summarised in the following table and set out in detail in Appendix 4.

	Proposals 2016/17 £'000	Proposals 2017/18 £'000	Proposals 2018/19 £'000	Proposals Total £'000
Corporate Services	0	53	385	438
Children, Schools & Families	0	240	315	555
Environment & Regeneration	0	2,013	524	2,537
Community & Housing	200	950	1,285	2,435
Total Savings/Income Proposals	200	3,256	2,509	5,965

4.5 The balances remaining against the initial targets are as follows:-

	Targets £'000	Proposals £'000	Balance £'000
Corporate Services	2,338	438	1,900
Children, Schools & Families	2,580	555	2,025
Environment & Regeneration	6,568	2,537	4,031
Community & Housing	3,815	2,435	1,380
Total Surplus/(Shortfall)	15,301	5,965	9,336
Community & Housing replacements for £809,000	978	0	978
Total Savings/Income Proposals	16,279	5,965	10,314

5. Capital Programme for 2016-20

- 5.1 The report to Cabinet in September 2015 provided information on the capital financing costs of the Capital Programme based on the July monitoring position and assumed the maximum use of capital receipts.
- 5.2 In this report, the draft Capital Programme 2016-20 is discussed. It includes the latest information based on August monitoring information and also includes the addition of new schemes commencing in 2019/20. An indicative programme for 2021-25 is also provided. The draft programme is set out in Appendix 3.
- 5.3 The bidding process for 2019/20 was launched at the Capital Programme Board on 16 June 2015.
- 5.4 The current capital provision and associated revenue implications in the currently approved capital programme, based on August 2015 monitoring information, are as follows:-

	2016/17 £000	2017/18 £000	2018/19 £000	2019/20 £000
Capital Programme	45,175	39,702	21,641	21,794
Revenue Implications	13,623	13,682	13,706	14,129

- 5.5 The change in the capital programme since that reported to Cabinet on 14 September 2015, based on July 2015 monitoring information, is summarised in the following table:-

	2015/16 £000	2016/17 £000	2017/18 £000	2018/19 £000	2019/20 £000	Total £000
Capital Programme:						
- Cabinet 14 September 2015	35,423	51,822	41,645	29,098	23,074	181,062
- Revised Position with Slippage revisions and new schemes	32,591	45,175	39,702	21,641	21,794	160,903
Change	(2,832)	(6,647)	(1,943)	(7,457)	(1,280)	(20,159)
Revenue impact						
Cabinet 14 September 2015	13,325	13,655	14,015	14,264	15,259	70,518
Revised	13,322	13,623	13,682	13,706	14,129	68,462
Change	(3)	(32)	(333)	(558)	(1,130)	(2,056)

5.6 The programme has been rigorously reviewed and reduced where appropriate. The changes made to the programme are detailed within Appendix 3, along with movements when compared to the current programme. This review is continuing and it is envisaged that further information will be presented to December 2015 Cabinet.

6. Update to MTFS 2016-20

6.1 If the changes outlined in this report are agreed the forecast budget gap over the MTFS period is:-

	2016/17 £000	2017/18 £000	2018/19 £000	2019/20 £000
Budget Gap in MTFS	0	0	0	5,132

6.2 A more detailed MTFS is included as Appendix 2.

6.3 It is anticipated that there will be further revenue savings/income proposals and revisions to the capital programme identified during the business planning process which will be included in future reports to Cabinet in accordance with the agreed timetable and these will go onto Overview and Scrutiny Panels and the Commission in early 2016.

7. Alternative Options

7.1 The range of options available to the Council relating to the Business Plan 2016-20 and for setting a balanced revenue budget and fully financed capital programme will be presented in reports to Cabinet and Council in accordance with the agreed timetable.

8. Consultation Undertaken or Proposed

8.1 All relevant bodies have been consulted.

8.2 The details in this report will be considered by the Overview and Scrutiny Panels and Commission on the following dates:-

Children and Younger People	3 November 2015
Healthier Communities and Older People	10 November 2015
Sustainable Communities	11 November 2015
Overview and Scrutiny Commission	24 November 2015

8.3 It is proposed that a savings proposals consultation pack will be prepared and distributed to all councillors at the end of December 2015 that can be brought to all Scrutiny and Cabinet meetings from 7 January 2016 onwards and to Budget Council. This should be an improvement for both councillors and officers - more manageable for councillors and it will ensure that only one version of those documents is available so referring to page numbers at meetings will be easier. It will also considerably reduce printing costs and reduce the amount of printing that needs to take place immediately prior to Budget Council.

8.4 The pack will include:

- Savings proposals
- Equality impact assessment for each saving proposal
- Service plans (these will also be printed in A3 to lay round at scrutiny meetings)

9. Timetable

9.1 In accordance with current financial reporting timetables.

9.2 The proposed timetable for developing the business plan and service plans was approved by Cabinet on 14 September 2015.

10. Financial, resource and property implications

10.1 As contained in the body of the report.

10.2 The Chancellor of the Exchequer launched a Spending Review on 21 July 2015 and this will be published on 25 November 2015. Overall funding allocations for local government will be notified in the review but details of provisional funding allocations for each local authority will not be known until the provisional Local Government Finance Settlement is published in mid/late December 2015.

11. Legal and statutory implications

11.1 As outlined in the report.

12. Human rights, equalities and community cohesion implications

12.1 None for the purposes of this report, these will be dealt with as the budget is developed for 2016 – 2020.

13. Crime and Disorder Implications

13.1 Not applicable.

14. Risk Management and health and safety implications

14.1 There is a specific key strategic risk for the Business Plan, which is monitored in line with the corporate risk monitoring timetable.

15. Appendices – The following documents are to be published with this Report and form part of the Report.

Appendix 1 – Proposed Amendments to previously agreed savings
Appendix 2 – Latest draft MTFS 2016-20
Appendix 3 – Draft Capital Programme 2016-20
Appendix 4 – Draft Savings and income proposals 2016-20
Appendix 5 - Equalities analyses for new and replacement savings

16. Background Papers

16.1 The following documents have been relied on in drawing up this report but do not form part of the report:

2014/15 Budgetary Control and Final Accounts Working Papers in the Corporate Services Department.
Budget Monitoring working papers
MTFS working papers

C&YP	CSF2015-02	<p><u>Service</u> Description Service Implication Staffing Implications Business Plan implications Impact on other departments Equalities Implications TOM Implications</p> <p><u>Cross Cutting</u> Service management review across CSF Department The refocusing of our EY Service, minimal Youth offer and reduced commissioning budgets alongside our introduction of a department wide case work system provide the imperatives to restructure the CSF department. A phased approach across three years is proposed to enable a managed transition to a significantly downsized department. Estimated 0.4 FTE (part year effect of 1 from 13 service manager posts) We will prioritise our core statutory education and social care functions however there will likely be reductions in volume and outcomes. A smaller management team will reduce our ability to work on cross cutting issues and new developments. Management support for partnership working will be impacted We will use the Council's agreed HR policies and procedures for restructuring and will complete EAs. The TOM refresh will include an increased focus on delivering the restructure. The continued focus on LEAN processes and disciplined performance management will be critical.</p>	1,171	23				Medium	Medium

2012/15	ER10	Service/Section Description	Regulatory Services Merton, Sutton, Kingston, Richmond and Croydon are in the process of exploring the possibility of sharing regulatory services or of one authority becoming the lead provider of services for other council(s). Merton is relatively well placed to act as lead provider in a number of service areas as a result of the high level of professional expertise and knowledge that is not reflected in the other boroughs involved. This approach would maintain a level of resilience.	230

2012/15	ER10	Service/Section Description	Regulatory Services The Regulatory Services Partnership (RSP) between Merton and Richmond is in the process of implementing Phase 2 of their restructure, which is expected to achieve a saving of £196k. Therefore, in order to meet the savings shortfall of £34k, whilst at the same time removing an unachievable salary capitalisation budget of £24k, it is proposed to increase both the street trading licensing income budget by £30k (to align it more accurately with actuals), and the skip licenses income budget within Parking Services (to align it more accurately with actuals). N.B. Neither of these proposals will result in an increase to actual fees being charged.	230

	Service Implications	There is a risk that customers will get a reduced and/or delayed service eg longer waiting times. This will be mitigated as part of service transformation plan ss part of the Service Transformation plans within the TOM. The intention is to deliver efficient processes and build on and establish the promoting independence approach.									
	Staffing Implications	Reduction of 18-23 FTE posts is the replacement saving (Note additional 12 FTE's in Access and Assessment team £511K were previously agreed for 2016/17 savings - Ref CH20 & 4 FTE's £156k in Commissioning team Ref CH22) . C&YP	CSF2015-03	Service Description	Schools Increased income from schools and/or reduced LA service offer to schools.	Income (1,489)		200	200	Medium	Medium	S11 or SS2
		Service Implication	This saving is in addition to the 400k saving from 2016-17. All CSF SLAs with schools will be reviewed to ensure i) full cost recovery; ii) LBM charges are in line with other providers. We will agree with schools priorities for the use of the retained DSG to support delivery of statutory minimum services to C&YP and will only offer enhanced services at cost. We will also examine further opportunities to trade with schools.	Retained budgets 18,553						
		Staffing Implications	If schools are unwilling/unable to pay for core and enhanced services this will result in c10 posts deleted across the department over 2 years.							
		Business Plan implications	Should funding not be secured there will be implications for service volumes and outcomes.							
		Impact on other departments	Possible impact on child protection services if service reductions result in escalations from schools and others.							
		Equalities Implications	We will use the Council's agreed HR policies and procedures for restructuring and will complete EAs.							
		TOM Implications	Education and Social Care services for C&YP will be reduced with higher thresholds for access. The department will be reorganised to reflect downsizing as well as flexible working and the introduction of the SCIS. This saving is in line with TOM direction of travel to focus delivery on the council's statutory duties.

		Service	NHS Income							
HC&OP	CH51	Description	Negotiate extra NHS funding for extra costs of Hospital Discharges - Circa £150k on packages, £50k on staff.	(£2,596)	£200	£0	0	H	L	SI2
		Service Implication	This funds the increased volume of work to assess people and arrange packages of support for them.							
		Staffing Implications	Need to work efficiently and effectively to undertake the higher volume of work.							
		Business Plan implications	This support to ensure prompt discharge is consistent with the business plan commitment to support independence.							
		Impact on other departments	None.							
		Equalities Implications	None.							
		TOM Implications	None. This plan achieves a better alignment between funding levels and increased activity levels.							
		Service	Supporting People Contracts							
HC&OP	CH52	Description	Review of remaining Supporting People Expenditure as much of it is a discretionary spending area.	£1,772	£0	£300	0	H	H	SP2
		Service Implication	Reduced housing related support for vulnerable people by 17% in cost terms. This affects the numbers we could support and the range of support we could provide. In turn this would reduce the housing options available to vulnerable people.							
		Staffing Implications	None.							
		Business Plan implications	The risk is that this could increase pressure on the Housing Needs budget.							
		Impact on other departments	There is a potential internal pressure within the department on the Housing Needs and Enabling Service							
		Equalities Implications	There is an equalities implication in terms of service users. An EA would be undertaken and where appropriate work will be done to mitigate the impact.							
		TOM Implications	None. This is consistent with the commitment in the TOM to "Review the spectrum of the accommodation offer for all types of supported living incl. shared lives for all age groups."

		Service Implication	None as the prevention activity will continue to be funded, albeit from a different source.								
		Staffing Implications	None.								
		Business Plan implications	None, as the commitment to prevention remains in place and is funded albeit from a different source.								
		Impact on other departments	Increased pressure on the Public Health (PH) Budget as funds directed from public health will no longer be available to fund other PH activities.								
		Equalities Implications	The precise equalities implications on service users will depend on the impact of public health activities no longer funded. An EA will be undertaken and when this is known and a mitigation plan will be prepared.								
		TOM Implications	None. This is consistent with the commitment in the TOM to "Continue the Ageing Well Prevention Programme, but with less funding from the Council."

HC&OP	CH54	Service Description	Access, Assessment and Commissioning Staffing Further staff reductions circa 4 FTEs in AA&C as processes improve and service user numbers reduce. FTE's affected will be 4 out remaining FTE's of 151-156.	£5,286	£0	£0	£150	H	M	SS2
		Service Implication	Reduced capacity to monitor quality within provider services and /or to undertake assessments and reviews i.e. there is a direct implication on the ability to effectively safeguard/assess/support/ promote independence.							
		Staffing Implications	Redundancies - Some staff would be subject to redundancy							
		Business Plan implications	Possible impact on our statutory duties under the Care Act 2014. We would attempt to mitigate this by investigating alternative models for quality and performance monitoring and of assessment and care management.							
		Impact on other departments Equalities Implications	None - main impact is on service users, carers and providers As staff and service delivery are affected there is an equalities implication. A detailed EA would be undertaken at the time of any restructure. In addition, part of the monitoring role relates to monitoring the ability of provider services to meet the needs of the diverse population and thus meeting our equalities duty. This may be impacted.							
		TOM Implications	Processes will need to improve so lower staff resources are able to undertake the necessary volumes of work. existing TOM commitments to flexible and mobile working and to improve assessment and care management processes ensure this is feasible.

Aim to reduce Res Care by £650k and Dom Care by £337k.	£33,798	£0	£0	£987	H	H	SNS2
		Service Implication	We anticipate this being a further reduction of circa 3% across all support packages although this will be targeted. The exact areas of reduction would be based on the previous work looking at specific areas to be delivered in advance of 2018/19. Overall service users will experience a reduced volume of service							
		Staffing Implications	Staff would be needed to conduct reviews and support plans . Staff will also need additional training, to ensure these reviews are done consistently							
		Business Plan implications	We would continue to follow the appropriate model of promoting independence for the client group.							
		Impact on other Equalities Implications	None. There is an equalities implication in terms of service users. An EA would be undertaken and where appropriate work will be done to mitigate the impact.							
		TOM Implications	None. This is consistent with the TOM commitment to use review processes to "Promote an explicit hierarchy of support offered in order to promote self-support and independence.

		<u>Service</u>	<u>Housing Needs</u>							
SC	CH57	Description	Staff reduction in Housing Services	929	0	50	118	H	H	SS2
		Service Implication	This makes service delivery very challenging, but will seek to preserve a greater number of front-line staff engaged with service delivery. The main impact will be upon supervisory and other management roles.							
		Staffing Implications	Deletion of 1.0 post (2017/18) out of remaining 24.03 FTE's and Deletion of 2.0 posts and Re-evaluation of 1.0 post (2018/19) out of remaining 21.53 FTE's. Redundancy costs to the council and increased workloads for remaining staff							
		Business Plan implications	The business plan implication would ensure no further loss of front line staff with a corresponding ability to continue statutory housing act functions which include: Homelessness Prevention, Private Sector tenants rights and enforcement. The additional reductions in staffing (in addition to those identified in 2016/17) would be limited to management and supervisor posts. Whilst this will be increasingly challenging for the remaining management and staff, it is anticipated that the business will continue to be delivered with some adjustments made as necessary.							
		Impact on other departments	This will have an impact on children's and adult's social care							
		Equalities Implications	BME communities are over represented in homeless episodes. However, all groups will be affected by the reduction in front line housing services.							
		TOM Implications	This is consistent with the existing TOM

What are the proposals being assessed?	CS2015-01 Reduction in IT support/maintenance contracts CS2015-02 Expiration of salary protection
Which Department/ Division has the responsibility for this?	Business Improvement, Corporate Services

Stage 1: Overview	
Name and job title of lead officer	Sophie Ellis, Assistant Director of Business Improvement
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	CS2015-01: reduce the budget for IT support and maintenance contracts by £3k. It is anticipated that expenditure can be reduce by this amount in response to actions out of our IT Strategy to rationalise our IT systems. CS2015-02: reduce the salary budget for the Business Support Team by £16k to reflect the expiration of salary protection arrangements that initiated in 2014 as part of the restructure for that team.
2. How does this contribute to the council's corporate priorities?	CS2015-01 is directly related to and supports/is supported by the council's IT strategy.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	The proposals are not expected to have any impact on services or customers. The removal of salary protection will impact on the three individuals in receipt of it. One of these has stated their intention to retire. Learning and development is being offered to the remaining officers to maximise their opportunity to achieve their previous salary level by the time the protection is withdrawn.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	The reduction in support and maintenance budget for IT systems will depend on adoption of the IT Strategy throughout the organisation. It relies on rationalisation of our IT systems so that there are fewer maintenance and support contracts and that these are as efficient as possible.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

The individuals in receipt of salary protection.
 The learning and development arrangements within the team.
 Application for flexible retirement.

Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Equality Analysis

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet
 Text in blue is intended to provide guidance – you can delete this from your final version.

What are the proposals being assessed?	Restructure Transactional Services team and delete up to three FTE posts through voluntary/compulsory redundancy (Savings proposal CS/IT01)
Which Department/ Division has the responsibility for this?	Corporate Services – Infrastructure & Transactions Division

Stage 1: Overview	
Name and job title of lead officer	Mark Humphries – Assistant Director Infrastructure & Transactions
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	To deliver financial savings of £100K over the period 2018/19 by restructuring the Transactional Services section and deleting up to 3 FTE posts that process payments and set up new vendors/suppliers on the councils various financial systems.
2. How does this contribute to the council's corporate priorities?	The saving is required as part of the Medium Term Financial Strategy, and can be achieved through efficiency savings that will be achieved through the implementation of new corporate IT systems that will automate the processing and payment of invoices and reduce the overall requirement for Transactional Services staff.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	This proposal will affect up to three members of staff from a current establishment of 13.3. The Transactional Services team are responsible for the council's entire Accounts Payable/Receivable function, maintaining the master vendor/suppliers database and providing support and training on the various systems used by staff for processing payments and invoices.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	No

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

As part of the development of new IT systems, suppliers generally incorporate facilities for the provision of 'E-billing' and the processing of electronic invoices, both of which have the ability to significantly improve efficiency and also reduce the need manual handling by staff. The Council is currently in the process of replacing a number of its major IT systems, which will incorporate this new technology and enable us to reduce the amount of resources that are required to undertake works in this area of our operations.

Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Equality Analysis

What are the proposals being assessed?	CS2015-05
Which Department/ Division has the responsibility for this?	Corporate Services – Resources Division

Stage 1: Overview	
Name and job title of lead officer	Paul Dale – Assistant Director of Resources.
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	Staffing Reductions and potentially generation of additional income
2. How does this contribute to the council's corporate priorities?	The saving will reduce the need to make savings on frontline services
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	The proposal will impact on internal customers. The extent of the impact will only become fully understood once the efficiencies generated by the new financial system become clear. It will lead to greater reliance on self- service by managers and a focus on the core s.151 responsibilities of the Director of Corporate Services
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	There may be an impact on the manner in which budget managers discharge their roles.

Page 11

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

This is an internal saving and hence does not have a direct impact on any external protected groups. The staffing saving will be delivered following the council's corporate policies for restructuring which are designed to ensure that all staff are treated equally.

Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

What are the proposals being assessed?	AA03 delete the school assessor post (0.6), reduction in the Manager resource as a result of the audit shared service
Which Department/ Division has the responsibility for this?	Corporate Services/Corporate Governance

Stage 1: Overview	
Name and job title of lead officer	Head of Internal Audit
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	<p>We are required to make budget reductions in 2018/19. We will be removing a post that is currently vacant.</p> <p>In 2018/19 we intend to delete a school assessor post currently vacant and covered by agency resources, resulting in £37,000 saving. The remaining £13k will be achieved through the audit shared service and the reduction of the managers cost to Merton.</p> <p>There will be no redundancies as a result of this saving,</p>
2. How does this contribute to the council's corporate priorities?	This assists with the councils savings
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	Internal customers will be affected by the reduction of work to review controls or advise on fraud risks.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	A tri borough shared audit service started in October 2015 and this is to be expanded to 4 borough from April 2016 and 5 boroughs in October 2016. This will result in reduced management costs for each council.

Page 145

Stage 2: Collecting evidence/ data

8. Which of the following statements best describe the outcome of the EA (Tick one box only)

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

- Outcome 1** – The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. **No changes are required.**
- Outcome 2** – The EA has identified adjustments to remove negative impact or to better promote equality. **Actions you propose to take to do this should be included in the Action Plan.**
- Outcome 3** – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. **If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have ‘due regard’ and you are advised to seek Legal Advice.**
- Outcome 4** – The EA shows actual or potential unlawful discrimination. **Stop and rethink your proposals.**

This Equality Analysis has resulted in an Outcome [add](#) Assessment

Please include here a summary of the key findings of your assessment.

- What are the key impacts – both negative and positive – you have identified?
- Are there any particular groups affected more than others?
- What course of action are you advising as a result of this assessment?
- If your EA is assessed as Outcome 3 and you suggest to proceeding with your proposals although a negative impact has been identified that may not be possible to fully mitigate, explain your justification with full reasoning.

What are the proposals being assessed?	CSF2014-05 Proposed savings from CSF Commissioning Budgets for 2016/17 (REDUCTION IN PREVIOUSLY AGREED SAVING)
Which Department/ Division has the responsibility for this?	CSF/Commissioning Strategy and Performance

Stage 1: Overview	
Name and job title of lead officer	Paul Ballatt – Assistant Director Commissioning Strategy and Performance
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	<p>Reduction in previously agreed £400k saving to a reduced figure of £300,000 savings from Early Intervention and Prevention (EIP) commissioning budgets in 2016-17.</p> <p>All of our EIP commissioning is undertaken on a 3-year commissioning cycle, with the current cycle ending in March 2016. The savings proposal for 2016/17 would reduce the commissioning budget by £300,000 from an available £730,000.</p> <p>The overall impact of the saving would be the reduction in CSF department's ability to either recommission existing early help services or commission new services.</p>
2. How does this contribute to the council's corporate priorities?	Supports the council's medium term financial strategy.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	<p>Within Merton's established Child Wellbeing Model, early help services are provided to families following CASA or Single Assessment where intervention is designed to prevent the escalation of need into more specialist and potentially intrusive services. For many years Merton has commissioned such services, largely from the local community and voluntary sectors, aiming to increase resilience and coping capacity in families and reduce pressures on statutory social care services. The savings proposed will significantly reduce early help commissioning budgets, are likely to result in increased pressures on social care teams, and will impact on employment of CVS staff.</p> <p>Current early help services in scope for the savings proposal include those for families with parental mental health problems or learning difficulties; domestic violence; practical family support; children with disabilities; crèche provision supporting parenting programmes; and positive activities for young refugee and asylum seekers. Specific decisions will be made following evaluation of all services currently provided and ongoing needs analysis.</p>
4. Is the responsibility shared with	Not a shared responsibility. Services subject to this proposal are provided by local organisations which have

another department, authority or organisation? If so, who are the partners and who has overall responsibility?

been longstanding partners in Merton's Children's Trust arrangements.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

The performance of all commissioned services is monitored regularly in proportion to the amount of money that they receive. Data and information is required from providers to enable the council to monitor performance and monitoring meetings with providers are held. All services are currently meeting specified outputs. Providers are expected to deliver services equitably and monitoring data suggests that equalities groups are benefitting from fair access. Some specific services are targeted to specific equalities groups and all are targeted at more vulnerable families with identified needs including those from the more deprived parts of the borough. The proposal is, therefore, likely to impact negatively on families living in poverty and those with specific protected characteristics.

Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Protected characteristic (equality group)	Tick which applies		Tick which applies		Reason Briefly explain what positive or negative impact has been identified
	Positive impact		Potential negative impact		
	Yes	No	Yes	No	
Age			yes		All services are designed to support children with forms of vulnerability
Disability			yes		Potential impact on families of disabled children
Gender Reassignment				no	
Marriage and Civil Partnership				no	
Pregnancy and Maternity			yes		Most services are designed to strengthen parenting including during early years. Some are specifically targeted at improving maternal health.
Race			yes		One service works specifically with refugees and asylum seeking young

				people
Religion/ belief			no	
Sex (Gender)			no	
Sexual orientation			no	
Socio-economic status		yes		Services are predominantly supporting families in challenging socio-economic circumstances

7. If you have identified a negative impact, how do you plan to mitigate it?

We will evaluate our current range of early intervention and prevention programmes ahead of re-commissioning for April 2016 delivery. Reduced funding will equate to a reduction in service delivery, but we will ensure through evaluation that the impact is mitigated as far as possible, by targeting the residual funding to greatest need. We will work with providers and casework staff to ensure a case by case examination of the implications of service withdrawal for existing service users and will seek to make alternative plans for those with ongoing risks/needs.

Stage 4: Conclusion of the Equality Analysis

7. Which of the following statements best describe the outcome of the EA (Tick one box only)

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

- Page 152
- Outcome 1** – The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. **No changes are required.**
- Outcome 2** – The EA has identified adjustments to remove negative impact or to better promote equality. **Actions you propose to take to do this should be included in the Action Plan.**
- Outcome 3** – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. **If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have 'due regard' and you are advised to seek Legal Advice.**
- Outcome 4** – The EA shows actual or potential unlawful discrimination. **Stop and rethink your proposals.**

Stage 5: Improvement Action Pan

9. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

Negative impact/ gap in information identified in the Equality Analysis	Action required to mitigate	How will you know this is achieved? e.g. performance measure/ target)	By when	Existing or additional resources?	Lead Officer	Action added to divisional/ team plan?
From April 2016, the range and number of Early Intervention and Prevention services will be significantly reduced	Use of evidence-based interventions wherever possible to ensure maximum effectiveness, focusing delivery at ages and stages that can have maximum impact.	Monitoring of pressures on statutory social care services – eg Children in Need, LAC and CP cases	From April 2016	Existing	L Wallder	
	Case by case examination of need to reprovide support to individual CYP and families.	All current service users consulted on implications of closure of service.	Dec 2015	Existing	L.Wallder	

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

10. Summary of the equality analysis

This section can also be used in your decision making reports (CMT/Cabinet/etc) but you must also attach the assessment to the report, or provide a hyperlink

- Savings from the EIP Commissioning budget could potentially have a negative impact on disadvantaged groups within the community
 - Proposals for savings in 2016/17 could affect a significant number of children and families as this would mean a major reduction in the amount of money available to commission services
- What course of action are you advising as a result of this assessment?
- Acceptance of these savings proposals based on the plan to mitigate negative impact on specific service users

What are the proposals being assessed?	CSF2015-01 To cease to hold a contingency budget for SCRs
Which Department/ Division has the responsibility for this?	CSF, CSC & YI

Stage 1: Overview	
Name and job title of lead officer	Merton Safeguarding Children’s Board Business Manager
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	Historically CSF, CSC&YI have held a central budget for Serious Case Reviews (SCRs) and learning and Improvement reviews. This budget has been largely unspent over the last 5 years as we have only had 1 SCR and 1 learning and improvement review since 2009. The decision to hold SCRs and LIRs rests with the independent chair of the SCB and is a multi-agency decision. It would be more appropriate for each agency to contribute financial as and when a review is agreed. This proposal has been agreed with the SCB.
2. How does this contribute to the council’s corporate priorities?	Safeguarding vulnerable children is a key statutory function of the council and we are committed to learning the lessons from cases as part of our continuous improvement agenda.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	Partners and the council will each contribute to the costs of an SCR/LIR as and when they occur.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	The decision to hold SCRs and LIRs rests with the independent chair of the SCB and is a multi-agency decision. It would be more appropriate for each agency to contribute financial as and when a review is agreed. This proposal has been agreed with the SCB.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

The threshold for an SCR or LIR has only been met twice since 2009 and in any event the costs should be shared amongst commissioning agencies. A LIR might cost c £10k an SCR could costs considerably more but the costs would be shared.

Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

What are the proposals being assessed?	CSF2015-02 Review of management costs within CSF to deliver savings over 2016/17
Which Department/ Division has the responsibility for this?	CSF Cross cutting

Stage 1: Overview	
Name and job title of lead officer	Director of CSF
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	In the light of the level of savings needed across CSF and the impact on the size and scope of the department to review service structures and to design new structures to enable the department to reduce management costs and remain fit for purpose.
2. How does this contribute to the council's corporate priorities?	CSF delivers the council's statutory education, children's social care, early years and youth justice and broader statutory functions relating to children schools and families. The department is down-sizing but must remain fit for purpose with appropriate spans of management to operate a safe and effective set of services within the reduced resources available
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	The leadership and management team of the department with be most affected and there will need to be consultation with staff and partners as we deliver integrated children's services through our Children's trust and MSCB partnerships
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	This proposal cuts across CSF but will need to be considered by CMT and partners as it may impact on the department's ability to contribute to shared work and objectives internally and externally

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

CSF's workforce is diverse and the profile shows that BME staff and women are well represented at most layers in the organisation. We are below our target for employees with disabilities but have some evidence of colleagues with disabilities not identifying themselves formally out of choice. The development of proposals to reshape the department's management structures will be undertaken through the council's agreed processes and there will be particular consideration of the impact of any changes on protected groups. Detailed impact assessments will be undertaken as the project is initiated and throughout the process. HR will provide both advice and challenge to ensure impact is not disproportionately felt on protected groups. The council has statutory duties as an employer which it will also need to fulfil and will need to reconcile any competing requirements across these different legislative areas.

Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

What are the proposals being assessed?	CSF2015-03 Budget savings of £200k in 2017-18 and £200k in 2018-19

1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	Option 1 is to generate the full amount as income from schools through full cost recovery of services currently provided and increased trading. Option 2 in the event that this is not deliverable would be through deletion of posts and reduction of services.
2. How does this contribute to the council's corporate priorities?	Contributes to departmental savings programme in accordance with council's overall medium term financial strategy.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	Schools and CSF workforce.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	CSF department provides statutory and other services to schools all of which are in scope for this savings proposal.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

CSF provides a range of statutory and other services to schools, through SLAs. For 2016-17 savings already agreed (£400K) work is already underway to examine the current charging regimes and to identify benchmarks in order to determine scope for increasing charges. This will continue in respect of 2017-18 and 2018-19 savings.

However if schools are unwilling or unable to pay increased charges the LA offer would need to reduce in order to meet savings required – officers are identifying the statutory minimum level of services which the department would need to continue to provide.

Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

CSF department savings already agreed as part of the medium term financial strategy include significant reductions in commissioning budgets. CSF department has been required to deliver school expansion projects to meet the rising demand for school places. To date this has involved major expansion in the primary and special school sectors. Although plans are now being progressed for new school and expansion schemes in the secondary school phase, fewer projects will be required, albeit of a larger scale. Fewer schemes will, therefore, need to be procured and cliented. Remaining staff will retain sufficient capacity to undertake these functions appropriately.

What are the proposals being assessed?	CSF2015-06 Data Review and Centralisation – Reduction of 1FTE officer 2017/18
Which Department/ Division has the responsibility for this?	Children, Schools and Families Department

Stage 1: Overview	
Name and job title of lead officer	Paul Ballatt, Assistant Director Children, Schools and Families Department
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	Saving in staffing budget through deletion of 1FTE post
2. How does this contribute to the council's corporate priorities?	Contributes to CSF Department's savings programme in line with the council's overall medium term financial strategy
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	Internal staff.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	No.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

CSF Department has a central Policy, Planning and Performance service including a Research and Information function which supports internal performance management and delivers external performance reports and statutory returns. There are additional posts providing similar functions outposted in the operational Divisions. A review of all posts will be undertaken during 2015-16 with a view to centralising functions of outposted staff, rationalising and achieving economies of scale as a result and releasing 1FTE post as a saving. Remaining staff will retain sufficient capacity to comply with statutory reporting requirements although the range of internal management information reports may need to be reduced. This should be mitigated by the implementation of new client information system (Mosaic).

Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

What are the proposals being assessed?	Improvement of traffic flows and congestion by developing improved monitoring procedures concentrating on areas of poor compliance by the motorists in new areas of enforcement such as new controlled parking zones where a majority of local residents have asked for this. ENV04
Which Department/ Division has the responsibility for this?	Parking and CCTV Services/Public Protection/ER

Stage 1: Overview	
Name and job title of lead officer	Paul Walshe Head of Parking and CCTV Services
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	In the next 2 years we expect an increase in the number of CPZ's where a majority of local residents have asked for this and this is based upon the current work schedule. This will lead to an increase in the number of Penalty Charge Notices issued leading an increase in savings/revenue
2. How does this contribute to the council's corporate priorities?	Increase in savings/revenue leading to an improvement in congestion and a reduction in pollution.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	Residents/Visitors/businesses are the customers and will benefit as parking spaces are made available because of enforcement.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	None

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

Historically when ever a new CPZ is introduced, as a result of residents' requests, there is a need to enforce the parking regulations the level of enforcement carried based upon the PCN's issued as the number drops so compliance of the parking regulations improves and the number of resources allocated are reduced.

Stage 3: Assessing impact and analysis

What are the proposals being assessed?	ENV20 Increased income from Building Control services £35k
Which Department/ Division has the responsibility for this?	Sustainable Communities.

Stage 1: Overview	
Name and job title of lead officer	Neil Milligan. Building and Development Control Manager
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	<p>ENV20 Increased income from Building Control Services</p> <p>It is proposed to enhance the service to generate this additional income by increasing the market share against the approved inspectors and to provide additional services on top of those already identified in the commercialisation plans.</p>
2. How does this contribute to the council's corporate priorities?	Providing a better service for customers.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	All residents and businesses are potential users of the business. This also includes schools, hospitals libraries and other public service providing functions. The additional services will benefit the council by bolstering the existing services on offer to provide a more attractive and effective service provision.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	The service is relatively self-contained but impacts on a wide variety of other services that rely heavily on the service to progress their own individual aims.

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

- Outcome 1** – The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. **No changes are required.**
- Outcome 2** – The EA has identified adjustments to remove negative impact or to better promote equality. **Actions you propose to take to do this should be included in the Action Plan.**
- Outcome 3** – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. **If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have ‘due regard’ and you are advised to seek Legal Advice.**
- Outcome 4** – The EA shows actual or potential unlawful discrimination. **Stop and rethink your proposals.**

What are the proposals being assessed?	Proposed budget saving CH52 – review of remaining Supporting People expenditure
Which Department / Division has the responsibility for this?	Community and Housing, Adult Social Care

Stage 1: Overview	
Name and job title of lead officer	Rahat Ahmed-Man, Head of Assessment and Commissioning
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	<p>The proposal will affect the housing related support for vulnerable people, by reducing the number of people we could support and the range of support we could provide, therefore reducing the housing options to vulnerable people.</p> <p>The aim and desired outcome of the proposal is to achieve the required budget savings in a way that the service continues to meet its statutory duties and minimises any adverse impact on service users, taking in to account previous budget savings and the cumulative effect on service delivery. It is intended to do this using an approach which promotes the independence of individuals and reduces reliance on council funded services, utilising the approach around the Use of Resources Framework of Prevention; Recovery; Long term support; Process; Partnership; and Contributions. It also supports the commitment in the Adult Social Care Target Operating Model (TOM) to review the spectrum of the accommodation offer for all types of supported living including shared lives for all age groups.</p>
2. How does this contribute to the council's corporate priorities?	The Adult Social Care Service plan and TOM contribute to the council's overall priorities and will ensure that the savings targets are achieved in line with the corporate Business Plan and the Medium Term Financial Strategy. It is also in line with the July principles, adopted in 2011 by councillors, which sets out guiding strategic priorities and principles, where the order of priority services should be to continue to provide everything which is statutory and maintain services, within limits, to the vulnerable and elderly, with the council being an enabler, working with partners to provide services.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	Service users – people with mental health, learning disabilities, physical disabilities, older people, single homeless people, young people at risk, teenage parents, ex-offenders and people affected by domestic violence.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall	Although the responsibility is not shared with another department, the consequences of this proposed budget saving is that it may increase financial pressure and an increased workload on the Housing Needs and Enabling service and the Children, Schools and Families department.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Detailed consultation is being undertaken between October and December 2015 on this proposed saving as part of the wider consultation on all savings within Adult Social Care, including a comprehensive consultation document available on the council's website, a dedicated email available to receive feedback, conducting an on-line survey, providing hard copy and feedback forms in various locations, easy read versions available in hard and soft copy formats, holding focus groups with specific customers, holding consultation meetings with staff, holding public meetings and meeting with voluntary organisations.

There are currently 79 service users who are adults with learning disabilities, aged between 21 – 54 years of age. The ethnicity data shows 66% White British (52) and the rest of the service users from Asian / British – Indian (1), Black / British – African (3), Black / British – Caribbean (5), Black / British – other black (2), Mixed other (1), Mixed – White / Black Caribbean (1), Other ethnic group (4) and White other (2), White Irish (4) backgrounds and there were Declined to say or not recorded (4).

On an operational level the evidence considered has been to:

- look at local information about trends, needs and best practice;
- review national benchmarking information about our performance (Adult Social Care Outcomes Framework (ASCOF) and Personal Social Services Expenditure and Unit Costs) compared to other councils;
- consider the impact of pressures such as new legislation, demographic growth and Public Health Needs Assessments;
- use the Use of Resources Framework which takes a value based approach to investment - value is defined as value to the customer and the taxpayer;
- review and monitor contracted services to check if fit for purpose as well as negotiate rates to ensure value for money using tools such as the Care Funding Calculator;
- redesign or remodel the way we commission services to achieve better outcomes for customers in the most cost effective way;
- review our processes to ensure they are LEAN; and
- keep on-going support under review to ensure the support given remains appropriate and represents value for money.

The results of the consultation will be used to update this equalities analysis and also inform the planning process to mitigate against any identified risks to service users in the protected characteristics.

Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Equality Analysis

What are the proposals being assessed?	Budget saving CH53 – use funds from Public Health to fund the prevention strategy which is currently funded from grants
Which Department/ Division has the responsibility for this?	Community and Housing, Adult Social Care

Stage 1: Overview	
Name and job title of lead officer	Rahat Ahmed-Man, Head of Assessment and Commissioning
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	The aim and desired outcome of the proposal is to continue to provide prevention activity but for it to be funded from a different source and provided by Adult Social Care. It also supports the commitment in the Adult Social Care Target Operating Model (TOM) to continue the Ageing Well Prevention programme, but with less funding from the council. However, this may mean that some Public Health activities may not be available in the future as there will be reduced funding available to the Public Health team.
2. How does this contribute to the council's corporate priorities?	The Adult Social Care Service plan and TOM contribute to the council's overall priorities and will ensure that the savings targets are achieved in line with the corporate Business Plan and the Medium Term Financial Strategy. It is also in line with the July principles, adopted in 2011 by councillors, which sets out guiding strategic priorities and principles, where the order of priority services should be to continue to provide everything which is statutory and maintain services, within limits, to the vulnerable and elderly, with the council being an enabler, working with partners to provide services.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	It is not currently known who will be affected or what future funding issues Public Health may face. When these details are known, Public Health will undertake any necessary equalities analysis.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	The responsibility for the prevention activity will be moved from Public Health to Adult Social Care.

Stage 2: Collecting evidence/ data

Page 261

5. What evidence have you considered as part of this assessment?

The Use of Resources Framework, which takes a value based approach to investment (value is defined as value to the customer and the taxpayer) and promotes the independence of individuals and reduces reliance on council funded services, utilising the approach around the Use of Resources Framework of Prevention; Recovery; Long term support; Process; Partnership; and Contributions.

It is not currently known who will be affected or what future funding issues Public Health may face. When these details are known, Public Health will undertake any necessary equalities analysis.

What are the proposals being assessed?	Proposed budget savings CH54, CH58 and CH59 – staff reductions
Which Department/ Division has the responsibility for this?	Community and Housing, Adult Social Care

Stage 1: Overview	
Name and job title of lead officer	Rahat Ahmed-Man, Head of Assessment and Commissioning
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	<p>To transform service delivery through improved and efficient processes and response times.</p> <p>The aim and desired outcome of the proposal is to achieve the proposed budget savings in a way that the service continues to meet its statutory duties and minimises adverse impact on service users, taking in to account previous budget savings and the cumulative effect on service delivery. There may also be an impact on the council’s statutory duties under the Care Act 2014. The Adult Social Care Target Operating Model (TOM) is committed to service transformation, through efficient processes and building on, and establishing, the promoting the independence of individuals approach and reducing reliance on council funded services, utilising the approach around the Use of Resources Framework of Prevention; Recovery; Long term support; Process; Partnership; and Contributions.</p> <p>However, there could be reduced / delayed services and may lead to increased waiting times for service users, reduced capacity to monitor quality within provider services and / or to undertake assessments and reviews which would have a direct implication on the ability to effectively support / promote independence. The Adult Social Care TOM commitment to flexible and mobile working and to improve assessment and care management processes should enable any risks to be mitigated.</p>
2. How does this contribute to the council’s corporate priorities?	The Adult Social Care Service plan and TOM contribute to the council’s overall priorities and will ensure that the savings targets are achieved in line with the corporate Business Plan and the Medium Term Financial Strategy. It is also in line with the July principles, adopted in 2011 by councillors, which sets out guiding strategic priorities and principles, where the order of priority services should be to continue to provide everything which is statutory and maintain services, within limits, to the vulnerable and elderly, with the council being an enabler, working with partners to provide services.

At the end of 2014/15 there were 4,095 service users receiving long term support with other service users receiving temporary support.

On an operational level the evidence considered has been to:

- look at local information about trends, needs and best practice;
- review national benchmarking information about our performance (Adult Social Care Outcomes Framework (ASCOF) and Personal Social Services Expenditure and Unit Costs) compared to other councils;
- consider the impact of pressures such as new legislation, demographic growth and Public Health Needs Assessments;

Equality Analysis

What are the proposals being assessed?	Proposed budget saving CH57 – staff reduction
Which Department / Division has the responsibility for this?	Community and Housing, Housing Needs and Enabling Service

Stage 1: Overview	
Name and job title of lead officer	Steve Langley, Head of Housing Needs and Strategy
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	The aim of the proposed reduction is to reduce the overall number of staff, whilst seeking to preserve a greater number of front-line staff, to ensure that the reductions have minimal adverse impact on customers.
2. How does this contribute to the council's corporate priorities?	The Housing Needs Service plan and Target Operating Model contribute to the council's overall priorities and will ensure that the savings targets are achieved in line with the corporate Business Plan and the Medium Term Financial Strategy. It is also in line with the July principles, adopted in 2011 by councillors, which sets out guiding strategic priorities and principles, where the order of priority services should be to continue to provide everything which is statutory and maintain services, within limits, to the vulnerable and elderly, with the council being an enabler, working with partners to provide services.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	All of the savings will have some impact on customers both internally and externally. Reduction in posts may lead to the service received not being as efficient and with slippage in service standards. The Housing Needs service is a demand / need led service and as such unlikely to discriminate against a single individual community or area. Accordingly it is unlikely that these proposals will have an adverse affect on any one protected characteristic.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	N/A

Page 274

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

- Housing Register data
- Homelessness P1E data
- Service Standards
- Service standards
- Environmental Health Service Requests
- Environmental Health Grant Requests

7. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

Negative impact / gap in information identified in the Equality Analysis	The Housing Needs service is a demand / need led service and as such unlikely to discriminate against a single individual, community or area. Accordingly it is unlikely that these proposals will have an adverse affect on any one protected characteristic, however all groups have the potential to be negatively affected.
Action required to mitigate	<p>There will be the need to undertake a comprehensive assessment on how the business is delivered. This would inform our future approach in ensuring that the council continues to deliver its statutory housing functions, including revisions to front end service delivery to provide customers with better self-help tools and information via the website in order to enable staff to focus on priority cases.</p> <p>All staffing changes will be managed in line with the council's Managing Organisational Change Framework, including regular communication and engagement with affected staff, staff groups and unions.</p> <p>An equalities analysis will be undertaken on the specific staffing reductions.</p>
How will you know this is achieved? e.g. performance measure / target	Revised structure and self-help tools in place
By when	March 2017
Existing or additional resources?	Existing
Lead Officer	Steve Langley
Action added to divisional / team plan?	Included in the Housing Needs TOM

Equality Analysis

What are the proposals being assessed?	Proposed budget saving CH60 – Decommission the South Thames Crossroads Caring for Carers contract
Which Department/ Division has the responsibility for this?	Community and Housing, Adult Social Care

Stage 1: Overview

Name and job title of lead officer	Rahat Ahmed-Man, Head of Assessment and Commissioning
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	The aim and desired outcome of the proposal is to achieve the required budget savings in a way that the service continues to meet its statutory duties and minimises adverse impact on service users, taking in to account previous budget savings and the cumulative effect on service delivery. It is intended to do this using an approach which promotes independence and reduces reliance on council funded services, utilising the approach around the Use of Resources Framework of Prevention; Recovery; Long term support; Process; Partnership; and Contributions. This proposal supports the Adult Social Care commissioning and procurement plan and the Target Operating Model (TOM) commitment of service transformation, by decommissioning the South Thames Crossroads Caring for Carers contract and providing an alternative service through domiciliary care services, Direct payments and commissioned holistic carers and support from the voluntary sector.
2. How does this contribute to the council's corporate priorities?	The Adult Social Care Service plan and TOM contribute to the council's overall priorities and will ensure that the savings targets are achieved in line with the corporate Business Plan and the Medium Term Financial Strategy. It is also in line with the July principles, adopted in 2011 by councillors, which sets out guiding strategic priorities and principles, where the order of priority services should be to continue to provide everything which is statutory and maintain services, within limits, to the vulnerable and elderly, with the council being an enabler, working with partners to provide services.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	Service users and carers
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	N/A

Page 278

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

Detailed consultation is being undertaken between October and December 2015 on this proposed saving as part of the wider consultation on all savings within Adult Social Care, including a comprehensive consultation document available on the council's website, a dedicated email available to receive feedback, conducting an on-line survey, providing hard copy and feedback forms in various locations, easy read versions available in hard and soft copy formats, holding focus groups with specific customers, holding consultation meetings with staff, holding public meetings and meeting with voluntary organisations.

There are currently 72 service users, aged between 22 and 97 years of age. The ethnicity data shows 49% White British (35) and the rest of the service users from Asian British - Indian (3), Asian / British – Pakistani (8), Asian / British – other Asian (2), Black / British – African (2), Black / British – Caribbean (9), Black / British – other black (2), Mixed White / Asian (1), Mixed White / Black Caribbean (1), other ethnic group (3), White other (5), White Irish (1) backgrounds.

On an operational level the evidence considered has been to:

- look at local information about trends, needs and best practice;
- review national benchmarking information about our performance (Adult Social Care Outcomes Framework (ASCOF) and Personal Social Services Expenditure and Unit Costs) compared to other councils;
- consider the impact of pressures such as new legislation, demographic growth and Public Health Needs Assessments;
- use the Use of Resources Framework which takes a value based approach to investment - value is defined as value to the customer and the taxpayer;
- review and monitor contracted services to check if fit for purpose as well as negotiate rates to ensure value for money using tools such as the Care Funding Calculator;
- redesign or remodel the way we commission services to achieve better outcomes for customers in the most cost effective way;
- review our processes to ensure they are LEAN; and
- keep on-going support under review to ensure the support given remains appropriate and represents value for money.

The results of the consultation will be used to update this equalities analysis and also inform the planning process to mitigate against any identified risks to service users in the protected characteristics.

A further Equalities Analysis will be undertaken on the specific decommissioning of the service.

Stage 3: Assessing impact and analysis

7. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

Negative impact / gap in information identified in the Equality Analysis	There may be some negative impact through delays in accessing services whilst service users and carers get used to the new process.
Action required to mitigate	The Adult Social Care re-design programme, increases the emphasis on the customer, their well being and the development of suitable solutions, whilst ensuring customers are not at risk and where possible enabling their independence to live as they desire where this is possible. This will be achieved through harnessing the strengths and assets of individuals, families, communities and working closely with the voluntary sector to enable them to become more resilient in finding solutions for their lives, as well as supporting people to regain independence.

	<p>A clear communication plan will also be developed to ensure customers and stakeholders understand the shift in council policy around promoting greater independence, with the potential of a reduced service offer but recognising the partnership working with both the health and voluntary sector to ensure a more holistic and joined up approach to developing support solutions. The customer will be put at the heart of the process and a much greater sense of independence enabled where this is possible.</p> <p>Monitoring will take place of changes and staff will be suitably trained to ensure customer needs are being adequately met and the council is not in breach of meeting its statutory responsibilities.</p> <p>We will also ensure that any identified changes to support solutions are put in place swiftly and regular customer contact will be used as a mechanism to ensure that any changes made to support solutions around promoting greater independence does enhance the customer's quality of life.</p> <p>Internal processes will continue to be reviewed to ensure staff are suitably trained to ensure resources are allocated fairly and to best effect; resource panels are in place (over a certain threshold); support packages are reviewed; and performance monitored in the allocation of resources via the quality framework. Also improved working practices will be implemented across other council teams, the voluntary sector and health partners.</p> <p>The results of the consultation planned between October and December 2015, will help to identify what further actions can be taken to mitigate against any negative impact.</p>

Which Department/ Division has the responsibility for this?	Community and Housing, Adult Social Care

Stage 1: Overview	
Name and job title of lead officer	Rahat Ahmed-Man, Head of Assessment and Commissioning
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	<p>Required budget saving for 2016/17 of £84,000</p> <p>The aim and desired outcome of the proposal is to achieve the required budget savings in a way that the service continues to meet its statutory duties and minimises adverse impact on service users, taking in to account previous budget savings and the cumulative effect on service delivery. Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Detailed consultation is being undertaken between October and December 2015 on this proposed saving as part of the wider consultation on all savings within Adult Social Care, including a comprehensive consultation document available on the council's website, a dedicated email available to receive feedback, conducting an on-line survey, providing hard copy and feedback forms in various locations, easy read versions available in hard and soft copy formats, holding focus groups with specific customers, holding consultation meetings with staff, holding public meetings and meeting with voluntary organisations.

Users figures for January – December 2014 totalled 864, for advocacy, employment support, peer support and social inclusion. It should be noted that some service users may have accessed a range of the services on offer and would therefore be counted against each service accessed. The service users are vulnerable adults aged 18+, many with mental health issues.

On an operational level the evidence considered has been to:

- look at local information about trends, needs and best practice;
- review national benchmarking information about our performance (Adult Social Care Outcomes Framework (ASCOF) and Personal Social Services Expenditure and Unit Costs) compared to other councils;
- consider the impact of pressures such as new legislation, demographic growth and Public Health Needs Assessments;
- use the Use of Resources Framework which takes a value based approach to investment - value is defined as value to the customer and the taxpayer;
- review and monitor contracted services to check if fit for purpose as well as negotiate rates to ensure value for money using tools such as the Care Funding Calculator;
- redesign or remodel the way we commission services to achieve better outcomes for customers in the most cost effective way;
- review our processes to ensure they are LEAN; and
- keep on-going support under review to ensure the support given remains appropriate and represents value for money.

The results of the consultation will be used to update this equalities analysis and also inform the planning process to mitigate against any identified risks to service users in the protected characteristics.

A further Equalities Analysis will be undertaken on the specific decommissioning of the service.
