

I object to the extension of the licensing hours at the above property.
It will increase anti social behaviour on a busy main road. The noise pollution will also disturb residents in all the flats along the High Street.
The inevitable increase in litter which will occur in the early hours is also a reason to refuse this licence.
How will the police ensure under age drinkers do not purchase drink? Young people always use small, High Street shops to buy alcohol and cigarettes because they know the security checks/ monitoring is not as thorough as in Supermarkets.

Yours faithfully

Julie Gould
