

Above we show the outline of the originally approved BI Business Centre in blue, and superimposed over it, the outline of the refused scheme, reference 13/P0051. Below that again we show the same section, but with the new scheme now being brought forward sitting entirely within the silhouette of the approved BI Business Centre.

Above: The Business Centre (blue) and the application scheme (red) superimposed. It shows similar footprints and an application proposal some 17.5% smaller than the approved Business Centre.
