Drawings (page 29)

P.06D replaced by P.06E

Consultation (Page 32)

Metropolitan police. Comments on further amendments to site layout drawing.

Notwithstanding changes concerns remain regarding level of surveillance of car park, potential for people to congregate in the undercroft area.

Fencing along Cedars Avenue would be too high to allow for natural surveillance.

Design of boundary wall should not enable seating and for persons to gather and cause anti-social behaviour.

Blank wall offers potential for graffiti.

#### **Item 7. 94-96 Haydons Road and 1-3 Quicks Road, South Wimbledon (Ref 15/P2070)(Abbey Ward)**

Current proposals (page 56).

Paragraph 3.1 - Remove 'and 3 bed'.

Consultation (page 58).

Paragraph 5.1 - 6 additional representations received (5 in objection (including 1 group objection on behalf 15 properties) and 1 in response to objections from Applicant):

New objections raised:

- Council must ensure Asbestos is dealt with correctly (Note: this is not a Planning matter)
- Concerns regarding damage to existing properties from construction (Note: this is not a Planning matter)
- The existing width restriction, humps, and “no right turn” at the Quicks Road junction must remain on highway safety grounds
- There is not sufficient on-site parking for the commercial floor space
- The security gates should be locked

Applicant’s response to objections:

- The design and materials of the development are of a high quality and respond to the surrounding buildings
- The development will provide equivalent employment as previously with the commercial floor space proposed
- A commercial occupier would need to submit further details to the Council for approval of any shop front
- The proposed car parking (1 disabled bay, 3 residential bays, and 1 commercial parking bay) complies with London Plan standards
- The reduction in height and bulk and massing of the development has addressed previous privacy concerns
- The proposed 2.1m boundary walling to the car park is sufficiently high for security
- No affordable housing is required for the development since it will provide less than 10 units

Condition 7 – Remove ‘(Commercial Unit)’ so that the condition refers to a refuse and recycling strategy for the entire development.

Insert ‘Condition 41 Non-Standard Condition: Notwithstanding any details shown on the approved floor plans and elevations, prior to commencement of development details of a revised first floor, rear facing, window serving Flat 2 as shown on the plans, shall be submitted for approval and which shall be designed to be orientated to face away from the rear curtilages of the dwellings at Haydons Road.

Reason: To safeguard the amenities and privacy of the occupiers of nearby properties and to comply with the following Development Plan policies for Merton: policy 7.6 of the London Plan 2011, policy CS14 of Merton's Core Planning Strategy 2011 and policies DM D2 and D3 of Merton's Sites and Policies Plan 2014.
