**Lead officer:** Caroline Holland – Director of Corporate Services

**Lead member:** Councillor Mark Allison – Deputy Leader and Cabinet Member  
for Finance

**Contact Officer:** Paul Dale

### **Urgent report:**

Reason for urgency: The chairman has approved the submission of this report as a matter of urgency as it provides the latest available information on the Business Plan and Budget 2015/16 and requires consideration of issues relating to the Budget process and Medium Term Financial Strategy 2015-2019. It is important that this consideration is not delayed in order that the Council can work towards a balanced budget at its meeting on 4 March 2015 and set a Council Tax as appropriate for 2015/16.

### **Recommendations:**

---

1. That Cabinet notes the rolled forward MTFS for 2015 - 19.
1. That Cabinet confirm the latest position with regards to savings already in the MTFS and agree the proposed amendments to savings set out in Appendix 6 and incorporated into the financial implications in the draft MTFS 2015-19.
2. That Cabinet agrees the approach to setting a balanced budget and the basis for the setting of targets based on weighted controllable expenditure and capacity to generate income.
3. That Cabinet agrees the proposed departmental targets to be met from savings and income
4. That Cabinet agrees the timetable for the Business Plan 2015-19 including the revenue budget 2015/16, the MTFS 2015-19 and the Capital Programme for 2015-19.
5. That Cabinet agrees the latest draft Capital Programme 2015-19 detailed in Appendix 5 for consideration by scrutiny in November and notes the indicative programme for 2020-24.
6. That Cabinet note the process for the Service Plan 2015-19 and the progress made so far.

## **Details**

### **2. Medium Term Financial Strategy 2015-19**

#### **2.1 Background**

Council on 5 March 2014 agreed the Budget 2014/15 and MTFS 2014-18. Whilst a balanced budget was set for 2014/15 and indicated for 2015/16, there were gaps remaining in the other years which need to be addressed, as shown in the following table:-

(cumulative figures)	2014/15 £000	2015/16 £000	2016/17 £000	2017/18 £000
Budget Gap	0	0	7,351	15,246

- 2.2 The initial phase of the business planning process is to re-price the MTFS and roll it forward for an additional year. Development of the MTFS in recent budget processes allowed for various scenarios on a range of key variables to be modelled and it is intended to do the same this year and where feasible, to improve the approach to modelling.

#### **2.3 Review of Assumptions**

The pay and price calculations have been reviewed using the approved budget for 2014/15.

##### **2.3.1 Pay**

The current assumptions regarding pay inflation incorporated into the MTFS are

- 1% in 2015/16 and 1.5% in 2016/17, 2017/18 and 2018/19.

In the Spending Round 2013, the government announced that public sector pay awards will be limited to an average of up to 1 per cent in 2015-16.

In the light of this, provision for pay inflation has been recalculated using 2014/15 budgets, and the following adjustments are required:-

**Provision for Pay Inflation:**

	2015/16	2016/17	2017/18	2018/19
Pay inflation in MTFS (%)	1%	1.5%	1.5%	1.5%
Pay inflation in MTFS (cumulative £000)	807	2,018	3,228	4,439
Revised pay inflation (%)	1%	1.5%	1.5%	1.5%
Revised estimate (cumulative £000)	837	2,093	3,349	4,605
Change (cumulative £000)	30	75	121	166

It is difficult to gauge how pay awards will turn out over the business planning period. Central Government have indicated their intention to maintain the period of pay restraint until the national deficit is cleared, whilst unions have begun to take industrial action in order to seek improved pay for their members. The position will be kept under review throughout the business planning process.

**2.3.2 Prices**

The current assumptions regarding price inflation incorporated into the MTFS are

- 1.5% in 2015/16, 2016/17, 2017/18 and 2018/19.

The level of inflation has fallen below the Government’s 2% target. CPI annual inflation was 1.2% in September 2014, which is down from 1.5% in August 2014. The August 2014 Inflation Report was published on 13 August. The MPC expects inflation to “remain at, or slightly below, 2%, before reaching the target at the end of the forecast period.....as the economy normalises, Bank Rate will need to start to rise in order to achieve the inflation target. But the MPC has no pre-set course. The path of Bank Rate will depend on how the expansion proceeds and how the inflation outlook evolves.” In the MPC minutes published on 17 September, the MPC noted that “looking ahead, Bank staff expected twelve-month inflation to fall slightly further, reflecting the higher exchange rate, lower crude oil prices, and some utility price base effects. It was then expected to pick up a little towards the end of the year.”

However, the unexpected fall to 1.2%, a five year low, may push back the timing of the anticipated increase in Bank Rate.

The provision for price inflation has been reviewed using the budgets for 2014/15 as the majority of contracts are based on RPI increases which is currently 2.3%.

The latest projections are included in the following table:-

**Provision for Price Inflation:**

	2015/16	2016/17	2017/18	2018/19
Price inflation in MTFS (%)	1.5%	1.5%	1.5%	1.5%
Price inflation in MTFS (cumulative £000)	2,250	4,500	6,750	9,000
Revised estimate (cumulative £000)	2,312	4,626	6,941	9,255
Change (cumulative £000)	62	126	191	255

**2.3.3 Inflation > 1.5%:**

There is also a corporate provision which is held to assist services that may experience price increases greatly in excess of the 1.5% inflation allowance provided when setting the budget. This will only be released for specific demonstrable demand.

	2015/16 £000	2016/17 £000	2017/18 £000	2018/19 £000
Inflation exceeding 1.5%	880	877	873	873

The cash limiting strategy is not without risks but if the Government's 2% target levels of inflation were applied un-damped across the period then the budget gap would increase by c.£3m by 2018/19.

**2.3.4 Growth**

The amount of growth included in the budget has been substantially reduced over the past three years. The current forecast includes £1m in 2015/16 for pressures in People services but no further growth over the MTFS period. Given the scale of pressures from inflation, the capital programme and grant losses this is the maximum that can be sustained and service pressures must be managed within the base budget and any additional Government or NHS funding.

**2.4 Income**

2.4.1 The MTFS assumes that departments will achieve an additional 2% p.a. on their fees and charges.

Income based on 2% p.a. increase	2015/16 £000	2016/17 £000	2017/18 £000	2018/19 £000
Income	669	1,339	2,008	2,676

2.4.2 These have been reviewed using 2013/14 outturn figures and a 2% increase would be £0.732m. The new departmental totals compared to those included in the MTFS would be as follows:-

Income	Included in MTFS	Based on 2013/14 Actual	Difference
	£000	£000	£000
Community & Housing	204	220	16
Corporate Services	86	94	8
Children, Schools & Families	45	55	10
Environment & Regeneration	334	363	29
Total	669	732	63

2.4.3 Over the four years of the MTFS, the new cumulative totals would be

Income based on 2% p.a. increase	2015/16 £000	2016/17 £000	2017/18 £000	2018/19 £000
Income	732	1,464	2,196	2,928

A departmental summary is shown in paragraph 3.5 and Appendix 3 of this report.

## 2.5 Pension Fund

2.5.1 The Government believes that there is scope for significant savings to be achieved through reform of the Local Government Pension Scheme. The new Local Government Pension Scheme which came into effect on 1 April 2014 is the first scheme to be introduced that follows Lord Hutton's principles for reform as enacted in the Public Service Pensions Act 2013.

2.5.2 The Government has recently consulted local authorities and other interested parties in its consultation paper "Local government pension scheme – opportunities for collaboration cost savings and efficiencies". The consultation sets out the evidence for proposals for reforms to the Local Government Pension Scheme and opportunities to deliver savings for local taxpayers. The Government seeks respondents' views on the proposals set out and asks respondents to consider how if adopted, those reforms might be implemented most effectively. Merton is working with London Councils on the potential for Collective Investment Vehicles to gain economies of scale from pooling

investments whilst leaving local boroughs in charge of fund decision making.

2.5.3 Any potential budget implications for Merton will be advised in reports on the Business Plan when more information becomes available.

2.5.4 The next revaluation of the fund is due to be implemented in 2017/18. The impact of this will be closely monitored in the intervening period.

## 2.6 **Forecast of Resources and Local Government Finance Settlement**

### 2.6.1 Background

Prior to 2013/14 the main source of government funding was known as formula grant and comprised Revenue Support Grant, and business rates being the authority's share of the national pool. Since 2013/14, a local authority's share of the local government spending control total is referred to as its Settlement Funding Assessment (SFA). It comprises of its Revenue Support Grant and baseline funding level (Business Rates).

2.6.2 Each year in December, the Department of Communities and Local Government (DCLG) notifies local authorities of their Provisional Local Government Finance Settlement. The final Settlement figures are published the following January/February but are generally unchanged from the provisional figures. The total amount of funding available for local authorities is essentially determined by the amount of resources that Central Government has allocated as part of its annual Departmental Expenditure Limit.

2.6.3 As part of last year's Settlement, final figures were announced for 2014/15 and provisional figures provided for 2015/16. These were used in the MTFs approved by Council on 5 March 2014.

### 2.6.4 Funding Forecast for 2015/16

On 22 July, the DCLG issued a consultation paper "Local Government Finance Settlement 2015/16 – Technical Consultation" seeking views on detailed technical proposals for the 2015/16 Settlement. The consultation period lasted for ten weeks and ended on 25 September. A summary of the paper is set out in Appendix 2.

2.6.5 To summarise, it indicates that, if the proposals are implemented, the financial effect on Merton's Settlement Funding Assessment in 2015/16 is a reduction of £74,000 on the figure included in the MTFs approved by Council in March. This is due to a reduction of £68,000 for the Carbon Reduction Commitment Adjustment and £6,000 arising from the Council Tax Freeze Grant 2014/15.

2.6.6 In the paper, the DCLG indicate that the provisional settlement for 2015-16 will be issued for consultation in the usual manner at the end

of 2014 (usually December). They will consult on proposals for the 2016-17 settlement in the light of the Budget and Spending Review so this suggests that indicative 2016/17 figures will not be provided until after the General Election in May 2015.

2.6.7 Funding Forecasts for 2016/17 to 2018/19

Since Council in March, the Government has presented its Budget 2014. This gave firmer forecasts of Government spending plans up to 2018/19.

2.6.8 Forecasting resources for 2016/17 and beyond is fraught with difficulties since it requires making assumptions about a wide variety of variables which the Government are not prepared to release at the current time. These include indications of resources provided to Government Departments in their Departmental Expenditure Limits(DELs). In recent years, the Government has protected some departments (Overseas Aid, Education and Health) and this has meant that other areas such as local government have borne the brunt of the cuts in public sector funding.

2.6.9 The latest forecast of resources for 2015/16 – 2018/19 is included in the draft MTFS set out in Appendix 1. These figures assume:-

- The latest figures for 2015/16 included in the Government ‘s consultation paper “Local Government Finance Settlement 2015/16 – Technical Consultation”
- The total spending figures from 2015/16 to 2018/19 published by the Government in the Budget 2014
- The estimated and planned Government Departmental Expenditure Limits (Resource DELs) published for 2015/16
- Government departments that have previously been protected (i.e. overseas aid, education and health ) continue to be ring-fenced at the same level as for 2015/16 for 2016/17 to 2018/19

2.6.10 The change in the resource forecast in the MTFS since Council in March 2015 and the latest draft MTFS in Appendix 1 is set out in the following table:-

Forecast Settlement Funding Assessment	2015/16 £000	2016/17 £000	2017/18 £000	2018/19 £000
Council 5 March 2014	(64,171)	(60,852)	(59,556)	(58,365)
Latest Draft MTFS (Appendix 1)	(64,097)	(58,038)	(51,088)	(48,503)
Change – Reduction in funding	74	2,814	8,468	9,862

2.6.11 Officers will continue to analyse all of the available information, from sources such as the Institute of Fiscal Studies (IFS) and London Councils, to produce as accurate forecasts of resources as possible. This will entail making assumptions about the extent to which Government ring-fencing will continue. Figures will be updated

throughout the business planning process as more information becomes available.

2.6.12 There will continue to be uncertainty on the level of funding beyond 2015/16 until after the General Election which will take place in May 2015.

## 2.7 Council Tax and Collection Fund

### 2.7.1 Council Tax

The Council Tax income forecast in the current MTFS assumes that the Council Tax Base will increase by 0.5% per year with a collection rate 97%. It also assumes a freeze in Council Tax over the period of the MTFS. The Government have indicated that £0.868m of Council Tax Freeze Grant would be available in 2015/16 if the Council Tax is frozen, but there is no guarantee that this funding will continue beyond 2015/16. A 1% increase in Council Tax would increase yield by c. £0.750m

Based on the latest details on collection rates it is considered that an increase of 0.25% in the collection rate to 97.25% can be justified. The implications of this for the estimated council tax yields are set out in the following table:-

Council Tax Yield	2015/16 £000	2016/17 £000	2017/18 £000	2018/19 £000
Council 5 March based on 97% collection rate	(75,425)	(75,802)	(76,181)	(76,562)
Based on 97.25% collection rate	(75,619)	(75,997)	(76,337)	(76,759)
Change	(194)	(195)	(196)	(197)

### 2.7.2 Collection Fund

The share of the collection surplus/deficit for Council Tax and NNDR based on the estimated Collection Fund balance at 31 March 2014 are summarised in the following table:-

	Estimated surplus/ (deficit) as at 31/03/14	Estimated surplus/ (deficit) as at 31/03/14	Total surplus/ (deficit) as at 31/03/14
	Council Tax	NNDR	
	£000	£000	£000
Central Government	N/A	(620)	(620)
GLA	1,266	(248)	1,018
Merton	4,608	(372)	4,236
Total	5,874	(1,240)	4,634

2.7.3 Merton's share of the surplus (council tax) and deficit (NNDR) were built into the MTFs agreed by Council in March 2014.

2.7.4 Since then, the Council has closed its 2013/14 accounts and produced audited accounts as at 31 March 2014. The audited accounts for 2013/14 include the following surplus/deficit for Council Tax and NNDR as at 31 March 2014:-

	Surplus/ (deficit) as at 31/03/14 Outturn	Surplus/ (deficit) as at 31/03/14 Outturn	Total surplus/ (deficit) as at 31/03/14
	Council Tax	NNDR	
	£000	£000	£000
Central Government	N/A	(1,051)	(1,051)
GLA	1,222	(420)	802
Merton	4,446	(631)	3,815
Total	5,668	(2,102)	3,566

2.7.5 The overall change in shares of surpluses/deficits is:-

	Surplus/ (deficit) as at 31/03/14	Surplus/ (deficit) as at 31/03/14	Total surplus/ (deficit) as at 31/03/14
	Council Tax	NNDR	
	£000	£000	£000
Central Government	N/A	(431)	(431)
GLA	(44)	(172)	(216)
Merton	(162)	(259)	(421)
Total	(206)	(862)	(1,068)

2.7.6 The net change in Merton's share of the surplus/deficit is therefore:-

	Estimated Surplus/ (deficit) as at 31/03/14	Outturn Surplus/ (deficit) as at 31/03/14	Surplus/ (deficit) as at 31/03/14 Change
	£000	£000	£000
Council Tax	4,608	4,446	(162)
NNDR	(372)	(631)	(259)
Total	4,236	3,815	(421)

2.7.7 There is no change to the surplus/deficit figures agreed for 2014/15 as all variations are managed via the Collection Fund. However, the net deficit of £0.421m will need to be taken into account when calculating

the Merton General Fund's share of any surplus/deficit due to/from the Collection Fund in 2015/16.

- 2.7.8 The calculation of the estimated surplus/deficit on the Collection Fund as at 31 March 2015 will be made later in the budget process when key variables are firmed up and council tax base and NNDR returns have been completed. Until this time, the net deficit of £0.421m will be included in the draft MTFS for 2015/16.

## 2.8 Re-priced MTFS 2014-18

- 2.8.1 Taking into account the latest available information as summarised in this report, the opening position for the re-priced MTFS is set out in the following table:-

(cumulative figures)	2015/16 £000	2016/17 £000	2017/18 £000	2018/19 £000
Budget Gap	732	10,185	23,760	31,888

- 2.8.2 A more detailed MTFS is included as Appendix 1. As can be seen from paragraph 2.4 of this report, the gap in 2015/16 is equivalent to an increase in income for fees of charges of 2%. However, where departments are unable to increase income at this time, savings proposals can be substituted in their place. The extent to which income/savings cannot be raised to balance the budget in 2015/16, will be met by re-profiling reserves but clearly this is a short-term fix as they can only be used once and departments will be required to meet their targets at a later date over the period of the MTFS.
- 2.8.3 The gap over the four year period is about £32m which is substantial and reflects the latest projections of government funding. There are risks involved from the current economic situation which may increase the gap and similarly, use of reserves to fund the gap only provides one-off funding and there is still a necessity to find ongoing savings in future years to maintain a balanced budget.
- 2.8.4 The flexibility introduced to enable service departments to look at income increases and savings proposals together should result in more effective planning. It still ensures that the capacity of each department to generate income and identify expenditure reductions is reflected in the targets set.
- 2.8.5 A summary of the targets analysed over savings targets previously set but not met, new savings targets based on controllable expenditure, and income targets based on latest income capacity is included as Appendix 3.

## 2.9 Summary

2.9.1 There has been a substantial improvement in the council's strategic approach to business planning in recent years and it is important that this is maintained. Planning should be targeted towards the achievement of a balanced budget over the four year MTFS period rather than on a single year as has been the norm previously. The progress made in reducing the gap to more manageable levels has to be continued this year.

2.9.2 Progress made in recent years in identifying savings over the whole period of the MTFS has reduced pressure on services to make short-term, non-strategic cuts. However, because there is still a sizeable gap over the four year period, there is a need to set savings targets aimed at eliminating this gap.

## 3. Approach to Setting a Balanced Budget

3.1 This is the initial report on the business planning process for 2015/16 and there is a great deal of work to be done, including the following key areas that are expected to be at the forefront.

a) Review of Outturn 2013/14 and Current Budget and Spending 2014/15

There may be issues identified during the final accounts process and from monthly monitoring that have on-going financial implications which need to be addressed in setting the budget for 2015-19.

b) Review of Central Items

All central items will be closely reviewed to assess the implications for 2015-2019.

c) Further Departmental Savings/Income Targets

Targets will need to be set, particularly for latter years of the forecast period, for each department based upon their controllable budget and capacity to generate additional income and reflecting the scale of reduction already experienced. Draft targets are discussed in paragraph 3.5.5.

d) Review of funding

It is too soon in the financial year to accurately predict what the ongoing impact, particularly over a four year period, will be but the information will be updated during the business planning process. It is going to be difficult to forecast resources for 2016/17 and beyond because of the lack of information available, pending the General Election in 2015.

e) Capital Programme 2015-19

Changes in the capital programme may arise due to slippage, re-profiling and addition/deletion of schemes. This will have an impact on

the capital financing costs of the programme. There is a more detailed analysis and discussion of capital related issues in Section 4 of this report.

### 3.2 Formula Grant and Business Rates Retention

3.2.1 Further analysis and review in the current year will be undertaken to try to improve forecasting, particularly over the longer term.

### 3.3. Localising support for Council Tax/Technical Reforms of Council Tax

3.3.1 Any continuing impact of these changes will be assessed during the year and any adjustments to the MTFS will be made accordingly.

### **3.4 Approach to balancing future years budgets.**

3.4.1 The draft budget gap in 2015/16 is currently balanced assuming use of reserves of c.£4m and that departments achieve their income targets. However, it is also dependent on c. £13 m of pre agreed savings being achieved in 2014/15 and 2015/16. It is imperative that firm discipline is maintained in delivering these and departments should be beginning the planning for delivering 2015/16 savings now. Where difficulties are foreseen with any 2014/15 or 2015/16 savings then alternative measures must be identified before the 2015/16 budget is set.

3.4.2 If the outstanding savings and income targets are delivered then it may remain possible to balance 2015/16 without requiring further service savings in that year through the impact of changes in capital financing, potential grant income and adjusting profiling of planned use of reserves set aside to balance the budget. Some aspects of this have been built into the latest MTFS model but more work is required.

3.4.4 Savings will however be required to balance budgets from 2016/17 onwards and targets will need to be set for this and options brought forward during the budget process.

3.4.5 It should also be recognised that in setting the 2014/15 budget not all savings targets were achieved. Prior to modelling options against the controllable budgets will be the identification by departments of the underachieved 2014/15 and future year targets where reductions were not agreed by members.

3.4.6 Last year the savings targets set were:-

	2014/15 £000	2015/16 £000	2016/17 £000	2017/18 £000	Total £000
Corporate Services	0	296	1,507	1,265	3,068
Children, Schools and Families	0	265	1,344	1,129	2,738
Environment and Regeneration	0	645	3,276	2,752	6,673
Community and Housing	0	491	2,492	2,093	5,076
Total Savings	0	1,697	8,619	7,239	17,555
<b>Cumulative</b>	<b>0</b>	<b>1,697</b>	<b>10,316</b>	<b>17,555</b>	

3.4.7 Council agreed, on 5 March 2015, the following savings which were incorporated into the MTFS:-

IDENTIFIED SAVINGS BY DEPARTMENT	2015/16 £000	2016/17 £000	2017/18 £000	Total £000s
Corporate Services	291	412	493	1,196
Children, Schools and Families	150	7	325	482
Environment and Regeneration	535	125	125	785
Community and Housing	321	814	484	1,619
Total Savings	1,297	1,358	1,427	4,082
<b>Total Cumulative Savings</b>	<b>1,297</b>	<b>2,655</b>	<b>4,082</b>	

3.4.8 Therefore, targets were agreed for service departments that were not fully achieved. The initial budget balancing step is for departments to fully deliver the saving levels agreed in setting last year's budget

SHORTFALL OF SAVINGS BY DEPARTMENT	2015/16 £000	2016/17 £000	2017/18 £000	Total £000s
Corporate Services	5	1,095	772	1,872
Children, Schools and Families	115	1,337	804	2,256
Environment and Regeneration	110	3,151	2,627	5,888
Community and Housing	170	1,678	1,609	3,457
Total Savings	400	7,261	5,812	13,473
<b>Total Cumulative Savings</b>	<b>400</b>	<b>7,661</b>	<b>13,473</b>	

3.4.9 The small shortfall in 2015/16 was managed by adjusting the use of reserves profile. However, the shortfall will form part of the calculation of future year's targets.

### 3.5 Controllable budgets and Savings Targets for 2015-19

3.5.1 In addition, work has been undertaken to revise the controllable budgets for each department, based on the 2014/15 budgets set. These can be used to allocate savings to balance the budget over the MTFS period.

3.5.2 The controllable budgets for each department, including weightings used as for previous years which reduce the impact on Adult Social Care, Children's Social Care and vulnerable groups, are set out in the following table:-

<b>USING 2014/15 BUDGETS</b>	<b>Controllable</b>		
	<b>Expenditure</b>	<b>Weighting</b>	<b>Weighted</b>
	<b>2014/15</b>	<b>by dept.</b>	<b>Controllable</b>
	<b>£000</b>	<b>No.</b>	<b>£000</b>
Corporate Services	20,063	1.50	30,095
Children, Schools and Families	30,187	0.75	22,640
Environmental Services	28,744	1.50	43,116
Community and Housing	53,025	1.00	53,025
<b>Total: Controllable</b>	<b>132,019</b>		<b>148,876</b>

3.5.3 As for last year, it is expected that departments should first of all address the savings which they did not meet from the 2014/15 targets. Therefore, if £13.473m and £2.928m (4 Year income targets impact on the MTFs) are deducted from the remaining gap of £31.968m in the updated MTFs in Appendix 1, this means that a balance of £15.567m that remains has to be allocated using the new controllable budgets set out in the table in paragraph 3.5.2.

3.5.4 Including income, the total targets for each department are:-

<b>SUMMARY OF SAVINGS/INCOME TARGETS</b>	<b>Savings not found in 2014/15 Budget Round</b>	<b>New Savings</b>	<b>Sub-total: Savings Targets</b>	<b>Income Targets</b>	<b>Total</b>
	<b>£000</b>	<b>£000</b>	<b>£000</b>	<b>£000</b>	<b>£000</b>
Corporate Services	1,872	3,148	5,020	376	5,396
Children, Schools and Families	*2,356	2,367	4,723	220	4,943
Environment and Regeneration	5,888	4,508	10,396	1,452	11,848
Community and Housing	3,457	5,544	9,001	880	9,881
<b>Total Savings</b>	<b>13,573</b>	<b>15,567</b>	<b>29,140</b>	<b>2,928</b>	<b>32,068</b>
<b>Cumulative</b>	<b>13,573</b>	<b>29,140</b>		<b>32,068</b>	

\* includes shortfall on replacement savings (para.3.6.3 and para.3.6.4 refer)

3.5.5 Giving departments flexibility to identify savings or increase income to meet their targets is desirable and the targets set are based on a detailed analysis of each department's capacity to generate income or find savings from budgets that they have control over. The targets in the following table reflect this:-

<b>TARGETS ALLOCATED TO DEPARMENTS TO BE MET FROM SAVINGS AND INCOME</b>	<b>2015/16</b>	<b>2016/17</b>	<b>2017/18</b>	<b>2018/19</b>	<b>Total £000</b>
	<b>£000</b>	<b>£000</b>	<b>£000</b>	<b>£000</b>	
Corporate Services	94	1,686	2,175	1,441	5,396
Children, Schools & Families	55	1,977	1,844	1,067	4,943
Environment & Regeneration	363	4,329	4,866	2,290	11,848
Community & Housing	220	2,935	4,136	2,590	9,881
<b>Total Income</b>	<b>732</b>	<b>10,927</b>	<b>13,021</b>	<b>7,388</b>	<b>32,068</b>
<b>Cumulative</b>	<b>732</b>	<b>11,659</b>	<b>24,680</b>	<b>32,068</b>	

3.5.6 An analysis of how the targets are built up is provided in Appendix 3.

### 3.6 Replacement Savings

3.6.1 In recent years, the introduction of multi-year financial planning has resulted in savings agreed in a particular financial year having an impact on future years. These have been incorporated into the Council's Medium Term Financial Strategy. The full year effect of savings in the current MTFs from 2015/16 onwards is shown in the following table:-

	2015/16 £000	2016/17 £000	2017/18 £000	2018/19 £000	Total £000
Corporate Services	1,040	1,298	493	400	3,231
Children, Schools & Families	781	257	325	0	1,363
Environment & Regeneration	1,637	978	125	0	2,740
Community & Housing	1,085	2,422	484	0	3,991
<b>Total</b>	<b>4,543</b>	<b>4,955</b>	<b>1,427</b>	<b>400</b>	<b>11,325</b>
<b>Cumulative total</b>	<b>4,543</b>	<b>9,498</b>	<b>10,925</b>	<b>11,325</b>	

3.6.2 Monitoring of the delivery of savings is important and it is essential to recognise as quickly as possible where circumstances change and savings previously agreed are either not achievable in full or in part or are delayed.

#### 3.6.3 Proposed Amendments to Previously Agreed Savings

##### Children, Schools and Families

Proposed revision and replacement of savings in 2015/16. Details of these proposed changes are set out in Appendix 6.

##### Environment and Regeneration

A deferral of savings agreed previously (ER07 and EN09) is proposed. Details of these proposed changes are set out in Appendix 6.

##### Community and Housing

There will be some amendments to previously agreed savings which will come to 10 November Cabinet and to the following round of scrutiny.

Equalities impact assessments will be available for scrutiny where required.

#### 3.6.4 Summary

The overall effect of the proposed amendments is set out in the following table:-

<b>Children, Schools &amp; Families</b>	<b>2015/16 £000</b>	<b>2016/17 £000</b>	<b>2017/18 £000</b>	<b>2018/19 £000</b>	<b>Total £000</b>

#### 4. Capital Programme for 2015-19

4.1 Since the capital programme was approved by Council in March 2014 and the revenue implications built into the MTFS, there have been a number of amendments arising from outturn 2013/14, monthly monitoring and a review by project holders. There has been a great deal of effort made to ensure that the capital programme set is realistic, affordable and achievable within the capacity available. This has been accompanied by improved financial monitoring and modelling of the programme's costs over the period of the MTFS which has enabled the budgets for capital financing costs to be reduced and therefore scarce resources to be utilised more effectively.

4.2 It is important to ensure that the revenue and capital budgets are integrated and not considered in isolation. The revenue implications of capital expenditure can quickly grow if the capital programme is not contained within the Council's capacity to fund it over the longer term. For example, the capital financing costs of funding £1m (on longer-life assets and short-life assets financed in 2015/16) for the next four years of the MTFS would be approximately:

Capital financing costs of £1m over the MTFS period	2015/16 £000	2016/17 £000	2017/18 £000	2018/19 £000
Longer life Assets	20	73	72	71
Short-life assets	20	236	228	220

4.3 The bidding process for 2018/19 was launched at the Capital Programme Board on 20 May 2014.

4.4 The current capital provision and associated revenue implications in the currently approved capital programme, based on August monitoring information, are as follows:-

	2015/16 £000	2016/17 £000	2017/18 £000	2018/19 £000
Capital Programme	47,394	35,618	29,045	34,773
Revenue Implications	13,762	14,653	15,935	17,530

4.5 Review of Children, Schools and Families Capital Provision

4.5.1 There are potentially significant changes required to the current capital programme arising from CSF's review of the latest projections on future school provision.

4.5.2 The current capital provision for the currently approved Children, Schools and Families capital programme for primary, secondary and SEN expansion, based on August monitoring information, is as follows:-

	2015/16 £000	2016/17 £000	2017/18 £000	2018/19 £000
Capital Programme	14,698	21,487	20,799	26,978

4.5.3 This programme is prior to the review of primary, secondary and SEN expansion provision and accompanying inflation contingency. It includes the provision of a new school costed at £26.587m. However revised projections in pupil numbers mean that 6 secondary forms and 2 primary forms have been removed.

4.6 In order to simplify the decision making process of what is a potentially complex set of scenarios, the capital and revenue implications of each, compared with the August monitoring position, are set out individually as follows:-

a) Review of CSF Expansion Programme

	2015/16 £000	2016/17 £000	2017/18 £000	2018/19 £000
Capital Programme:				
- Change in Primary Expansions	0	(200)	(3,250)	(3,200)
-Change in Secondary Expansions	0	(100)	(2,200)	(6,399)
-Change in SEN Expansions	100	0	3,000	0
-Inflation Contingency	164	1,943	1,867	2,066
Total Capital Implications	264	1,643	(583)	(7,533)
Revenue Implications	1	15	100	(67)

The full details of the changes in capital provision required up to 2023/24 are set out in Appendix 5.

b) Non-School Expansion Schemes

The roll forward of other departments schemes has had a lower impact, and are also included in Appendix 5.

4.7 The change in the capital programme since Council in March 2015 is summarised in the following table:-

	2014/15 £000	2015/16 £000	2016/17 £000	2017/18 £000	2018/19 £000

## 5. Service Planning for 2015-19

- 5.1 The Service Planning process for 2015-19 has begun and a plan has been created for each council service. These plans describe what the service does, its plans for the future, its key performance indicators and how its plans will take place within the budget.
- 5.2 There will be three versions of service plans; Interim, Draft and Final.
- 5.3 Interim plans have been prepared and are attached in Appendix 8 along with a copy of the Service Planning timetable (Appendix 7).

## APPENDIX 2

### Summary of “Local Government Finance Settlement 2015-16 – Technical Consultation” published by the Department for Communities and Local Government (DCLG) in July 2014

1. This consultation seeks views on detailed technical proposals for the local government finance settlement for 2015-16.
2. The main areas covered concerns those announced in the Spending Round 2013 for 2015-16 including:-
  - continued compensation for the reduced income from business rates as a result of the 2% cap on the small business rates multiplier announced at Autumn Statement 2013
  - continued protection for authorities which froze council tax in 2014-15
  - continued protection through Efficiency Support Grant for the small number of local authorities with revenue spending power reductions greater than 6.9% in 2014-15
  - increased additional funding for the most rural authorities
3. The consultation proposes the following detailed changes:-
  - Compensation for the 2% cap on the small business multiplier announced at the 2013 Autumn Statement to continue in 2015-16, calculated on the basis of the reduction to estimated retained income, as in 2014-15
  - Council tax freeze grant for 2014-15 to be rolled in and combined with the 2013-14 grant in a single element (in line with previous commitments to authorities which freeze council tax)
  - Efficiency Support Grant for 2014-15 to be rolled in subject to satisfactory performance, as announced at the 2014-15 settlement
  - 2014-15 Rural Services Delivery Grant (£2m) to be rolled into the settlement and combined with the existing rural funding element
  - Adjustment to funding for authorities which have fallen below the threshold for participation in the Carbon Reduction Commitment Energy Efficiency Scheme, to take account of the loss in tax revenue to the Treasury, as previously consulted on in summer 2013
4. The DCLG have provided exemplifications setting out the financial effect of these changes on each authority.
5. The DCLG have indicated that they will consult later in the year on other aspects of future local government funding, including in particular the new burdens funding for the administrative changes required by the localisation of council tax support. The Department for Health will also be formally consulting in parallel on the development of the formula for funding deferred payments for adult social care and assessment for the cap on payment for care, following the Care Act 2014.

6. The DCLG have confirmed that “the provisional settlement for 2015-16 will be issued for consultation in the usual manner at the end of 2014. We will consult on proposals for the 2016-17 settlement in the light of the Budget and Spending Review.”
7. The financial effects on Merton of the proposals are estimated to result in a reduction in funding of £74,000, arising from a Carbon Reduction Commitment Adjustment of £68,000 and a £6,000 reduction in Council Tax Freeze Grant for 2014/15.
8. The consultation ran for ten weeks from 22 July 2014 25 September 2014.

## DEPARTMENT: CHILDREN, SCHOOLS AND FAMILIES - REPLACEMENT SAVINGS

Panel	Ref	Description of Saving	Baseline Budget 14/15 £000	2015/16 £000	2016/17 £000	2017/18 £000	2018/19 £000	Risk Analysis Deliverability	Risk Analysis Reputational Impact	
C&YP	CSF2014-01	<u>Service Description</u> This is a re-profiling of the budgeted savings for 2015-17 agreed by Council on 5 March 2014. Instead of spreading the income generation and management efficiencies saving of £80k over two years, we propose bringing the total saving forward to 2015/16.  <b>Service Implication</b> Review costs, charging internally, increased external work and deletion of training budget. Reduced offer to schools apart from those which are requiring improvement.  <b>Staffing Implications</b> Consideration may be given to a restructure when external funding is clearer - a national funding formula could affect DSG allocations.  <b>Business Plan implications</b> Development of Merton Education Partnership  <b>Impact on other departments</b> None  <b>Equalities Implications</b> A focus would remain on the outcomes of key equalities groups	524	80					M	M

C&YP	CSF2014-02	<b>Service Description</b>	774	58	50			M	M	
		<b>Service Implication</b>								<u>Commissioning, Strategy and Performance</u> This is a re-profiling of the budgeted saving agreed by Council for 2015-17 on 5 March 2014. Due to demographic pressures on the budget we are proposing to reduce the post 16 LAC/CL accommodation saving for 2015/16 from £100k to £58k.
		<b>Staffing Implications</b>								Savings will be secured through improved commissioning and procurement of post 16 placements None
		<b>Business Plan implications</b>								No specific Implications
		<b>Impact on other departments</b>								Will require close working relationship with housing department re needs assessments and supported housing options
		<b>Equalities Implications</b>								LAC and care leavers risk particular disadvantage which improved commissioning of placements can mitigate
C&YP	CSF2014-03	<b>Service Description</b>	63	40				Medium	High	
		<b>Service Implication</b>								<u>Commissioning, Strategy and Performance</u> This will be achieved through a combination of reducing our training for facilitators of parenting programmes and decommissioning a service where the commissioned outcomes are not being delivered. Further reduction in early intervention and prevention services largely provided by the local third sector. Possible increased pressure on statutory children's social care services.
		<b>Staffing Implications</b>								Reductions in staffing within provider organisations. Potential for increased pressure on social care.
		<b>Business Plan implications</b>								No specific Implications
		<b>Impact on other departments</b>								None.
		<b>Equalities Implications</b>								These services are targeted at vulnerable groups, we will continue to prioritise commissioning according to need and risks.

Children's Social Care	Anticipated demand	2013/14	2014/15	2015/16	2016/17	2017/18	2018/19	
<p>Children's Social Care (CSC) delivers a range of government prescribed &amp; legislated functions to children at risk of harm, children in care, care leavers &amp; young offenders, as well as wider services for families. CSC works within an integrated context co-ordinating multi agency support to those families at all levels of Merion's Child &amp; Young Person (CYP) Well-being Model. The borough across a range of outcomes: safety, wellbeing, health, education &amp; life chances in Merion's CYP Well-being Model sets out Merion's approach to supporting families which seeks to provide services at the time they are needed to prevent further need arising &amp; escalation up the model. This is the most efficient use of resources &amp; CSC undertakes a range of family support activity to prevent children entering either child protection or care systems at every stage of childhood. This necessitates a strong commitment to robust, assessment &amp; thresholds which require a quality assurance function to ensure on-going success of the model.</p> <p>Merion has lower numbers of children subject to child protection plans in the care system than the majority of London Boroughs, as well as lower numbers of first time attendees, and seeks to continue this approach, therefore ensuring that we minimise the use of costly high one interventions with our families &amp; promote family strengths to enable them to care for their own children.</p> <p>Children's Social Care provides a targeted service to support vulnerable young people &amp; their parents to prevent offending &amp; re-offending. It also supports the transferring families programme helping targeted families to get back into work &amp; improve the outcomes for their children by preventing reoffending or going into care. It also leads on participation for CSF.</p>	<p>Population growth - looked after children</p> <p>Population growth - Child Protection Plans</p> <p>Increase in 0-19 population</p> <p>Increased pressure on more expensive specialist targeted services due to LIP savings &amp; statutory duty.</p> <p><b>Anticipated non financial resources</b></p> <p>Staff (FTE) - reflects transfer of YS to Ld Adoption &amp; fostering</p>	206	207	202	200	200		Children & Young person's Plan Anti Social Behaviour Health & Wellbeing Social Inclusion Strategy Community Plan Corp Equality Scheme Family Poverty LAC Strategy Youth Crime

The DWP have not committed funding for the Local Welfare Support scheme. A decision is required regarding future funding for the scheme and it's administration. Funding for 15/16 for Housing Benefit administration remains the same. With continued delays with the implementation of the Customer Contact programme the impact of the Customer Service Review will not save £30k in this year. Savings from elsewhere within the Division will cover this years saving target. Ongoing savings through reduction of cash collection following implementation of telephone parking £10k. There may be funding from the DWP for the new Local Support Services framework for supporting Universal Credit

Deferred budgetary savings from 14/15 include a deletion of manager position within Customer Services and a reduction within the debt recovery/bailiff function resulting in £81k of savings. Continued impact of the Customer Service Review will save £30k annually. Ongoing savings through reduction of cash collection following implementation of telephone parking £10k. The roll out of Universal Credit will impact on the level of administration grant. There may be funding from the DWP for the new Local Support Services framework for supporting Universal Credit. New performance target required to monitor take-up of on-line services. This includes revision of number of telephone calls and face-to-face customers

CS60 Deletion of Assistant Director post £109k  
Continued Impact of Customer Contact project to further reduce telephone calls and face-to-face customers

Continued impact of Customer Contact project to further reduce telephone calls and face-to-face customers.

<b>Project 1</b>		<b>Evaluation of future funding levels</b>		To meet legislative requirements		4	
01/04/2013	31/03/2018	Analysis of all relevant information relating to local government finance. <b>Project 7</b>		<b>Capital Review</b>		More efficient way of working		4	
01/04/2014	31/03/2015	In 2012 there was a comprehensive review of the management of the capital programme. This led to the production of an action plan. It would be appropriate to undertake a follow-up review now.		2	2	4	
<b>Project 8</b>		<b>Recharge Review</b>		More efficient way of working		6	
01/04/2014	31/03/2015	Annual reviews of recharges have been undertaken. These have tended to be tactical. In 2014/15 a full scale strategic review will be undertaken. The project will need to dovetail with work undertaken to develop and implement the new financial system.		3	2	6
