LICENSING COMMITTEE

20 OCTOBER 2015

(19.15 - 20.32)

PRESENT Councillors Councillor Jeff Hanna (in the Chair),
Councillor Stan Anderson, Councillor Tobin Byers,
Councillor Pauline Cowper, Councillor Joan Henry,
Councillor Philip Jones, Councillor John Sargeant,
Councillor Linda Taylor, Councillor Jill West,
Councillor John Bowcott and Councillor Nick Draper

1 APOLOGIES FOR ABSENCE (Agenda Item 1)

Apologies were received from Councillors Greg Udeh, David Simpson, and Michael Bull

2 DECLARATIONS OF PECUNIARY INTEREST (Agenda Item 2)

No declarations of pecuniary interest were received.

3 MINUTES OF THE PREVIOUS MEETING (Agenda Item 3)

The minutes of the meeting held on 9 June were agreed as a correct record.

4 LICENSING SUB-COMMITTEE - UPDATED HEARING PROCEDURE, PROCESSES AND PAPERWORK (Agenda Item 4)

The Senior Democratic Services Officer introduced the report detailing the proposed changes to the Licensing Sub-Committee paperwork and procedures. The Committee considered the new Chair's Procedure document and asked for the following changes:

- Within the Chair's procedure the sections 9,10 and 11 reverse a and b, so that Questions by the responsible authority and the interested parties come before the questions by the Sub-Committee.
- Section 7 of the Chair's procedure was seen as a useful scene setter and Members requested that it be moved up so that it happens sooner

Members then considered the new Notice Letter and asked for the wording referring to 'two packs'- to be changed as it was currently confusing.

Members asked for the numbering between the new Chair's procedure and the new procedure in the public packs to be aligned to avoid confusion.

The Senior Democratic Services Officer said he would make these changes. The Legal Advisor said he would consider the procedure for a Licensing Review.

The Committee asked the Legal Advisor about the legal requirements for a quorum at Licensing Sub-Committee. Currently Merton operates its Licensing Sub-Committee with a quorum of 3 as set by the Constitution of the Council, and so the Sub-Committee cannot meet if one member does not arrive. Members discussed the possibility of having additional members 'on-call' in case one member does not arrive, but concluded that this was a difficult option practically. The Legal Advisor explained that although the statutory requirement is 3 members for a Licensing Sub-Committee other Local Authorities have set a Quorum of 2, within their constitution, with the Chair being given a casting vote to prevent deadlock. The Committee asked the Legal Advisor to research this option and to report back to the Committee.

RESOLVED

The Licensing Committee gives approval to the refreshed Licensing Sub-Committee process and procedure, subject to the suggested amendments.

5 UPDATE OF COUNCIL'S STATEMENT OF LICENSING POLICY, PROPOSED CUMULATIVE IMPACT ZONE FOR MITCHAM TOWN CENTRE AND THE SURROUNDING AREA POST PUBLIC CONSULTATION (Agenda Item 5)

The Licensing Manager introduced the report on the Update of the Council's Statement of Licensing Policy, proposed Cumulative Impact Zone for Mitcham Town Centre and the Surrounding Area post public Consultation. He asked the Committee to consider the comments received during the public consultation when 13 representations were received: 9 from local residents, 1 from a local Designated premises Supervisor, 1 from a local Members Club, 1 from Livewell, 1 from a Responsible Authority (Merton Council Public Health).

The Committee discussed the Public Health representation and its requests for wording to be added to the Statement of Licensing Policy. They agreed to the following additions:

- To section 3.5 - in relation to promoting licensing objectives,
- To section 11 - two additions, in relation to the protection of children,
- To Section 7.15 – in relation to a CIZ

The Committee discussed some further requests from Public Health to include wording that embedded health in the policy. However, the Legal Officer advised that this could establish a 'policy within a policy' and could leave the Licensing Policy open to challenge via Judicial Review. The Committee decided not to include the Public Health additional wording at section 1.4, 1.9, 4.1, 4.2.1, 13.7 and 16.6 in the Licensing Policy

The Committee noted the following phrase in the additional wording accepted from Public Health to section 3.5 of the Statement of Licensing Policy:
'We [The Licensing Authority] would also expect all people applying for licences to install and maintain good quality closed circuit television (CCTV) in the interests of public safety and security'

Members asked if the word 'expect' should be replaced by 'require', but were given advice by the Legal Advisor that this was unnecessary. He explained that Responsible Authorities very often 'require' cctv to be installed by applicants within the conditions they seek to impose, but to include this in the Licensing Policy may leave the policy open to challenge via Judicial review. The Committee agreed to leave the word expects in the policy.

The Committee noted that one of the respondents had mentioned the 'late night levy'. The Licensing Manager explained that this was an additional charge paid by premises with licences that allow them to open from 0.00 to 03.00am. 70% of the charge goes to the Metropolitan police to pay for additional policing but it is not Borough specific and could be spent anywhere in the London area. The Committee agreed that they were not interested in this levy at this time.

The Licensing Manager presented the section of the report dealing with the proposed CIZ (Cumulative Impact Zone) for Mitcham Town Centre and the surrounding area. The Committee agreed that the Proposed CIZ should cover all the roads shown on the map at appendix 3 attached to the report – those highlighted by a solid line and those highlighted by a dotted line. The Committee agreed to restrict the Mitcham CIZ to 'Off – premises' sales only, as the evidence did not suggest that 'On- premises' sales needed to be included. Members asked if 'On' sales could be included in the future if necessary. The Licensing Manager confirmed that such a change would need to go back out to consultation.

The Committee noted the information presented by Public Health in their representation, that showed concerning levels of alcohol related issues in areas of the borough not covered by a CIZ or proposed CIZ. No action was proposed at this time.

The Committee asked the Licensing Manager to ensure that the following amendments were made to the Statement:
Page 42 – Seely Road (not Steel) and Tooting Station - National Rail Station (NOT overground)
Page 38 –account taken of Counsel note on Equality Act 2010
Crossed out sections(including those on page 53) to be removed

RESOLVED

The Licensing Committee:

- A. Considered the comments received during the public consultation process, which took place between 22 June and 14 September 2015;
- B. Discussed and Recommend for approval to Council on 18 November the proposed Cumulative Impact Zone (CIZ) for Mitcham Town Centre and the surrounding area based on the evidence obtained during the public consultation period, for off sales only,

- C. Approve delegated authority to the Licensing Manager, in consultation with the Chairman of the Licensing Committee, to approve any amendments to the Statement of Licensing Policy following the Committee meeting and prior to submission to Council for adoption on 18 November 2015; and
 - D. To approve the draft Statement of Licensing Policy subject to the above paragraph and recommend it for adoption by full Council on Wednesday 18 November 2015.
- 6 UPDATE OF THE COUNCIL'S STATEMENT OF PRINCIPLES UNDER THE GAMBLING ACT 2005 POST PUBLIC CONSULTATION (Agenda Item 6)

The Licensing Manager presented the report on the update to the Council's Statement of Principles under the Gambling Act 2005, and the results of the public consultation. He asked Members to note that a recent change in Gambling Commission guidance, requiring a local area profile of the borough to be included in this statement of principles had come too late to be incorporated in the current version. A revised version of the Council's Statement of Principles, including a detailed local area profile of the borough will be brought to the Licensing Committee in early 2016. Members noted that the local area profile has to be prepared 'from scratch' as each licensing authority covers a unique area.

The Committee noted that the consultation had generated only one response from a local resident and two from the Gambling industry.

The Committee were happy with the Statement of Principles and did not request any further changes. Accordingly there was no need for them to give delegated authority to the Licensing Manager to make further changes.

RESOLVED

That the Licensing Committee

- A. consider the comments received during the public consultation process, which took place between 22 June and 14 September 2015;
 - B. approved the draft Statement of Principles subject to the above paragraph and recommend it for adoption by full Council on Wednesday 18 November 2015.
- 7 INSTITUTE OF LICENSING'S GUIDANCE ON PREMISES LICENCE CONDITIONS (Agenda Item 7)

The Committee noted the draft guidance from the Institute of Licensing on Premises Licensing Conditions and that this contained list of conditions which could be used by an applicant, responsible authority, interested party or a licensing Sub-Committee who may oppose conditions to address one or more of the licensing objectives.

Members noted that this draft version had been consulted on but that the consultation was now closed, and agreed that they would wait to see the final version of the document before making any decisions on whether or not to recommend use of the guidance.

RESOLVED

The Licensing Committee noted the draft version of the Institute of Licensing's Guidance on Premises Licence Conditions (Licensing Act 2003) and agreed that when the final version of this document is published it should be brought to the Licensing Committee for further consideration

1 PURPOSE OF REPORT AND EXECUTIVE SUMMARY

1.1. At the Meeting of the Licensing Committee 22 October 2015, the Committee asked the Legal Advisor about the legal requirements for a quorum at Licensing Sub-Committee. Currently Merton operates its Licensing Sub-Committee with a quorum of 3 as set by the Constitution of the Council, and so the Sub-Committee cannot meet if one member does not arrive.

1.2. Section 2 provides the information requested by the Committee

2 DETAILS

2.1. The Licensing Act 2003

Section 9 of the Licensing Act 2003 seems clear that the Licensing Committee delegates to Licensing Sub-Committees containing 3 members.

9 Proceedings of licensing committee

(1) A licensing committee may establish one or more sub-committees consisting of three members of the committee.

(2) Regulations may make provision about—

(a) the proceedings of licensing committees and their sub-committees (including provision about the validity of proceedings and the quorum for meetings),

(3) Subject to any such regulations, each licensing committee may regulate its own procedure and that of its sub-committees.

In the absence of guidance or caselaw, then section 10 of the Licensing Act 2003 may assist to allow the Licensing Committee to say that the Licensing Sub-Committee can still be quorate.

10 Sub-delegation of functions by licensing committee etc.

(5) The power exercisable under subsection (2) by a sub-committee established by a licensing committee is also subject to any direction given by that committee to the sub-committee.

There is no explanation in the Licensing Act 2003 or its Regulations as to whether the Committee is quorate if one of the 3 members is still not in attendance.

2.2. **LB Merton Constitution**

The Constitution does not address a Licensing Sub-Committee quorum in the “Constitution part 3F - Delegation by full council” at paragraph 8, but quorum is addressed in the “Part 4A - Council procedure rules” as follows:

5.4 Quorum

(a) The quorum of a meeting of the Council or of any non-executive committee will be one quarter of the whole number of Members or a minimum of three Members. The quorum for a meeting of the Cabinet, Cabinet committee or Cabinet sub-committee is governed by the Cabinet Procedure Rules.

(b) Except where authorised by statute, business shall not be transacted in the absence of a quorum. During any meeting if the Chair counts the number of Members present and declares there is not a quorum present, then the meeting will stand adjourned for 10 minutes. If after recommencing there is still no quorum, then the meeting will end immediately. Remaining business will be considered at a time and date fixed by the Chair. If he/she does not fix a date, the remaining business will be considered at the next ordinary meeting.

In those circumstances, the quorum must remain 3 members of the Committee, unless this part of the constitution is changed to permit a Licensing sub-Committee to be quorate with 2 members with a deciding vote by the chairman.

2.3. Table to show approach of other Councils

examples	quorum	Relevant contents of reports / source
Havering LBC	2	The Sub-Committee comprises three members of the Licensing Committee, with a quorum of two members. Unless there are objections, in the absence of three members, the hearing shall proceed with the quorum of two.
LB Hammersmith & Fulham	2	The quorum of the Sub-Committee shall be 2 Councillors
Malvern Hills DC	3	The quorum of the Licensing and Appeals Committee and its sub-committees will be 3 members.
Tower Hamlets	3	The Licensing Sub Committee will consist of 3 Members of the Licensing Committee and the quorum of the Sub Committee shall be 3 Members.
Sevenoaks DC	2	That the quorum of the Licensing Sub-Committee be amended to two.

Sutton LBC		The Committee considered altering from three to two the quorum of Licensing Sub Committee meetings where an application or review was being considered relative to licences under the Licensing Act 2003 or the Gambling Act 2005, so that the hearings could still proceed if one of the three Members was unable to attend. He stressed that the Sub Committee would always be expected to have three Members present, but the reduced quorum would allow a hearing to proceed on the rare occasions when one of the Members was unexpectedly unable to attend.
Croydon LBC	3	The quorum of the Licensing Sub-Committee is three Members and all three Members must be present throughout the hearing.
Tewkesbury DC	3	The quorum of the Sub-Committee will be 3
Waltham Forest LB	3	For sub-committees of 3 members, the quorum will be 3 members.
Richmond LBC	3 or 1/3 of number of voting members	The quorum for an Overview and Scrutiny Committee shall be three or one-third of the number of voting Committee Members, whichever is the greater (as set out for Committees in the Council Procedure Rules in Part 4 of this Constitution).
Dartford LBC	3	The quorum shall be three (3) for the duration of the meeting.

Recommendations:

1. PURPOSE OF REPORT AND EXECUTIVE SUMMARY

1.1 To provide members of the licensing committee with information concerning the following matters:

- Community and Ancillary Sellers Notices (CAN's);
- Deregulation of Late Night Refreshment as a licensable activity; and
- Amendment -Temporary Event Notices (TEN's).
- The Policing and Crime Bill – Proposed amendments to the Licensing Act 2003 (published on Wednesday 10 February 2016).

2. DETAILS.

2.1 Community and Ancillary Sellers Notice (CAN).

The Community and Ancillary Sellers Notice (CAN) will be a new authorisation under the Licensing Act 2003 that will benefit community groups and particular small businesses (such as bed and breakfast providers) who wish to sell limited amounts of alcohol as part of a wider service.

Under existing arrangements, these community groups and smaller businesses are subject to the same licensing regime and scrutiny as other businesses, which sell much higher quantities of alcohol (such as large hotels and off-licences). They have said that existing licensing requirements are costly and heavy-handed in light of the small, low-risk sales of alcohol that they wish to make.

For a relatively low, one-off fee a CAN user will be able to sell a limited amount alcohol (to be set out in regulations) over the course of three years between the hours of 7am and 11pm.

Community group users will be able to name up to three premises at which they intend to provide alcohol at organised events, with a maximum of 300 attendees. The alcohol sold at the event must also be ancillary to the main purpose of the event (such as a glass of wine at a play or with a lunch).

Ancillary business sellers will name single premises at which they will be making sales of alcohol. The sales must be ancillary to the goods or main service being provided and the alcohol must be consumed on the premises unless regulations provide otherwise. An example is a drink for paying guests at a B&B, although alcohol limits and circumstances of use for different groups will be set out in regulations.

A copy of the Home Office guidance sheet on Community and Ancillary Sellers Notices (CAN's) is attached at **Appendix A**.

The Home Office are yet to confirm a start date for this provision.

2.2 **Deregulation of Late Night Refreshment.**

On 1 October 2015, the Home Office issued revised guidance on the licensing of late night refreshment:

1. On or from premises which are wholly situated in a designated area;
2. On or from premises which are of a designated description; or
3. During a designated period (beginning no later than or earlier than 23:00 hours and ending no later than 05:00 hours).

The provision of late night refreshment is regulated primarily because it is often linked to alcohol-fuelled crime and disorder in the night-time economy, such as at fast-food takeaways where late-night drinkers congregate.

However, these safeguards may not be needed everywhere or for every type of late night refreshment business. For example, some late-night cafés serving hot drinks after 11pm may be located nowhere near pubs and nightclubs or areas associated with alcohol-related crime and disorder.

Paragraph 2A of Schedule 2 to the Licensing Act 2003 (as inserted by the Deregulation Act 2015) gives licensing authorities powers to exempt premises, in certain circumstances, from the requirement to have a licence to provide late night refreshment. Decisions to exempt supplies of late night refreshment are best made with local knowledge. The powers therefore allow licensing authorities to choose to apply an exemption specifically where they think it will be helpful to businesses and where there are no problems with antisocial behaviour or disorder associated with the night time economy. As well as freeing up the businesses in question from unnecessary costs, this can also provide greater flexibility for licensing authorities to target their resources more effectively.

The powers allow a relevant licensing authority to exempt the supply of late night refreshment if it takes place:

- On or from premises which are wholly situated in a designated area;

- On or from premises which are of a designated description; or
- During a designated period (beginning no earlier than 11:00pm and ending no later than 05:00 am).

Members of the Licensing Committee are asked to consider the points set out above, and to debate the possibility of de-regulation if considered appropriate for the borough. It should be noted that the de-regulation of this activity could lead to an increase in noise and disturbance for local residents and an increase in crime and disorder.

A copy of the Home Office guidance document on the de-regulation of Late Night Refreshment is attached at **Appendix B**.

2.3 **Amendment - Temporary Event Notices (TEN).**

From the 1st January 2016, the limit of temporary events that can be notified to the Licensing Authority in a calendar year has been increased from 12 events to 15 events.

2.4 **The Policing and Crime Bill – Proposed amendments to the Licensing Act 2003.**

The Policing and Crime Bill was introduced to Parliament on Wednesday 10 February 2016 and had its first reading in the House of Commons. The bill (relevant part is Part 7 of the bill) proposes to make the following amendments to the Licensing Act 2003:

- Amending the definition of alcohol to ensure that powdered alcohol and vaporised alcohol fall within the definition;
- Amending the summary review process to allow licensing authorities to keep interim steps in place between the review hearing and the outcome of any appeal. Also amending section 53b to limit the number of times a licensee can make representations against the interim steps before the review hearing;
- Giving licensing authorities the power to revoke or suspend a personal licence when the holder is convicted of a relevant offence;
- Adding to the list of relevant offences; and
- Removing the requirement to lay the section 182 Guidance to Licensing Act 2003 document before Parliament when it is revised.

The Community and Ancillary Sellers Notice

What is the Community and Ancillary Sellers Notice?

The Community and Ancillary Sellers Notice (CAN) will be a new, light touch, low cost authorisation under the Licensing Act 2003 which will benefit particular small businesses and community groups who wish to sell¹ or provide small amounts of alcohol in limited circumstances as an ancillary part of a wider service or an organised event, without any other form of licensing authorisation.

What is the policy's aim?

The CAN will solve a key problem for particular businesses (the Government intends to limit these to bed and breakfasts and similar, small overnight accommodation providers at the outset) who wish to sell small amounts of alcohol as part of the wider service they already provide and for community groups (such as voluntary groups and charities) who hold occasional events at which they would like to sell limited amounts of alcohol which is ancillary to the main event. These groups complain that premises licences (which range in cost from £100 to £1900 and accompanying personal licence application fees of around £75) or multiple temporary event notices (currently £21 each) can be costly and burdensome and disproportionate in view of the low risk, low volume nature of the sales they wish to make. The CAN offers a lighter touch, cheaper alternative (lasting three years).

Who will be able to use a CAN?

Community organisations such as charities and 'non-profit' voluntary groups carrying out activities in the local area with a named CAN user who will act on behalf of the community group and 'ancillary sellers' of alcohol such as B&Bs and other small accommodation providers. Details on exactly who will be able to benefit from a CAN will be set out in regulations.

What will a CAN allow a user to do?

For a relatively low, one-off fee a CAN user will be able to sell a limited amount alcohol (to be set out in regulations) over the course of three years between the hours of 7am and 11pm.

- Community group users will be able to name up to three premises at which they intend to provide alcohol at organised events, with a maximum of 300 attendees. The alcohol sold at the event must also be ancillary to the main purpose of the event (such as a glass of wine at a play or with a lunch).
- Ancillary business sellers will name a single premises at which they will be making sales of alcohol. The sales must be ancillary to the goods or main service being provided and the alcohol must be consumed on the premises unless regulations provide otherwise. An example is a drink for paying guests at a B&B, although alcohol limits and circumstances of use for different groups will be set out in regulations.

¹ For example, a "complimentary" alcoholic drink as a part of a contract for the provision of a service or alcohol "given" as part of ticket price or in exchange for a donation constitutes a sale of alcohol in law.

How will someone ‘apply’ for a CAN?

The CAN user will send a simple form to the local licensing authority copying in the police and environmental health authority (EHA), as with temporary event notices. The police and EHA are copied automatically if notice is given using an official electronic facility, which must be available. The user will state whether it is a community group or ancillary seller, that they understand the legal parameters and pay the prescribed fee. They will also name either the single premises or set of three premises at which alcohol will be sold depending on what type of user they are.

Alcohol can be harmful. Why are you doing this?

The Government is committed to tackling alcohol harms and irresponsible drinking and has a programme of work to do this (see links below). The CAN is aimed at benefitting low risk, responsible drinkers, whilst freeing up local authorities and the police to tackle alcohol-related crime and disorder and other alcohol-related harms.

What safeguards are there?

Strict parameters including on how much alcohol can be sold, by whom and in what circumstances are designed to restrict both businesses and customers and prevent loopholes. Other safeguards such as rights of entry to investigate problems and criminal liability of CAN users for licensing offences will also apply as they do with other alcohol authorisations. The police and EHA will be able to object to a CAN taking effect at the outset on grounds that one or more of the licensing objectives would be undermined. Licensing authorities will also have discretion to reject CANs. Where problems arise after a CAN has taken effect the police and EHA will be able to seek revocation through a light touch process with no hearing or appeal process involved. Once a user has had a CAN revoked that user (or an associate) would not be able to give notice again for a period of 12 months.

What details are still to be decided?

Exact limits on the amount of alcohol that can be served and any exceptions; eligible business types (including the maximum size); the definition of qualifying community groups; the frequency of permitted events and details on the fee are all matters to be decided in secondary legislation following the further consultation in November-December 2014. The aim is to keep costs as low as possible (and certainly below that of a premises licence fee).

- The CAN is part of the Deregulation Bill being considered by Parliament. Progress of the measure and the Bill can be viewed on the Parliament site at: <http://services.parliament.uk/bills/2014-15/deregulation.html>.

Guidance on the licensing of late night refreshment

1. Introduction

- 1.1 This guidance sets out what activities are to be treated as the provision of late night refreshment and as such are regulated under the Licensing Act 2003 (“the 2003 Act”). It also sets out which activities are exempt from the late night refreshment aspects of the licensing regime. In particular, it includes guidance on the provisions in the Deregulation Act 2015 which amends the 2003 Act to give licensing authorities powers to opt to exempt supplies of late night refreshment from the licensing requirements of the 2003 Act which are made at or from certain designated locations, types of premises or times.
- 1.2 This guidance is not issued as part of the statutory guidance under section 182 of the 2003 Act but will be incorporated into the section 182 guidance when it is next updated. It is intended to assist licensing authorities and police forces with monitoring and enforcement activity in relation to the provision of late night refreshment. It may also help businesses who wish to provide hot food or drink to determine whether they will require a licence under the 2003 Act in order to do so.

2. General

- 2.1 Schedule 2 to the 2003 Act provides a definition of what constitutes the provision of late night refreshment. It involves only the supply of ‘hot food and hot drink’ between the hours of 11pm and 5am. Under Schedule 2, food or drink is considered to be ‘hot’ if, before it is supplied, it has been heated on the premises or elsewhere for the purpose of enabling it to be consumed at a temperature above the ambient air temperature and at the time of supply it is above that temperature; or after it is supplied, may be heated on the premises for the purpose of enabling it to be consumed at a temperature above the ambient air temperature.
- 2.2 Shops, stores and supermarkets selling cold food and cold drink, whether it is immediately consumable or not, from 11.00pm are not licensable as providing late night refreshment. The 2003 Act affects premises such as night cafés and takeaway food outlets where people may gather to purchase hot food or drink at any time from 11.00pm and until 5.00am. In this case, supply takes place when the hot food or hot drink is given to the customer and not when payment is made. For example, supply takes place when a table meal is served in a restaurant or when a takeaway is handed to a customer over the counter.
- 2.3 Some premises provide hot food or hot drink between 11.00pm and 5.00am by means of vending machines. The supply of hot drink by a vending machine is not a licensable activity and is exempt under the 2003 Act provided the public have access to and can operate the machine without any involvement of the staff.
- 2.4 However, this exemption does not apply to hot food. Premises supplying hot food for a charge by vending machine are licensable if the food has been heated on the premises, even though no staff on the premises may have been involved in the transaction.
- 2.5 It is not expected that the provision of late night refreshment as a secondary activity in licensed premises open for other purposes such as public houses, cinemas or nightclubs or casinos should give rise to a need for significant additional conditions.
- 2.6 The supply of hot drink which consists of or contains alcohol is exempt under the 2003 Act as late night refreshment because it is licensed by the provisions relating to the sale or supply of alcohol.
- 2.7 The supply of hot food or hot drink free of charge is not a licensable activity. However, where any charge is made for either admission to the premises or for some other item in order to obtain the hot food or hot drink, this will not be regarded as “free of charge”. Supplies by a registered charity or anyone authorised by a registered charity are also exempt.

- 2.8 Supplies made on moving vehicles (for example boats, trains or coaches) are also exempt. However supplies made from a vehicle which is permanently or temporarily parked, such as from a mobile takeaway van, are not exempt (see section 3.4 below for more detail on provisions for 'Vessels, vehicles and moveable structures').
- 2.9 Supplies of hot food or hot drink from 11.00pm are exempt from the provisions of the 2003 Act if there is no admission to the public to the premises involved and they are supplies to:
- a member of a recognised club supplied by the club;
 - persons staying overnight in a hotel, guest house, lodging house, hostel, a caravan or camping site or any other premises whose main purpose is providing overnight accommodation;
 - an employee of a particular employer (for example in a staff canteen);
 - a person who is engaged in a particular profession or who follows a particular vocation (for example, a tradesman carrying out work at particular premises);
 - a guest of any of the above.

3. Exemptions based on designated locations, premises types and times

- 3.1 The provision of late night refreshment is regulated primarily because it is often linked to alcohol-fuelled crime and disorder in the night-time economy, such as at fast-food takeaways where late-night drinkers congregate. However, these safeguards may not be needed everywhere or for every type of late night refreshment business. For example, some late-night cafés serving hot drinks after 11pm may be located nowhere near pubs and nightclubs or areas associated with alcohol-related crime and disorder.
- 3.2 Paragraph 2A of Schedule 2 to the 2003 Act (as inserted by the Deregulation Act 2015) gives licensing authorities powers to exempt premises, in certain circumstances, from the requirement to have a licence to provide late night refreshment. Decisions to exempt supplies of late night refreshment are best made with local knowledge. The powers therefore allow licensing authorities to choose to apply an exemption specifically where they think it will be helpful to businesses and where there are no problems with anti-social behaviour or disorder associated with the night time economy. As well as freeing up the businesses in question from unnecessary costs, this can also provide greater flexibility for licensing authorities to target their resources more effectively.
- 3.3 The powers allow a relevant licensing authority to exempt the supply of late night refreshment if it takes place:
- a) on or from premises which are wholly situated in a designated area;
 - b) on or from premises which are of a designated description; or
 - c) during a designated period (beginning no earlier than 11.00 p.m. and ending no later than 5.00 a.m.).
- 3.4 When choosing to designate a particular area as exempt, the relevant licensing authority must define the location, which can be of any size.

Vessels, vehicles and moveable structures

Under section 189 of the 2003 Act, a vehicle which is not permanently situated in the same place and is or is proposed to be used for one or more licensable activities while parked at a particular place, is to be treated as if it were premises situated at that place. Therefore, a mobile provider of late night refreshment, such as a kebab van, could be treated as exempt if it supplied hot food to the public late at night in an area which had been designated as exempt. If the mobile van drove to and began operating in a non-exempt area, a licence to carry on this activity would be required. Should the licensing authority introduce an exemption, and subsequently wish to revoke it if problems arise, it has the power to do so. Areas which are likely to be considered for exemption by licensing authorities (for example, an area outside a town centre) are unlikely to be areas in which mobile kebab vans would frequently operate. As such, mobile vehicles selling late night refreshment are likely to still require licences in the areas in which they are more commonly found.

- 3.5 When choosing to designate particular categories of premises as exempt, a licensing authority can only exempt types of premises set out in the regulations. These are:
- Motorway service areas;
 - petrol stations;
 - local authority premises (except domestic premises) unless there is an event taking place at which more than 500 people are present;
 - schools (except domestic premises) unless there is an event taking place at which more than 500 people are present;
 - hospitals (except domestic premises);
 - community premises (church, chapel, village, parish or community hall or other similar building) unless there is an event taking place at which more than 500 people are present;
 - licensed premises authorised to sell by retail alcohol for consumption on the premises between the hours of 11pm and 5am.
- 3.6 When choosing to exempt the provision of late night refreshment at particular times, the relevant licensing authority must determine the times between 11pm and 5am when the exemption applies. The exemption and any subsequent change to the time will apply to the whole licensing authority area.
- 3.7 A relevant licensing authority may use more than one type of exemption at the same time, for example by changing the times across the licensing authority area during which licensing requirements will apply and also exempting premises by type across the whole licensing authority area. However, it cannot use different forms of exemption in conjunction with one another – for example, it would not be permitted to change the times in one geographic area only.
- 3.8 Where a premises is situated in the areas of two or more licensing authorities, any of those authorities may be the relevant licensing authority and it would be advisable for an authority wishing to apply an exemption to discuss it with the other authority concerned. This might apply, for example, where an area or premises type exemption is being applied and the licensing authority is aware that a particular premises such as a motorway service area sits across the boundary of two or more licensing authority areas.

- 3.9 Licensing authorities do not have to use the exemptions at all and can continue to require all late night refreshment providers to be licensed. However, licensing authorities should consider deregulation where appropriate.
- 3.10 Existing late night refreshment licences for premises that become exempt from regulation will remain extant unless the holder chooses to surrender it to the licensing authority, but there will be no requirement on the licence holder to pay annual renewal fees and any conditions on the licence will cease to apply for as long as the exemption is in place. In cases where an exemption in relation to late night refreshment provision is applied, other licensing is unaffected. For example if a premises is licensed to sell alcohol and is exempt from requiring a late night refreshment licence, their licence in respect of the sale of alcohol is unaffected. Where a premises benefits from an exemption applied by the licensing authority, any existing conditions on a licence relating solely to the provision of late night refreshment will have no effect during the period of the exemption.
- 3.11 When deciding which exemption to use, if any, the relevant licensing authority should always first consider what the risks are in terms of the promotion of the licensing objectives. The decision to make an exemption is a licensing function that licensing authorities should include within their statement of licensing policy. It would then therefore be subject to the statutory consultation process with other responsible authorities and relevant parties set out in section 5 of the 2003 Act. However, it is for the licensing authority to decide on the detail and extent of the consultation beyond the statutory minimum. The licensing authority may decide to only consult on the proposed exemption or, alternatively, it may form part of a wider review of other matters within its statement of licensing policy. It is also for the licensing authority to decide within its statement of licensing policy whether the decision to grant exemptions is delegated to its licensing committee or to an officer.
- 3.12 When applying any of the exemptions the relevant licensing authority must publicise the changes and should decide on the most appropriate way to do this, in addition to updating its statement of licensing policy as soon as is practical. There is no requirement for licensing authorities to tell premises individually, however they should publicise the exemption in a way that ensures that those who are likely to be affected may benefit from it. If any fees are paid prior to an exemption coming into effect, licensing authorities should consider whether a refund or partial refund is appropriate. It is for each individual licensing authority to develop its own refund policy and ensure that it is communicated appropriately to all licence holders that are likely to be affected by an exemption.
- 3.13 Licensing authorities can review the exemptions at any time, to change the times, locations or types. However, unlike many other types of licensing decision, the late night refreshment exemptions are not made on a case by case basis and there is no recourse to bring an individual premises back into the licensing regime if there is a problem with that particular premises. In such cases the licensing authority would have to take a decision about the entire exemption and apply it across the whole area. Alternatively, depending on the scale of the problem, other powers could be used such as closure powers under the Anti-social Behaviour, Crime and Policing Act 2014. Environmental health legislation around noise nuisance may also offer a solution.

Committee: Licensing

Date: 23rd February 2016

Wards: All

Subject: The designation of parts of the highway for the purposes of Street Trading

Lead officer: Paul Foster

Lead member: Cllr. Judy Saunders

Contact officer: Barry Croft

Recommendations:

- A. That the Licensing Committee resolves to designate proposed areas 1 and 3 and refuses the designation of area 2.
-

1 PURPOSE OF REPORT AND EXECUTIVE SUMMARY

- 1.1. This report relates to requests for the designation of licence streets and summarises comments received through a consultation process with interested parties.

2 DETAILS

- 2.1. The Street Trading Service has received applications from traders interested in utilising the highway for the purposes of street trading.
- 2.2. This report concerns applications for 3 new licence street designations.
- 1) An area of 3m x 0.6m outside Chango, 12 High Street Wimbledon SW19 5DX, 7am – 8pm Monday –Sunday inclusive
 - 2) An area of 4.2m x 2.5m on The Causeway, midway between Camp Road and Cannizaro Road SW19, 7am – 7pm Monday –Sunday inclusive
 - 3) An area of 5.7m x 2m outside Waffle Jacks, 8 Merton Park Parade London SW19 3NT, 7am – 11pm Monday –Sunday inclusive
- 2.3. Plans and photographs of the proposed areas are included in Appendix B.
- 2.4. Street Trading is regulated by the London Local Authorities Act 1990 as amended.
- 2.5. All street trading is administered and regulated by the Council using this legislative framework. The London Local Authorities Act 1990 permits a street trading licence to be granted for “not less than six months and not more than three years”. There are two types of street trading licence granted in the Borough. A permanent licence that is valid for 1 year and a temporary licence valid from 1 day to 6 months to facilitate market trading and temporary events. It is unlawful to trade on the street without a valid street trading licence.
- 2.6. A one year Street Trading Licence can only be granted for areas designated as licence streets.

- 2.7. Merton licences specific locations (pitches) within a street rather than the street as a whole. The designation of specific locations on the street as opposed to the entire street gives greater control to the Council in regulating street trading and its impact on the environment. Street trading licences are renewable annually.
- 2.8. Comprehensive regulations and standard conditions are in place to facilitate regulation and enforcement of street trading in the Borough and provide a framework for all aspects of trade. These regulations are included for information as Appendix C.
- 2.9. Street trading licence fees for the year 2015-2016 are shown in Appendix E.

3 ALTERNATIVE OPTIONS

- 3.1 All designations shall be granted.
- 3.2 All designations shall be refused.
- 3.3 Area 2 has its designation granted.
- 3.4 Designation areas can be reduced in size from application.
- 3.5 Temporary licences can be issued where there are specific concerns requiring further assessment.

4 CONSULTATION UNDERTAKEN OR PROPOSED

- 4.1. The consultation process and consultees are defined by the London Local Authorities Act 1990.
- 4.2. A notice was placed in the Local Guardian newspaper advising the public of the consultations and requesting comments. A copy of the notice is included in Appendix A.
- 4.3. Notices were attached to street furniture in the immediate vicinity of the proposed areas.
- 4.4. Electronic copies of the notices were also sent to ward councillors, residents associations and interested parties as part of a Licensing group notification email.
- 4.5. As part of the consultation process comments were invited from both external and internal agencies such as, LBM Traffic & Highways, LBM Planning and the Police.
- 4.6. **Ward Councillors Representations:**

Cllr John Bowcott – Village ward

I wish to object to the application for a street trading licence [designation] on The Causeway. This location is a significant public amenity offered protection by an Act of Parliament. It would be harmed by an intrusion of this kind. I have seen the representation made by Mr Simon Lee of the Common Conservators. I think that he speaks for all local people when he describes the problems that this would cause if it were given approval. In addition the Causeway is somewhere we intend to improve the availability of parking opportunities for the benefit of users of both the Common and the Village itself. The application would impact only marginally on the space available for this but it would have a considerable negative impact on the great

improvements that this is intended to have on the public amenity of a tranquil open space.

4.7. **Traffic and Highways:**

1) Chango - Traffic and Highways do not object in principal to the designation of the area outside Chango but would request that the licence holder is aware of the potential safety issues arising from patrons over-spilling the space. We would expect this to be managed under the provisions and conditions of the licence and for the equipment used on site to at all times comply with the designated sizes and licence times.

2) The Causeway - Traffic and Highways do not object to this application but request that consideration on site is given that the customer base will wholly be positioned on Wimbledon and Putney common conservator land. We cannot advise if this is a breach of common land usage and advise contact with the Common Conservators in this regard.

3) Waffle Jacks - Traffic and Highways do not object to this application but request that consideration on site is given to the pinch point to the left of the property when viewed from the road. There is a high risk of conflict between seated patrons and vehicles entering Merton Park Parade from Kingston Road due to the restrictive footway width adjacent to the weight limit restriction sign and post. However there would not be a problem with the area to the right hand side as looking from the road, and we request the area is restricted/reduced to this section only to ensure safety to pedestrians and patrons.

4.8. **Future Merton** objects to the application **Reference WK/201506582** (The Causeway). We have parking management proposals for this road that are supported by [Director] Chris Lee, Parking Services and Ward Cllrs. We are due to start our statutory consultation shortly and likely implementation this financial year. For this specific location [we] also suggest that Wimbledon Common Conservators are also consulted.

4.9. **Street Trading Service comments –**

1) Chango 12 High Street Wimbledon. The owner has applied for a licence to allow the placement of tables and chairs outside their shop. We feel there is sufficient space on the highway outside the property to allow the placement of the tables and chairs without causing undue inconvenience to the public and is in keeping with the licences in the area. The operator has been using the space under a Temporary licence for two months, with no complaints received. The area can be busy during the end of the school day but we do not believe the space will impact upon this significantly. We note the concerns of our Highways colleagues. Any breaches of the area can be dealt with under the licence conditions.

As there are no reasonable grounds for refusal, the officer recommendation is for the designation of this area to allow the issuing of a new street trading licence.

2) The Causeway - The road in question is capable of accommodating standard Transit sized vehicles but is narrow in width which could create more of a hazard to passing traffic. Our consultation has highlighted significant issues in the area as seen by the numbers of representations

received. Officers have also witnessed the placement of caravans on the road.

Under several bylaws, the Conservators of the Common have refused permission for the business to use any part of the common. As these bylaws prevent the use of the common itself, we do not feel any legal trading can take place. The site would not be accessible as any serving hatch would need to be facing onto Wimbledon Common.

It should also be noted there are steps being taken to review the parking restrictions in the area. It is not possible to issue a street trading licence in a designated parking bay. Therefore, if the parking restrictions come into force and the licence street designation is granted, we would not be able to grant a licence to use it.

Considering the impact of the business on the surrounding area we would be minded not to grant a street trading licence. Although these issues would not purely be down to the business operator, they are likely to be mitigating factors.

Although members are to consider whether the site is suitable for trading, it must be taken into account the purpose for which the designation is intended. We would therefore recommend the refusal of this designation.

3) Waffle Jacks 8 Merton Park Parade. The owner has applied for a licence to allow the placement of tables and chairs outside their shop. The operators have been using the space under a temporary licence for six months and we have received no complaints regarding its usage. The area is busier at the end of the school day but we do not believe the designation will impact upon this significantly.

Following representations from LBM Highways (4.7) the applicant has agreed to reduce the size of the area requested. This was due to the pinch point evidenced in Appendix B (3.2). We feel there is sufficient space on the highway outside the property to allow the placement of the tables and chairs without causing undue inconvenience to the public and recommend the granting of the designation for the reduced area size of 3.2m X 1.7m as shown in Appendix B (3.3).

5 FINANCIAL, RESOURCE AND PROPERTY IMPLICATIONS

- 5.1. The cost of placing notices in the local Guardian is accounted for in the licence application procedures in place.
- 5.2. Regulatory and enforcement costs will be met from within the street trading budget.
- 5.3. The collection of licence fees will assist the Councils ability to fund the necessary budget requirements for the provision of the service.

6 LEGAL AND STATUTORY IMPLICATIONS

- 6.1. Part III of the London Local Authorities Act 1990 (as amended), hereinafter in these implications referred to as the "Act", regulates trading on the street and provides a statutory consultation framework.

- 6.2. Unless provided for in the Act, Section 23 states that it is unlawful for a person to engage in street trading in any licence street within a borough unless the person is authorised to do so by a street trading or a temporary licence.
- 6.3. Under section 21 of the Act, a street trading licence means a licence granted for no less than 6 months and no more than 3 years. Regulations made by the London Borough of Merton pursuant to section 27(3) of the Act prescribe that these types of licences are only granted for a year. Temporary licences are defined as licences granted for a single day or such period as may be specified in the licence not exceeding 6 months.
- 6.4. It would also be unlawful for street trading to take place if the street or part of the street that is being licensed for these purposes have not first been designated by resolution as a "licence street" pursuant to section 24 of the Act.
- 6.5. Section 24(4) to (8) of the Act prescribes the consultation process which has to be carried out before a resolution can be passed to designate a licence street and this process has been carried out by the Council. This includes the advertisement in a local newspaper, service of notice on the local Highway Authority, and receipt of the necessary consent from the local Highway Authority.
- 6.6. The officer recommendation in this report is for the Committee to grant two of the three designations. The Committee should decide to grant or refuse the designations after considering the officer recommendations, representations that have been made and all relevant facts before them.
- 6.7. The Committee would be expected to consider some of the following issues:
- highway safety,
 - highways obstruction,
 - street furniture or bus stop safety,
 - volume of traffic,
 - access for emergency services,
 - over use of area,
 - risk of danger to pedestrians and other road users with the presence of a trading unit/stall,
 - detriment or annoyance to residents from the proposed street trading.
- 6.8. Each application must be considered on its own merits and be reasonable. In making a balanced and reasonable decision, it should be considered whether an 'unsightly' pitch or a site with an issue involving enough 'space', is sufficient reason to refuse a designating resolution. A decision could reasonably be made to address those issues through the conditions of the licence e.g. the trading days and times permitted.
- 6.9. The Council is legally obliged to consider all applications and to only refuse on the grounds set out in the London Local Authorities Act 1990 (as amended).
- 6.10. It should be noted that many representations received during the consultation phase relate to the type of trading and not the designation of a licence street to which Committee is concerned.

- 6.11. Under Section 24 (9) of the Act, after the Borough Council have considered those representations, they may if they think fit, pass such a resolution relating to the street.
- 6.12. Under section 24(3) of the Act, if a Borough Council passes a designating resolution, the designating of the street takes effect on the day specified in the resolution. This date must not be before the expiration of the period of one month beginning with the day on which the resolution is passed.
- 6.13. Under section 24(10) of the Act, the Borough Council has to publish a notice of the passing of such a resolution in a local newspaper circulating in their area on two consecutive weeks. Under section 24(11) of the Act, the first publication shall not be later than 28 days before the day specified in the resolution for the coming into force of the designation.
- 6.14. The issuing of the street trading licence and associated conditions are to be taken by officers under delegated powers. The designation of licence streets has followed this process since the Act was enacted, with some sites previously designated under the Highways Act 1980.

7 HUMAN RIGHTS, EQUALITIES AND COMMUNITY COHESION IMPLICATIONS

- 7.1. It is important that the Council carefully considers all the representations made during the consultation process.

8 CRIME AND DISORDER IMPLICATIONS

- 8.1. Enforcement and advisory visits will be made regularly to the premises to ensure compliance with licence terms and conditions. The police are consulted on all applications for designations.

9 RISK MANAGEMENT AND HEALTH AND SAFETY IMPLICATIONS

- 9.1. Failure to discharge its duties under the Act and make proper regulations to control street trading could damage the Council's reputation and expose it to the risk of judicial review.

Subject: Street Trading Consultation Notices
Importance: High

Dear Sirs,

Merton Council has received an application for a new street trading licence on The Causeway Wimbledon and would like to draw your attention to it as a consultee.

Item 2 on the attached notice would see a food vehicle placed on the highway with the serving hatch/counter facing Wimbledon Common land. As such the likelihood is that the customers would be standing on the common.

As the conservators of the common we would appreciate any representations you may have in this regard and also if there are any particular by-laws which may be in place on the common that would affect this application.

Yours,

David Ryan

Technical Officer (Street Trading)
Regulatory Services Partnership

Dear Mr Ryan,

Thank you for your e-mail of the 16th November 2015 drawing attention to the application received for a new street trading licence on The Causeway Wimbledon, that if permitted will allow the placing of a catering van on the very edge of the Common, 7am – 7pm Monday – Sunday inclusive.

Wimbledon Common is identified on Merton's adopted Core Planning Strategy as a Public Open Space, Metropolitan Open Land, and a Site of Metropolitan Nature Conservation Importance. It is noted that your planning policies acknowledge that the Commons importance and the need to maintain protection of the site.

The Commons comprise about 460 hectares (1,140 acres) of countryside split between Wimbledon Common, Putney Heath and Putney Lower Common. Approximately 360 hectares (900 acres) of the Commons are a Site of Special Scientific Interest and Special Area of Conservation (European designation), this includes Common land immediately adjacent to The Causeway.

The Conservators have a duty to maintain the Commons and to protect and preserve their amenity and character for the benefit and enjoyment of the public. Conservation of the Commons is a fundamental concern to the Conservators and it is wholly committed to maintaining and protecting and preserving this valued and important open space. The Conservators have specific duties under the Wimbledon and Putney Commons Act 1871 to preserve the "natural aspect" of the Commons and to protect flora and fauna.

The proposal given the location of the proposed catering van and the narrowness of The Causeway would require the catering van to be orientated such that customers would have to utilise land owned and managed by the Conservators to facilitate access to purchase food and beverages. This in itself, would present a risk to the public as the land has been modified to prevent incursions by unauthorised persons. It would also result in people congregating at a specific location on Common land, that would result in damage to the Commons.

Use of the Commons is regulated by means of specific Byelaws. Byelaw 3 states that "No unauthorised person shall sell or offer for sale or hire on the Commons any article, commodity, pamphlet, programme or thing." Byelaw 13 "No unauthorised person shall

in anywise, damage or destroy any turf ... or break or disturb the surface of the Commons ...”.

The applicant would not be permitted to utilise the Commons for the operation of any business or commercial activity. The proposed location of a catering van midway along The Causeway is not considered an appropriate location for such a facility, it would present a risk to the public, particularly children and people with physical impairments, who would be put in danger having to utilise this busy public highway to gain access to the catering outlet. It is also contrary to the underlying principles of the Wimbledon and Putney Commons Act 1871.

Given the above, Merton Council are requested not to approve this street trading application.

Please could you confirm that you will keep me updated of the progress of the application, and particularly of when any committee report and officer recommendation becomes available.

Yours sincerely

Subject: Street Trading Licence Ref WK/201508043 The Causeway SW 19

I wish to object to the application for a street trading licence on The Causeway. This location is a significant public amenity offered protection by an Act of Parliament. It would be harmed by an intrusion of this kind. I have seen the representation made by Mr Simon Lee of the Common Conservators. I think that he speaks for all local people when he describes the problems that this would cause if it were given approval. In addition the Causeway is somewhere we intend to improve the availability of parking opportunities for the benefit of users of both the Common and the Village itself. The application would impact only marginally on the space available for this but it would have a considerable negative impact on the great improvements that this is intended to have on the public amenity of a tranquil open space.

Dear Sirs,

I am a long term Wimbledon Resident with a home XX Parkside. I wish to register the strongest possible objection to the above application. If approved, this Catering Van will seriously worsen the existing Camper Van parking problem, encouraging more illegal parking. It will further impede access to the Common, create a garbage problem and generally diminish the quality of Wimbledon's most loved and appreciated natural asset.

Please do not approve this application.

Dear Sirs

REFERENCE WK/201506582

The above street trading licence application in respect of The Causeway has been brought to my attention. I strongly object to this application.

The Causeway runs across Wimbledon Common which is an area of natural beauty. There are already plenty of catering establishments in the area. The Causeway should be available for people who wish to park to enjoy the Common, Wimbledon Village or any of the restaurants, pubs and bars in the area for short periods of time.

I have received repeated complaints from Wimbledon constituents over the last eighteen months about the numbers of residential and commercial vehicles currently parked on The Causeway for months on end causing an eyesore. If permission is given for a catering van from 7 am – 7 pm each day this will exacerbate the situation and be detrimental to the attractive nature of the immediate area. I do not believe that The Causeway should be used for commercial activity.

I do hope that this application will be refused.

Yours faithfully

Stephen Hammond MP

Application for Street Trading Licence on the Causeway SW19
Ref. WK/201506582

We are writing to object strongly to the application for a Street Trading Licence on the Causeway.

The reasons for our objections are as follows:

1) The Causeway is a busy one way road crossing Wimbledon Common. The whole area can become very congested and the road is already full of parked cars as well as an increasing number of vans which remain there on a more permanent basis. A van selling food will attract even more traffic and drivers looking for somewhere to park.

2) Vans selling food inevitably cause pollution. Either the van engine will be running or there will be a generator.
The emissions from either will cause air pollution.

3) Street food generates litter. Wimbledon Common is an area of natural beauty to be enjoyed by all. To pollute it with food waste and litter and the smell of burgers and other such items is totally unacceptable.

4) There are a large number of shops, cafes and restaurants nearby where food can be purchased. There is no evidence of any need for a van selling food to the public on the Causeway.

Dear Sirs,

I am writing reference the application which has been lodged for a Street Trading Licence on the Causeway, in a pitch midway between Camp Rd and Cannizaro Rd, which if permitted would allow a Catering Van to trade there from 7am-7pm Monday-Sunday. My wife and I strongly object to this application.

This is a most unsuitable location for such a facility. It is a narrow road already cluttered with camper vans, mobile homes, etc. permanently parked and with persons illegally living in them. The availability of on-site catering will only encourage such persons to stay.

There is no need for a catering facility on Wimbledon Common. It is not a place which requires the supply and consumption of food. Customers will throw their rubbish nearby. Spills and rubbish will attract foxes and vermin. There are many restaurants within walking distance in Wimbledon Village.

I trust that this outrageous application will be treated with the outright rejection that it deserves.

Dear Sir

we wish to object most strongly to the proposal to allow a food sales van to trade from the Causeway / Cannizzaro Road - application WK 201506582

This is a most unsuitable location with narrow road and footway which already suffers congestion. The area is already often besieged by illegally parked camper vans and people thus living on these roads - catering facilities will encourage more to come and also lead to an increase in litter and waste which is proving hard to deal with. This is also major area for dog walkers, and a food van will cause distress to both animals and owners from food and debris - some of which may be poisonous to dogs when dropped on the surrounding grass and roads as often happens with these sort of operations.

This application should be refused and I hope you will agree with local sentiment which is very much against it.

Dear Sir/Madam

I have been made aware of an application for a catering van to be parked alongside the common.

I am really saddened that there might even be a possibility that this could be the case, but was told that my little voice needs to be added to the voices of dismay to try to prevent further degradation of the area's natural beauty –which is what it is being conserved as.

This will just incur so many problems in a protected area, lets please continue to protect it. There are already growing problems, as clearly caravans are allowed to be permanently fixtures with no car attached. So I am a little confused that an application is needed for a van 7am-7pm when there are no parking restrictions? First of all please can we put parking restrictions up? Maybe a

maximum of 3 hours parking.? Enough for dog-walking and coffee at the windmill, or a cycle to Richmond park and back.

There is a pub and a café where people can get refreshment very near by, in buildings that have been part of the common for years. There are already people beginning to hang around at night obviously malnourished and sharing drugs and as a resident for over 25 years, for me that is new. I feel this area is of outstanding natural beauty and a conservation area ..and we need to work hard to keep it so.

Dear Trading Standards

I am writing to object to the proposed application for a street trading licence on the Causeway. I live on Westside Common and think that it is totally inappropriate to allow this kind of trading near the Common.

It is supposed to be an area of nature - why do we need a mobile catering unit in it ? It will cause even more traffic congestion, as well as rubbish, smell and noise.

Thank you
Resident

I wish to voice my strong objection to the above referenced application to instal a catering van between Camp Road and Cannizaro Road on Wimbledon Common, SW19.

I value the Common and the beauty, peace and serenity it provides . This is a precious commodity in London and I feel that by allowing a catering van here will disrupt this and cause more congestion of traffic already stretched to its limit.

We already have a plethora of cafes, food shops and restaurants in the Village amply providing food and drink.

**Yours

An application has been made for a Street Trading Licence on the Causeway between Camp Road and Cannizaro Road to allow a Catering Van to trade there from 7am-7pm Monday-Sunday.

I would like to register my objection to the application:

- It is entirely unsuitable. The Common is an unspoilt. Catering on the Common is unlawful and the application is a transparent attempt to circumvent this by parking a van and cooking on a public road.
- I understand that the legal representatives charged with safeguarding the Common have said no. I would urge you to take notice of their objection

- In recent years the number of mobile homes and other large vehicles permanently parked on the Causeway has increased. People are living in many of them illegally. Residents and Ward Councillors have lobbied the Council to take action. It is likely that the catering van will only make the problem worse.

Regards
Resident

As a Wimbledon village resident who lives near the Common and pays Commons rates I am writing to tell you how disturbed I am to learn about the application to allow a catering van to trade on the Causeway. I hope this will be refused. If permitted, it would destroy the quiet nature of this part of the Common and would encourage even more camper vans to park there illegally.

It's not as though there is any shortage of places to eat near the Causeway. There are several restaurants, cafes, and pubs quite near and I understand permission has recently been granted for a very large restaurant to be opened in the High Street premises formerly occupied by Barclays Bank.

**Yours,

Dear Trading Standards

We understand that an application has been made for a mobile catering facility of Canizaro road.

We wish to express our opposition to this application. We have lived in the area for over 20 years so know the look and feel of the area well. There are plenty of cafes and restaurants in the Wimbledon Village. A mobile facility is an unnecessary additional commercialisation of the Common, likely to result in increased litter on the common and likely to encourage more owners of mobile homes to illegally live on the Causeway.

I walk on Wimbledon Common daily often along the Causeway. I wish to lodge a strong objection to this application:

- This is a most unsuitable location for such a facility. The adjoining footpath on the Common is narrow and uneven and customers would have to congregate in the road at busy times. The Common is an important and much valued open space and its "natural aspect", flora and fauna would be threatened by a commercial operation such as this.

The Commons' CEO Simon Lee has made it clear that the Conservators also strongly oppose the application.

- In recent months the number of camper vans, mobile homes and other large vehicles permanently parked on the Causeway has increased. People are living in many of them, illegally. This is unacceptable. Residents and Ward Councillors have lobbied the Council to take action to move them on but we are told that the legal process is cumbersome and time consuming; meanwhile the lack of any ongoing enforcement action only serves to encourage others to park there. In our view, if this application is permitted, the availability of "on site catering" every day will exacerbate the problem. It will also send the clearest possible signal to the camper van occupants that the Council has little interest in taking any action against them.
- If granted it will set an undesirable precedent for further applications of the same type

I write in reference to the above application for a burger van on the Causeway. I wish to register my strong opposition to this application.

We have eating places available in the Village - to encourage outdoor eating is not appropriate and will lead to increased litter which will no doubt blow around in the wind and pollute surrounding amenities of natural beauty. It will also encourage itinerant travellers to illegally park their mobile homes on the roads surrounding the van and we already have enough problems with those.

I oppose this application.

**Your sincerely,
Resident**

I wish to record my strong objection to the application for a Street Trading Licence. The Causeway is totally unsuited for such an activity. Part of the joy of Wimbledon Common is that it is not commercialised; it must be retained as nature intended. Furthermore, a catering van will encourage camper vans and the like to regard the Causeway as residential space, which of course it shouldn't be.

Dear Sir,

As a local resident and regular user of Wimbledon Common, I am writing to confirm my opposition to any suggestion that permission be granted to set up a catering facility from a van parked on the Causeway. This would change the nature of the area for the worse, and would further encourage the increasingly permanent parking of caravans and mobile homes on this road. The road is becoming increasingly like a travellers site, and unless it is felt to be feasible to enforce say, a two night maximum stay (to avoid being unreasonable to people genuinely passing through), we should ban its use in this way.

Dear Sir/Madam**

I am writing to object strongly to the application for a street trading licence on the Causeway Sw19 for a catering van. As a local resident I think this application has no merit and is a wholly inappropriate location for a catering van. It is a narrow road that adjoins the common and would have a negative effect on the local environment and road safety.

For the last 2 years there has been an increasing problem with illegal camper vans and caravans on the Causeway. This is spoiling this part of the common, reducing car parking space for legitimate visitors to the village, adding noise of generators and litter. A catering van would cause a further deterioration in this situation and damage the businesses in the village.

Sir , Madam,

We already seem to have so many places where to eat in the Village I cannot believe we need another one .This part of the common can be very busy at times with the school entrance nearby and therefor dangerous for young children if there is another obstruction there.

It will be difficult to keep the area CLEAN.

Dear Trading Standards,

We understand an application has been made for a Catering Van to be allowed to function during the day on the Causeway.

We wish to register our objection to the application for several reasons among them:

- a) There are a number of camper vans that appear to be installed 'permanently' on the Causeway providing catering For them increases the likelihood of them taking root.**
- b) Catering Vans inevitably create an environment of increased litter and debris which will further degrade the immediate vicinity on the common.**
- c) The causeway is already narrow for cars to pass the parked cars there, a catering van may increase the likelihood of injury or obstruction should customers gather on the road.**

**Kind regards

Dear Sir/Madam

I would like to object strongly to the application to have a trading van on the Common. It is certainly not appropriate, and would create a lot of mess in the area, changing it dramatically. It could also affect trade of the coffee shops etc nearby, and in the absence of toilet facilities, could cause other problems too. Please refuse this application.

Yours faithfully,
Resident

Dear Sir,

I am a resident on Camp Road SW19 and I strongly object to the idea that a licence should be granted for a catering vehicle to operate on the causeway.

This is a quiet residential area and is a haven for dog walkers, nature lovers and golfers. Us residents are already plagued by the excess traffic caused by the parents dropping off and collecting children from the study school which makes our lives a misery twice a day. The area already cannot cope with the amount of traffic.

If a catering van trades on the Causeway this will increase traffic. The path is very narrow and there would be nowhere for customers to stand safely. Cars are always driving up that road and parking and I think it would be dangerous for pedestrians.

In addition, us residents who pay our council tax are already disturbed by the very large number of mobile homes and vans that already park illegally on the Causeway. This is just a convenient way for people to avoid council tax etc. Granting a catering licence will only encourage more people to park there.

Finally, I'd like to point out that walkers and other users of the common are already perfectly adequately provided for with refreshments by the various pubs, cafés and coffee shops on the village high street which all pay very high tax to trade there legally, in addition, there is also the Fox and Grapes pub and Cannizzaro House Hotel which provide more than enough refreshments facilities for all-comers.

I do hope that you will bear in mind my very serious concerns and not allow this application which I think will help to ruin the beautiful pastoral atmosphere of our beloved local open space.

**Regards
Resident**

Dear Merton Council,

I understand that an application has been filed with you for a catering van to trade on The Causeway on Wimbledon Common.

As a local resident I wish to object very strongly indeed. I cannot think of a single benefit to be gained for the local community, and there are many reasons which spring to mind which would speak against granting such a licence, the more important of which I list below:

1. The Common is a beautiful green space which is enjoyed all year round both by locals and by visitors, particularly families, from out of the area to walk, exercise, play, ride etc. These visitors are attracted to Wimbledon Common by its beauty and charm and bring with them much needed expenditure for local shops and restaurants. The van and the inevitable litter would be a nasty eyesore and completely out of keeping with the nature and feeling of the Common, and discourage a lot of visitors. It is a green space, not a public snacking space.
2. There are plenty of bars, restaurants, cafés, coffee shops etc a few minutes walk away in the village, so an additional catering outlet is completely unnecessary, and indeed would take away business from the High Street, which is a key part of the infrastructure of a thriving Village.
3. The Causeway already has a major problem with vans, mobile homes, even a static caravan, which are parked permanently on the road illegally. The Catering Van would attract even more such vehicles. This a major headache for locals and visitors to the area.
4. Parking spaces are very limited in the area, this van alone would make it worse, not even thinking of all the visitors to the van who would park up near it.
5. The Causeway is a narrow road, owing to all the parked cars, and attracts a lot of traffic owing to the many houses down Camp Road (including Eversley Park, Kinsella Gardens and Cedar Park Gardens), two popular golf clubs, a girls' junior school (The Study), patrons of the Fox & Grapes pub, and the many dog walkers who drive from out of the area and park on the Common. Driving down The Causeway is already quite dangerous as the many pedestrians, cyclists and horse riders on the Common often walk or ride on The Causeway road itself. Having plenty of people hanging around the van would massively exacerbate this risk.
6. The traffic situation around Camp Road, West Side Common, West Place and The Causeway is a daily disaster and has been the subject of many complaints to the council and the police. The Catering Van would only intensify matters owing to increased human and vehicular traffic from the van's customers. I understand that a review by The Council is to take place in the New Year to look at a CPZ for the area and at ways to improve the traffic flow, so it would hardly be appropriate to grant such a licence in the circumstances.

The granting of such a licence would, in light of the above, be completely irresponsible and bring zero benefit to the area.

I would be happy to be contacted to discuss further. Thank you for your attention.

Thank you very much for sending me this information.

I would certainly like to receive information like this in future.

I object most strongly to the application above.

The Causeway runs across the common, an area of natural beauty. There are plenty of catering establishments in the area and we certainly do not need or want another one.

The Causeway should be available for people who want to park to enjoy the common, the village or any of the restaurants, bars and pubs in the area.

There is a concerted effort by the council, our MP and the residents' associations to clear The Causeway of the residential and commercial vehicles which park there for months on end. To approve the application by a catering van would be insulting and hugely detrimental to the efforts of these people.

The residents belonging to my residents' association overlook and use the Causeway. Please reject this application for the peace of mind of the whole community.

Kind regards

Wimbledon Common West Residents' Association

I am writing to object to a Street Trading Licence being approved for a site on the Causeway between Camp Road and Cannizzaro Road.

These are narrow roads that are often congested. It is not possible for two vehicles to easily pass where a vehicle is parked. This was proved to me yesterday when the left hand side of the Causeway (going towards Cannizzaro House) had a large number of cars parked on it and major congestion resulted.

With two schools in the immediate vicinity there are children walking to school and their need to be able to cross the road safely is paramount. Safety would be jeopardised.

What possible demand can there be for catering facilities at this point?

Resident

Dear Sir,

As a resident close to Wimbledon Common, and a rate payer to both Wimbledon and Putney commons I should like to make clear my deep opposition to the application for a trading licence on Wimbledon Common. Any such licence apart from the most temporary type would undermine the whole point of retaining this area as one of such great natural beauty-exceptional in Europe!

Customers with needs for whatever this licence would allow could surely walk into the village ?

Yours sincerely, Resident. Burghley. Road. SW19

Dear Sir/Madam,

I am emailing to object to this application in the strongest possible terms.

A street vending licence granted at this location would encourage more people to live in caravans, Transit vans and other conveyances on the Causeway without even having to walk across the Green to get food.

Previously I have emailed councillor Bowcott to raise my concerns about this unlawful habitation on the streets of SW19 and hope the council will have the good sense to refuse this application.

Perhaps provision of some Portaloos would be a better investment to reduce the amount of human excrement that must be deposited in the bushes near the caravans and vans. At least this would reduce the risk to human health rather than increasing it.

Yours faithfully,

I object to the above Proposal as a Resident of the area in Lingfield Road for the following reasons.

The common is an open natural space for the residents and visitors to enjoy its space. This is very necessary, as the rest of the Village and Town have many people in them. A licensed van would cause people to stand around, ? Where. On the road and the grass of common, that will be worn away. What about the litter this will cause? People are not good at taking their mess away. Once there is a van, will this inevitably turn into tables and chairs? This commercialises the Common which is not the point of it being a Common.

This area is so near the Village with many restaurants and coffee places including pubs. There is not sound reason to have this. People only have a few hundred yards to walk to all these facilities. Some of the restaurants in the Village are under utilised, and keep changing hands.

There is no reason to have a New Venue.

Also the causeway is already full of cars, vans that never move. This is another issue to be looked into.

Yours sincerely **Resident**, Lingfield Road.

The Causeway – Application for a Street Trading Licence

I strongly object to this application.

It is a FACT that the Causeway is used mostly by:

- **Commuters who leave their cars there for days/weeks.**
- **People living in camper vans and even now caravans.**

I know the Council is aware of this. The Causeway is neither a CAMP SITE nor a CAR PARK. (Well it is now – but it shouldn't be).

I like a food van as much as the next man, and have used them over the years – but the place for them is rural car parks and lay-bys, and main roads – for use by passing motorists, NOT a few yards from one of Britain's largest selections of coffee shops ... where I believe you ARE trying to promote footfall (great news).

Everybody – and I mean every Merton ratepayer – enjoys the benefit of the Common as an area of outstanding natural beauty, for use by families and people of all ages. You should be doing everything to preserve this.

The council should also be doing everything in its power to keep it that way, and keep away those who think it's somewhere to live (in a van) or park.

And please answer this – it will have to live there 24 hours a day because I can assure you that by 7am there are NO parking spaces left. So this would be a 24 hour eyesore – like all those other commercial vehicles.

And don't start me on the fair.....!

Dear Madam/Sir**

I write to express my strong opposition to the proposal to install a catering van on The Causeway.

Wimbledon Common is a unique area of natural beauty which we are very fortunate to have in our Borough. The Causeway is one of the main access points to the Common and, visually, it is now spoilt by the many vehicles which are parked there, some of them permanently. I feel the Council should be acting to prevent parking in this area and definitely not granting a licence for another permanently installed van.

People come to the Common to walk and enjoy nature. They should not be encouraged to eat and drink whilst so doing. If visitors do feel they need sustenance they can use the café at the Windmill Car Park. The sale of take-away food and drink on The Causeway would be bound to increase litter on the Common which is already a problem of concern to the Rangers and users.

I urge you to please refuse permission.

Dear Madam or Sir,

We are writing to object to the application No: WK/201506582.

A semi permanent catering establishment on The Causeway is wholly inappropriate for the following reasons:-

- 1. Already the road is becoming a permanent campsite for Caravans and Motor homes in an area of outstanding beauty. An adjacent catering establishment would only encourage more Council Tax avoiders.**
- 2. The road is already congested with traffic for the day school in North View. This will lead to an additional potential hazard for pedestrians, children, and dog walkers to circumvent.**
- 3. There are sufficient catering establishments in the vicinity and there is no requirement for a 'Burger Van'.**
- 4. A gas fuelled kitchen would have the obvious fire hazard to the common.**
- 5. There is already a significant litter problem in the area. The granting of this license would only compound the situation.**

If this correspondence needs to be sent by post please let us know?

Dear Sirs

Street Trading Licence application WK/201506582

The Causeway, Wimbledon Common SW19

This Association strongly objects to the above application.

If permitted, the application would allow a catering van to trade on a pitch on the Causeway mid-way between Camp Road and Cannizaro Road from 7am – 7pm Monday-Sunday. This location is wholly unsuitable for such a commercial operation and accordingly the proposal is unacceptable for the following reasons:

- The Causeway crosses part of Wimbledon Common, an important open space, designated as a Site of Special Scientific Interest and a much valued amenity for local people. Trading on Commons land is prohibited. Customers cannot safely stand in the road and those congregating on the narrow footpath threaten the natural aspect, flora and fauna of the Common; the adjoining ditches and uneven ground are hazards. The Chief Executive of the Commons has already drawn your attention to these matters and has objected strongly to the application.
- The risk of litter is unavoidable and in practice it would be very difficult for the operator to prevent litter spreading across such a large open area. It is unreasonable to expose the Common to this risk and to burden the Commons staff with responsibility for its collection.
- For many months local residents, supported by their Ward Councillors, have been lobbying the Council to take action to remove vehicles parked on the Causeway which are being used illegally as living accommodation. The Council appears to be making little real effort to tackle what is widely regarded as an unpleasant and antisocial problem. We are told that the legislation to secure evictions is cumbersome, expensive and is a piecemeal response against individual campers. The imposition of parking controls is a long term solution but will take time to formulate and we understand this is dependent in any event upon related controls being introduced elsewhere in the vicinity. Meanwhile, encouraged no doubt by the lack of any enforcement action, the numbers of these vehicles and occupants are steadily increasing. A Licence for an on-site catering facility 7 days per week will undoubtedly support the campers and will be seen as an invitation for even more of them to move onto the Causeway, exacerbating the existing problem and making eviction, when it eventually takes place, an even more time consuming and expensive exercise.

In the circumstances we can see no good reason to justify the grant of this application and very strong arguments to reject it. We trust therefore that the application will be refused.

Yours faithfully

CC Village Ward Councillors

Dear Merton Council,

I am writing to object to the application for a street trading licence on The Causeway (Reference WK/201506582) by Mr John Peters, Broomloan, Sutton on several grounds;

- 1. This site is effectively in the middle of the common and near no other shops or services; there is no way an establishment like this would be allowed on the common itself, so why would a van like this be considered?**
- 2. The parking in that stretch of road is always full; should others drive there to pick up food (as they do to the van at Tibbets Corner) there will be chaotic traffic consequences.**
- 3. The village is a natural focus for eating establishments; whilst I regret the loss of "normal" shops to higher end shops and restaurants, this location is not a solution to that problem.**

Yours

PS I was given the licensing email to write to – having looked at your web site, it seems there is a trading standards email to send this to – I am sending this to both.

PPS As an aside, I was informed of this by my neighbour – the application is not on your web site which looks like it has not been updated in a while.

Dear Sir / Madam,

I would like to receive more information on this application in the future.

I strongly object to the application for a street trading licence on The Causeway (Reference WK/201506582) by Mr John Peters, Broomloan, Sutton.

There is no reason to have a van selling food on the Causeway and it would set a terrible precedent to all open areas of commons.

There is already too much litter on the Common and the staff of WPCC struggle to keep on top of it as it is, adding a food van would only create more of a problem for them.

The van would be out of keeping with the area and create noise, smells to the surrounding residents and attract more in the way of Foxes and other vermin.

The residents of the surrounding area already have their fair share of vans and other commercial vehicles parked up on The Causeway as a permanent car park, there is currently an huge effort to remove them altogether by local residents, Resident Associations, Councillors and our MP (all cc'ed).

Adding a bay for a food van would be a huge detriment to the area and I strongly disagree with this application.

Dear Sir:

I write on behalf of Wimbledon E Hillside Residents' Association to express our concerns about the above street trading licence application. The notice reads:

"TAKE NOTICE THATThe Council is seeking to designate 3 areas ... as licence streets where street trading will be permitted by the Council subject to obtaining a Street Trading Licence and 2 licenses."

It is one thing for an Annual Wimbledon Village Fair to have an event on the Common one summer day each year. The Village Fair is a community event, and all proceeds benefit the Wimbledon Guild – a charity that ploughs all profit back into care for the elderly in Merton. It is quite another, to have a 4.2metre x 2.5 metre caravan on the Causeway in Wimbledon Common, seven days a week, 365 days a year, from 7 am 8 pm.

- The vendor would take up two full parking spaces, reducing the opportunity to use the Common by two cars, or two families who live beyond walking distance, and who simply wish to enjoy the Common. They would be denied that opportunity.
- The vendor, from Sutton, has commercial interests at heart. I doubt Sutton Common would allow such a van. Wimbledon Common is our precious local link with nature, wildlife, conservation, education. A catering van is inappropriate, in this sacred setting.
- Any and all food/drink sales within the Common area are provided for in the Windmill café (operated by the Common Conservators) or by a short walk to Wimbledon Village. The Common is an area of natural beauty; street food does not belong here – it belongs in the designated commercial area.
- The vendor cannot control litter. We have sad experience in the Town Centre, where litter, coffee spills, serviettes, chips are strewn in the gutter and on the footpaths. Merton Council cannot keep our footpaths clean at present; it would be irresponsible of the Council, to invite litter on to Wimbledon Common.
- Any virtually permanent commercial vehicle alongside the Common is an eyesore. Commercial advertising is not permitted anywhere on the

Common, and detracts from the beautiful setting. It is equally inappropriate that a large, bulky vehicle covered in advertising be situated on the Causeway, set within the Common.

- **Finally, if we understand this application correctly, it is entirely unacceptable that the Causeway may be designated a “LICENCE STREET” where a total of three licences would be permitted, off the back of this one licence.**

We urge Merton Council Trading Standards to REFUSE PERMISSION, thereby preserving and protecting for future generations the community serving, health-giving, environmentally-enriching nature of Wimbledon Common. By copy of this email I urge others in the community to take a stand against this application.

"Dear Sirs,

Re: Street Trading Licence Application WK/201506582, The Causeway Wimbledon Common

The Wimbledon Union of Residents' Associations objects to the above application. The application site is a sensitive location on the Causeway which crosses part of Wimbledon Common, itself an important and much valued local amenity. It is therefore a most unsuitable location for a catering van which would trade from 7am-7pm every day.

The Chief Executive of the Commons has already objected strongly to this application on behalf of the Conservators; we have seen his letter and fully support the views expressed.

A related issue is that there is already a problem in this area because of the growing numbers of camper vans, mobile homes and other vehicles parked on the Causeway where people are camping illegally. Residents have complained about this activity for many months and are looking to the Council to take appropriate action to bring it to an end. Common sense suggests that a catering van in the same road will encourage the existing campers to stay and others to move in as well and exacerbate the problem.

This is an opportunistic application which exploits an illegal activity and should therefore be refused.

I have just read about this application and would like to object. This is an area of natural beauty, where many people (like myself) enjoy taking a walk and enjoying the scenery. If this licence were granted, it would be an eyesore, and would encourage people to drop litter. I am firmly against people eating in public anyway. There are any number of food outlets in Wimbledon Village, there is absolutely no requirement for this. It would totally spoil this area of the Common.

Please do not grant the licence.

Resident (resident of Wimbledon and user of the Common)

Dear Sir or Madam, regarding the above mentioned application for a catering van pitch, may I please register my strongest objection to this licence being granted.

The grounds for my objection are - The beauty of the surrounding common area would be adversely affected, to no benefit of residents or users of the Common.

This narrow roadway would appear to be completely unsuitable for this type of use, with the attendant dangers to pedestrians, cyclists and motorists using this area. There is already ample provision for obtaining food in the area of Wimbledon Village.

Resident.

Sirs,

Re Causeway Catering Van

I would like to object to the granting of a licence to trade from a catering van on The Causeway SW19.

As the council is well aware, there is already a problem with people permanently living on the causeway in both motorised and non motorised vehicles.

The council has found that it is not possible to remove these "illegal residents" or enforce any form of parking restrictions.

The granting of a catering licence can only attract more people with caravans/vans who decide to take up permanent residence on The Causeway.

There is also nothing the council can do to stop this particular individual from taking up permanent residence and living The Causeway.

I am sure the council as well as the people of Wimbledon who use the common do not wish the Causeway turned into more of a caravan park than it already is.

This proposed van would spoil this scene of natural beauty. There are plenty of sources of refreshment in the area e.g. in the Village. Inexperienced walkers and others who need a constant source of food immediately at hand learn to carry their food and drink.

Dear Sir/Madam

I am a resident of Cedar Park Gardens, which is a development of houses at the end of Camp Road.

As a local resident I am writing to strongly object to the application for a Catering Van to obtain a licence to trade in a pitch between Camp Road and Cannizaro Road

My first objection is that this area is already very busy at all times of the day with traffic and at the weekends is almost overrun with visitors enjoying the common and parking in the surrounding roads. A catering van would just attract more people to drive into the area, causing even more traffic problems.

My second objection is that a permanent catering van is in conflict with everything that the common offers, it should be a peaceful, rural haven in a busy city, for people to enjoy peace and space. There are plenty of cafes nearby in the village to provide for any catering needs. We do not need this facility on the common.

I hope this application is rejected.

Dear Trading Standards Merton

I would like to register my objection to the above application for a catering van on Wimbledon Common/Causeway/Cannizaro Rd/Camp Rd. This is a completely unnecessary facility as we not only have a Public House (The Fox and Grapes), Hotel, (Hotel du Vin-Cannizaro House) and two Golf Courses (Wimbledon Common and Royal Wimbledon) extremely nearby in which to enjoy beverages and food but also Wimbledon Village which has plenty of catering facilities of all kinds. In addition, the area in question is a common for visitors to park and enjoy walking on Wimbledon Common and not a retail area. For these reasons I strongly oppose this application.

This road is part of the Common, a valuable area of countryside. It absolutely does not need a catering facility parked there. There are numerous catering establishments in Wimbledon Village, many only a couple of minutes walk from the Causeway. Please do not allow this proposal to "pollute" the Common and what it stands for.

I should emphasise I live nearby, in Homefield Road, not far from the Causeway. If you have a query on this (strong) objection contact me by email or at 020 8

I find it completely unacceptable that a trading vehicle should be allowed alongside the common. The situation with numerous vans and a caravan on the roads around the common is also unacceptable and should be dealt with by the authorities. This situation has continued for 2 years and is completely out of control. This area is not for people to set up camp and there are no toilet facilities or waste water facilities so one wonder where this waste is going. Recently the caravan is using a generator that has a cable crossing the path and onto the common.

Best wishes

Dear Sir,

We are very dismayed to learn of the application for a Street Trading Licence on the Causeway permitting a Catering van to trade between 7.00 a.m. - 7.00 p.m. Monday to Sunday.

There is already an increasing problem with camper vans and mobile homes being parked permanently on the Causeway. People are living in these vehicles illegally which already raises other issues ie. sanitation etc. The introduction of a catering van is likely to encourage even more vehicles to park permanently and/or stop along this narrow road. To say nothing of the problem with litter, encouraging even more urban foxes and vermin etc. There are enough places for people to buy food/sandwiches and coffee in the Village.

If a trading licence is issued this will send out the wrong signal to the occupants of the mobile homes etc. They will assume the Council cannot be bothered to address the issue of their vehicles being parked permanently along the Causeway.

We are strongly against this application and hope it will be rejected.

Dear Sir / Madam,

I would like to receive more information on this application in the future.

I strongly object to the application for a street trading licence on The Causeway (Reference WK/201506582) by Mr John Peters, Broomloan, Sutton.

The prospect of a van selling food on the Causeway would set precedent for future commercial ventures using The Common. It is intended to be a rural area in a suburban part of London. Someone with a street selling licence would entirely contradict the atmosphere of the area.

The residents of the area are currently waiting to consult on how we ease the parking and traffic situation on The Causeway and the adjoining streets. Having a food retailer will only add to our growing list of problems which need to be solved.

The WPC are already struggling with the amount of rubbish generated on the Common and having a food retailer parked on The Causeway is only going to add to these problems.

I can't think of any positive reason to have a food retailer on the Common, the Village and the area is well served for these services.

Yours Sincerely

Dear Sirs

I am strongly opposed to permission being granted for the operation of a Catering Van on Wimbledon Common Causeway between Camp Road and Cannizaro Road.

That area is already plagued by the parking of a number of Camper Vans which are being used, illegally, as residential accommodation. The provision of catering facilities nearby would encourage further illegal temporary "residents" and is, in any case, wholly undesirable in itself.

There is a multiplicity of catering establishments nearby in Wimbledon Village. A mobile catering facility on the common is unnecessary, would generate additional litter and would be generally harmful to an area of natural beauty which is much valued as a peaceful recreational area.

Dear Planning Committee

We object vehemently to the proposal to permit a catering van on the Causeway.

There are sufficient and varied catering facilities in the village and the Causeway is part of the scenic rural aspect of Wimbledon Common. There would be no particular benefit to the users of the Common and local residents and plenty of potential for increased litter and broken glass of which we see a great abundance in the summer months from people picnicking in the area and, of particular hazard to children and animals, drinking in evenings. Wimbledon Common's especial beauty is its countryside feel which would be tainted by the sight and smells of a catering facility. There are no public toilets in the area (those on Cannizaro Park have been closed because of Council budget constraints). Catering and its necessary toilet facilities would be highly detrimental to the ambience without bringing any compensatory aspects to the area or its regular users.

Yours sincerely

Resident

Dear Sirs

I am writing to object to the above application for a street trader's licence on The Causeway, London SW19 which has been applied for by Mr John Peters.

The grounds I have for objecting are as follows:

1. This catering is surely not necessary - there are at least 15 outlets in the Wimbledon Village where one can buy coffee & snacks. We are well supplied, and it is unfair to take business away from these outlets - who have to pay full rent and rates. In addition, we already have the Windmill cafe, a long established and much-loved cafe, with plenty of parking nearby.

2. There is great pressure on the Causeway and surrounding streets for parking and space taken by a catering van would add to the pressure. I presume the applicant is intending to leave the vehicle on The Causeway overnight, which means he will be driving an additional vehicle to and fro each day, and parking it nearby. If he does take his catering van away each night, there is no guarantee he will find a space the following day. Nor should he be allowed a designated space at the expense of Common users (most of whom probably pay the Commons levy). Nor should he be allowed to sleep on The Causeway - another subject, I know but surely not unrelated - this street is filling up with overnight campers in vans and caravans. We do not need any more people living on The Causeway, especially those which are semi-officially sanctioned by Merton Council, as such a licence holder would be.

I suspect Mr Peters is perhaps hoping to cater to these people living on The Causeway - I do not feel they should be encouraged to stay and I am afraid that the provision of all-day-every day catering will do just that.

3. The joy of Wimbledon common is that it is unspoilt, and I feel a catering van will be an unsightly addition to the area.

4. There will be an extra nuisance suffered by other road users and pedestrians - there is no pavement as such, so pedestrians will be hampered in getting past the vehicle on the verge or will have to walk on the road. The Causeway is a very narrow, straight road, some vehicles speed down it. Dogs are very liable to jump out into the road, and I believe there will be extra risk to pedestrians who are passing by, or using the catering van. This is a serious Health and Safety Issue.

5. No doubt there will be further nuisance from litter on The Causeway and on the Common, together with noise and cooking odours, plus oil and dirty washing-up water being poured down (rainwater) drains.

To my knowledge, there are no public conveniences in the immediate vicinity, so we are all concerned about the human waste factor on The Causeway and surrounding Common.

All in all, I feel this is not the right place for street trading to be taking place. I hope you will see fit to turn this application down.

Dear Sirs

WE would like to lodge the strongest objection to the proposal of a catering van on the edge of Wimbledon Common

- 1. It is unnecessary, plenty of cafes within a 5 minute walk**
- 2. The Common is a precious piece of green space enjoyed by many from a wide community, such urbanisation is contrary to the ethos of Wimbledon Common**
- 3. There is a problem of people living on the roads leading to the Common. The Common Rangers and the local police are well aware of the problem. They are aware that the grassy area around where the vans and caravans are parked is being used as a lavatory. Plus there is rubbish around the caravans**

One particular van has a dog sitting in the window, rubbish on the ground underneath, a TV aerial and smoke coming out of the chimney. This caravan has no vehicle attached to it so is stationary.

Another van which is dark green has a couple living in it and I have seen them leaving for work in the mornings.

Last week I counted over 7 vans that seemed to be occupied

I will send photographic evidence for this.

Dear Sirs,

I am writing in relation to the proposed street trading on the Causeway.

I can not understand how you can even consider such a thing on Wimbledon Common. We have the wonderful Windmill cafe, and a Village full of restaurants, bars, pubs and cafes that are all in need of clientele.

We are all trying to keep the common as natural as possible. It is such a unique green space in London. Having street trading on top of the caravans, that have decided to take up residence on the Causeway, is such a shame.

Then take the practicalities like the facilities for the trader and the customers, the rubbish that he will create! There is no pavement, so where will the customers stand? I can promise you that it will create chaos on the road. Which is already quiet dangerous as cars do tend to drive fast on that stretch. What about the dogs that are walking around there? They also could get into danger with the extra traffic. I realise they should be well trained to stay with the owner, but that does not happen all the time. And they do end up on the street in their enthusiasm.

The drains have been blocked already ones there before, and the chance that that happens again will be great with the cooking oil that he will need to get rid off. I can promise you that it will be much easier for him to dispose of it there and then if there is a drain then dragging it home, which he will promise. Have you considered the cooking smells? They will be offensive for the residents living in the area.

There is a very nice pub just 100 meters further on. Is that not enough?

I seriously hope this little plan of the street trader will have to be pursuit in an area more suited for him.

Kind regards,

Dear Sir/Madam

We write to oppose the application WK/201506582 that has been lodged for a Street Trading Licence on the Causeway on Wimbledon Common.

It is wholly inappropriate to grant such a licence on Wimbledon Common, an area of calm and tranquility in the midst of the urban sprawls of Wimbledon, Putney and Kingston upon Thames in South West London. As Walter Johnson says (Wimbledon Common; its Geology, Antiquities and Natural History, 1912) *"one prays earnestly that the Common be not vulgarised... by making this lovely spot ordinary - a kind of level, well-ordered suburban park, for this windswept Common is not ordinary; it stands alone, and is therefore priceless"*.

There is already a wonderful café at the windmill and the fox and grapes and Cannizaro House Hotel serve morning coffee, lunch, afternoon tea and dinner. The high street is 5 minutes from the proposed site where there is a myriad of eating and drinking establishments.

This proposal will encourage even more illegal camper van squatting on the adjacent roads. The roads round this area are already at capacity in terms of parking and traffic so this would only serve to disrupt the traffic and parking process further.

The Study school, also in the near vicinity has an informal one way system to ensure the traffic 'flows' and the proposal will impact this detrimentally.

We are writing to object to this application.

This particular location is most unsuitable for such a catering facility. The adjoining footpath on the Common is narrow and uneven and customers would have to congregate on or around the highway. The Common is an important and much valued open space and its "natural aspect", flora and fauna would be threatened by a commercial operation such as this. The Commons' CEO Simon Lee has made it clear that the Conservators also strongly oppose the application.

We have seen an increase in the number of camper vans, mobile homes and other large vehicles permanently parked on the Causeway. People are living in many of

them. This is unacceptable. Residents and Ward Councillors have lobbied Merton Council to take action to move them on but we are told that the legal process is cumbersome and time consuming; meanwhile the lack of any ongoing enforcement action only serves to encourage others to park there. In our view, if this application is permitted, the availability of "on site catering" every day will exacerbate the problem. It will also send the clearest possible signal to the camper van occupants that Merton Council has little interest in taking any action against them.

With kind regards,

Resident

Dear sir,

We would like to register our opposition to this application, access to the school site in Camp Road is extremely difficult and anything which adds to traffic in the vicinity of the Causeway can only exacerbate what is already a significant problem.

Dear Sirs

Application for Street Trading Licence-Ref WK/201506582, The Causeway, Wimbledon Common

I wish to record my objection to the application to site a catering van on The Causeway, midway between Cannizaro Road and Camp Road. I live nearby on Westside Common

Wimbledon Common is an area of outstanding natural beauty and efforts have been made over many years to keep it that way and to protect it from commercial exploitation & development. There is limited street signage around the Common and it is a place where people come to relax and unwind.

The Causeway is a narrow one-way street which is primarily used for access for a few homes and to a local school. The Council and local residents are working to ensure that there is sufficient parking on this road so parents can drop off their children safely and people are able to park easily and enjoy a walk or ride on the Common. It seems wrong to use this space for a catering van & fill the few parking spaces with cars & vans belonging to the owner/operator and the customers in their cars/vans, when there are already so many restaurants in Wimbledon Village (more than 20), with the Fox & Grapes (less than 50 metres away), Hand in Hand, Crooked Billet & Cannizaro House even closer on the Common. There really is no need for yet another food outlet in the neighbourhood.

The Causeway is totally unsuitable for a catering van. There is already one catering van nearby at Tibbitts Corner, with adequate parking for those wanting to purchase street food and as such it does provide a service where there is none. There is also a restaurant at the Windmill again with more than adequate parking.

A food outlet which opens at 07:00 will aggravate the school run traffic & cause difficulties at the end of the day too. The additional cars/vans which can be expected to turn up from 07:00 will aggravate the school traffic in these narrow roads & make parking more difficult for everyone.

The Causeway is close to residential housing and it is likely that there will be problems of litter and noise associated with delivery of supplies/removal of waste and noisy patrons, oblivious to the fact that others may want to sleep in after 07:00 especially on Sunday mornings

Please do not grant this application

Yours sincerely **Resident**

Dear Sirs,

I strongly object to the possible siting of a catering van on the Causeway – ref WK/201506582

There are already camper vans using the place inappropriately which the council should be trying to deal with. The road is already too busy at peak times and used by children. It could cause an accident. The natural flora and fauna of the common should be preserved as much as possible.

Dear Sir

As a resident of North View I wish to strongly object to the application for a street trading licence on the Causeway, Ref WK/201506582.

This is a narrow road and is already frequently congested, a vehicle selling food would seriously worsen the situation. Parking spaces along the Causeway should be available for walkers on the common and people using the facilities of Wimbledon Village which already contains a very large number of catering establishments, cafes, pubs, bars, and restaurant, there is really no need for a further catering facility. The Common is an outstanding area of natural beauty and should not be spoiled by the further encroachment of unnecessary commercial enterprises.

I do hope you will seriously consider these points.

Yours sincerely

Dear Sirs

I have been informed of the application WK/201506582 for a street trader's licence on The Causeway, London SW19 which has been applied for by Mr John Peters, but cannot find trace of this application on your website. I have checked the website for a record of this and the nearest I got was (<http://www.merton.gov.uk/business/licences/street-trading/street-trading-consultations.htm>) but this seems not to have been updated since May. Perhaps you could direct me to the correct page or update the page.

In the meantime I would like to draw your attention and that of the Chief Executive to the very unsatisfactory position developing on the Causeway, Wimbledon Common, which was the subject of considerable debate and public disquiet at a very well-attended Open Public Meeting of the Wimbledon Common Conservators Board this evening at the London Scottish Club on the Common.

Firstly, for some time now there have been about six to eight camper vans and a static caravan, complete with diesel generator, water barrel and smoking chimney, permanently parked on the Causeway.

Secondly, it appears one Mr Peters wants to set up a permanent establishment selling food in this location too, further blighting the nature of our precious Common.

The ground for objecting to both of these developments are manifold, and have been outlined to you by others no doubt. As there is little time left until the deadline for comments, which I am led to believe is 3rd December, and it is late I would like to simply object both to the street trading application and to the continuing eyesore and abuse of the Common represented by clapped out Ford Transits and caravans being permanently parked on the Causeway.

Dear Sir

I write on behalf of Lauriston Road & Wilberforce Way Residents' Association to express our concern about part of The Causeway being designated a licence street where street trading will be permitted and to the issue of a street trading licence.

We have only recently been made aware of this street trading licence application and request that we be included on such mailing list in future.

Our main concerns are that:

- **The Causeway runs through Wimbledon Common, an area of natural beauty, where there is a conscious effort to conserve wildlife and provide a setting for people to relax or exercise away from the built up areas.**

- The views across the Common are already blighted by the sight of camper vans which appear to be parked there on more than a temporary basis and the sight of a catering van in The Causeway seven days a week would be even more of an eyesore.
- The Causeway is used for parking by residents from miles around who come to the Common for recreational pursuits and the limited parking spaces available should not be occupied by commercial street traders.
- The Causeway is a narrow road and any street trading on it would distract customers and passers by resulting in the possibility of increased accidents on the road.
- catering van situated on The Causeway would inevitably create additional litter which would be blown around the Common.
- There are already a number of trading outlets in the area and it would be totally inappropriate to designate part of the Causeway as another licence street.

We hope that you accept our concerns made above and do not issue these licences.

Kind regards

Michael Ingham

Please note we strongly object to this application. It is wholly inappropriate to the Causeway which is already blocked by camper vans & abandoned cars when designed to facilitate access to the West side of the Commons. Emergency vehicles [fire /police/ambulance] could be obstructed & the route is regularly used for young [5-8] schoolchildren accessing the Study Prep School.

Dear Mr Ryan

Re: WK 201506582, placing of a van on The Causeway.

Wimbledon Common is deemed by the Council's Core Planning Strategy to be a Site of Metropolitan Nature Conservation Importance and your planning policies acknowledge the need to protect the site. The Causeway cuts through the Common and is one of the routes by which people access the interior of the Common. It is unnecessary and inappropriate to permit the siting of a van selling food and drink here as there are plenty of places in the Village where such things can be purchased. The Common should remain a place where people can escape from materialism and enjoy nature, unspoilt.

There are moreover substantial legal objections as illustrated by the letter from Simon Lee on behalf of the WPC.

The Society therefore urges you to reject this application.

Yours sincerely

Dear Sirs

Street Trading Licence Application WK/201506582: The Causeway

I wish to object to this application, for the following reasons:

The proposal is unnecessary

1. There are already more than enough cafes and other food and drink outlets within a quarter of a mile of the proposed site in the village, Crooked Billet, Cannizaro Park and Camp Road and also not far away, on the Common itself, at the Windmill.

The location is wholly inappropriate

2. The area adjacent The Causeway is part of Wimbledon's precious open space, so far free from commercial activity.

3. The Causeway is a narrow, one-way road which already is clogged with permanently parked vehicles. This application, if granted, would further reduce parking available for families and dog walkers who wish to enjoy the Common.

Detriment to the Common

4. The application, if granted, would necessitate hard standing for customers and other paraphernalia which would intrude into Common land and ruin the relatively peaceful character of the road, which is as close as this part of Wimbledon gets to a country lane.

5. It would lead inevitably to the spread of litter, including plastic and bottles and food waste, where there is hardly any at present. Equally inevitably, it would fall on the Commons Conservators to clear that litter, so increasing unacceptably the load on their already stretched staff and resources.

6. Beside this part of The Causeway is a quiet grass track which is a main route to and from the greater part of the Common used by many mostly local people, often daily, with dogs and without, whose progress and enjoyment of it would be rudely spoiled by the caravan site.

Contrary to accepted practice

7. To grant this application would be contrary to the efforts of the Council itself, our MP and residents' associations to clear The Causeway of the residential and other vehicles parked there more or less permanently.

Please therefore reject this application.

Dear Sirs

Re: Licence application WK/201506582

We strongly object to the above application to issue a street catering licence for a van to park on the Causeway from 7 am to 7 pm seven days a week. This is not a suitable area for a catering van being a narrow road. It is also likely to cause extra litter to be deposited on the Common and pathways and prevent parking.

Urgent action is also required to remove vehicles which are permanently parked on The Causeway and surrounding streets that move infrequently and/ or are used for living accommodation. These do not allow local residents to park in the area to use the Common for recreation or to park near to the Study school. A license to allow catering will only add to the problems.

Kind regards

I am a resident of Merton Park

I write to object to the above application.

This is on a busy corner opposite the new Nelson Health Centre and also importantly opposite on the Kingston Road to The Leather Bottle Pub.

The pavement is not particularly wide and the hours requested are excessive.

This is predominantly a residential area and there should be no chairs and tables outside after 9pm should you insist on granting this application
