

Merton Council

Cabinet Agenda

Membership

Councillors:

Stephen Alambritis (Chair)
Mark Allison
Nick Draper
Caroline Cooper-Marbiah
Edith Macauley MBE
Tobin Byers
Martin Whelton
Katy Neep
Ross Garrod

Date: Monday 6 June 2016

Time: 8.15 pm

**Venue: Committee rooms C, D & E - Merton Civic Centre, London Road,
Morden SM4 5DX**

This is a public meeting and attendance by the public is encouraged and welcomed.
For more information about the agenda please contact
democratic.services@merton.gov.uk or telephone [020 8545 3361](tel:02085453361).

All Press contacts: press@merton.gov.uk, 020 8545 3181

Cabinet Agenda

6 June 2016

- | | | |
|---|--|--------|
| 1 | Apologies for absence | |
| 2 | Declarations of pecuniary interest | |
| 3 | Minutes of the previous meeting | 1 - 4 |
| 4 | Extension of Adult Integrated Substance Misuse Contract. | 5 - 8 |
| 5 | Financial Outturn 2015-16 | 9 - 72 |

Note on declarations of interest

Members are advised to declare any Disclosable Pecuniary Interest in any matter to be considered at the meeting. If a pecuniary interest is declared they should withdraw from the meeting room during the whole of the consideration of that matter and must not participate in any vote on that matter. If members consider they should not participate because of a non-pecuniary interest which may give rise to a perception of bias, they should declare this, withdraw and not participate in consideration of the item. For further advice please speak with the Assistant Director of Corporate Governance.

Agenda Item 3

All minutes are draft until agreed at the next meeting of the committee/panel. To find out the date of the next meeting please check the calendar of events at your local library or online at www.merton.gov.uk/committee.

CABINET

18 MAY 2016

(8.35 pm - 8.47 pm)

PRESENT: Councillor Stephen Alambritis (in the Chair),
Councillor Mark Allison, Councillor Tobin Byers,
Councillor Caroline Cooper-Marbiah, Councillor Nick Draper,
Councillor Ross Garrod, Councillor Edith Macauley,
Councillor Katy Neep and Councillor Martin Whelton

Kim Carey (Head of Access & Assessment), Ged Curran
(Chief Executive), Paul Evans (Assistant Director of Corporate
Governance), Caroline Holland (Director of Corporate Service),
Chris Lee (Director for Environment and Regeneration),
Yvette Stanley (Director of Children, Schools and Families)
and Chris Pedlow (Senior Democratic Services Officer).

ALSO PRESENT: Councillors Najeeb Latif

1 APOLOGIES FOR ABSENCE (Agenda Item 1)

No apologies were received.

2 DECLARATIONS OF PECUNIARY INTEREST (Agenda Item 2)

No declarations of pecuniary interest were received.

3 MINUTES OF THE PREVIOUS MEETING (Agenda Item 3)

The minutes of the meeting held on 7 March 2016 were agreed as a correct record.

4 CONSTITUTION OF COMMITTEES (Agenda Item 4)

The Leader of the Council presented the report which sought approval for the establishment and appointment to bodies for which Cabinet has the responsibility for.

RESOLVED

That the Cabinet:

1. agrees to appoint Councillors Ross Garrod and Marion Whelton as members and Councillors Nick Draper and Mark Allison as substitute members to the South West London Joint Waste Management Committee.
2. agrees the term of reference for the South West London Joint Waste Management Committee as detailed in Appendix B to the report.

3. agrees to appoint two Councillors Nick Draper and Ian Munn to the Wandle Valley Regional Park Trust.
4. agrees to delegate to the Chief Executive the authority to fill vacancies on the bodies detailed at recommendations 1 and 3 on the nomination of the Party Whip of the group with a vacant position.
- 5 EXCLUSION OF THE PUBLIC (Agenda Item 5)

RESOLVED

That the public were excluded from the meeting during consideration of the following reports on the grounds that they were exempt from disclosure for the reasons stated in the reports.

6 MORDEN LEISURE CENTRE - AWARD OF CONSTRUCTION CONTRACT (Agenda Item 6)

The Cabinet Member for Community and Culture presented the report which sought approval to award a contract for the main contractor for the construction of a new Morden Leisure Centre and associated works. In presenting the report paragraphs 3.10 and 3.11 were emphasised as they showed the commitment of the proposed contractor to keep the project on time, within the fixed contracted price and to the full agreed specifications as set by the Council.

RESOLVED

That the Cabinet:

1. approve the award of a contract to Organisation A, subject to planning approval, for Main Contractor for the provision of the Morden Leisure Centre. The contract cost for the Supplier's (1) fixed costs for the works delivered in the second stage via a Pre-Construction Services Agreement, (2) Preliminaries (including overheads and profit additions), and (3) Overheads and inclusive of profit percentage rate is £834,825, which is part of the main construction costs of £8.4m
2. delegates to the Director of Environment & Regeneration, in consultation with the Cabinet Member for Community and Culture, the authority to extend the contract to include additional leisure facilities within the project scope in accordance with the OJEU and the budget available
3. delegates to the Director of Environment & Regeneration, in consultation with the Cabinet Member for Community and Culture, the authority to finalise the award following the planning approval

4. delegates to the Director of Environment & Regeneration, in consultation with the Cabinet Member for Community and Culture, the authority to vary the Leisure Management Contract, within the terms drawn, to replace the Morden Park Pools with the Morden Leisure Centre.

7 LAND AT 111-127 THE BROADWAY SW19 (Agenda Item 7)

The Cabinet Member for Finance presented the report which sought authority for the disposal of the site on the Land at 111-127 The Broadway, SW19 (Known as P4). The Cabinet were reminded over the background to the site since 2007, including that in 2013, Cabinet agreed that the site should be disposed of on the 'open market without restriction'.

It was noted that the site was placed on the market in October 2015 and a number of offers were received. Following a thorough evaluation process as, detailed within the report, a preferred buyer was proposed, whose offer was of good value for the Council and their proposed plans for the site would provide good facilities for the area and improve the public realm.

RESOLVED

That the Cabinet agrees:

1. agrees to the disposal of land at 111-127 The Broadway, SW19, also known as 'P4' site, on the terms set out within the report
2. to delegate the completion of the disposal and precise terms to the Director of Environment and Regeneration in consultation with the Cabinet Member for Finance.

Committee: Cabinet

Date: 6th June 2016

Wards: ALL

Subject: Extension of the Contract for the Integrated Substance Misuse Service.

Lead officer: Dr Dagmar Zeuner, Director of Public Health.

Lead member: Cllr Tobin Byers, Cabinet Member for Adult Social Care and Health.

Contact officer: Barry Causer, Public Health Commissioning Manager.

Recommendation:

- A) That Cabinet retrospectively approves the extension of the substance misuse contract from 1st April 2016 to 30th June 2016.
- B) That Cabinet agrees to delegate to the Director of Community and Housing, in consultation with the Cabinet Member for Adult Social Care and Health, the authority to negotiate and approve a further contract extension from 1st July 2016 to 31st March 2018.

1 PURPOSE OF REPORT AND EXECUTIVE SUMMARY

- 1.1. The purpose of this report is to seek the retrospective approval of Cabinet to extend the contract for the period 1st April 2016 to 30th June 2016 and to agree to delegate to the Director of Community and Housing, in consultation with the Cabinet Member for Adult Social Care and Health, the authority to negotiate and approve a further contract extension from 1st July 2016 to 31st March 2018.

2 INTEGRATED SUBSTANCE MISUSE SERVICE

- 2.1. The Integrated Substance Misuse Service provides prevention, treatment and recovery pathways for Merton residents who are misusing drugs and/or alcohol and is delivered by South West London St Georges Mental Health Trust (SWLSG).
- 2.2. Following a competitive procurement exercise the contract award was approved by Cabinet on the 18th February 2013 for a three year contract from 1st April 2013 to 31st March 2016. The contract value over 3 years was £3.978million (£1.326million per annum). There are contractual provisions in the contract to extend the contract for up to a further two years, but Cabinet did not authorise the Council to enter into the extension at the time of approval of the original award of the contract.

- 2.3. A re-procurement exercise took place in late 2015/early 2016 with the objective to make efficiency savings as well as to integrate inpatient detoxification services within the overall service. Unfortunately this was unsuccessful with no bidders.
- 2.4. As a result, in the absence of any available alternative arrangement SWLSG is continuing to deliver the service on a short-term contract extension at the moment and we are undertaking detailed negotiations with them on the exact terms of the full two year extension including options for some efficiency.
- 2.5. We have carefully considered the option of repeating the procurement immediately but feed-back from the market was not encouraging and would necessitate further short-term contract extensions to provide continuity of service, which would incur increased costs.
- 2.6. Instead, we plan to use the contract extension period (up to 31st March 2018) to review our whole approach to commissioning for substance misuse, including exploring options for joint working with mental health services and/or other boroughs to increase the size of the available budget and allow for more innovative service delivery.

3 ALTERNATIVE OPTIONS

- 3.1. The unsuccessful procurement exercise has meant that we have no viable alternative option outside of extending the current contract with SWLSG, which is permitted under the terms of the current contract. The intention remains to carry out a further procurement exercise but in the meantime the only option for a continued service is to extend the contract with the incumbent.

4 CONSULTATION UNDERTAKEN

- 4.1. Feedback from other boroughs who have recently undertaken substance misuse procurement exercises, has shown that the challenges faced in Merton are replicated elsewhere with similarly unsuccessful procurement exercises and challenges around budgets.

5 FINANCIAL, RESOURCE AND PROPERTY IMPLICATIONS

- 5.1. Following the spending review in November 2015 the Public Health grant has been reduced and following detailed examination of the commitments, savings and future plans the expenditure associated with the contract extension can be contained within the public health grant.
- 5.2. The budget we currently keep available for 2016/17 mirrors the original contract value of £1.326million per annum. However, we are engaged in negotiations with the trust to achieve safe and sustainable savings over the extended contract period, starting in 2016/17. Any remaining shortfall of the anticipated savings from the tender will be covered by planned underspend from the 2015/16 budget.

6 LEGAL AND STATUTORY IMPLICATIONS

- 6.1. The extension of the contract period is permitted under the existing contract. The contract also provides for the Council to require changes to the

specification and allows the price to be varied depending on whether there is a cost saving or additional costs are incurred.

6.2. The Public Contracts Regulations 2015 (SI 102/2015) permit the contract to be negotiated in certain circumstances insofar as it is strictly necessary where the time limits for carrying out a procurement cannot be complied with for reasons of extreme urgency brought about by events unforeseeable by the contracting authority. The circumstances here are considered to have been unforeseeable since the Council fully intended to enter into a new contract, but has received no bids.

6.3. Accordingly, the risk of any challenge in the circumstances is low.

7 HUMAN RIGHTS, EQUALITIES AND COMMUNITY COHESION IMPLICATIONS

7.1. There are not expected to be any human rights issues from the extension to the contract.

8 CRIME AND DISORDER IMPLICATIONS

8.1. There are not expected to be any crime and disorder issues from the programme.

9 RISK MANAGEMENT AND HEALTH AND SAFETY IMPLICATIONS

9.1. All risks, assumptions, issues and dependencies are being actively managed as part of the programme.

9.2. There are not expected to be any health and safety implications.

10 BACKGROUND PAPERS

10.1. The following documents have been relied on in drawing up this report but do not form part of the report

- The Council's Contract Standing Orders
- Merton Health and Wellbeing Strategy 2015/18.

Cabinet

Date: 6 June 2016

Subject: Budget Outturn Report 2015/16

Lead officer: Paul Dale

Lead member: Mark Allison

Recommendations:

- A. That Cabinet note the provisional revenue outturn for 2015/16
 - B. That Cabinet consider the issues around the quality of revenue budget monitoring and agree to receive a further report on the detailed issues in respect of 2016/17
 - C. That Cabinet consider the outturn position on Capital and slippage into 2016/17
-

1 PURPOSE OF REPORT AND EXECUTIVE SUMMARY

This report outlines the provisional out-turn position for the last financial year (2015/16) and the issues that arise from it.

Section 2 – Summarises the draft outturn position of the Authority.

Section 3 – Reviews the outturn position for corporate items

Section 4 – Reviews the outturn position for service items

Section 5 – Reviews the detailed outturn position for service departments

Section 6 – Reviews the quality of budget monitoring

Section 7- Provides information on the capital outturn

Section 8 – Summarises the movement in reserves

Section 2 – DRAFT REVENUE OUTTURN 2015/16

The following table summarises the out turn position for 2015/16 and more detail is Provided in Appendix 1

FINAL OUTTURN	Current Budget 2015/16 £000s	Outturn £000s	Variance at year end £000s
<u>Department</u>			
Corporate Services	30,210	29,837	-373

GROSS INCOME	(384,858)	(384,110)	747
NET EXPENDITURE	154,696	156,355	1,659

Arising from this the issues that need to be examined is;

:

- The continuation of an overspending in 2015/16
- The sources of the overspending
- Comparisons to recent years
- The quality of forecasting.

In 2014/15 the overall overspending was £3.8m or 2.4% of the net budget. In 2015/16 the overall overspending was £1.6 or 1% of the net budget

Section 3 Corporate Items

- These budgets cover a wide range of significant areas including treasury management, contingency, contributions to past service deficiency on the pensions fund and contributions from government grants and use of reserves. The details comparing actual expenditure with budget are contained in Appendix 1 and 2. The summary position is as follows:-

Corporate Items	Current Budget 2015/16 £000s	Outturn (Mar.) £000s	Outturn Variance (Mar.) £000s	Forecast Variance at year end (Jan.) £000s	2014/15 Year end Variance £000s
Cost of borrowing	14,117	14,166	49	(25)	205
Use for Capital Programme	0	0	0	0	0
Impact of Capital on revenue budget	14,117	14,166	49	(25)	205
Investment Income	(559)	(1,172)	(613)	(238)	(385)
Pension Fund	5,042	4,426	(616)	0	(300)

TOTAL CORPORATE PROVISIONS	(129)	*(3,620)	*(3,491)	(2,921)	(2,612)

* Net of £0.694m funding from Balancing the Budget Reserve to balance.

- The monitoring information throughout 2015/16 has been indicating that there will be an underspend in corporate items at outturn. This has been mainly in contingencies which have been held covering anticipated overspends arising from service pressures.

3. Impact of Capital on Revenue Budget

Throughout 2015/16 a small underspend on the cost of borrowing had been forecast and it has been anticipated that this would be set-aside for use in future funding of the capital programme. However, borrowing costs were marginally higher (£49k) than budgeted.

4. Investment Income

There has been a £0.613m over-achievement of investment income during 2015/16. Although, some additional investment income was forecast in monthly monitoring this has been exceeded. The main reason for the additional income is that the amount of investment has remained higher during the year than estimated when the budget was set and also the interest rate received on investments has exceeded expectations. Further work will be undertaken in 2016/17 to improve the forecasting of cash flow and its impact on investment income.

5. Pension Fund

There are two elements to the underspend. The first reason is that there has been an underspend of £0.300m due to the provision for auto-enrolment not being utilised. These costs have been absorbed within departmental budgets. Secondly, the provision for early redundancy costs has been underutilised leading to an underspend of £0.313m but this variance should be considered together with the overspend of £0.910m within Corporate Services (Corporate items) leading to a net £0.6m overspend for the authority.

6. Pay and Price Inflation

The provision for inflation includes an element for price increases exceeding 1.5% and throughout 2015/16 the level of inflation has been low leading to an underspend.

7. Contingencies and Provisions

This budget contains budgets for the provision of bad debts, loss of income arising from the P3/P4 site development, direct revenue funding of capital, provision for re-enuisation, Single Status/Equal Pay and general contingency.

The net underspend of £2.716m consists of the following main variations:-

- a) Contingency – Underspend £0.725m: Part of the contingency was held throughout the year as cover for anticipated pressures in service expenditure, with £0.775m being allocated to offset service expenditure.
- b) P3/P4 - Underspend £0.4m: The underspend is due to the delay in commencing with the proposed development which means that car parking income has continued on the site.
- c) Single Status/Equal Pay – Underspend £0.1m: All lump sum costs incurred for Single Status/Equal Pay awards agreed in 2015/16 have been charged against the provision set aside for this purpose.

d) Revenuisation and Miscellaneous – underspend £1.405m. It was originally anticipated that this budget would be used to fund capital projects but it was subsequently decided to use capital receipts and retain the flexibility that revenue resources provide. The underspend was transferred to the Revenue Reserve for Capital and this is reflected in the appropriations/transfers details.

8. Income Items

The underspend is due to £0.8m income relating to a charge to CHAS for the Intellectual Property.

9. Appropriations/Transfers

There have been a number of movements to/from reserves. The £1.7m variation reflects three main elements which were not anticipated when the budget was set:-

- a) The transfer to the revenue reserve for capital (£1.405m) referred to in 7 (d) above.
- b) The transfer to a new reserve (LEP – New Homes Bonus Funded Projects) of £1.037m New Homes Bonus. This relates to the New Homes Bonus which was top-sliced for the LEP and approved to fund new capital/revenue projects (Report to Cabinet 19/10/15 refers)
- c) The funding of the net overspend of £0.694m from the reserve for Balancing the Budget, to be reimbursed in 2016/17

Section 4 Overall Service Spending

Major out – turn issues

Prior to 2013/14 there had been major underspending on service activity overwhelmingly in the areas of waste, children's social care and Adult Social Care. This overspending reduced substantially in 2013/14 mainly as a result of previously overprovided budgets in the areas of waste and adult social care being reduced by offering them up as savings in setting the budget. In 2014/15 services overspent.

Service Spending 2014/15	Current Budget	Outturn Variance to budget	Outturn Variance to budget	Budget as % of Council Budget	Overspend as % of Overspend
	£'000	£'000	%	£'000	£'000
Adult Social Care	53,399	2595	4.86%	35.14%	40.25%
Waste	14,486	1440	9.94%	9.53%	22.33%
Social Care , Youth Inclusion and Commissioning	18,794	1867	9.93%	12.37%	28.95%
Total 3 major areas	86,679	5,902	6.81%	57.04%	91.53%
The Rest	65,290	546	0.84%	42.96%	8.47%
Total	151,969	6,448	4.24%	100.00%	100.00%

In 2014/15 the 3 service areas previously with large under-spending all shifted to having large overspendings.

The pattern in 2015/16 contains some similarities to 2014/15 but with one major change. The largest area of overspending is in parking income due to delays in the implementation of ANPR. In Waste overspending has reduced in scale

Service Spending 2015/16	Current Budget	Outturn Variance to budget	Outturn Variance to budget	Budget as % of Council Budget	Overspend as % of Overspend
	£'000	£'000	%	£'000	£'000
Adult Social Care	52,461	2,684	5.12%	33.88%	60.22%
Parking	-10,763	3,750	34.84%	6.95%	84.14%
Social Care , Youth Inclusion and Commissioning	28,601	617	2.16%	18.47%	13.84%
Total 3 major areas	70,299	7,051	10.03%	45.41%	158.20%
The Rest	84,526	-2,594	-3.07%	54.59%	-58.20%
Total	154,825	4,457	2.88%	100.00%	100.00%

Section 5 Detailed Service Spending

Corporate Services

15/16	Current Budget £000	Full year Outturn £000	Outturn variance £000	Jan Forecast Variance £000	Outturn variance 14/15 £000
Business Improvement	4,118	4,088	-30	-166	-259
Infrastructure & Transactions	10,007	9,759	-248	-333	-347
Resources	7,376	7,133	-243	-247	-255
Human Resources	2,294	2,240	-54	-22	-26
Corporate Governance	2,505	2,079	-426	-274	-433
Customer Services	2,613	2,132	-481	-414	-273
Corporate Items including redundancy costs	1,296	2,405	1,109	1,528	1,320
Total (controllable)	30210	29837	-373	71	-273
Overheads	-16,610	-18,026	-1,416		
Total	13,600	11,809	-1,788		

Business Improvement – underspend £30k

The support and maintenance has overspent but is offset by the underspends on vacant posts. The support and maintenance will be a budget pressure next year.

Infrastructure and Transactions – underspend £248k

The underspend relates to the revenue generated from the Corporate Print Strategy and an overachievement of income in the Post service following the introduction of Docqticket system and the renegotiation of the postal and print contracts.

Resources – underspend £243k

The majority of the underspend is due to reduced expenditure on supplies and services, £65k of this relates to a reduction in the External Audit fee costs, there is also reduced spend on consultancy as well as some future years savings being captured early.

Human Resources –underspend £54k

There is an underspend of £36k in Occupational Health due to lower than anticipated contract costs. This, combined with a vacancy in the shared service, accounts for the £54k underspend in HR.

Corporate Governance – underspend £426k

There is a underspend of £141k following the transfer of the Benefits Investigation team to the DWP under the Single Fraud Investigation Service. There is an underspend in the current year due to DCLG one-off funding but the cost of this service will increase next year. £25k underspends relate to vacant posts and £50k for future year saving captured early.

The cost of the internal audit shared service was £69k less than anticipated for 15/16.

SLLP experienced a shortfall in demand. This resulted in a £137k deficit in the hard charging model at year end. The model is designed to break even but variables such as demand for the service and underachievement of income can result in a deficit. This was reported to the SLLP Board and an agreement has been reached whereby the shortfall will be split across the four boroughs and recovered by the SLLP.

Customer Services –underspend £481k

The Merton bailiffs' service overachieved in fee income by £191k but this is partly offset by a shortfall on the shared bailiffs' income target of £130k.

An underspend of £130k is due to vacant posts within the division.

Translation services and Registrars office overachieved income by £92k and there are underspends on the establishment and parking cash collection contracts of £33k.

Corporate items – forecast overspend £1,109k

The overspend includes a £910k overspend for one-off redundancy payments and pension strain.

There was a £743k shortfall in subsidy for temporary accommodation as the cost of temporary accommodation is significantly higher than the subsidy available, which is capped. The cost of temporary accommodation is disclosed in Housing Services within C&H whereas the benefit paid is within corporate items in Corporate Services together with Housing Benefits subsidy grant.

From the start of financial year 2016/17 the benefit paid and grant recovered, and therefore the shortfall, will appear within the C&H budgets

so the true cost of temporary accommodation is captured and reported in the correct division.

The above overspends were partly offset by a reduction in the provision requirement for housing benefit overpayments.

Environment & Regeneration

Environment & Regeneration	2015/16 Current Budget	Full year Outturn (March)	Outturn Variance (March)	Forecast Variance at year end (Jan)	2014/15 Outturn Variance

Overview

The department has a year-end direct overspend of £3,632k at year end. The main area of variance is Parking Services, but there are variances within several sections of the department. The deferred ANPR income together with the legal costs associated with the ANPR litigation defence amount to c£3.5 m. Without this the Department would have been much closer to a break even. It is important to note that the ANPR benefits are deferred, and not lost, with an expected start date in June this year. It is important that the income above budget is captured in 2016/17 as part of budget monitoring and transferred to reserves to make good the required use of reserves in 2015/16.

Pressures

Public Protection

Parking & CCTV Services overspend of £3,750k

This is mainly due to an unsuccessful legal challenge to the award of the contract for the provision and maintenance of ANPR cameras, resulting in a delay to the contract award. The expected contract start date is now June 2016, whereas the budgeted expectation was for a November 2015 start. It is expected that improved compliance and traffic flow at the locations concerned will be seen within a couple of months of implementation.

As a result, however, the section incurred £201k in legal fees associated with the legal challenge, and £300k in a legal settlement as a result of the subsequent mediation, which are included within the supplies & services overspend.

In addition, the section experienced a continued reduction in existing PCN related income (£253k) due to increased compliance, and the continued funding of CPZ related expenditure (£260k). This was offset by over-recoveries in most areas of on-street/ permit / bay suspension revenue (£587k), and off-street parking income (169k). In addition, the outturn included a c£60k loss of income as a result of providing free parking during the Christmas period.

There was also a £71k employee related underspend, which partly mitigated these overspends.

Regulatory Services Partnership overspend of £141k

The overspend is mainly as a result of a delay in implementing the second phase of the shared service staffing structure, which was budgeted to begin in April but was not implemented until October.

Safer Merton underspend of £182k

The year-end underspend was due to an underspend on employees (£89k) and third party payments (£11k), mainly as a result of the recent reorganisation within the section.

Sustainable Communities

Building & Development Control overspend of £16k

The section ended the year with an employee overspend of £59k, but this was offset by underspends elsewhere within the section, mainly on general supplies and services budgets.

Property Management underspend of £559k

The underspend of £559k is mainly as a result of exceeding their commercial rental income expectations by £288k due to a current high occupancy rate (c98%) and rapid turnaround of empty property. In addition, the section received two separate payments totalling £193k to cover potential dilapidation costs following the end of the respective leases. There was also an NNDR related underspend of £71k whereby the authority is not currently liable for the charge.

Future Merton underspend of £185k

The main areas of underspend were seen within third party payments (£136k), and other grants and contributions (£120k). The underspend on third party payments was mainly due to lower than budgeted CPZ implementation and flood risk management costs, whilst the overachievement of grants and contributions was mainly as a result of a £100k contribution received from Merton Priory Homes for regeneration / planning work.

The section had a year-end employee overspend of £124k. The restructure between Future Merton and Traffic & Highways commenced in May so only a part-year effect was seen in 2015/16, coupled with the associated notice periods and protected allowances. In addition, the section has struggled to fill some of the vacancies leading to more expensive agency staff being employed. An additional resource has been recruited to work on specific projects, such as the Phase C Lot 2 procurement (£55k).

Greenspaces overspend of £223k

This overspend is mainly as a result of an underachievement of internment income due to fewer burials (£130k), sports income (£73k), and income relating to rents (£30k).

The overspend also includes a loss of £55k (£81k loss overall as £25k marketing costs borne by the OCPB reserve) in relation to the inaugural Classics in the Park event.

The employee overspend of £80k is as a result of overtime payments (Parks), Wimbledon fortnight, and staffing of the firework displays.

These overspends were partially off-set by underspends within Premises (£65k), and Supplies & Services (£55k).

Senior Management & Support underspend of £149k

This underspend was mainly as a result of delayed filling of vacant posts in order to contribute towards the department's mitigating actions.

Street Scene & Waste

Waste Services overspend of £187k

The section had an overspend relating to the ongoing operational and disposal costs associated with the management of the HRRC and transfer station of £309k. Although the site is now under new management, the overspend was due to the part year effect of the current arrangements. However, it is expected that this pressure will not reoccur in 2016/17.

The section also had an employee related overspend of £212k due to cover for absences, sick leave, and in order to maintain the level of service performance. Also, in agreement with the Environment Director, the bulk leafing programme was reintroduced to ensure the level of service performance is maintained. The additional cost of this service was capped at £10k and was covered by additional agency staff.

Offsetting these overspends were underspends within transport (£146k), supplies and services (£70k), and customer and client receipts (£164k).

Transport Services overspend of £336k

This overspend was mainly as a result of a lower than expected user requirement of the Workshop, external income, additional agency requirements to cover permanent posts and staffing issues in the first part of the year, and a delay in the external use of the tachograph centre.

Focus has been put on securing additional work for the Tachograph Centre, and a number of external customers are now signing up to use their services. Initially, the Fleet Maintenance Manager was targeting the bigger operators in the immediate and surrounding area of the depot. He has now confirmed that this is starting to show some success.

Children Schools and Families

Children, Schools and Families	2015/16 Current Budget £000	Full year Outturn (Mar) £000	Outturn Variance at year end (Mar) £000	Forecast Variance at year end (Jan) £000	2014/15 Variance at year end £000

Total (controllable)	50,089	50,082	(7)	401	2,450

Overview

At the end of March Children Schools and Families underspent by £7k on local authority funded services. The department received growth for placements and transport but this was not sufficient to cover the total shortfall caused by the increased birth rate and additional burdens from central government. The expenditure was netted down by one off Public Health money of £328k making the underlying overspend £321k, (£729k in January) a reduction of £408k.

It is important to note that the majority of the underspend used to offset cost pressures in this financial year are due to management actions. This would mean that the demographic and new burdens cost pressures will continue into the new financial year, as will pressures on staffing budgets to fund agency social workers to maintain appropriate caseloads. Strong management action will be needed to ensure that there is no bottom line overspend in 2016/17 and the scope for internal redistribution of budgets must be explored this year.

Local Authority Funded Services

There are a number of volatile budgets, which require continuous and careful demand management. Significant overspends and underspends identified to date are detailed below:

Description	2015/16 Budget £000	Mar Outturn £000	Jan Forec ast £000	2014/15 £000

Grand total Children, Schools and Families	48,111	(7)	401	2,450

Commissioning, Strategy and Performance Division

While the numbers of Looked After Children (LAC) remain relatively stable, the complexity of a significant proportion of cases is contributing to the net overspend of £377k. This includes on-going pressures on in-house fostering of £333k, residential placements of £273k, and mother and baby placements of £56k which is offset by underspends in secure accommodation cost of £35k and independent agency fostering of £250k.

The budget for semi-independent and supported lodgings/housing placements overspent by £546k. This budget is used to finance placements for young people aged 16/17 who require semi-independent provision and for Care Leavers through to age 21 and, in some cases, older. There has been an increase in forecast expenditure due to an increase in caseload as some young people have now reached 18 and funding for their placement has transferred from the LAC placement into this budget. Because of their specific needs, some young people have also needed to move to more expensive placements.

The UASC payments overspent by £308k this year due to both an increase in cases and an increase in the number of claimants turning 18 which is when central government contribution towards these cases ceases. The number of UASC who have entered and who have been distributed across London has increased from 233 in 2011/12 to 468 in 2015/16 and 2016/17 figures will see further growth.

Procurement and school organisation budgets underspent by £276k as a result of lower spend forecast on revenue budgets. This budget relates to construction projects that cannot be classified as capital. The majority of this is required for temporary classrooms due to rising pupil demand when it is not viable to provide permanent buildings. This year demand for reception year places was slightly lower than forecast so there was no need for temporary classrooms.

The direct charging budgets for the shared legal service underspent by £53k.

There were various other small over and underspends across the division netting to a £225k underspend. These combine with the items described above to arrive at the total divisional overspend of £677k.

Education Division

SEN and FE transport cost overspent by £380k, £60k less than the forecast in January. The overspend relates to cost on external home to school transport as additional budget was received to balance the internal transport cost. The overspend is due to an increase in complexity of caseload and cost of taxis. The Director of CSF is leading a council wide review of the current arrangements for procuring taxis and will be making recommendations once there is better understanding of the reason for the rising costs. We are reviewing demand management, cost efficiency of supply and safeguarding of students with E&R who provide the in-house service and commission the taxi service.

As part of management action, where possible, recruitment to vacancies in Early Years have been delayed in preparation for 2016/17 savings and to reduce the overall in-year departmental overspend. This resulted in an overall underspend of £315k.

There were various other small over and underspends across the division netting to a £31k underspend. These combine with the item described above to arrive at the total divisional overspend of £34k.

Children's Social Care and Youth Inclusion Division

The NRPF budgets overspent by £470k for the current financial year. This increase in cost was in response to case law regarding housing families with no recourse to public funds (Zambrano & Clue cases). This is an issue across London.

The independent review and service quality team overspend by £192k. This is due to the use of agency staff to cover permanent IRO vacancies as well as one post above establishment to ensure appropriate caseloads to support the quality assurance function.

The Central Social Work, MASH and Permanency team's staffing costs overspent by £151k. As highlighted in the budget reports to Cabinet and Council, additional capacity is being kept under regular review and funded quarterly from the corporate contingency. This amount equates to six additional social workers. On top of the additional staff, the team also had to cover vacancies with agency staff due to difficulty in recruiting permanent members of staff.

The serious case review budget underspent by £77k because there has been limited need to commission reviews during the current financial year.

The Youth Offending Team (YOT) underspent by £78k. This was due to a combination of holding staff vacancies and providing a reduced wraparound service as part of management action to reduce the overall departmental overspend.

The Children and Adolescent Mental Health Service (CAMHS) underspent by £119k due to vacancies.

The adoption and 14+ teams underspent by £171k relating to temporarily holding staff vacancies as a result of management action to reduce the overall departmental overspend.

There were various other small over and underspends across the division netting to a £59k underspend. These combine with the item described above to arrive at the total divisional overspend of £309k.

Dedicated Schools Grant

DSG funded services underspent by £1.1m. These budgets are not within the council's general fund and cannot be offset against the local authority funded budgets. Any underspend will be added to the DSG reserve and applied after consultation with Schools Forum.

£372k of the underspend relates to Independent Residential School provision.

The Early Years Funding Formula underspent by £170k. The majority of this relates to the EY Pupil Premium which was estimated by Central Government and is not expected to be reclaimed.

Lower than budgeted spend on independent post 16 provision resulted in an underspend of £236k.

Education inclusion budgets underspent by £167k due to underspends on hospital tuition, language and learning services, and permanent exclusion charges.

There were various other smaller over and underspends across the DSG netting to a £155k underspend which, combined with the items above, equates to the net underspend of £1.1m.

Management Action

Staffing

Agency cost continues to be a cost pressure for the department. The continued recruitment drive including recruitment of NQSWs and retention payments which we started with last year will all have a positive impact on the current financial year and we will continue to take action to bring down anticipated overspends on agency/staffing costs, but neighbouring authorities' inspections could impact on this.

Placements

Our edge of care panel continues to ensure that entry to care threshold is maintained. The impact of increased numbers of UASC is in particular affecting our LAC and care leaver numbers and we remain in the lowest rate of care range in London.

Work continues to ensure we lever in appropriate health contribution to children with complex needs and our ART service is driving down placement costs including through regional partnership commissioning.

Our ART Fostering Recruitment and Assessment team is continuing to recruit new foster carers and supported lodgings providers who will offer locally based placements. This is already resulting in a reduction in more expensive agency foster placements.

Our ART Placement service is working with providers to establish more local provision and offer better value placements to the Council. There is now an established agreed cost framework for semi-independent providers and this has resulted in more appropriately priced placements for Care Leavers and older LAC.

We continue to work with housing needs to secure better local housing pathways for our young people as they become independence ready.

Transport

We will continue to model the potential impact of personal budgets from transport for to assist in delivering cost reduction solutions to individual children's transport needs. 26 personal budgets were approved this financial year providing an on-going cost reduction of £111k.

We are monitoring tight eligibility thresholds and defending appeals and we have extended our independence travel training which has delivered savings of £108k to date.

Having reviewed our policy on eligibility 2 years ago we are commencing a new review to establish whether it is possible to further tighten our policy.

New burdens

There are a considerable number of duties placed on the Local Authority which have not been fully funded or not funded at all. Excluding the cost of these duties would leave a net departmental underspend of £1.331m, although £328k of this relates to Public Health contribution. The table below highlights the estimated overspends relating to these duties.

Description	Budget £000	Outturn overspend £000	Jan overspend forecast £000
Supported lodgings/housing	629	546	615
Un-accompanied asylum seeking children (UASC)	60	308	279
No Recourse to Public Funds (NRPF)	20	470	472
Total	709	1,324	1,366

These estimates only include services for these children and families including housing cost, they do not include staffing cost. Staff cost related to these clients are estimated to be about £270k and are included in the overall £7k departmental underspend.

Young people aged between 18 and 21 now have the right to stay in their foster, residential or other placements beyond 18. This means their fostering placement has to remain open to them and the in-house foster carer or Independent Fostering Agency will have to continue to be paid.

Young People on remand are classed as being LAC and also have access to care leavers' services across a range of budgets. These are in excess of the figures in the table above but included within the overall projections for the department. As the system does not separately identify costs relating to remand cases, it is not possible to identify this separately.

Unaccompanied Asylum Seeking Young People are also required to receive these leaving care services and we have 11 over 18s which is putting pressure on the UASC budget.

The majority of families presenting as NRPF needs are housing. Meetings are on-going to discuss options to reduce cost and strengthen processes and procedures. The work being undertaken by Housing Needs to stimulate local private housing supply and wider options will assist in reducing these costs. Discussions are on-going regarding the most economic way of procuring housing for families with no recourse to public funds.

Community and Housing

At the end of March 2016 Community & Housing had a net over-spend variance of £940k against a predicted forecast of £876k reported in January 2016. The main contributors to this variation came from fees and charges for placements, Merton Adult Education and Housing budgets.

The Department received funding/growth of £3.9m for protecting and modernising social care and increased integration under the Better Care Fund and to manage the new duties arising from the Care Act 2014.

15/16	Current Budget	Full Year Outturn	Outturn Variance	Jan Forecast Variance	Outturn Variance 14/15
	£'000	£'000	£'000	£'000	£'000
Access and Assessment	40,882	44,141	3,259	2,114	2,648

Libraries and Heritage	2,243	2,067	(176)	(90)	4
Merton Adult Education	(154)	63	218	249	254
Housing General Fund	1,903	1,365	(538)	(328)	(106)
Total (Controllable)	56,453	57,393	940	876	2,748

Overspending in Adult Social Care has been netted down by a one off Public Health transfer of £328k in 2015/16. Difference between Access & Assessment and Direct Provision to forecast is partly due to internal recharges at year end. The majority of Community & Housing overspend is in Access & Assessment as demonstrated in the table below.

Access & Assessment- £3,259k over spend

Access & Assessment	Full year Outturn Variance £'000	Jan Forecast Variance £'000

Adult Social Care

Placement Activity

The total gross placement budget for 2015.16 was £38.1m and outturn total expenditure was £41.3m, this is £396k less than forecasted in January 2016.

Increase in number of packages is as a result of internal placements.

The table below details the current number of clients and care packages numbers as at March 2016.

Activity Data	Care packages (No's) Mar'16		Care packages (No's) Jan'16	Clients (No's) Mar'16		Clients (No's) Dec'16
Service Areas						
Mental Health	140	↑	134	125	↑	115

Total	2,673	↑	2,627	2,022	↑	1,918

Challenges of Adult Social Care in 2015.16:-

Access and Assessment

There is evidence of some success in managing demand in 2015/16 in order to achieve savings required. Throughout the year providers sought inflationary increases and at one point it was very difficult to place clients due to competition from other purchasers in the market willing to pay a higher rate for nursing, residential and homecare placements.

The main pressures were:

Price pressures. Nationally the market in social care has shown that providers are successfully demanding increases in fees. This is due to pressures such as clarification over the definition of minimum wage and increasing challenges in hiring staff. Merton has in recent years held fees low compared with other boroughs, for example by not offering an increase in general for inflation for five years. However, providers can now obtain better prices from neighbouring

boroughs and/or the NHS. This means that to secure supply and sustain a viable market Merton had to negotiate new higher fees.

The impact of the negotiations agreed to date is £581k (£387k for Residential and Nursing placements and £194k for domiciliary care providers. Price increases were not offered to all providers.

NHS pressures. The lack of domiciliary and bed-based capacity in the national and local social care market resulted in a significant negative impact on the ability to avoid Delayed Transfer of Care (DToC) charges, which will be further compounded by Winter pressures;

Cost of DToC fines incurred during 2015/16 were considerably higher than in previous financial years.

New responsibilities arising from the Cheshire West judgement

The Government provided some funding to cover the implications of the Cheshire West judgement around Deprivation of Liberty Assessments (DOLS) £80K. The actual spend on DOLS IN 2015/16 was £537k net. Number of cases dealt with during 2015/16 was £651. Thus allocated grant of £80k and £125k reserves was insufficient for the new responsibilities.

Ordinary Residents Three new Ordinary Residents cases costing £193k were passed to Merton by neighbouring boroughs. Similarly LBM transferred packages worth £58k to neighbouring boroughs.

Increasing cost trends resulting from the complexity of support for young people in transitions from CSF to Adult Social Care. In 2015/16 transitions forecasted spend was £675k, actual cost was £589k, of which £319k relates to clients over 21 years old.

Placements Income

There were fewer clients in residential placements resulting in significantly less client contribution. This was not identified until very late in the year.

The prediction and monitoring of income is a key budget area which needs substantial further development and ownership by managers. It is expected that the new social care system will contribute to solving this problem but will require changes in management processes if improvements are to be delivered.

Commissioning under spend £50k

There were various staff vacancies across this division throughout this financial year in light of the planned restructure.

Direct Provision under spend £197k

Under spend is due to internal recharge between Access & Assessment and Direct Provision at year end.

Plans are in progress to transfer permanent budgets from Access & Assessment in 2016/17 to cover cost of the increase demand for internal placements in supported living.

Re-ablement under spend by £286K

Under spend is as predicted of which £189k relates to salaries, £59k on supply and services and travel £38K.

Transport SLA (Core-route) - £11k over-spend and other routes underspent by £2k.

Residential Homes £179k over spend

Riverside has overspent by £96k of which £89k is on salaries part of which is due to the implementation of the single status.

Meadowsweet was also over spent by £83k all of which also mainly on salaries.

This in part is due the provision of staff to cover Cliveden Road, which is a Supported Living unit and the implementation of single status.

Directorate - £1,247k under spend

Directorate under spent on salaries by £67k and supply and services by £1.180m. Care Act grant was used to mitigate pressures on the placements budgets, due to the request for enhanced fees and Adult Social Care (ASC) new duties of market oversight under the Care Act, ASC might have been able to bear down harder on care package volumes had it not been for national eligibility criteria.

Libraries- £176k under spend

Throughout the year libraries was forecasting an under spend, and in January 2016 forecasted to underspend by £90k. However as at year end this increased to £176k. This is due to vacant posts, reduction in spend on supply & services, contracts and better than expected income collection. Improvements are required in monitoring in this area.

Merton Adult Education - £218k over spend

Merton Adult Education (MAE) had been consistently forecasting an over spend of £249k for 2015/16. The difference is due to additional contribution from reserves of £31k to cover cost for works undertaken during the financial year on the conversion of MAE to a commissioning model.

During 2015/16 MAE's SFA grant and other associated fee income reduced compared to 2014/15 by £237k. This service had £176k savings applied to its budget.

Housing - £538k under-spend

Housing was forecasting an under spend of £382k but due to additional housing benefit income and client contribution outturn increased to £538k

There is still an on-going housing benefit issue regarding entitlement not matching subsidy received by the Local Authority. This issue is expected to be resolved in 2016/17.

There is a need to improve the in year monitoring for this service.

Public Health

This service was forecasting an over spend in January 2016 of £71k.

Public Health	Budget	Full Year Outturn	Outturn Variance	Jan Forecast Variance	Outturn Variance 14/15

Healthvisiting	(1,476)	(1,476)	0	0	0
Total Net Public Health	295	295	0	71	(1,075)

Under-spends on Public Health budget lines 2015/16 is due to the following:-

- Directorate under spent on staffing and fees.
- In year reduction of Public Health main grant of £663K.
- Change in joint working arrangement with Merton CCG regarding the 'Weight Management' contract and the uncertainty surrounding the in year grant reduction.
- Substance misuse contract was under re-procurement.
- Sexual Health budget is unpredictable since it is activity based thus difficult to forecast accurately. It is hope that once a trend is established forecasting in this area will improve.
- Public Health also received £21.5k health premium incentive payment for progress made in improving the health of the local population.

Section 6 Quality of Budgetary Control

In recent years the quality of budgetary control has been somewhat erratic, and was particularly poor in 2010/11 and 2011/12. In overall terms the quality of budget monitoring has very substantially improved since then

Service Expenditure

The graphs below show that in May and June overspending was significantly underestimated and from July to December it was overestimated.

Quality of Monitoring

As the text above shows that from the overspending in 2 areas Adult Social Care and Parking exceed the bottom line overspending. There are other areas where significant overspending occurred:

- Childrens social care and commissioning
- Street scene and waste

The graphs below examine the quality of monitoring in each of these areas and remaining budgets

Adult Social Care

The scale of the overspending was consistently underestimated throughout the year. The final outturn overspending was 2.5 times greater than the May estimate

Parking

Once it became apparent that ANPR would be delayed in implementation the forecast in spending was close to the actual out-turn

There are a few other areas where overspending exceeded £500,000

Children's Social Care & Commissioning

In Children's Social Care the scale of the overspend was heavily overestimated from June to January.

Street Scene and Waste

Street Scene and Waste overspent by over £500,000. A significant overspend had not been predicted since June and the overspend forecast in January was a seventh of the actual out-turn

Section 7 Reserves Position

Actual Movement in Reserves 2015/16	Bal at 31/3/15	Net Movt. in year	Bal. at 31/3/16

Capital Receipts	31,263	(1,681)	29,582
Capital Reserves	36,978	(3,242)	33,736

Earmarked reserves can only be retained for the purposes for which they were approved and a number have been closed and taken to the OCPB reserve for investment in efficiency and transformation. There will be further reviews of the usage of reserves in the year and other reserves that are not being actively used will be treated in a similar manner.

Section 8 CAPITAL

CAPITAL OUTTURN 2015-16

Outturn and Budget Management

The table (a) below shows that Total Capital Expenditure for 2015/16 is 29.3 million compared to the total projected by budget managers in November 2015 of £36.8 million (this equates to a negative variance of 19.03%. This overall total masks considerable variances on individual schemes and was less accurate than the projected 2014/15 variance of £5.3 million or 12.6%, 2013/14 variance of £1.6 million or 5.49% and 2012/13 variance of £4.8 million or 10.65%

Table (a) - Capital Outturn Position 2015/16

Department	Total Budget £000's	Adjusted Actual £000's	Outturn Variance to Budget £000's	November Forecast For Year £000's	November	% Variance to November Forecast %
					Forecast Variance to Outturn £000's	
Column	(1)	(2)	(3)	(4)	(5)	(6)
			(2)-(1)		(2)-(4)	(5)/(4)
Community and Housing	1,611	1,355	(256)	1,706	(350)	(20.54)
Corporate Services * and **	6,858	2,697	(4,161)	5,413	(2,578)	(47.62)
Children Schools and Families*	14,619	14,327	(292)	15,372	(920)	(5.98)
Environment and Regeneration * and **	14,127	10,948	(3,178)	14,015	(3,100)	(22.12)
Total	37,215	29,327	(7,887)	36,506	(6,947)	(19.03)

* Outturn Adjusted for leasing payments of £231k Multi Function Devices and Bins Leases £38k

** Budget increased during February/March 2016 by £26k Improving Financial Information Systems (for the purchase of a second Multi-Protocol Label Switching) and a £4k increase to one of the Transport for London Schemes.

Please see below for a description of major variances, slippage and drawn down on 2016/17 for funding of overspends.

Movement in the 2015/16 Original Approved Programme

The Capital Programme for 2015/16 as approved in March 2015 was £41.9 million. Subsequently, slippage from 2014/15 (£7.2 m), with other net adjustments of £1.265 million giving an effective opening programme of £47.9m. However, during the financial year £10.7 million was re-profiled (moved) into subsequent financial years. These movements are shown below. Coupled with the £7.8million underspend there has been effectively a 39% slippage or reduction in schemes from the initial budget plus new schemes.

Table (b) – Summary Movement in the Capital Programme since Approval March 2015

Depts.	Original Budget 15/16 £000's	Slippage 2014/15 £000's	Reductions/ Adjustments £000's	New External Funding £000's	New Internal Funding £000's	Re-profiling £000's	Final Budget 15/16 £000's
Community and Housing	2,161	1,436	189	0	0	(2,174)	1,612
Corporate Services	7,428	2,408	(171)	0	201	(3,009)	6,857
Children Schools and Families	17,105	1,014	(56)	(7)	750	(4,187)	14,619
Environment and Regeneration	15,240	2,345	(2,720)	253	296	(1,287)	14,127
Total	41,934	7,203	(2,758)	246	1,247	(10,657)	37,215

The table (c) below shows that levels of slippage and under spending remain high. In 2015/16 the outturn position of £29.3 million reflected the lower levels of spend on the primary expansion programme, this year almost 50% of outturn spend is from Children, Schools and Families.

Table (c) – Gross Capital Programme Compared to Final Budget and Outturn 2015/16

Department	Gross Programme £000s	Final Budget £000s	Outturn £000s	Underspend Against			
				Gross Budget		Final Budget	
				£000s	%	£000s	%
Community & Housing	3,786	1,612	1,355	(2,431)	(64.20%)	(257)	(15.92%)
Corporate Services	9,866	6,857	2,697	(7,169)	(72.67%)	(4,160)	(60.67%)
Children, Schools & Families	18,806	14,619	14,327	(4,479)	(23.82%)	(292)	(2.00%)
Environment & Regeneration	15,414	14,127	10,948	(4,466)	(28.97%)	(3,179)	(22.50%)
Total	47,872	37,215	29,327	(18,545)	(38.74%)	(7,888)	(21.19%)

Capital - Monthly Managers Forecast Spend to Outturn

The graph below shows the overall forecasting by managers of the outturn spend on capital over the last 5 years. There has clearly been an improvement with a much lower overestimate in spending in the earlier part of the year. For the financial years 2010-13 there was a continued problem with the quality of forecasting around December when the revenue budget for the following year is being prepared. The overestimate in spending feeds through into an overestimate of the budget for capital charges in the following year. For 2013/14, the graph shows that reasonably accurate outturn projects were available from October 2013. In 2014/15 budget managers continued to provide unrealistic estimates of spending above £40million until January 2015. In 2015/16 budget managers were forecasting a £36.7 million outturn in November 2015 this had reduced by £32.6 million by January 2016 monitoring – with final spend £3.3 million lower than finally projected

Capital - Monthly Managers Forecast Spend to Outturn 2010/11-2015/16

With the requested slipped budgets from 2015/16 the 2016/17 Capital Programme is currently almost £46 million; the authority is starting the financial year in a similar position as previous years. Financial officers will challenge budget holders to re-profile their budgets into subsequent financial years, where appropriate and this will be reported to Cabinet in September 2016. It seems extremely unlikely that this budget will be spent in the current year.

The graph below charts the monthly and cumulative difference between in year expenditure and profiled budget. Additional time will be spent this year working with budget managers to reduce the gap between spend and profiled budget

Original Budget 2016-17 - Current Profile Compared to Spend in 2015/16

£000s

The Level of Re-Profiling / Slippage from 2015/16 - Current proposals for slippage total just under £7.0 million (compared to £7.2 million in 2014/15, £2.1 million in 2013/14 and £5 million from 2012/13), this is summarised below. This will increase the budget re-profiled into subsequent financial years from 2015/16 to just under £17.7 million).

Table (e) – Current Slippage Position 2015/16

Department	Total Year End Variance 2015/16	Recommend Accept Slippage	Surrender	Bring Forward from 2016/17
	£000's	£000's	£000's	£000's
Community & Housing	(256)	271	0	0
Corporate Services	(4,161)	4,065	72	0
Children, Schools & Families	(292)	534	143	(393)
Environment & Regeneration *	(3,178)	2,176	693	0
Total	(7,887)	7,045	908	(393)

* Quietways (TfL) Scheme of £309k to be funded as part of 2016/17 TfL schemes to allow whole year to complete the scheme. If slipped into 2016/17 officers would only have four months to complete the scheme.

Major Variances

a) Community and Housing – No budget has been relinquished. Slippage has been given to three schemes Disabled Facilities Grants (£203,170), Laptops for Other Staff (£52,410) and Libraries Self Service (£14,970).

b) Corporate Services – Budgets totalling £102.9k have been relinquished. Slippage has been given to the following twelve schemes:

	£
Replacement Document Management	342,000
Customer Contact Programme	115,930
Data Labelling	3,550
Replacement Social Care System	29,250
Acquisitions Budget	1,033,300
Capital Bidding Fund	1,357,000
Invest to Save Schemes	735,170
Repair & Maintenance	70,580
Disaster Recovery	217,540
IT Equipment	50,650
Improving Financial Information Systems	83,100
Smartphones	26,670

c) Children, Schools and Families – Budgets totalling £39k have been relinquished. Slippage has been given to the following fourteen schemes:

	£
Primary Expansion Contingency	300,330
Joseph Hood School Expansion	3,720
Hillcross School Expansion	3,090
Pelham School Expansion	10,660
Poplar School Expansion	1,000
Cricket Green Site	1,560
Hatfeild School	70,730
Perseid	1,930
Schools Capital Maintenance	54,360
Secondary School Expansion	30,000
St Marks	12,060
Harris Merton	43,710
Harris Morden	760

d) Environment and Regeneration - Budgets totalling £707.6k have been relinquished. Slippage has been given to the following 27 schemes:

	£
CCTV (Match funding)	115,440
London Road Cemetery	11,490
Parks Investment	55,000
B617a-c Wimbledon Park Upgrade	2,330
TfL Slippage	239,000
B683 Cannizaro Park	2,630
Pay and Display Machine	40,230
Morden Leisure Centre	161,370
B672a-f Connecting Colliers Wood	5,050
Industrial Estate Investment	131,360
Town Centre Investment	177,070

Rediscover Mitcham	37,040
Morden Shopping Parade/Brighter Businesses	10,140
B591b Shop Front Improvement	45,510
Street Lighting Replacement Programme	200,000
Mobile Working Initiative	57,220
Colliers Wood Area (S106)	9,570
B626a-c Cottnm Pk&Holnd Gdn	14,650
Outdoor Gyms PH Funding	11,700
Pollution PH Funding	19,780
Improved Parking – Shopping Parades	9,900
B646a Lombard Industrial Estate	16,860
GPS Vehicle Tracking	130,000
Tackling Traffic Congestion	37,530
Anti Theft Pay & Display Machines	26,150
Canons Parks for People	91,960
Parks Leases	7,690
Colliers Wood Regeneration Fund	246,580
Nelson Gardens Community Space	10,170
Tamworth Paddling Pool	2,410
23 Mostyn Rd	45,000
Leisure Centres Plant & Equipment	202,580
B489 Landscape Colliers Wood	5,540

Revised Capital Programme 2016-20: The table below summarises the proposed changes to the approved Capital programme for 2016-20 a summary of the capital programme including slippage is shown as Appendix 3.

Table (f) - Merton's Capital Programme 2016-20

Departments	Original Budget 16/17	Slippage 2015/16	Revised Budget 16/17	Original Budget 17/18	Original Budget 18/19	Original Budget 19/20
	£000's	£000's	£000's	£000's	£000's	£000's
Community and Housing	2,074	271	2,345	1,055	629	280
Corporate Services	7,565	4,065	11,630	5,196	2,977	2,795
Children Schools and Families	13,998	141	14,139	19,829	12,990	4,955
Environment and Regeneration	15,658	2,176	17,834	12,664	15,474	4,277
Total	39,296	6,652	45,948	38,743	32,070	12,307

Summary

The Key observations from capital outturn are:

- a) The projected outturn position in November 2015 has been progressively less accurate since 2012/13. There remain some large variations within individual schemes especially within Business Improvement, Regeneration and Partnerships, Transport for London and Disabled Facilities Grants. Budget manager are currently being asked to review their in year spending profile and projected spending patterns over the period 2016-20. These changes will be reported to Cabinet in July 16. In addition, challenge meetings will be held with budget managers again this year over the summer and as part of September

and November monitoring to re-profile budgets and obtain accurate outturn projections as early as possible in the financial year

- b) The Capital Programme for 2016-20 needs to be reviewed and re-profiled to reduce it to a manageable and accurate level - The approved Capital Programme for 2015/16 was £39.296 million. Slippage from 2015/16, overspend adjustments, new funding and re-profiling have resulted in the proposed Capital Programme rising to £45.948 million. Budget Managers have already been asked to review the multi-year profile of their schemes, this challenge will continue in 2016/17. Officer time will be spent re-profiling the current and future year budgets and this will be reported to Cabinet in July 2016. Consideration will be given to the impact on subsequent financial years both in terms of the programme and the funding from revenue

9 CONSULTATION UNDERTAKEN OR PROPOSED

- 9.1 All relevant bodies have been consulted.

10 TIMETABLE

- 10.1 In accordance with current financial reporting timetables.

11. FINANCIAL, RESOURCE AND PROPERTY IMPLICATIONS

- 11.1 All relevant implications have been addressed in the report.

12. LEGAL AND STATUTORY IMPLICATIONS

- 12.1 All relevant implications have been addressed in the report.

13 HUMAN RIGHTS, EQUALITIES AND COMMUNITY COHESION IMPLICATIONS

- 13.1 Not applicable

14 CRIME AND DISORDER IMPLICATIONS

- 14.1 Not applicable

14. RISK MANAGEMENT AND HEALTH AND SAFETY IMPLICATIONS

- 15.1 There is a specific key strategic risk for the Business Plan, which is monitored in line with the corporate risk monitoring timetable.

16. APPENDICES – THE FOLLOWING DOCUMENTS ARE TO BE PUBLISHED WITH THIS REPORT AND FORM PART OF THE REPORT

- Appendix 1 Out turn position
- Appendix 2 Corporate items
- Appendix 3 Current Capital Programme 2016-20 including Slippage
- Appendix 4 Debt Report
- Appendix 5 Departmental graphs

17 **BACKGROUND PAPERS**

17.1 Budgetary Control files held in the Corporate Services department.

18. **REPORT AUTHOR**

- Name: Paul Dale
- Tel: 020 8545 3458
- Email: paul.dale@merton.gov.uk

Final Outturn as at 31st March 2016

<i>Variance Mar 15 to Mar 16</i>	<i>102,189</i>	<i>933,998</i>	<i>275,845</i>	<i>442,027</i>	<i>1,754,059</i>		<i>↑</i>

1.2 Since the position was last reported in December 2015, the net level of arrears, i.e. invoices over 39 days old, has increased by £327,689.

1.3 The net level of level of arrears has increased by £1,754,059 when compared to the position at the end of March 2015.

- 1.4 The above table shows the separate debt owed to CHAS 2013 Ltd.
- 1.5 The main increase in debt relates to housing benefit overpayments which have increased by £377,441 since last reported. The work being done on this area is detailed later in the report.
- 1.6 The increase in Corporate Services debt is due to re-charges owed to the South London Legal Partnership, although the majority of this has been recovered in April 2016.
- 1.7 Table 2 below shows the total net level of arrears for the last five years – not including debt that is less than 39 days old

Sundry debt March 2012 to March 2016 – not including debt that is less than 39 days old

Department	Mar 2012	Mar 2013	Mar 2014	Mar 2015	Mar 2016
	£	£	£	£	£
Env & Regeneration	471,420	724,076	719,101	812,515	1,072,574
Corporate Services	297,252	460,526	378,135	330,763	403,393
Housing Benefits	2,836,237	3,137,325	3,075,051	3,150,380	4,127,431
Children, Schools & Families	125,154	317,776	339,885	370,008	409,079
Community & Housing	2,713,370	3,784,562	4,528,492	4,146,018	4,595,399
Chief Executive's	0	0	500	0	0
CHAS 2013			88,590	137,912	93,779
Total	6,443,433	8,424,265	9,129,754	8,947,596	10,701,655

- 1.6 The figures in table 2 (above) show that the major area of increase in debt over the four year period is housing benefit overpayments and Community and Housing. It should be noted that the amount of housing benefit paid out has increased over this period. In 2008/09 £61.3 million was paid out and just under £100 million was paid in 2015/16. The level of Community and Housing debt over 39 days has increased by just under £1.88 million in the four year period.
- 1.8 The increase in debt for Environment and Regeneration is mainly due to increases in Town Planning, Environmental Health and Trading Standards and Waste debts. These three service units have seen a total of £950,000 increase since March 2012.
- 1.8 The action being taken to recover the largest debts is outlined below

2 THE PROCESS FOR COLLECTION OF MISCELLANEOUS DEBT

- 2.1 In considering the current levels of debt, it is important to outline the general process Merton currently has in place to collect its arrears. In general terms the process has 5 stages, as detailed below, although processes employed vary by debt type. It is important to note that most debtors can not pay their outstanding liabilities other than by payment arrangements. Once a payment arrangement has been made it can not be changed without the debtors consent.

The process for collecting debt

Stage 1	Stage 2	Stage 3	Stage 4	Stage 5
Invoice issued to debtor with 30 days allowed for payment.	After 30 days and following two requests for payment, a final warning notice is issued and the case passed to the Debt Recovery team.	The debt and debtor is evaluated to ensure the most effective recovery action is taken to attempt recovery. This will include contacting debtors' direct and collecting payment or agreeing repayment plans and passing the debt to collection agents to collect on our behalf, bankruptcy proceedings, attachment to benefit etc.	If the debt remains unpaid then County Court action is taken by the Debt Recovery team's solicitor who administers this process.	The final stage is consideration of the debt for write-off if all other attempts to collect the debt have failed.

3 DEBT OVER ONE YEAR OLD

- 3.1 Debt over 1 year old has increased by £554,557 since the end of December 2014, an increase of 9.38%.

Debt over 1 year old compared to December 2014

Department	Dec 2014	Mar 2016	Variance	% Variance
Env & Regeneration	£451,983	£343,557	-£108,426	-31.56
Corporate Services	£283,173	£235,489	-£47,684	-20.25
Housing Benefits	£1,781,334	£2,212,800	£431,466	19.50
Childrens, Schools & Families	£263,050	£202,772	-£60,278	-29.73
Community & Housing	£2,565,992	£2,888,542	£322,550	11.17
Chief Executives	£500	£0	-£500	0.00
CHAS 2013	£9,384	£26,813	£17,429	
Total	£5,355,416	£5,909,973	£554,557	9.38

- 3.2 The majority of debt over 1 year old is for Community and Housing debts and housing benefit overpayments.
- 3.3 The debt for Community and Housing over a year old has increased by £322,550 since December 2014.
- 3.4 Over the past few years council staff have been working closely and following new processes to manage this debt. This work involves regular joint meetings between the financial assessments, social services, client financial affairs and debt recovery teams to review the debts of individual clients and establish action plans for each one.
- 3.5 These actions include, but are not limited to: early intervention from social workers to prevent debts from getting out of control and to ensure that clients are supported earlier to get their finances in order; as part of their induction all new Social Workers spend time with the Financial Assessment Team, to understand how financial assessments are carried out; social workers also check to see if there any safeguarding issues around non-payment of bills and work very closely with the Welfare Benefits Officer; there is more use of credit checks and land registry checks when assessing/investigating debt issues; increased involvement from the client financial affairs team to take appointeeship for those without capacity or appropriate deputyship; Increased identification of cases where we will consider legal action to secure the debt and generally to share information and support each other in the collection and prevention of this debt. Although the debt has grown the actions being taken are mitigating the impact.
- 3.6 The total debt figure for Community and Housing, including debt that is less than 39 days old, is £5.95 million. Of this £4.638 million is Community Care debt. Of the Community Care debt £0.65 million is under 39 days and therefore no formal recovery action has taken place other than issuing an invoice and reminder. Of the remaining £3.988 million debt which is older than 39 days just under £1.0 million is secured debts against charging orders or deferred payment arrangements, £0.925 million is where the council has deputyship or awaiting probate, £0.3 where court action is taking place or there are queries on the invoices and a further £0.37 million has repayment arrangements in place. We are actively working on securing the remaining debt by similar means.
- 3.7 A new working group chaired by the Director of Community and Housing has been set up to monitor Community Care Debt and to work across departments to improve processes and ensure best practice is in place to maximise collection of debts at all stages.
- 3.8 The table below shows the breakdown of Community Care debt by recovery action

Total Community Care Debt by recovery action as at March 2016

Community Care Debt	31 March 16	Percentage at stage
Invoice stage	656,084	14%
Charge & Deferred Payment	995,753	22%
Payment arrangement	372,108	8%
Probate, DWP & Deputyship	925,447	20%
Court action	147,886	3%
Dept or service query	154,802	3%
No action secured	1,386,446	30%
Total Debt	4,638,526	

- 3.9 There is £1.3 million of other Community and Housing Debt, this is made up of £430,000 of debt owed to Mascot although the vast majority of this is debt under 39 days old. There is also £645,000 debt owed to Housing and Social Services Accountancy team, which is mainly due from Merton CCG and some debt owed from other councils. Just over £400,000 of this debt is over 39 days old and is being pursued.
- 3.10 The total amount of housing benefit debt is £7.973 million, this figure includes £4,127,431 within the sundry debtors system as reported in 1.1 above and the debt still within the housing benefit system.
- 3.11 It has been previously reported that the Department of Work and Pensions commenced a “Real Time” Information initiative at the end of September 2014 which was aimed at identifying overpayments of housing benefit. The DWP have compared housing benefit claim data and HMRC data and over the six month life of the initiative highlighted 900 cases for Merton where there were data discrepancies.
- 3.12 In May 2015 the second phase of the initiative commenced and we are receiving approximately 150 cases per month.
- 3.13 As at the end of March 2016, £2.625 million of overpayments have been identified and created. A number of cases have resulted in overpayments of over £10,000 and have been referred to the Internal Audit team and the new joint DWP Fraud team.
- 3.14 Where possible these overpayments are being recovered from on-going benefit payments. We are entitled to deduct between £10.95 and £23.35 per week from on-going housing benefit dependant on circumstances. Where the change has resulted in housing benefit being cancelled or nil entitlement we contact the claimants employer and are paid a percentage deduction of their salary each month. So far we have over £180,000 set up to recover in this way.
- 3.15 A further tranche of these cases will be started from May 2016.

- 3.16 The Department of Work and Pensions commenced another initiative in the final quarter of 2014/15. This initiative is where council's are encouraged to identify fraud and error within the system and have been awarded set up funding and on-going funding based on achieving performance targets. This initiative is being extended for 2016/17.
- 3.17 The Council met its target for December 2014 to March 2015 and obtained £22,000 in additional funding and exceeded the upper target for the first quarter of 2015/16 and received £23,000 in additional funding. The second quarter target for 2015/16 was not achieved although the third quarter target was achieved and a further £14,000 additional funding received.
- 3.18 These two initiatives and the normal churn of claims has resulted in the level of housing benefits debt increasing and it is very likely that it will continue to increase.
- 3.19 Although the overall housing benefit debt has increased there has been an increase in the amount of debt either being recovered from on-going benefit or on arrangements, with £3.1 million being recovered from on going benefit by reducing current housing benefit payments. This figure has increased by £0.3 million since reported in September 2015. Just under £4.9 million is on a payment arrangement or recovery from on going benefit
- 3.20 The table below shows breakdown of all housing benefit overpayments by recovery action.

Total Housing Benefit Debt by recovery action from April 2015 to March 2016 by quarter

	Jun-15	Sep-15	Dec-15	Mar-16
Invoice and Reminder stage	542,969	814,303	1,571,934	1,205,885
On-going recovery	3,070,965	2,839,286	3,237,225	3,105,644
Payment Arrangements	1,514,546	1,324,634	1,606,401	1,792,340
No Arrangements secured	2,325,949	2,255,792	1,608,915	1,870,006
Total HB Debt	7,454,429	7,234,015	8,024,476	7,973,875

- 3.21 We have continued to review and target all housing benefit debt. We have tried to improve the procedures at the beginning of the process when a debt is first identified by ensuring that invoices are raised as soon as possible to give the best chance of recovery, we are targeting debtors who are now in work and we will be applying to recover the overpayments from their employers and we are looking at the oldest debts to consider if they are still collectable. However, it should be noted that a lot of the housing benefit debt is very difficult to recover as

the Council's powers of recovery are very limited unless the debtor works or owns their own property.

- 3.22 The table below shows the amount of debt written off in accordance with financial regulations and scheme of management in 2014/15 and the first quarter of 2015/16.

Debt written off in 2014/15 and 2015/16 by debt type

	2014/15	2015/16				
	Total	Quarter 1	Quarter 2	Quarter 3	Quarter 4	Total
Debt type						
Sundry Debt	£347,726	£0	£223,528	£263,937	£94,372	£581,837
Housing benefit overpayments	£1,050,105	£194,200	£98,421	£102,565	£115,166	£510,352
Council Tax	£526,881	£177,455	£252,263	£337,514	£184,048	£951,280
Business Rates	£790,373	£0	£0	£387,475	£272,039	£659,514
Total	£2,715,085	£371,655	£574,212	£1,091,491	£665,625	£2,702,983

- 3.23 Of the business rates debt written off in 2014/15 just over £400,000 related to businesses that went into liquidation and for 2015/16 £392,000 related to businesses that went into liquidation and therefore it was not possible to collect the rates.
- 3.24 Towards the end of 2014/15 an exercise was commenced targeting the highest housing benefit debts with the aim of agreeing payment arrangements where possible and where appropriate writing debts off. This included many large overpayments, some identified through fraud activity where the prospect of collecting the debt was minimal. In some instances payment arrangements were put in place for 5 years and the remainder of the debt written off. If circumstances change of the debtors or after 5 years all payments are made there is the option of writing part or all of the debt back to collect.
- 3.25 Although the debt written off within 2014/15 does not relate to one specific year it should be noted that in 2014/15 the council was collecting a net debt of £101 million in council tax (this includes the GLA portion), a net debt of £87.8 million in business rates (this includes Business Rates Supplement) and approximately £44 million raised through sundry debts.
- 3.26 Every effort is made to collect all outstanding debts and debts are only written off as a last resort. The council is still collecting some council

tax debts that are greater than 6 years old or will have secured the debts against properties where possible.

4. PROVISION FOR BAD AND DOUBTFUL DEBTS

4.1 Provision has been made available for writing off bad and doubtful debts held within the ASH and housing benefits systems. These provisions are £2.83m for ASH miscellaneous debt and £6.29m for debt held in the housing benefits system, making a total General Fund provision for bad and doubtful debts of £9.12m. Clearly, every attempt is made to collect debts before write-off is considered. The current level of provision is analysed in the table below.

4.2 The Council adheres to the requirements of the SORP when calculating its bad debt provisions. Merton's methodology is to provide on the basis of expected non collection using the collection rates for individual departmental debt, and the age of the debt. Where collection rates improve or the average age of debt decreases, this impacts favourably on the bad debt provision.

Provision for Bad and Doubtful Debts

Department	Total Provision	
	At 31/03/2015 Re-stated	At 31/03/2016
	£000's	£000's
Env & Regeneration	332	377
Corporate Services	432	342
Housing Benefits	5,694*	6,287
Children, Schools & Families	90	121
Community & Housing	1,996	1,995
Total	8,544	9,122

*The housing benefit provision at 31/03/2015 had previously been reported as £6.344m, which included £0.650m to cover a probable repayment to central government arising from the audit of the housing benefit grant claim. A review of bad debt provisions in 2015/16 determined that this £0.650m is not provision for a bad debt. Therefore, the 31/03/15 provision has been re-stated to £5.694m.

5. EXECUTIVE SUMMARY / CONCLUSION

5.1.1 Merton's total level of miscellaneous debt arrears i.e. invoices over 39 days old, as at 31 March 2016 is £10,701,655.. The net level of arrears, when the matter was last reported in December 2015 was 10,373,973.

6. TOTAL DEBT DUE TO MERTON

The total amount due to Merton as at 31 March 2016 is detailed in table 6 below.

Total debt outstanding as at 31 March 2016 and compared with previous periods over the past 12 months

	Mar-15	Jun-15	Sep-15	Dec-15	Mar-16
	£	£	£	£	£
Miscellaneous sundry debt Note 1	14,201,393	10,837,854	10,443,846	11,272,021	16,281,729
Housing Benefit debt	7,070,861	7,454,428	7,234,014	8,024,475	7,973,874
Parking Services	2,143,597	2,197,074	2,120,147	2,026,990	2,236,486
Council Tax Note 2	3,730,152	5,281,972	4,554,084	3,954,459	3,696,585
Business Rates Note 3	638,077	1,758,523	1,741,972	1,502,441	1,112,781
Total	27,784,080	27,529,851	26,094,063	26,780,386	31,301,455

Note 1 This figure differs from the amount shown in Table 1 as it shows all debt, including that which is less than 39 days old.

Note 2 Council tax debt does not include the current year council tax collection.

Note 3 Business rates debt does not include the current year business rates collection

- 6.1 The overall debt outstanding has increased by £3.51 million in the past 12 months compared to the end of March 2015.
- 6.2 The areas where there has been the largest increase are miscellaneous sundry debts which has increased by £2.08 million although £1.0 million of this increase is for debt under 39 days, housing benefit debt by £0.9 million and business rates debt by £0.73 million.
- 6.2 Detailed breakdowns of the Council Car Parking figures are shown in the Table 7 below:

Table 7 – Car Parking Aged Debtors – March 2016

Age of Debt	Outstanding £	Number of PCNs
-------------	------------------	-------------------

APPENDIX 5

The following charts show the forecast year end variance by department with a comparison for 2012/13, 2013/14 and 2014/15:

Adult Social Care

Libraries & Adult Education

Housing General Fund

Community and Housing

Environment and Regeneration
