#### RESOLVED:

This Council recognises that despite fortnightly wheeled bin collections driving Merton's recycling rate to 7th highest in London and improvements delivered through the Labour administration issuing Veolia with a service improvement notice, the current contract has not performed to the standard we want.

This Council believes that residents must have confidence in any new arrangement that the Council enters into. The future contract must deliver:

- A specification that gives clear performance standards that officers, Councillors and our community can hold to account.
- A waste collection service that responds to the concerns of residents.
- A service that Keeps Merton clean.
- On time collections for all property types.
- Removal of fly tipping within an agreed timeframe.
- Continued increases in recycling rates for all parts of the borough
- The flexibility to deliver a great service for all parts of the borough.
- Digital innovation to make the service more responsive and transparent.

Council notes plans to take proposals for the future waste and street cleaning service to a special pre-decision Scrutiny meeting, where Councillors and members of the public can scrutinise any future plans, and that this special meeting will be live streamed on Merton Council's You Tube channel.

Therefore, Council calls upon the Cabinet to take account of the outcome of the current resident engagement and consultation in shaping the future waste and street cleaning service.
