## 9 SOUTH LONDON WASTE PARTNERSHIP - PROCUREMENT OF WASTE COLLECTION AND RELATED ENVIRONMENTAL SERVICES (Agenda Item 9)

The Leader of the Council announced that he would be taking item 6 Reference from Scrutiny on the South London Waste Partnership (procurement of waste collection and related environment services) as part of this item's discussion.

The Cabinet Member for Street Cleanliness and Parking presented the report which detailed the outcome of the procurement exercise for the preferred bidder and reserve bidder for both Lot 1 (waste collection, street cleaning, winter maintenance, vehicle procurement and fleet maintenance) and the Lot 2 (parks, arboriculture,

cemeteries and grass verges and tree maintenance services). In presenting the report Members were reminded that the proposals would lead to 6 days a week waste collection, through the use of wheeled bins across the Borough for the first time and an all year round street cleaning service. Also the proposal sought value for money for the Council whilst seeking an improved service for our residents and an approach that would increase recycling rates across the Borough. The Cabinet Member for Community and Culture also spoke on the report confirming that he supported the proposals in relation to Lot 2. He was excited about how the new contract would work in relation to our parks and especially in continuing to work with the Friends of our Parks to ensure our parks continue to be great places for our residents to visit.

Councillor Abigail Jones, Chair of the Sustainable Communities Overview and Scrutiny Panel was invited to present the Panel's reference, highlighting that at the scrutiny meeting there was not a unanimous view on the process as a whole, with some views being expressed over the financing of the wheeled bins. A number of proposals were put forward to be passed on to Cabinet, but only one carried was as detailed in the reference before the Cabinet, which suggested to Cabinet that further work be carried out over the number of household that would need support with using the wheeled bins and to look at the number of households that won't be able to have the wheeled bins. The Cabinet Member confirmed he was more than happy to take on board the reference and would ensure that it occurred as part of the fine tuning with our preferred bidder.

Terry Downs (GMB steward in Greenspaces) addressed the meeting on this issue.

In considering the proposals Cabinet made it clear how pleased they were with the proposals as it would improve and modernise services for our residents, they would further look at the results of the pilot in Lavender Ward to see what could be learnt. The Leader commented that he and his Cabinet would be working with officers, our partners and our preferred bidders to ensure there would be some flexibility in start date of the proposals to ensure that the commencement of the new approach met with the needs of our residents.
