Implementation of the EHCP Hub (funded from the SEN support grant) will improve the timeliness of the statutory assessment process, enabling channel shift and improved timeliness, streamlining partners contributions to the EHCP process and reducing ongoing costs in relation to the current paper based system.</p> <p>Risk of redundancy and costs of redundancy for experienced staff. Affecting one or two posts out of four</p> <p>No specific implications</p> <p>Will be implications with pressure on other CSF services including children's social care.</p> <p>We will use the Council's agreed HR policies and procedures for restructuring and will complete EAs. Our approach is to target our resources on the most vulnerable children and young people and their families, these savings will impact on those already most at risk and vulnerable children at the top end of our Well Being Model.</p> <p>We have identified the EHCP Hub implementation in our TOM as a key element in our channel shift and timeliness of statutory assessment processes. The TOM sets out an approach to prioritisation but this saving will impact on those already most at risk because of their SEND and their families.</p>	577	72				Medium	Medium	SS2

Less resource and flexibility to meet increasing demands will lead to a risk of decreased timeliness of response to customers and reduced support for vulnerable children and young people.</p> <p>A reduction of 10-12 posts from a total of 65FTE.</p> <p>We will prioritise our core statutory education and social care functions.</p> <p>A smaller workforce will reduce our ability to work on cross cutting issues and new developments.</p> <p>We will use the Council's agreed HR policies and procedures for restructuring. An EA will be developed for the service change staffing proposals.</p> <p>The TOM includes a focus on delivering the restructure as well as flexible working and the embedding of MOSAIC. There are also twenty lunch clubs that provide an alternative service. As less people are choosing to attend these formal day centres we increasingly have vacancies within these provisions that exceed expected demand. This proposal seeks to assess and analyse the demand and supply of activity aimed at supporting older people to access community activity. This will objectively look at the supply of building based and non-building based activity, its utilisation and the limitations on providing what people expect and need within the current model. It will provide the department with the rationale, future demand profile and capacity requirements future commissioning intentions of both external and in-house building based provision. C&YP	CSF2018-08	<b>Service Description</b>	<b>Education</b> Review Early Years service: reduce some direct services which are delivered through the Early Years Service and the number and location of buildings they are delivered from.	2,071		150			Medium	High	SS2
		<b>Service Implication</b>	This will mean reduced support for vulnerable babies, children and families accessing targeted services as well as the universal offer. This reduced offer could result in increased numbers needing high cost statutory intervention.								
		<b>Staffing Implications</b>	Majority of costs associated with direct services are staffing and building and facility costs as part of this proposal. This will equate to approximately 3-5 members of staff and/or associated building costs.								
		<b>Business Plan implications</b>	No specific Implications								
		<b>Impact on other departments</b>	These reductions will place additional burdens on universal, targeted and specialist services.								
		<b>Equalities Implications</b>	This will reduce support to vulnerable children and families increasing pressure on our parents/carers and universal service's capacity to manage these needs.								
		<b>TOM Implications</b>	The TOM sets out an approach to prioritisation but this level of saving is likely to impact most on those already most at risk.								

## DEPARTMENT: Children, Schools and Families

Panel	Ref	Description of Saving		Baseline Budget 18/19 £000	2019/20 £000	2020/21 £000	2021/22 £000	2022/23 £000	Risk Analysis Deliverability	Risk Analysis Reputational Impact	Type of Saving (see key)
C&YP	CSF2018-09	<b>Service Description</b>	<b>Education</b> Radically reduce some statutory education functions	8,137		200			High	High	SS2
		<b>Service Implication</b>	We will agree with schools priorities for the use of the retained DSG to support delivery of a reduced statutory service function.								
		<b>Staffing Implications</b>	Majority of costs associated with direct services are staffing costs as part of this proposal. This will equate to approximately 7 members of staff								
		<b>Business Plan implications</b>	No specific Implications								
		<b>Impact on other departments</b>	No specific Implications expected although we could see some legal challenge.								
		<b>Equalities Implications</b>	We will use the Council's agreed HR policies and procedures for restructuring and will complete EAs. This will reduce support to vulnerable and at risk children, increasing pressure on our universal service's capacity to manage these needs.								
		<b>TOM Implications</b>	Statutory Education and Social Care services for C&YP will be further reduced. The department will be reorganised to reflect downsizing. This saving is in line with TOM direction of travel to focus delivery on the council's statutory duties. Detailed work will need to ensure that risk and vulnerability is prioritised and careful consideration of the ability to deliver the statutory minimum required.

C&YP	CSF2018-10	<b>Service Description</b>	<b>Children Social Care</b> <b>Radically reduce support for LAC/CSE/respite</b> During 2019/20 we will review our eligibility criteria and service offer for some of our most vulnerable clients. This is likely to mean reduced therapeutic support to highly vulnerable children including looked after children and care leavers	10,545		200			High	High	SNS2
		<b>Service Implication</b>									
		<b>Staffing Implications</b>	These services are mainly commissioned or spot purchased. There may be staffing implications as the current contract means that some of our own staff are employed and could be eligible for redundancy.								
		<b>Business Plan implications</b>	No specific Implications								
		<b>Impact on other departments</b>	These reductions may place additional burdens on universal, targeted and specialist services.								
		<b>Equalities Implications</b>	This will reduce support to vulnerable and at risk children including C&YP In Need, on a Child Protection Plan, on the edge of care, Looked After C&YP, care leavers or young people with complex disabilities, young people in the youth justice system, increasing pressure on our parents/carers and universal service's capacity to manage these needs.								
		<b>TOM Implications</b>	The TOM sets out an approach to prioritisation but this level of saving is likely to impact on those already most at risk and vulnerable young people at the top end of our Well Being Model

<b>Adult Social Care</b>												
18/19		Mascot Telecare provides support for individuals to live at home by a combination of alarms and sensors. The service increasingly underpins packages of care provided via social work and reablement teams and can enable practitioners to be more precise with the amount of care visits required. Mascot also provides this service to a large number of self funders, as well as having contracts with Housing Associations to monitor extra care and supported living sites. A new Telecare hub is due to be installed at Mascot in late 2018 which will enable to staff to have more time and opportunity to widen the support offered and seek new commercial opportunities.	<p><b>Service Description</b></p> <p><b>Mascot Service( Direct Provision)</b> We are planning to maximise income generation from Telecare in a number of ways;</p> <p>Increase individual paying customers Review and renegotiate existing commercial contracts with Housing Associations, and seek more similar business.</p> <p><b>Service Implication</b></p> <p>Compete for Telecare contracts in other boroughs. With changes to the structure of the department, the implementation of SCIS and a focus on minimal education and social care core functions we will redesign our workforce across the smaller department. We have reviewed our workforce following our strategy to reduce agency cost and changes to team management positions. Due to less experienced staff and increased inspection burdens, we revised the risk score for this saving.</p> <p>Expect a reduction of 7 posts from a total of 65FTE.</p> <p>We will prioritise our core statutory education and social care functions.</p> <p>A smaller workforce will reduce our ability to work on cross cutting issues and new developments.</p> <p>We will use the Council's agreed HR policies and procedures for restructuring. An EA will be developed for the service change staffing proposals.</p> <p>The TOM refresh includes an increased focus on delivering the restructure as well as flexible working and the introduction of the SCIS. The CSF workforce needs to be more highly skilled and flexible. Delivery of a functioning MOSAIC product is key to delivering this saving.</p>	1,049	201				High	Medium	SS2
