1 PURPOSE OF REPORT AND EXECUTIVE SUMMARY

- 1.1. To inform members about investigations authorised since September 2018 under RIPA.

2 DETAILS

- 2.1. The council has a number of statutory functions that involve officers investigating the conduct of others with a view to bringing legal action against them. These functions include investigating anti-social behaviour, fly tipping, noise nuisance control, planning (contraventions), benefit fraud, contraventions of trading standards, licensing and food safety legislation.
- 2.2. Whilst the majority of investigations are carried out openly, some investigations must be carried out using covert surveillance techniques or involve the acquisition of communications data. Communications data is information about the times of calls or internet use and the location and identity of the callers, but not the content of the calls or details of the websites viewed.
- 2.3. RIPA regulates the authorisation and monitoring of these investigations to safeguard the public from unwarranted intrusion of privacy.
- 2.4. With effect from 1 November 2012, the Protection of Freedoms Act 2012 requires local authorities to obtain the approval of a magistrate for the use of covert surveillance.
- 2.5. In line with the revised Code of Practice, reports detailing the use of RIPA are submitted to Standards and General Purposes Committee on a regular basis.
- 2.6. Since September 2018, one request for directed surveillance has been authorised in relation to flytipping. This resulted in 14 cases, of which nine received Fixed Penalty Notices of £400; one Home Office caution; one investigation pending and three cases that were cancelled.

- 2.7. Since September 2018, there have been no requests for CCTV footage for RIPA investigations.
- 2.8. No RIPA authorisations have been rejected by the Magistrates Court.
- 2.9. Since September 2018, no applications have been made for the acquisition of communications data.
