Summary Statement of Accounts 31st March 2019

INTRODUCTION

The purpose of this explanatory paper is to provide Council stakeholders with a guide to the full Statement of Accounts and to give clear answers to the following key questions:

- What did our services cost in the year?
- Where did the money come from?
- What are our assets and liabilities?

It is both a summary and an interpretation of the accounts, highlighting the key issues that have arisen during the financial year. The full set of accounts are available on the Council's website at:

https://www2.merton.gov.uk/council/finance.htm.

THE STATEMENT OF ACCOUNTS

The Statement of Accounts, which has been prepared in accordance with the Local Authority Code of Accounting Practice, is the source of information for this paper, which focuses on the following key areas:

Comprehensive Income and Expenditure Statement - Shows the net cost of Council services and the income received from fees and charges and specific grants from Central Government.

Balance Sheet - Shows the Council's assets and how they have been financed.

Pension Scheme (Defined Benefit Pension Scheme)- Shows member contributions to the scheme and the benefits paid from it, together with details of investment activity during the year. It excludes Pension Fund liabilities.

FINANCIAL HIGHLIGHTS 2018/19

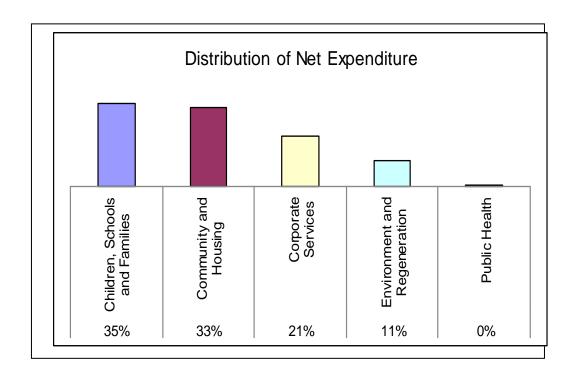

- Total net assets decreased by £7m, comprising a £13m decrease in unusable reserves and a £6m increase in usable reserves. The £13m decrease in unusable reserves was due to a £19m decrease in capital reserves; increase in the pensions reserve and Collection Fund adjustments totalling £6m.
- Borrowing remained unchanged at £113m at 31/03/19.
- The Council had a net underspend of £7.6m against its budget in 2018/19, which has been added to earmarked revenue reserves.

REVENUE SPENDING

Merton's net cost of services was £179.4m, attributable to services as shown below:

How was expenditure funded?

Other than income collected by departments from fees, charges and specific government grants, services are paid for from contributions from the business rates pool, council tax and special grants for specific purposes. The following chart shows the actual funding of the net cost of services from local taxation and non-specific grant income:

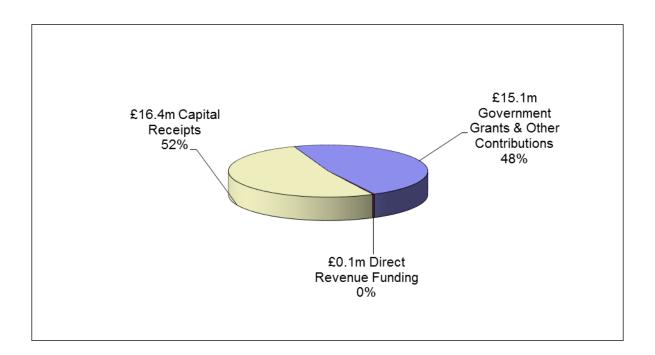

CAPITAL SPENDING

Capital expenditure relates to spending on fixed assets such as buildings and equipment where the benefits to the Authority last for more than one year. The Council spent £31.6m in 2018/19 as shown below.

^{*}This is revenue expenditure, which can be funded from capital resources under statutory requirements.

Capital spending was financed from a variety of resources as shown below.

Capital expenditure and the budget for the next four years, is shown by department in the following table. The budget is based upon the budget approved on 6 March 2019 plus slippage:

RESERVES AND FUND BALANCES

In total, the Council now has usable reserves and fund balances amounting to £93m, being £26m capital receipts and grants, and £67m fund balances and revenue reserves which are broken down below.

Breakdown of Fund Balances and Revenue Reserves

PENSION SCHEME

The pension scheme is financed by contributions from employees and the employer, together with income and proceeds from investments administered by the Council. The Council is required to report where the assets and liabilities stand on an IAS19 commitment basis. On this basis, the assets in the scheme increased by £54m during the year to £665m and the estimated pension liability increased by £46m to £1,007m, leading to an £8m increase in the pension deficit, which stands at a notional £342m. Although this is a significant notional liability, the basis on which the pension deficit is valued for funding purposes is determined by a separate triennial actuarial valuation. Under the latest actuarial valuation, the Council has a 12-year plan to eliminate the deficit.
