Page 84: add additional paragraph

Add the following additional paragraph just before the conclusion:

"Adopted UDP Policy C.13 states that where new housing development will lead to a need for improved or additional educational provision, such provision, or financial contributions towards the facility, will be sought. However, it is considered that given the proposed flats will be a maximum of 2 bedrooms in size and will be strictly marketed to the over 55s, that it is unlikely that they will accommodate a family. It would therefore be unreasonable to seek an education contribution in this instance".
