|       |      | Description  | Homecare Monitoring System   | 41,348                           | 32              | 110             |                 |                 | Medium                          | Low                                     | SP1                            |
|       |      | Service Implication  | The aim of this proposal is to roll out a home care monitoring system for all home care providers to ensure that we can monitor the delivery of home care visits. The system works by getting the carer to log when a care visit begins and ends. This monitoring will enable us to monitor and improve the quality of care. It also enables us to ensure that payments are accurate and timely. <b>This is in addition to CH88 previously submitted.</b> Further work has identified potential for additional financial benefits. |                                  |                 |                 |                 |                 |                                 |   |                                |
| ס     |      | Staffing Implications  | None   |                                  |                 |                 |                 |                 |                                 |   |                                |
| Page  |      | Business Plan implications   | The system supports efficiency and timeliness in payments to contractors.  |                                  |                 |                 |                 |                 |                                 |   |                                |
| 18    |      | Impact on other departments Equalities Implications TOM Implications | Finance and IT. The system is to be re-commissioned which may affect the interface with Mosaic and e5.  The proposals will have a positive impact for users of home care as it will improve monitoring of visits.  Efficient use of resources  |                                  |                 |                 |                 |                 |                                 |   |                                |

|       |      | Service/Section             | Library & Heritage Service   |                                  |                 |                 |                 |                 |                                 |   |                                |
|       | CH97 | Description                 | Increase income and make better use of technology to reduce costs  | 2,185                            |                 |                 | 60              |                 | Medium                          | Medium                                  | SI1 / SP1                      |
|       |      | Service Implication         | The income savings are associated to the development of West Barnes library. Opening new libraries with hireable spaces gives the service the opportunity to generate new income streams as demonstrated at Colliers Wood Library. The remaining savings will be achieved through deploying new self-service access technology that should reduce the need for a physical security presence in branch libraries. |                                  |                 |                 |                 |                 |                                 |   |                                |
|       |      | Staffing Implications       | There are no implications for Merton employees. The savings will be achieved through increased income and reducing contracted security guard expenditure.  |                                  |                 |                 |                 |                 |                                 |   |                                |
| D     |      | Business Plan implications  | Maintains the current opening hour and library network but may have some impact on usage by certain groups (e.g.   |                                  |                 |                 |                 |                 |                                 |   |                                |
| Page  |      | Impact on other departments | Ability to be able to provide assisted digital support for customers to access a range of Council services. Impact on  |                                  |                 |                 |                 |                 |                                 |   |                                |
| 19    |      | Equalities<br>Implications  | Depending on the self-service technology used access to buildings where there is no physical staffing presence may prevent children and young people accessing the space. The proposal will likely have an impact on all protected characteristics.  |                                  |                 |                 |                 |                 |                                 |   |                                |
|       |      | TOM Implications            | Ensures that the current level of opening hours and libraries is maintained. Includes income generation elements.  |                                  |                 |                 |                 |                 |                                 |   |                                |

## Type of Saving

SI1 Income: increase in current level of charges
Income: increase arising from expansion of existing service/new
SS1 Staffing: reduction in costs due to efficiency
SS2 Staffing: reduction in costs due to deletion/reduction in service SI2 Income: increase arising from expansion of existing service/new service

SNS1 Non - Staffing: reduction in costs due to efficiency

SNS2 Non - Staffing: reduction in costs due to deletion/reduction in service

SP1 Procurement / Third Party arrangements - efficiency

SP2 Procurement / Third Party arrangements - deletion/reduction in service

**SG1** Grants: Existing service funded by new grant

SG2 Grants: Improved Efficiency of existing service currently funded by unringfenced grant

**SPRO** Reduction in Property related costs

DEPARTMENT: CHILDREN, SCHOOLS AND FAMILIES - GROWTH PROPOSALS

| Panel | Ref | ,  | Description of Growth  | 2020/21<br>£000 | 2021/22<br>£000 | 2022/23<br>£000 | 2023/24<br>£000 | Type of<br>Growth (see<br>key) |
|-------|-----|--|--|-----------------|-----------------|-----------------|-----------------|--------------------------------|
| C&YP  |     | Description Service Implication  | ART - placements (fostering, residential, mother and baby and secure); supported housing; no recourse to public funds; UASC placements and former UASC who are now care leavers.  Reflecting the current cost pressures in the budget and anticipating future additional pressures. Overspending on the placements budget year on year. Child in care numbers are remaining stable, thanks to SIB and other initiatives. But extended duties to care leavers and increasing cost pressures in the sector mean that even with stable numbers of looked after children, costs continue to rise. In addition there's an agreed increase in UASC numbers which will also play out in care leaver numbers in due course. Spend on families with no recourse to public funds has reduced for the past three years, but continues to exceed the current budget and depending on Brexit outcome we could see an increased pressure here. | £000<br>1,556   |                 | £000<br>160     |                 | key)                           |
|       |     | Staffing Implications Business Plan implications Impact on other departments Equalities Implications  TOM Implications | N/a - relates to commissioned provision.  The growth will enable the service to meet its statutory duties for sufficiency of provision for looked after children and care leavers.  N/a.  Children's social care and youth inclusion supports vulnerable children and young people. Many of them and their families will have one or more protected characteristics. Growth in the placements budget will enable us to support these children and young people in appropriate placements until they leave care.  Consistent with TOM which predicted likely pressures on providing suitable placements. (Growth of £1m in 2017/18 left a residual pressure in the placements budget of £1.7m which the service has worked hard to bring down). Also reflects higher numbers of older looked after children who need more flexible housing arrangements and the impact of NRPF (p41)  |                 |                 |                 |                 |                                |

|       |            | •                                       | Waste, street cleansing, winter maintenance and fleet maintenance services contract (Phase C)  | 740             |                 |                 |                 | GNS1                           |
|       |            | Service Implication                     | In line with the annual review process growth is required to maintain the core service provision in waste collection and street cleansing. This takes into account additional property growth and other contractual matters. Following the annual review process schedule 10 of the contract is revised and the core financial cost updated. This equates to £740k per annum for Merton. |                 |                 |                 |                 |                                |

| Page  | Service/Section  Description  Service Implication  Staffing Implications  Business Plan implications Impact on other departments  Equalities Implications                                   | Infrastructure & Technology Division - Commercial Services Restructure of the Commercial Services (Procurement) team and deletion of 1 permanent FTE post. The Commercial Services team provide specialist procurement advice and support across all areas of the business. The team are responsible for delivering £14M of procurement related savings over the next three years and also ensure that the council is able to demonstrate value for money through its various procurement and commissioning activities. Restructure to reduce the permanent establishment by 1 FTE. Unlikely to fully achieve agreed corporate savings of £14M due to the reduction in the level of resources. Significant impact on other departments who rely on the Commercial Services team to provide specialist technical advice and support on procurement activities. | 323                              |                 |                 | 50              |                 | Low                             | High                                    | SS2                            |

| l age    |            |                             | Application to change Merton's PCN charge band from band B to band A. To effect this a full business case will need to be presented to Full Council. Following this, an application will be made to the London Councils Transport, and Environment Committee. Depending on the outcome at the Committee, the Mayor will also be required to ratify the application and the Secretary of State has final sign off. This 'saving' reflects the impact on estimated revenue until motorist compliance takes full effect. The objective is to reduce non-compliance but if the band change is implemented it is likely that there will be a short term increase in revenue.  In setting out its measures of success, the proposed bandings and increase in PCN charges aims to deliver better compliance and driver behaviours in respect of parking regulations, which will reduce congestion, and lead to improved traffic flows and availability of spaces.  The purpose of PCN parking charges is to dissuade motorists from breaking parking restrictions and charges must be proportionate. The income from charges must only be used in accordance with the Road Traffic Regulation Act 1984. These purposes are contained within the Council's traffic management and other policy objectives. | (7,921)                             | 340             | 340             |                 |                 | Med                             | Low                                     | SI1                            |

|       |            | Description  | The service change in October 2018 has had a significant impact on waste arisings and recycling levels. Residual waste volume has reduced by c12% whilst recycling levels have increased from c34% to c45%. Whilst we have already built £250k into the MTFS we believe that this can be added to. | 6,266                               | 250             |                 |                 |                 | Med                             | Low                                     | SNS1                           |

| Page 52 |             | Business Plan implications Impact on other departments Equalities Implications | There may be a reduction in performance against key performance indicators  The equalities impacts will depend on the detailed actions identified. However, Public Health services have a strong focus on  |                                  |                 |                 |                 |                 |                                 |   |                                |
|         |             | TOM Implications   | reducing health inequalities and the Council's response to that will be reduced as a result.  TOTAL  |                                  |                 | 500             |                 |                 |                                 |   |                                |

## DEPARTMENT: CHILDREN, SCHOOLS AND FAMILIES - SAVINGS TO BE REPLACED

| Panel | Ref |   | Description of Saving  | Baseline<br>Budget<br>£000 | 2020/21<br>£000 | 2021/22<br>£000 | 2022/23<br>£000 | 2023/24<br>£000 | Risk Analysis<br>Deliverability | Risk Analysis<br>Reputational<br>Impact | Type of<br>Saving<br>(see key) |
|-------|-----|---|--|----------------------------|-----------------|-----------------|-----------------|-----------------|---------------------------------|---|--------------------------------|
| C&YP  |     | Description Service Implication  Staffing Implications Business Plan implications | Cross Cutting Review of CSF admin structure With changes to the structure of the department, the implementation of MOSAIC and a focus on minimal education and social care core functions we will redesign our workforce across what will be a smaller department dealing with increasing demands. Less resource and flexibility to meet increasing demands will lead to a risk of decreased timeliness of response to customers and reduced support for vulnerable children and young people.  A reduction of 10-12 posts from a total of 65FTE. We will prioritise our core statutory education and social care functions. | 1,100                      | 300             | dive            | 2               |                 | Medium                          | High                                    | SS2                            |
|       |     | Impact on other departments Equalities Implications                               | A smaller workforce will reduce our ability to work on cross cutting issues and new developments.  We will use the Council's agreed HR policies and procedures for restructuring. An EA will be developed for the service change staffing proposals.  The TOM includes a focus on delivering the restructure as well as flexible working and the embedding of MOSAIC.  The CSF workforce needs to be more highly skilled and flexible. Delivery of a functioning MOSAIC product is key to delivering this saving.  | all                        |                 |                 |                 |                 |                                 |   |                                |

## DEPARTMENT: CHILDREN, SCHOOLS AND FAMILIES - SAVINGS TO BE REPLACED

| Panel | Ref        | ,                           | Description of Saving  | Baseline<br>Budget<br>£000 |     | 2021/22<br>£000 | 2022/23<br>£000 | 2023/24<br>£000 | Risk Analysis<br>Deliverability |      | Type of<br>Saving<br>(see key) |
|-------|------------|-----------------------------|--|----------------------------|-----|-----------------|-----------------|-----------------|---------------------------------|------|--------------------------------|
| C&YP  | CSF2018-09 | Service<br>Description      | Education Radically reduce some statutory education functions  | 8,137                      | 200 |                 |                 |                 | High                            | High | SS2                            |
|       |            | Service Implication         | We will agree with schools priorities for the use of the retained DSG to support delivery of a reduced statutory service function.   |                            |     | .0              | >,              |                 |                                 |      |                                |
|       |            | Staffing Implications       | Majority of costs associated with direct services are staffing costs as part of this proposal. This will equate to approximately 7 members of staff  |                            |     | dive            |                 |                 |                                 |      |                                |
|       |            | Business Plan implications  | No specific Implications   |                            | Sil |                 |                 |                 |                                 |      |                                |
|       |            | Impact on other departments | No specific Implications expected although we could see some legal challenge.  | \\ \text{\chi}             | 6   |                 |                 |                 |                                 |      |                                |
|       |            | Equalities<br>Implications  | We will use the Council's agreed HR policies and procedures for restructuring and will complete EAs. This will reduce support to vulnerable and at risk children, increasing pressure on our universal service's capacity to manage these needs.   | 91,0                       |     |                 |                 |                 |                                 |      |                                |
|       |            | TOM Implications            | Statutory Education and Social Care services for C&YP will be further reduced. The department will be reorganised to reflect downsizing. This saving is in line with TOM direction of travel to focus delivery on the council's statutory duties. Detailed work will need to ensure that risk and vulnerability is prioritised and careful consideration of the ability to deliver the statutory minimum required. |                            |     |                 |                 |                 |                                 |      |                                |

|------------------|------------|--|--|-------------------------------------|-----------------|-----------------|-----------------|-----------------|---------------------------------|---|--------------------------------|
| C&YP             | CSF2019-01 | Service Description Service Implication  | Cross Cutting Review of CSF admin structure With changes to the structure of the department, the implementation of MOSAIC and a focus on minimal education and social care core functions we will redesign our workforce across what will be a smaller department dealing with increasing demands. Less resource and flexibility to meet increasing demands will lead to a risk of decreased timeliness of response to customers and reduced support for vulnerable children and young people.   | 1,100                               | 200             |                 |                 |                 | Medium                          | High                                    | SS2                            |
| ,<br>;<br>;<br>; |            | Staffing Implications Business Plan implications Impact on other departments Equalities Implications  TOM Implications | A reduction of 10-12 posts from a total of 65FTE.  We will prioritise our core statutory education and social care functions.  A smaller workforce will reduce our ability to work on cross cutting issues and new developments.  We will use the Council's agreed HR policies and procedures for restructuring. An EA will be developed for the service change staffing proposals.  The TOM includes a focus on delivering the restructure as well as flexible working and the embedding of MOSAIC.  The CSF workforce needs to be more highly skilled and flexible. Delivery of a functioning MOSAIC product is key to delivering this saving. |                                     |                 |                 |                 |                 |                                 |   |                                |

| C&YP    |                | Service Description Service Implication Staffing Implications Business Plan implications Impact on other departments Equalities Implications | Cross Cutting  Early help re-design of Transforming Families team, Family and Contact team at Bond Road and 0-5s Supporting Families team To create a new all ages Family Wellbeing Service, that works intensively with children and families assessed as having needs prior to statutory intervention across the age ranges of 0-25. To streamline and improve referral, assessment and practice, creating economies of scale.  A staffing reorganisation is being implemented, and it is anticipated there will be a reduction of approximately 5-7 posts This will involve a change to service provision, bringing together several team functions from across a combination of teams within Children SC&YI and Education  Not significant, however, work is taking place to identify any possible impact across wider children's Contained with the EIA assessment as part of the reorganisation process. | 2,148                               | 100 |                 |                 |                 | Low                             | Medium                                  | SS2                            |

| What are the proposals being assessed?                      | CSF2019-13 - Proposed Savings:   |
|---|--|
|   | Review Adolescent & Family Services                                      |
| Which Department/ Division has the responsibility for this? | Children Schools and Families – Children's Social Care & Youth Inclusion |

| Stage 1: Overview  |   |
|--|---|
| Name and job title of lead officer   | El Mayhew, Assistant Director, Children's Social Care & Youth Inclusion   |
| 1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc) | The proposal is to review Adolescent and Family Services, as part of the wider CSC & YI Review, with a view to achieving £100k saving in financial year 2020/21.  Following completion of the Early Help Review and Consultation, coupled with the CSC & YI Review, the desired outcome is to improve alignment of services and interventions to children and young people at risk of contextual harms. Re-alignment of services could improve multi-agency working and safety planning for young people and realise savings and efficiencies from a reduction in staff posts.  There is a risk of less effective or reduced resource available to respond to Serious Youth Violence and exploitation of Merton children. This may result in increased numbers of young people being seriously injured or killed and an increase in the number of young people who need to become looked after to increase their safety. The review will consider the severity and likelihood of these risks. |
| 2. How does this contribute to the council's corporate priorities?   | This proposed review contributes to the council's corporate priorities in ensuring we manage our resources to provide value for money, high standards of governance, financial and budget management.  The desired outcomes of the proposal are to improve alignment of services and interventions which meets the safety needs of young people in the Borough, diverts demand from statutory services and delivers financial savings.  Sustainable and safe reduction of staff across CSF is an agreed objective in the CSF Business Plan.   |

|   | τ                   |
|---|---------------------|
| • | 20                  |
|   | $\overline{\sigma}$ |
|   | σ.                  |
|   |                     |

| 3. Who will be affected by this   | Young people, families and communities at risk of contextual harms.   |
|---|---|
| proposal? For example who are   |   |
| the external/internal customers, communities, partners, stakeholders, the workforce etc.  | The workforce may be affected by realigning existing staff from across multiple service areas. A reduction of 1.5 / 2 FTE permanently established posts would be required to achieve the proposed saving. |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility? | CSC & YI are the lead department. There are interfaces with Police, Schools, Health and Education partners.   |

## Stage 2: Collecting evidence/ data

## 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

Part of the Adolescent and Family Service was subject to formal HR consultation regarding the Early Help re-organisation during autumn 2019/20. Insight and information gathered as part of that process will be used to further assess whether there might be a disproportionate negative impact on BAME communities, families and young people as a result of planned service efficiencies.

Some of the workforce who might be affected by this proposed review are from BAME groups. There is a risk that a further review and proposed reduction in staff resource may be perceived as disproportionately impacting BAME staff in the interests of achieving Council savings.

BAME young people, families and communities are over represented in the work the CSF undertakes where contextual safeguarding concerns exist. It may be the view of BAME families that they are better able to engage with Council staff from a BAME background about the contextual safeguarding issues facing BAME young people, families and communities. If this is the view of the majority of BAME families, any reduction in Posts held by BAME staff, as a result of this proposal, could impact on the effectiveness of the contextual harm interventions delivered by the Council.

Further equality and diversity assessment of young people, families and communities engaging with CSF contextual harm services is required as part of the review. The Council's HR policies and procedures will be used for staff engagement, equalities impact assessment and consultation with affected staff.

### Stage 3: Assessing impact and analysis

# 6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic                | Tick wh | ich applies |     |    | Reason   |
|---|---------|-------------|-----|----|--|
| (equality group)                        | Positiv | e impact    |     |    | Briefly explain what positive or negative impact has been identified             |
| \ |         |             |     |    |  |

# **Equality Analysis**

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet Text in blue is intended to provide guidance – you can delete this from your final version.

| What are the proposals being assessed?                      | CSF2019- 14 - Proposed Savings:  |
|---|--|
|   | Development of Family Network Coordinators Service                       |
| Which Department/ Division has the responsibility for this? | Children Schools and Families – Children's Social Care & Youth Inclusion |

| Stage 1: Overview  |  |
|--|--|
| Name and job title of lead officer   | El Mayhew, Assistant Director, Children's Social Care & Youth Inclusion  |
| 1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc) | This proposal replaces the unachieved savings previously attached to the Family Drug and Alcohol Court (FDAC) initiative. Merton have decommissioned FDAC.  The proposal is to develop a Family Network Coordinator service. Family Network Coordinators help family networks to come together, identify and use their own strengths and resources to solve their problems and keep children safe. This is an evidence-based approach which builds resilience and reduces demand on preventative and statutory services. The desired outcomes of this service are:  - Earlier provision of family network meetings - Increased numbers of families offered and facilitated to hold family network meetings - Reduced demand on preventative and statutory services - Increase in children being cared for within their family network - Reduction in children entering care or requiring Council-sourced care arrangements  CSC have successfully secured DfE funding of £61k for 2019/20 to develop this service. The current CSC & YI Service Review is considering how this service might be sustained once the DfE funding ceases. |
| 2. How does this contribute to the council's corporate priorities?   | This proposal contributes to the councils' corporate priorities in ensuring we manage our resources to provide value for money, high standards of governance, financial and budget management.  The desired outcomes of the proposal are to harness family strengths and resilience, to divert demand from preventative and statutory services and deliver financial savings.  |

| Pa  |  |  |
|-----|--|--|
| ıge |  |  |
| 7   |  |  |
| ω   |  |  |

| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc. | Children, young people and their families; local partners and the workforce may be affected by this proposal. |
|--|---|
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?    | No. The proposal relates only to CSF.   |

## Stage 2: Collecting evidence/ data

## 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

All children and young people referred to Children's Social Care are within a defined aged bracket of 0 – 18 years. Particular types of issues and service areas within CSC & YI have aspects of disproportionality for example poverty; gender and disability (mental health) in domestic abuse; gender and ethnicity in serious youth violence. This proposal would positively support and impact on all children and families accessing Children's Social Care services.

The underlying principle of the proposal is to seek to use the council's budget and resources more effectively to support children, young people and their families to build resilience and reduce the need for statutory interventions. The proposed savings arise from delivery of more effective interventions to divert families from services rather than withdrawal of existing services.

The DfE grant funding is time-limited and will end in 2020. There might be an impact on the workforce if existing staff resources and budgets are re-organised to maintain the Family Network Coordinator service. Any re-organisation will be undertaken under the Council's HR procedures with workforce equality and diversity impacts being considered in that process.

## Stage 3: Assessing impact and analysis

# 6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic | Tick whi | ich applies | Tick which applies        |    | Reason   |
|--------------------------|----------|-------------|---------------------------|----|--|
| (equality group)         | Positiv  | e impact    | Potential negative impact |    | Briefly explain what positive or negative impact has been identified                                       |

# **Equality Analysis**

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet Text in blue is intended to provide guidance – you can delete this from your final version.

| What are the proposals being assessed?                      | CSF2019-15 - Proposed Savings:  |  |
|---|---|--|
|   | Culture change and clarification of financial support entitlements for care leavers |  |
| Which Department/ Division has the responsibility for this? | Children Schools and Families – Children's Social Care & Youth Inclusion            |  |

| Stage 1: Overview   |  |
|---|--|
| Name and job title of lead officer  | El Mayhew, Assistant Director, Children's Social Care & Youth Inclusion  |
| 1. What are the aims, objectives and desired outcomes of your oproposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc) | The proposal is to:  |
|   | - lead a culture change across the care leaver service to improve understanding and application of the Council's statutory duties  |
|   | - improve understanding of care leaver's entitlements  |
|   | - shift our approach to one that supports care leavers to maximise income and support from other available sources   |
|   | The desired outcomes are to:   |
|   | - ensure young people are supported to access finances and services they are entitled to from other sources  |
|   | - ensure that the Council is not providing unnecessary or unlawful financial support   |
|   | - reflect the Council's changing relationship with eligible young people as they move into adulthood - make best use of available budget and deliver savings                                   |
| 2. How does this contribute to the council's corporate priorities?  | This proposal contributes to the councils' corporate priorities in ensuring we manage our resources to provide value for money, high standards of governance, financial and budget management. |
|   | The desired outcomes of the proposal are to provide a value for money service for care leavers and deliver financial savings.  |

|   | U            |

| , | 200          |
| • | <del>o</del> |
|   | 7            |
|   | $\infty$     |

| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc. | Eligible care experienced young people may be affected by the proposed changes to current custom and practice about how they are individually and collectively financially supported by the Council.  Care experienced young people with limited, reduced or rescinded statutory eligibility for financial support will be affected by improved understanding of care leaver's entitlements and the proposed reductions in financial support to those who are not statutorily eligible. |
|--|---|
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?    | No. The proposal relates only to CSF – Children's Social Care & Youth Inclusion   |

## Stage 2: Collecting evidence/ data

## 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

All eligible care experienced young people are within a defined aged bracket of 18 – 25 years. Males and young people of Black, Asian and minority ethnic groups are over represented in the group of eligible care experienced young people (Source: Children, Schools and Families DMT Dashboard October 2019: Males 64%; BAME 64%). Equality and diversity impacts will be considered as part of the review.

Former unaccompanied asylum seeking children who as care experienced young adults become Appeal Rights Exhausted under the immigration legislation are ineligible for local authority assistance beyond that required to prevent a breach of their human rights This group are most likely to be impacted by the proposed changes. These young people are predominately male and of Black, Asian and minority ethnic groups.

The underlying principle of the proposal is to be clearer and more consistent in the use of financial support for those care experienced young adults who are statutorily eligible.

## Stage 3: Assessing impact and analysis

ag

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic         | Tick which applies |           | Tick which applies |  | Reason   |
|----------------------------------|--------------------|-----------|--------------------|--|--|
| (equality group) Positive impact |                    | Potential |                    | Briefly explain what positive or negative impact has been identified |  |
|                                  |                    |           | negative impact    |  |  |
|                                  | Yes                | No        | Yes                | No   |  |
| Age                              |                    |           | Х                  |  | Greater financial awareness and scrutiny may reduce level of financial               |
|                                  |                    |           |                    |  | support care leavers have previously received.                                       |
| Disability                       |                    |           |                    | Х  |  |
| Gender Reassignment              |                    |           |                    | Х  |  |
| Marriage and Civil               |                    |           |                    | Х  |  |
| Partnership                      |                    |           |                    |  |  |
| Pregnancy and Maternity          |                    |           |                    | Х  |  |
| Race                             |                    |           | Х                  |  | Black, Asian and minority groups are over represented in our care leaver population. |

| Improvement action plan signed off by Director/ Head of Service | Rachael Wardell Director – Children, Schools and Families | Signature: | Date: 27/12/2019         |  |  |  |  |

| What are the proposals being assessed?                      | CSF2019- 16 - Proposed Savings:   |
|---|---|
|   | Implementation of the DfE National Minimum rate for Fostering, Special Guardianship & Adoption Allowances; Refresh of Special Guardianship Financial Support policy |
| Which Department/ Division has the responsibility for this? | Children Schools and Families – Children's Social Care & Youth Inclusion  |

| Stage 1: Overview  |  |
|--|--|
| Name and job title of lead officer   | El Mayhew, Assistant Director, Children's Social Care & Youth Inclusion  |
| Dand desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc) | Foster carers receive a weekly allowance to cover the costs of caring for a child and in some instances a fee where the carer has skills in caring for children with very complex and challenging needs. A local authority's fostering allowance is used as a baseline for determining financial support packages for Special Guardians and Adopters. Central government set a national minimum fostering allowance which all approved foster carers must be paid. In Merton, the fostering allowance paid is higher than the national minimum. This means that the baseline for determining other financial support packages is higher than it needs to be. |
|  | The proposal is to implement the national minimum fostering allowances in Merton and re-structure the fee element paid to in-house foster carers. It is proposed that any payments made to foster carers above the national minimum allowance would fall within the fee element. A refreshed Special Guardianship and Adoption Financial Support Policy would be required to support the proposed changes.   |
|  | The desired outcome is a reduction in the baseline and therefore cost of future financial support packages to Special Guardians and Adopters.  |
| 2. How does this contribute to the council's corporate priorities?   | This proposal contributes to the council's corporate priorities in ensuring we manage our resources to provide value for money, high standards of governance, financial and budget management.   |
|  | The desired outcomes of the proposal are to make efficient use our budgets and resources and deliver financial savings.  |

| Pa |  |  |
|----|--|--|
| ge |  |  |
| 84 |  |  |

| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc. | Children, young people, prospective special guardians, adopters and in-house foster carers. |
|--|---|
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?    | No. The proposal relates only to CSF.   |

### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

All children and young people living in foster care, special guardianship or adoption arrangements are within a defined aged bracket of 0 – 18 years.

Many connected person foster carers and special guardians are relatives of the children they care for. Children and families living in or experiencing poverty and deprivation are over represented in the services and interventions CSC & YI provide. There is a higher incidence of female foster carers, connected carers and special guardians (or females being the primary carer in a couple arrangement) consistent with societal gender stereotyping of women as carers. The proposed reduction in Merton's baseline fostering allowance would have most impact on connected carers, future special guardians and adopters.

# Stage 3: Assessing impact and analysis

From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic       | Tick which applies Positive impact |    | Tick which applies Potential negative impact |    | Reason   |  |  |  |
|--------------------------------|------------------------------------|----|--|----|--|--|--|--|
| (equality group)               |                                    |    |  |    | Briefly explain what positive or negative impact has been identified   |  |  |  |
|                                | Yes                                | No | Yes  | No |  |  |  |  |
| Age                            |                                    |    | Х  |    | The proposal would reduce the weekly allowance provided to care for looked after children.   |  |  |  |
| Disability                     |                                    |    |  | Х  |  |  |  |  |
| Gender Reassignment            |                                    |    |  | Х  |  |  |  |  |

| Improvement action plan signed off by Director/ Head of Service | Rachael Wardell<br>Director - Children, Schools and Families | Signature: | <b>Date:</b> 27/12/2019 |  |  |  |  |

| What are the proposals being assessed? |   | CSF2019- 17 - Proposed Savings:  |
|--|---|--|
|  |   | Increased Use of In-House Foster Carers / Placements                     |
|  | Which Department/ Division has the responsibility for this? | Children Schools and Families – Children's Social Care & Youth Inclusion |

| Stage 1: Overview   |  |
|---|--|
| Name and job title of lead officer  | El Mayhew, Assistant Director, Children's Social Care & Youth Inclusion  |
| 1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals be.g. reduction/removal of service, deletion of posts, changing criteria etc) | The aim of this proposal is to increase the number of approved fostering households and widen their offer.  The objectives are to:  1. Increase recruitment and improve the timeliness of assessments to increase approved household numbers  2. Implement the DfE / Fostering Network Mockingbird pilot to improve retention and support carers to widen their offer  The desired outcomes are that more children looked after are cared for by Merton in-house foster carers and use of the more expensive independent fostering agencies reduced. |
| 2. How does this contribute to the council's corporate priorities?  | This proposal contributes to the council's corporate priorities in ensuring we manage our resources to provide value for money, high standards of governance, financial and budget management.  The desired outcomes of the proposal are to harness the strengths and resilience within our in-house fostering community, to divert demand for independent fostering agency placements and deliver financial savings.  |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                        | Children, young people and their families; foster carers, local partners and the workforce may be affected by this proposal.   |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the  | Yes. CSF has overall responsibility and relies on support and assistance from the Communications Team for recruitment and marketing activities. Recruitment and marketing activity has been more challenging   |

| partners and who has overall |
|------------------------------|
| responsibility?              |

since the repurposing of £14k of fostering marketing budget which was centrally held by the Communications Team and has been directed to the development of the digital platform.

### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

All children and young people referred to Children's Social Care are within a defined aged bracket of 0 – 18 years. This proposal would positively support and impact on all children and families requiring looked after services in that it provides for children to remain living in their local community with continuity of relationships and access to the range of Merton's partnership services.

The underlying principle of the proposal is to seek to use the council's budget and resources more effectively to support children and young people locally. Social work intervention is more effective where children live locally, can be seen regularly and form positive relationships. The proposed savings arise from reduced use of independent fostering agency placements rather than withdrawal of existing services.

# Stage 3: Assessing impact and analysis

From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic         | Tick which applies |           | Tick which applies |  | Reason   |  |  |
|----------------------------------|--------------------|-----------|--------------------|--|--|--|--|
| (equality group) Positive impact |                    | Potential |                    | Briefly explain what positive or negative impact has been identified |  |  |  |
|                                  |                    |           | negative           | impact   |  |  |  |

| <b>N</b> | ) |

| Sex (Gender)          | Х |  |   | More effective use of Council's budget and resources to support children, young people and their families. |
|-----------------------|---|--|---|--|
| Sexual orientation    |   |  | X |  |
| Socio-economic status | Х |  |   | More effective use of Council's budget and resources to support children, young people and their families. |

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| Negative impact/ gap in information identified in the Equality Analysis | Action required to mitigate | How will you know this is achieved? e.g. performance measure/ target) | By<br>when | Existing or additional resources? | Lead<br>Officer | Action added to divisional/ team plan? |
|---|-----------------------------|---|------------|-----------------------------------|-----------------|--|
|   |                             |   |            |                                   |                 |  |
|   |                             |   |            |                                   |                 |  |

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

| Stage 4: Conclusion of the Equality Analysis |  |
|--|--|

93

Which of the following statements best describe the outcome of the EA (Tick one box only)

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

| OUTCOME ' | OUTCOME 2 | OUTCOME 3 | OUTCOME 4 |
|-----------|-----------|-----------|-----------|
| X         |           |           |           |

| Stage 5: Sign off by Director/ Head of Service                  |                                 |            |                   |  |  |  |  |
|---|---------------------------------|------------|-------------------|--|--|--|--|
| Assessment completed by El Mayhew Signature: Date: 26/11//2019  |                                 |            |                   |  |  |  |  |
| Improvement action plan signed off by Director/ Head of Service | Rachael Wardell, Director - CSF | Signature: | Date: 27/12//2019 |  |  |  |  |

| What are the proposals being assessed?                      | Proposed budget savings CSF2019 - 18 |
|---|--------------------------------------|
| Which Department/ Division has the responsibility for this? | CSF/Education Division               |

| Stage 1: Overview   |  |
|---|--|
| Name and job title of lead officer  | Jane McSherry (AD Education)   |
| Ol. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc) | Review and reshape of short breaks provision across CWD, Brightwell, commissioned provision and the inhouse short break service  |
|   | Aim: To make savings across the 4 services that currently deliver and/or procure a short break offer across the applicable services which are Brightwell Out of School Specialist Provision, short breaks for families without social care intervention, short breaks/respite as part of a CSC plan and commissioned services for children with level 2 needs upwards in the Merton Well-being Model, with the aim of improving access to a range of community based shor breaks services. |
|   | Objective: To reshape the council's overall Short break offer for disabled children aged 0 -18, supporting families to access services in accordance with presenting need (possible changes to criteria), underpinned by a principle of self-serve and minimal intervention /assessment in order to access services.   |
|   | Outcome: To secure sufficient shor tbreaks provision for Merton families across a mixed market model, which is flexible, responsive to presenting need and is easy to access, supporting efficiencies and self-serve for families  |
|   | The proposed reshape is likely to impact upon a change to the service offer which could include changes to short break and respite packages, types of provision available, geographical location of  |

services and availability of services. Further work is required to fully understand the impact of this, across the 4 services that are currently involved in the provision and/ or commissioning of short break packages and services.

As the service supports SEND children, young people and their families there will be further detailed assessment required as the review progresses, in order to better understand the overall impact of service wide changes for this cohort of families and children, because they have protected characteristics.

A review has been started, led by Commissioning and Partnerships within CSF, which will follow a project approach and will include a wide-ranging stakeholder engagement programme with parents, children, young people, staff, multi-agency partners etc. There will also be some work to be carried out with the range of existing providers to work towards securing sufficiency across the mixed market model that already exists in Merton.

2. How does this contribute to the council's corporate priorities?

This proposal is contributing to the councils' corporate priorities, which are:

**Resilient Merton** 

Collaborative Merton

**Smart Merton** 

**Ambitious Merton** 

Our proposals aim to contribute to these priorities and aim to deliver across these areas, with a particular focus on Resilient, Collaborative and Ambitious Merton

Resilient – supporting families to access comparable childcare services provided by the private, voluntary and schools sector

Collaborative – working with service users, our partners and our staff we will work towards achieving these savings proposals

Ambitious Merton – identifying opportunities to reduce the direct delivery of services, where it makes sense to do, retaining aspects of the service where there is a business need so to do so.

The way Merton works to deliver against these priorities is important, and the following three things have been identified that motivate all of us to deliver:

Customers - We want to know our customers and provide the very best service for them

<sup>©</sup>Page 96

Pride - We take personal pride in what we do, in working for Merton and pride in Merton the place

**Team** - We actively work to support our colleagues to be the best team and look for ways to work with partners beyond the council to improve Merton the place

Corporately, these are Merton's strengths as an organisation – they frame how we work to achieve our aspirations. The proposals will embed these key priorities and motivational aspects into our future planning.

3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.

External customers – approximately 450 families currently access a short break that the Local Authority has supported. There are other families with children and young people with a disability who will self-serve their short break provision through the local offer, without any involvement from the LA.

Communities – the provisions are located across the borough and they are provided by the Council itself (e.g. Brightwell) as well as commissioned partners either through a contract or a spot purchase arrangement.

Partners/Stakeholders – the services currently provide a number of short break provisions to a range of families whose children have disabilities. These services are considered to support family wellbeing and provide a preventative model of support for families, so that children can be safely looked after in their own home, with appropriate support to enable this.

Therefore, there are partners within the organisation, as well as outside the organisation including health, schools/education early years, children's social care and SENDIS, that may be affected in addition to the families. Any change to how a family accesses a service and the availability and location of this service will impact across key stakeholders. Colleagues within facilities and Contracts and School Organisation will be key stakeholders in terms of any change of use of the Brightwell building.

Workforce – approximately 15 staff (not all FTE, and this will change over the next 2 years) will be affected, and depending on the final offer, the final number may be reduced/or roles may change. There may also be an impact on workforce outside the council as a result of to changes to contracts.

4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?

As detailed above. The building is supported by the corporate facilities team and this proposal will need to align with other savings proposals regarding the review of buildings within CSF.

### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

We have data sets and information to identify and determine the impact of the proposal on protected characteristics. We are <u>partly</u> but not fully aware, as yet, of the overall impact of this proposal.

Data and evidence used has been secured via:

Registration data from Brightwell

Numerical data from Short breaks

Numerical data from the Children with Disabilities team

iTRENT (to be confirmed)

Further analysis of the service users is required as the review develops. Because we do not currently hold this all in one place, drawing conclusions and analysis from the various data sources has not been possible in terms of fully informing this EIA. A further pelace will be produced with detailed information as the project and review develops. It is fully recognised, therefore, that this EIA is compiled in the context of not having sufficient equalities and service planning data to fully identify the impact of the proposal at this egge. However, as the review has been commissioned, this will be picked up as part of that project work

#### Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected                | Tick    | which    | Tick w    | hich | Reason   |
|--------------------------|---------|----------|-----------|------|--|
| characteristic (equality | ар      | plies    | appl      | ies  | Briefly explain what positive or negative impact has been identified |
| group)                   | Positiv | e impact | Potential |      |  |
|                          |         |          | negative  |      |  |
|                          |         |          | impact    |      |  |
|                          | Yes     | No       | Yes       | No   |  |
| Age                      | *       |          | *         |      | Service Users  |
|                          |         |          |           |      | Children aged 0 – 18 and their families are the service users and    |
|                          |         |          |           |      | this will not change. However, any changes to an offer could impact  |

|            |   |   | either negatively or positively, depending on the outcome of this review.  Negative impact An overall reduction in service could impact on children, young people and their families  Positive Impact The Brightwell building may become available for alternative users, which could include a provision for children and young people  |
|------------|---|---|--|
| Disability | * | * | Service Users Children aged 0 – 18 with special educational needs and/or disabilities, and their families, are the service users and this will not change. However, any changes to an offer could impact either negatively or positively, depending on the outcome of this review.  Negative Impact A reduction in service provision could impact on children and young people with disabilities and their families.  Positive Impact The Brightwell building may become available for alternative users, which could include a provision for children and young people with additional needs including disabilities.  There may be an improved offer for children and young people, supporting more choice and self-serve, reducing the requirement for intrusive and further family assessments. |

|                                | 1  | 1 |   |  |
|--------------------------------|----|---|---|--|
|                                |    |   |   |  |
| Gender Reassignmen             | ıt |   |   | Not known  |
| Marriage and Civil Partnership |    |   |   | Not known  |
| Pregnancy and Maternity        |    |   |   | Service users  Not applicable for the children and young people. Family members may be impacted by changes to the overall offer. The impact of this is not known at this time.   |
| Race                           | *  |   | * | Service users The short breaks services are used by children and young people who have a disability. Take up of provision from children and young people from BAME, with disabilities is not fully known at this point in time. Further work and analysis in the planning stages nearer the time will be used to fully understand the impact upon race and BAME groups and any possible actions to mitigate. |

|                       |  |  |   | understand the impact upon race and any possible actions to mitigate   |
|-----------------------|--|--|---|--|
| Religion/ belief      |  |  |   | Not known  |
| Sex (Gender) * *      |  | Service users - parents Estimates would indicate that the highest proportion of adult service users are women/mothers and any change to delivery model may have a positive or negative impact: |   |  |
|                       |  |  |   | Positive impact The reshaped offer will provide access to a range of services and support that more clearly defines the offer for families living in Merton.   |
|                       |  |  |   | Negative Impact - parents Any change to a delivery model may have a negative impact due to a possible overall reduction in the capacity/volume of the new service for families presenting with additional needs.   |
| Page 101              |  |  |   | Negative impact – children and young people Evidence shows that the highest proportion of children/young people service users are males and any change to delivery model may have a negative impact due to a possible overall reduction in the capacity/volume of the new service for children/young people and their families presenting with additional needs. |
|                       |  |  |   |  |
| Sexual orientation    |  |  | * | Not known  |
| Socio-economic status |  | *  |   | Service Users Actual household income is not known for all service   |
|                       |  |  |   | <u>users</u>   |

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| Negative impact/<br>gap in information<br>identified in the<br>Equality Analysis | Action required to mitigate  | How will you know this is achieved? e.g. performance measure/ target)  | By when  | Existing or additional resources? | Lead Officer   | Action<br>added to<br>divisional/<br>team plan? |

| Improvement action plan signed off by Director/ Head of Service | Rachael Wardell, Director CSF | Signature: | Date: 27 December 2019 |  |
|   |                               |            |                        |  |

Please refer to the guidance for carrying out an Equality Analysis.

Text in blue is intended to provide guidance – you can delete this from your final version.

| What are the proposals being assessed?                      | CSF 2019-19 SEND Travel assistance - to review efficiencies in providing for SEND home to school/college travel assistance, including eligibility for post-16 students. Subject to recommendations from the appointed consultant on home to school transport |
|---|--|
| Which Department/ Division has the responsibility for this? | CSF/Education  |

| Stage 1: Overview  |  |
|--|--|
| Name and job title of lead officer   | Tom Procter, Head of Contracts and School Organisation / Karla Finikin, Head of SENDIS   |
| • What are the aims, objectives  and desired outcomes of your  poposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc) | What are you proposing and what are they designed to deliver?  The aim is to reduce the council spend on home to school/college travel assistance, while ensuring that vulnerable children and families that require it continue to receive support. To ensure the service is provided in the most cost effective way possible. The work is being undertaken under the auspices of a whole council review commissioned from an independent consultant. |
| 2. How does this contribute to the council's corporate priorities?   | Balancing the budget   |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                       | Children and families with SEND (Special Educational Needs and Disabilities) will be affected by this proposal.  |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?                          | In-house bus services for SEND children are provided by E&R department, but paid for by CSF department through an SLA.   |

### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

List the type of evidence (data, results of consultation, research, etc) and analysis of what this evidence tells you regarding the impact on the protected characteristics (equality groups).

What impact has this evidence had on what you are proposing?

If there are gaps in data (for example information not being available) you may have to address this by including plans to generate this information within your action plan.

Data interrogated by the consultant in order to produce the independent report. This will be considered when the consultant's report is available and as individual proposals are considered, will be overlaid with additional data as required to ensure individual proposals have been properly assessed in their equalities context.

Page

# Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic (equality group) |         | ich applies<br>ve impact |     | h applies<br>ential | Reason Briefly explain what positive or negative impact has been identified                            |

#### 7. If you have identified a negative impact, how do you plan to mitigate it?

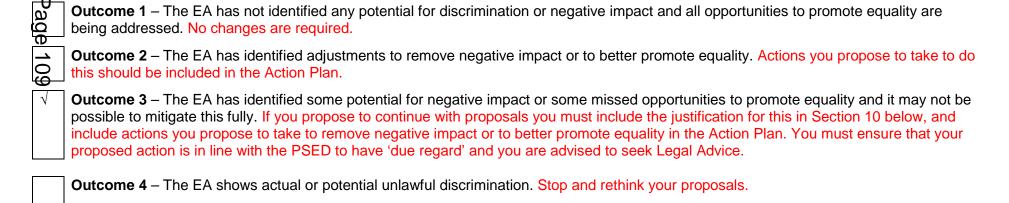

Summarise actions you plan to mitigate the negative impact(s) identified above. Detail for these actions should be included in the Improvement Action Plan (Section 9 below).

Until the consultant's report is published and the equalities impact of individual proposals has been assessed, it is not possible to determine the most appropriate mitigating actions as it is not clear what the extent of the impact will be (if any). The detail of mitigations will need to be considered fully when individual proposals are considered.

# Stage 4: Conclusion of the Equality Analysis

8. Which of the following statements best describe the outcome of the EA (Tick one box only)

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

### **Stage 5: Improvement Action Pan**

## 9. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| Negative impact/ gap in information identified in the Equality Analysis | Action required to mitigate   | How will you know this is achieved? e.g. performance measure/ target)  | By<br>when | Existing or additional resources? | Lead<br>Officer                     | Action added to divisional/ team plan? |
|---|---|--|------------|-----------------------------------|-------------------------------------|--|
| School age children with SEND and their families will be impacted       | Before agreeing any specific proposals it will be necessary to consider the specific impacts and the required mitigations. This will be undertaken through a more detailed EIA of individual proposals. | Before each / any individual proposal is taken forward, a review EIA will be conducted to identify any negative impacts and to outline relevant mitigation where possible. | TBC        | TBC                               | Tom<br>Procter/<br>Karla<br>Finikin | No                                     |
| Φ   |   |  |            |                                   |                                     |  |

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

# **Stage 6: Reporting outcomes**

#### 10. Summary of the equality analysis

This section can also be used in your decision making reports (CMT/Cabinet/etc) but you must also attach the assessment to the report, or provide a hyperlink

This Equality Analysis has resulted in an Outcome add Assessment

Please include here a summary of the key findings of your assessment.

Because this is a service to children with SEND, the protected characteristics group that will be affected is children with disabilities. At this stage it has not been possible to undertake a full equality analysis as it is still necessary to consider the consultant's report and agree specific proposals that will be taken forward. There is a commitment to undertake review EIAs for specific individual proposals as these come forward from the overarching review.

Director Children, Schools and Families

At this stage it is necessary to assess the EA as Outcome 3 because there are so many uncertainties. Council staff are aware that ideally we should seek to achieve an Outcome 2 so that any 'efficiencies' will not have an unjustifiably negative impact on the lives of children with SEND.

| What are the proposals being assessed?                      | ENV1920-06 Proposed budget saving |
|---|-----------------------------------|
| Which Department/ Division has the responsibility for this? | E&R/Future Merton                 |

| Stage 1: Overview   |  |
|---|--|
| Name and job title of lead officer  | Paul McGarry, Future Merton Manager  |
| 1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals g. reduction/removal of service, eletion of posts, changing criteria etc) | Increase in income from the procurement of a new 15 year bus shelter and street furniture advertising contract. Under the new contract the provider will upgrade all the bus shelters in the borough and introduce high quality digital advertising panels on Free Standing Advertising Units in town centres. |
| How does this contribute to the council's corporate priorities?   | Maximising Income generation   |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                    | Residents and the general public will benefit from new state-of-the-art bus shelters which will be more modern, robust and safer as well as being more and energy efficient. The Council will benefit from an increase in income.  |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?                       | The provider JC Decaux will own and maintain all the assets and will be responsible for all cleaning and maintenance.  |

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

| N/ | Ά |
|----|---|
|----|---|

### Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic |           | ich applies | Tick which |           | Reason  |
|--------------------------|-----------|-------------|------------|-----------|---|
| œquality group)          | Positiv   | e impact    | Pote       |           | Briefly explain what positive or negative impact has been identified                    |
| W                        |           |             | negative   |           |   |
| <b>→</b>                 | Yes       | No          | Yes        | No        |   |
| ₿ge                      | $\sqrt{}$ |             |            |           | Positive impact as new shelters will provide better seating & comfort for bus users.    |
| Disability               | V         |             |            | V         | The new shelters will have improved design considerations for people with disabilities. |
| Gender Reassignment      |           | V           |            |           |   |
| Marriage and Civil       |           |             |            |           |   |
| Partnership              |           |             |            |           |   |
| Pregnancy and Maternity  |           | V           |            |           |   |
| Race                     |           | V           |            |           |   |
| Religion/ belief         |           |             |            |           |   |
| Sex (Gender)             |           |             |            |           |   |
| Sexual orientation       |           |             |            |           |   |
| Socio-economic status    |           | V           |            | $\sqrt{}$ |   |

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| Negative impact/ gap in information identified in the Equality Analysis | Action required to mitigate | How will you know this is achieved? e.g. performance measure/ target) | By<br>when | Existing or additional resources? | Lead<br>Officer | Action added to divisional/ team plan? |
|---|-----------------------------|---|------------|-----------------------------------|-----------------|--|
|   |                             |   |            |                                   |                 |  |
|   |                             |   |            |                                   |                 |  |
|   |                             |   |            |                                   |                 | _                                      |

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

|---|---|--------------------|----------------|--|--|--|
| Assessment completed by   | Sue Keay, E&R Finance & Programme Officer       | Signature: S. Keay | Date: 02/12/19 |  |  |  |
| Improvement action plan signed off by Director/ Head of Service | James McGinlay, Head of Sustainable Communities | Signature:         | Date:          |  |  |  |

| What are the proposals being assessed?                      | ALT 1920-01 Increased income from conducting rent reviews in line with tenancy agreements |
|---|---|
| Which Department/ Division has the responsibility for this? | Environment and Regeneration/Sustainable Communities                                      |

| Stage 1: Overview  |  |  |  |  |  |
|--|--|--|--|--|--|
| Name and job title of lead officer   | James McGinlay, Assistant Director for Sustainable Communities   |  |  |  |  |
| 1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals g.g. reduction/removal of service, deletion of posts, changing criteria etc) | Progress rent reviews established within existing leases to commercial tenants to provide increased revenue income to the Council.   |  |  |  |  |
| How does this contribute to the council's corporate priorities?  | By increasing revenue income improve the council's revenue position.   |  |  |  |  |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                       | The council's commercial tenants will be affected and the Council will benefit from increased income.  |  |  |  |  |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?                          | SLLP/Corporate Services will be required to document the changes in rent levels and Transactional Services within Corporate Services will be required to collect the new levels of rent. |  |  |  |  |

### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

We have no data regarding the equality groups within our commercial tenants who's relationship with the council for this purpose is purely commercial and as stated within the lease/contract they agreed with the council.

## Stage 3: Assessing impact and analysis

From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic -(equality group) | Tick which applies Positive impact |    | Tick which applies Potential negative impact |    | Reason Briefly explain what positive or negative impact has been identified                 |
|--|------------------------------------|----|--|----|---|
|  | Yes                                | No | Yes  | No |   |
| Age  |                                    |    |  |    | There is no available data and the tenants have not engaged to provide the monitoring data. |
| Disability                                 |                                    |    |  |    | There is no available data and the tenants have not engaged to provide the monitoring data. |
| Gender Reassignment                        |                                    |    |  |    | There is no available data and the tenants have not engaged to provide the monitoring data. |
| Marriage and Civil Partnership             |                                    |    |  |    | There is no available data and the tenants have not engaged to provide the monitoring data. |
| Pregnancy and Maternity                    |                                    |    |  |    | There is no available data and the tenants have not engaged to provide the monitoring data. |
| Race                                       |                                    |    |  |    | There is no available data and the tenants have not engaged to provide the monitoring data. |
| Religion/ belief                           |                                    |    |  |    | There is no available data and the tenants have not engaged to provide the monitoring data. |
| Sex (Gender)                               |                                    |    |  |    | There is no available data and the tenants have not engaged to provide the monitoring data. |

| What are the proposals being assessed?                      | ALT 1920-02 The use of ANPR to enforce moving traffic contraventions has been operational since July 2016. The number of cameras has increased and the locations varied over this period and the number of PCNs remains above initial estimates. |
|---|--|
| Which Department/ Division has the responsibility for this? | Parking Services, Environment and Regeneration   |

| Stage 1: Overvie   | w  |
|--|--|
| च्चame and job<br>ttle of lead officer   | Ben Stephens, Head of Parking  |
| what are the aims, objectives and desired outcomes of your proposal? (Also explain proposals | Compliance rates for ANPR Moving Traffic Offences have not improved to the level expected and as a consequence the PCN income generated has not reduced as swiftly as anticipated. In addition, additional enforcement opportunities have been added e.g. School zig zag enforcement this year and School superzones to come. As a consequence, the PCN income exceeds budget and could be built into the budget at a prudent level for a period of time whilst kept under review. |
| e.g. reduction/removal of service, deletion of posts, changing criteria                      | ANPR enforcement and the issue of PCNs aims to deliver better compliance and driver behaviours in respect of of moving traffic contraventions, which will reduce congestion, and lead to improved traffic flows and availability of spaces.  |
| etc)   | Local authorities are not permitted to use PCN parking charges solely to raise income. When setting charges, we must instead focus on how the charges will contribute to delivering the Council's traffic management and other policy objectives.  |
|  | This proposal supports the rationale of seeking to adjust driver behaviour and to ensure that we can provide a modern, efficient and environmentally sustainable transport policy for residents, visitors and businesses, now and in the future.   |
| 2. How does this contribute to the   | Parking and Traffic Management This proposal is part of the important role Parking and transport policy has in managing the roads and wider travel   |

| council's<br>corporate<br>priorities?   | needs of the public. Merton's policy links closely with the local Implementation Plan and the Mayors Transport Strategy, which sets out objectives in detail. It contributes in the following ways:  1. Reduce congestion 2. Improve road safety 3. Improve air quality and meet EU quality standards 4. To meet the actions set out in the Merton Health and Wellbeing Strategy 2019 5. Adopt a healthy street approach 6. Promote healthier life styles and encourage more active travel 7. To ensure good parking management 8. To support the local economy 9. Providing funding for parking and wider transport scheme improvements |
|---|--|
| 3. Who will be affected by this boposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc. | The proposal will affect all residents, businesses, workers and visitors to the borough, across all socio-economic groups.   |

4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?

Yes. Responsibility is shared with the following departments, organisations and partners.

Future Merton, Highways and Transportation, Planning, Mayor of London, TfL, transport operators, Parking Services.

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

The Council acknowledges that road safety and traffic flow along with accessibility for residents and visitors to enable them to move freely throughout the borough.

A number of key factors were will be considered included:

- (i) Air Quality hotspots
- (ii) Areas of high congestion
- (iii) Enforcement requirements
- (iv) Road saftey

Page

### Equality Analysis – - Leisure & Culture Development Team

Guidance for carrying out Equality Impact Assessments is available on the intranet.

| What are the proposals being assessed?   |   | ALT 1920-03 To increase income through the Leisure Centre Management Contract with Greenwich Leisure Limited (GLL) |  |
|--|---|--|--|
| Which Department/Division has the  | responsibility for this?  | Environment & Regeneration – Public Space Division   |  |
| Stage 1: Overview  |   |  |  |
| Name and job title of lead officer   |   | Christine Parsloe, Leisure & Culture Development Manager   |  |
| 1. What are the aims, objectives   | Outcome: To achieve increased   | income through the leisure centre management contract.   |  |
| and esired outcomes of your proposal? (Also explain proposals e.g. eduction/removal of service, deletion of posts, changing criteria etc.              | Wholosy the operators will pay the obtained air moreacod airmaa barn  |  |  |
| 2. How does this contribute to the council's corporate priorities?   | Delivers revenue savings through increased income.  |  |  |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc. | The operator will be required under the contract to deliver this in accordance with their contract submission. This will include increases in fees and charges to customers, but these will also be in line with the contractual arrangements for annual increases. |  |  |
| 4. Is the responsibility shared with another department, authority or organisation? If so: Who are the partners and who has overall responsibility?    | No  |  |  |

#### Stage2: Collecting evidence/data

| 6. | What evidence have you considered as part of this assessment? List the data, results of consultation, research and other sources of |
|----|---|
|    | evidence reviewed to determine impact on the protected characteristics (equality groups). Where there are gaps in data you may      |
|    | have to address this by including it in the action plan.  |

#### Type of evidence

Leisure Centre Management Contract.

#### Stage 3: Assessing impact and analysis

7. From the evidence you have considered, what areas of concern have you identified regarding the potential negative impact on one or more protected characteristics (equality groups)?

| Equality group               | Positive | impact    |     | ential<br>e impact | Reason  |
|------------------------------|----------|-----------|-----|--------------------|---|
|                              | Yes      | No        | Yes | No                 |   |
| Ag <del>q</del> <sub>J</sub> |          | V         |     | V                  | This increased income will be met by the operator delivering sports and |
| Di剱bility                    |          | V         |     | V                  | leisure in the same way and in accordance with the contract.            |
| Gender Reassignment          |          | V         |     | V                  |   |
| Marriage and Civil           |          | V         |     | V                  |   |
| Parmership                   |          |           |     |                    |   |
| Pregnancy and                |          |           |     | V                  |   |
| Maternity                    |          |           |     |                    |   |
| Race                         |          |           |     | V                  |   |
| Religion/ belief             |          |           |     | V                  |   |
| Sex                          |          |           |     | V                  |   |
| Sexual orientation           |          | $\sqrt{}$ |     | $\sqrt{}$          |   |
| Socio-economic status        |          | V         |     | V                  |   |

8. How do you plan to mitigate the negative impact that has been identified above? Also describe how you will promote equality through the policy, strategy, procedure, function or service?

No negative impact identified above.

#### Stage4: Decision

| Outcome 1 - √   | Outcome 2 -   | Outcome 3   | Outcome 4  |

(You are advised to | despite any negative advance equality, pro it does not unlawfully believe discrimination objectively justified, it record what the object your proposals, and h             | nendation to adopt your proposals, effect or missed opportunities to vided you have satisfied yourself that discriminate. In cases where you is not unlawful because it is is particularly important that you stive justification is for continuing with now you reached this decision. This is we that you have paid 'due regard' to pality Duty                |
| Outcome 4 – Stop and rethin unlawful discrimination.  | c: when your EA shows actual or potentia  |   | wful discrimination it must be   |

**Note:** If your EA is assessed as **outcome 3**, explain your justification with full reasoning to continue with your proposals?

Include information as to why you suggest going ahead with your proposals despite negative impact being identified.

#### Stage 5: Making adjustments – Improvement Action Pan

#### 10. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the assessment and analysis and outlines the action to be taken to mitigate the potential negative impact identified.

| Risks or improvements identified in the EIA | Action required | Performance<br>measure &<br>target(s) | By<br>when | Uses existing or additional resources? | Lead Officer | Progress |
|---|-----------------|---------------------------------------|------------|--|--------------|----------|
| No megative impacts identified,             |                 |                                       |            |  |              |          |
| 131   |                 |                                       |            |  |              |          |
|   |                 |                                       |            |  |              |          |

Have you incorporated these actions into your divisional service plan or team plan? Please give details of where they have been included.

Included as part in the existing Leisure & Culture Development Team's transformation and service plans.

11. How will you share lessons learnt from this assessment with stakeholders and other council departments?

We will share any learning from this with others through one to one support, advice and guidance as appropriate and time allows.

#### Stage 6: Monitoring

The full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

#### How will you monitor the impact of the proposal once it has been implemented?

Monitoring will be done through the leisure management contract monitoring processes within existing business practices

#### How often will you do this?

Quarterly through formal meetings, otherwise through day to day working and business operations.

#### Stage: 7 Reporting outcomes (Completed assessments must be attached to committee reports and a summary of the key findings included in the relevant section with in them)

## Summary of the assessment > What are the key impacts – both negative and positive? > What course of action are you advising as a result of this assessment? > Are there any particular groups affected more than others? > Go you suggest to proceeding with your proposals although a negative impact has been identified? Stage 8: Sign off by Head of Service

| Assessment completed by:                              | Christine Parsloe                          | Signature:             | Date:                     |
|---|--|------------------------|---------------------------|
| Name/Job Title  | Leisure & Culture Development Manager      | C A Parsloe            | 18 November 2019          |

| Marriage and Civil      |          | ✓          |            | ✓         |  |
| Partnership             |          |            |            |           |  |
| Pregnancy and Maternity |          | ✓          |            | ✓         |  |
| Race                    |          |            |            |           |  |
| Religion/ belief        |          | ✓          |            | ✓         |  |
| Sex (Gender)            |          | ✓          |            | ✓         |  |
| Sexual orientation      |          | ✓          |            | ✓         |  |
| Socio-economic status   |          | ✓          | ✓          |           | The ability to pay the fee issued through the Fix penalty notice.    |

## If you have identified a negative impact, how do you plan to mitigate it? The only people affect by this enforcement contract are those residents or visitors who committee an environmental offence.

#### Stage 4: Conclusion of the Equality Analysis

35

# 8. Which of the following statements best describe the outcome of the EA (Tick one box only) Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal Outcome 1 – The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. No changes are required. Outcome 2 – The EA has identified adjustments to remove negative impact or to better promote equality. Actions you propose to take to do this should be included in the Action Plan. Outcome 3 – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have 'due regard' and you are advised to seek Legal Advice.

Outcome 4 – The EA shows actual or potential unlawful discrimination. Stop and rethink your proposals.

#### **Stage 5: Improvement Action Pan**

#### 9. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| Negative impact/ gap in information identified in the Equality Analysis | Action required to mitigate  | How will you know this is achieved? e.g. performance measure/ target) | By<br>when  | Existing or additional resources? | Lead<br>Officer | Action added to divisional/ team plan? |
|---|--|---|-------------|-----------------------------------|-----------------|--|
| Socio-economic status  Page   | All cases of non payment will be assed on an individual bases and escalated through the single justice system for processing. For transparency the court has the ability to amend the level of the fine due to the alleged offenders personal circumstances. | Level of reduced fines award by the court                             | On<br>going | None                              | C<br>Baker      |  |
| 136   |  |   |             |                                   |                 |  |
| 0,  |  |   |             |                                   |                 |  |

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

#### **Stage 6: Reporting outcomes**

#### 10. Summary of the equality analysis

This section can also be used in your decision making reports (CMT/Cabinet/etc) but you must also attach the assessment to the report, or provide a hyperlink

This Equality Analysis has resulted in an Outcome add Assessment

Please include here a summary of the key findings of your assessment.

The scope of the procurement is to ensure that there are no changes to the current service provision currently provided by the in house service. Any proposed changes by the bidders through competitive dialogue which impact on the current provision will require cabinet approval and an additional Impact assessment completed.

#### 7. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| Negative impact/ gap in information identified in the Equality Analysis | Action required to mitigate | How will you know this is achieved? e.g. performance measure/ target) | By<br>when | Existing or additional resources? | Lead<br>Officer | Action added to divisional/ team plan? |
|---|-----------------------------|---|------------|-----------------------------------|-----------------|--|
|   |                             |   |            |                                   |                 |  |
|   |                             |   |            |                                   |                 |  |
|   |                             |   |            |                                   |                 |  |

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

| What are the proposals being assessed?                      | ALT 1920-06 Proposed budget saving                  |
|---|---|
| Which Department/ Division has the responsibility for this? | Environment & Regeneration/Public Space/Greenspaces |

| Stage 1: Overview   |  |
|---|--|
| Name and job title of lead officer  | Doug Napier, Greenspaces Manager   |
| 1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals g. reduction/removal of service, eletion of posts, changing criteria etc) | Reduction in annual support grant to Deen City Farm (by £10k, from £94.9k currently)   |
| How does this contribute to the council's corporate priorities?   | Contribution to council's savings needs and MTFS.  |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                    | Deen City Farm is the stakeholder primarily affected, with potential knock-on effects for users and visitors to the Farm. However, this grant reduction has been negotiated with the Farm in lieu of other investment contributions from the Council that will witness a net reduction in the annual operating costs for the facility. |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?                       | Deen City Farm, the management team for the Farm having overall responsibility for the facility.   |

#### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

The Farm is used and enjoyed by a wide cross-section of the community and attracts a number of equality groups. However, this proposal is not expected to have any significant impact on the Farm or its users and has been a negotiated one with the Farm's management in lieu of other investments (see above).

#### Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| D  |          |                                       |          |           |  |

| What are the proposals being assessed?                      | ALT 1920-07 Proposed budget saving                  |
|---|---|
| Which Department/ Division has the responsibility for this? | Environment & Regeneration/Public Space/Greenspaces |

| Stage 1: Overview   |  |
|---|--|
| Name and job title of lead officer  | Doug Napier, Greenspaces Manager   |
| 1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria (etc) | Realignment of budgets to better reflect current levels of income from outdoor events in parks.  |
| How does this contribute to the council's corporate priorities?   | Contribution to council's savings needs and MTFS.  |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                        | Outdoor events are enjoyed by a very wide cross section of the community as part of the Council's recreational and leisure offer.  |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?                           | The overall responsibility for outdoor events in parks lies with Greenspaces. However, and depending upon the size and nature of the event, then the emergency and medical services, the Council's Regulatory Services team, and our grounds maintenance contractor, idverde, may be involved. |

#### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

Outdoor events in parks are enjoyed by a wide cross-section of the community and attract a number of equality groups. However, this proposal is not expected to have a significant impact on these events as this proposal comprises an adjustment of the budget to reflect current (increased) income levels and is not expected to affect the nature, quality nor range of events that the service currently supports in itself.

#### Stage 3: Assessing impact and analysis

agg.

From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| What are the proposals being assessed?                      | CH96 Proposed budget saving CH88 - Home Care Monitoring System |
|---|--|
| Which Department/ Division has the responsibility for this? | Community and Housing, Adult Social Care                       |

| Stage 1: Overview   |   |
|---|---|
| Name and job title of lead officer  | John Morgan, Assistant Director of Adult Social Care  |
| 1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria | The aim of this proposal is to roll out a home care monitoring system for all home care providers to ensure that we, and our providers, can monitor the delivery of home care visits. This monitoring will enable us to check on a regular basis if the customers commissioned care hours are met in line with the agreed support plans as a means of improving the quality, efficiency and reliability of the service. We also aim to ensure that we only pay for visits that are carried out and do not over pay for shortened or missed visits.  |
| egc)<br>age 12  | Merton already uses a home care monitoring system called CM2000, and we are in the process of reprocuring an equivalent system (which could mean continuing with CM2000 if it is the best value option). The system is only currently used by some of our home care providers and will be extended to additional providers as part of the implementation of the new system during the early part of 2020.   |
| 48  | The primary aim is to provide a quality monitoring tool for home care visits to ensure that residents receive their assessed care hours so that their care package and agreed outcomes are met. A secondary benefit, however, is that the council will reduce costs by not paying for missed or significantly shortened visits. The system has no impact on the hours of care that individual residents are assessed to need or are provided to them – in fact it should reduce the risk of visits being shortened or missed, and also allows providers to more proactively make alternative arrangements if a visit is missed as the system supports real time monitoring. This has positive impacts in terms of the safeguarding of vulnerable residents. |
|   | With the fragility of the home care market, it is important that we have the tools to provide assurance about the delivery of care to vulnerable residents.   |
| 2. How does this contribute to the council's corporate priorities?  | It is consistent with the departmental TOM and the council's drive for efficiency. The reduced use of paper timesheets and invoicing enabled by the system also supports the Council's environmental / sustainability commitments.  |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                  | The main impact is on home care providers that we contract with, who are contractually obliged to use the system. The Council is, however, covering the implementation costs for each provider and will continue to fund the ongoing licence and maintenance costs associated with the system.  |
| Stationard, the Worldood Clo.   | Overall, the impact for customers is positive, for the reasons outlined above, although there is a minor potential impact in that we may require access to their landline for the care worker to log in and out at the  |

|   | beginning and end of their visit via a Freephone telephone number. Increasingly, however, monitoring systems of this type use bar codes or similar, located in the customer's home, which carers scan or tap using a mobile phone app as the means of logging in and out of visits. Some providers also supply mobile phones to the customer's house for logging purposes and both of these options mean that landline use should become less prevalent over time. |
|---|--|
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility? | Contracted Home Care providers. Provider of the chosen monitoring system.  |

#### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

he council has operated a home care monitoring system for over a decade and therefore has good knowledge of the benefits and impacts.

Similar systems are in common use across the local government sector and the benefits and impacts, the majority of which are generic, are well had erstood.

#### Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic | Tick whi | ch applies          | Tick which applies |          | Reason Briefly explain what positive or negative impact has been identified  |
|--------------------------|----------|---------------------|--------------------|----------|--|
| (equality group)         | Positiv  | ve impact Potential |                    |          |  |
|                          |          |                     | negative           | e impact |  |
|                          | Yes      | No                  | Yes                | No       |  |
| Age                      | ✓        |                     |                    | ✓        | The proposal should improve the reliability of home care visits, the overall |
| Disability               | ✓        |                     |                    | ✓        | quality and efficiency of delivered home care and the settlement of          |
| Gender Reassignment      | ✓        |                     |                    | ✓        | complaints regarding missed or late calls. Whatever system is deployed       |
| Marriage and Civil       |          | ✓                   |                    | ✓        | will make allowance for those service users without landlines, who object    |
| Partnership              |          |                     |                    |          | to their use, or do not wish to cooperate with the solution chosen.          |
| Pregnancy and Maternity  |          | ✓                   |                    | ✓        | Increasingly this will be achieved by promoting other more efficient and     |
| Race                     |          | ✓                   |                    | ✓        | less intrusive means of logging using mobile technologies.                   |
| Religion/ belief         |          | ✓                   |                    | ✓        |  |
| -Sex (Gender)            |          | ✓                   |                    | ✓        |  |
| Sexual orientation       |          | ✓                   |                    | ✓        |  |
| Socio-economic status    |          | ✓                   |                    | ✓        |  |

#### 7. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

| Negative impact / gap in      | There will be minimal adverse impact for service users and their families, with the main impact being the use of |
|-------------------------------|--|
| information identified in the | their landline for Freephone calls or attachment of a tag / barcode to their door/hallway etc depending on the   |
| <b>Equality Analysis</b>      | logging method in use.   |
| Action required to mitigate   | Wherever possible we will promote the use of barcode / tag solutions for logging in and out as a positive        |
|                               | alternative to use of the service user's landline.   |
| How will you know this is     | Proportion of visits logged via barcode / tag increasing over time. Targets for this will be developed with the  |
| achieved? e.g.                | home care providers using the system.  |
| performance measure /         |  |
| target                        |  |
| By when                       | March 2021   |
| Existing or additional        | N/A  |
| resources?                    |  |
| Lead Officer                  | Keith Burns, Head of Commissioning and Market Development  |

| Action added to divisional / | To include in 2020/21 service plans. |
|------------------------------|--------------------------------------|
| team plan?                   |                                      |

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

#### Stage 4: Conclusion of the Equality Analysis

#### 8. Which of the following statements best describe the outcome of the EA (Tick one box only)

| OUTCOME 1    | OUTCOME 2 | OUTCOME 3 | OUTCOME 4 |
|--------------|-----------|-----------|-----------|
| $\checkmark$ |           |           |           |

The EA has not identified any potential for discrimination or negative impact and all popportunities to promote equality are being addressed. No changes are required.

The EA has identified adjustments to remove negative impact or to better promote equality. Actions you propose to take to do this should be included in the Action Plan.

The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully.

The EA shows actual or potential unlawful discrimination. Stop and rethink your proposals.

| উtage 5: Sign off by Director/ Head of Service                  |   |                        |               |  |

| Improvement action plan signed off by Director/ Head of Service | John Morgan, Assistant Director of Adult<br>Social Care | Signature: John Morgan | Date: 5/12/19 |  |

| What are the proposals being assessed?                      | CH97 Increase income and make better use of technology to reduce costs |
|---|--|
| Which Department/ Division has the responsibility for this? | Community & Housing Department / Library & Heritage Service            |

| Stage 1: Overview  |  |
|--|--|
| Name and job title of lead officer   | Anthony Hopkins; Head of Library, Heritage & Adult Education Service   |
| 1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals  | The aim of this proposal is to maintain the current library network and opening hours through better use of self-service technology and increasing income generation whilst delivering ongoing efficiencies.   |
| e.g. reduction/removal of service, deletion of posts, changing criteria etc)   | £45k of the saving will be delivered via the reduction of the current security guard contract. The presence will be reduced only at the quieter branch libraries (Raynes Park, Colliers Wood, Pollards Hill and West Barnes). The presence will be replaced with new self-service technology that reduces the need for a physical staffing presence.   |
| 152  | The rest of the proposal will be delivered by increasing income generation through the redevelopment of an existing site (West Barnes Library by £15k). The savings can only be achieved through the redevelopment of the site as the proposals include the increase of community space that can be used for hireable purposes out of normal opening hours. This model has worked successfully at the new Colliers Wood Library. |
| 2. How does this contribute to the council's corporate priorities?   | This proposal ensures that access to frontline library services is maintained.   |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc. | The proposal aims to deliver efficiencies in the Library & Heritage Service budget to support the Council in achieving a balanced budget as part of the Medium Term Financial Strategy. The proposal will benefit library customers, stakeholders and partners as it maintains the current library network and opening hour offer during difficult economic times.   |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?    | The security guard contract, which is proposed to be reduced as part of this proposal, is a corporate contract led by the Facilities Management team. The responsibility of determining the use of security guards in libraries lies with the Library & Heritage Service.  |

### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

The Library & Heritage Service has looked at best practice in the library sector both in the UK and further afield and has visited libraries that use the enhanced self-service technology proposed to ascertain how it works and the experience of customers. Experience of similar redevelopments internally means that figures can be accurately projected for increased income.

Other information that has been used includes customer usage data including visitor figures, active usage, ICT usage, stock borrowing and self-service usage. The data has been analysed by protected characteristic groups where data is collected. This data will be used to determine the 'quieter times' where self-service technology could be used.

For income generation financial costings have been based on the successful redevelopment of Colliers Wood Library and the increased income that site has brought in.

here is a working model in the UK of self-service technology that is used by over 100 public libraries called 'Open +'. This solution enables customers to be able to access their library by using their library cards via a door access point. The site is monitored by external CCTV cameras and is becoming more commonly used across public libraries. Other models are also being developed and technological enhancements continue and the Library & Heritage Service will work with all stakeholder groups to identify the best solution for residents.

The analysis has so far demonstrated that the self-service model is likely to have a potential negative impact on all protected characteristic groups and particularly amongst children and young people. In the majority of cases the current technology such as 'Open +' has an age limit on people who can attend the library during unstaffed hours and this is normally set at between 16 and 18 years of age. Further analysis of the impact will be undertaken before the proposal is implemented including developing robust processes and procedures.

No negative impact has been identified within the income generation element of the proposal provided that the library is developed on time so that the saving can be realised.

### **Stage 3: Assessing impact and analysis**

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic       | Tick wh | ich applies | Tick which applies Potential negative impact |    | Reason   |
|--------------------------------|---------|-------------|--|----|--|
| (equality group)               | Positiv | e impact    |  |    | Briefly explain what positive or negative impact has been identified   |
|                                | Yes     | No          | Yes  | No |  |
| Age                            |         | ~           | ~  |    | All protected and non protected characteristics will be impacted by this proposal as the use of new self-service technology means that there will be times at branch libraries where there will be no staff support. Times where there will be no staffing presence are proposed to be at quieter times for the libraries and will be adapted for each library. Children young people are likely to be more adversely affected as depending upon the model chosen the majority of self-service options could restrict the usage of libraries during these times for children and young people. |

| What are the proposals being assessed?                      | CH98 To review all aspects of Community Transport in Merton |
|---|---|
| Which Department/ Division has the responsibility for this? | Community and Housing                                       |

| Stage 1: Overview  |   |
|--|---|
| Name and job title of lead officer   | Andy Ottaway-Searle, Head of Direct Provision   |
| 1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc) | It has been agreed to commission an independent external review of Community Transport in Merton. The review will begin in October 2019 and involve each department in the Council.   |
|  | Our aim in Adult Social Care is to ensure that the budget allocated for transport and assisted travel is used as efficiently as possible. We know that with less resource available there is a need to ensure that the maximum amount of our budget is spent on actually providing care and support rather than ancillary services, of which the largest is transport. We are also aware that as services change over the next few years as we revise our L D offer and seek to work in a more person centred way that we will require a service which is flexible enough to support this.  |
| Page 157   | One aim of increasing community engagement for people with a disability is to increase the support provided to train people to travel independently. However, we understand that there will always be a need for people to receive specialist transport in order to access certain activities necessary for their wellbeing. Eligibility for and access to travel support will continue to be based on assessments carried out based on a person's individual needs and using criteria outlined in an updated Travel policy.  |
|  | We will continue to work towards a situation where all partners and stakeholders agree on the most sustainable model going forward.   |
| 2. How does this contribute to the council's corporate priorities?   | The Adult Social Care Plan and Target Operating Model contribute to the Council's overall priorities and will ensure that the savings targets are achieved in line with the Corporate Business Plan and the Medium Term Financial Strategy. It is also in line with the July principles, adopted in 2011 by councillors, which sets out guiding strategic priorities and principles, where the order of priority services should be to continue to provide everything which is statutory and maintain services, within limits, to the vulnerable and elderly. It is part of a wider review of the Learning Disability offer as set out in the refreshed TOM, and a work stream of the Strategy, Improvement and Delivery Board. |
|  | Adult Social Care is continually seeking to enable customers to become more independent and supporting people to travel on their own or with support is really empowering, and can also improve their health and wellbeing. All assessments of customers will focus on working with people to identify their strengths and support needs, identifying areas where tailored support can increase their community presence.   |
|  | Merton is also working towards implementing a range of policies which will improve air quality in the   |

|  | borough and contribute to reacting to the Climate Emergency declared by Merton Council. Using vehicles involved in passenger transport more efficiently will make a significant contribution to this. The Merton Plan contains commitments to ensure that residents are supported to live a more active lifestyle.   |
|--|--|
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners,                              | Service users and their families, potentially staff in Environment and Regeneration and Direct Provision, and colleagues in Voluntary sector organisations. We are mindful also of how operations in Children's Schools and Families would be impacted by major changes to arrangements in ASC, and will work closely with them.   |
| stakeholders, the workforce etc.   | People who use services and their families, staff and other partners will all be included in the review of transport. Following the review, we will consult directly with those involved on any specific named changes. It is not our intention to prevent individuals from attending agreed activities in the community, but we may end up using different methods to achieve this. For example, an older person might have a lift from a volunteer to get to their lunch club rather than be collected by a Council minibus, or a person with a learning disability might link up with a 'travel buddy' to attend a community activity. We are aware that changes to people's daily lives can be upsetting and will ensure that people are supported through any subsequent changes. |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the artners and who has overall responsibility? | As stated, all Council departments will be involved, and the review will be led by E&R, who have commissioned independent experts to carry out the process. When the review is complete a Corporate decision will be taken with regards to implementing the proposals throughout the Council.  |

### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

Community transport is currently provided to people with disabilities and older people in Merton. Specialist transport is also provided to children and young people with disabilities and special educational needs, and those might be affected if significant changes were proposed for Adult Services. These groups and their families, as well as staff involved in providing transport would be most affected by any proposed changes. Engagement will take place throughout the review and as and when specific proposals are made, consultation will take place with those directly affected.

### Stage 3: Assessing impact and analysis

From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Rrotected characteristic | Tick whi | ch applies | Tick which | h applies | Reason  |
|--------------------------|----------|------------|------------|-----------|---|
| (@equality group)        | Positiv  | e impact   | Pote       | ntial     | Briefly explain what positive or negative impact has been identified  |
| Ø . , , , , ,            |          |            | negative   | impact    |   |
|                          | Yes      | No         | Yes        | No        |   |
| Age                      | x        |            | х          |           | We are seeking to ensure that transport arrangements are the most suitable, cost effective and sustainable which should be of benefit to all service users. However, some individuals might have changed arrangements, and we know that discussing changes to daily arrangements causes concern and worry to people. They will be supported through this and through any subsequent changed arrangements. We feel that there is sufficient time to implement changes in a well-managed way. |
| Disability               | Х        |            | х          |           | As above.   |

### 7. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| Negative impact/ gap in information identified in the Equality Analysis                                     | Action required to mitigate  | How will you know this is achieved? e.g. performance measure/ target)                    | By<br>when   | Existing or additional resources? | Lead<br>Officer                | Action added to divisional/ team plan? |
|---|--|--|--|-----------------------------------|--------------------------------|--|
| Service users and families can be upset and anxious when changes to their daily arrangements are suggested. | Consultation to be carried out on specific proposals in plenty of time and by staff or agencies who are familiar to the people concerned. We are not proposing measures which will prevent people attending activities, but may suggest alternative means of travel. | By implementing any changes successfully with no changes to the individual's activities. | The review will begin in October 2019 and propos als worked through from late 2020/2 1 | External consultant/ group        | Andy<br>Ottawa<br>y-<br>Searle | Yes                                    |

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

### Stage 4: Conclusion of the Equality Analysis

8. Which of the following statements best describe the outcome of the EA (Tick one box only)

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

| OUTCOME 1 | OUTCOME 2 | OUTCOME 3 | OUTCOME 4 |
|-----------|-----------|-----------|-----------|
|           | X         |           |           |

| Stage 5: Sign off by Director/ Head of Service                  |   |                |               |  |  |  |
|---|---|----------------|---------------|--|--|--|
| Assessment completed by   | Andy Ottaway-Searle, Head of Direct Provision | Signature: AOS | Date: 5/12/19 |  |  |  |
| Inprovement action plan signed off by Director/ Head of Service | Hannah Doody, Director of C&H                 | Signature: HD  | Date: 5/12/19 |  |  |  |

| What are the proposals being assessed?                      | CH99 –Promoting Independence £500k       |
|---|--|
| Which Department/ Division has the responsibility for this? | Community and Housing, Adult Social Care |

| Stage 1: Overview   |   |  |  |  |  |  |
|---|---|--|--|--|--|--|
| Name and job title of lead officer  | John Morgan, Assistant Director Adult Social Care   |  |  |  |  |  |
| 1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals g. reduction/removal of service, deletion of posts, changing criteria | The aim of this proposal is to continue to support people to remain independent and well, enabling them to remain in their own homes, close to their friends, families, support networks and local communities. This proposal will be achieved by a number of initiatives that help people maintain their wellbeing, to access early help and to recover when they become unwell or temporarily lose independence. There is an ongoing focus on supporting people to achieve their desired outcome to stay in their own homes and to reduce dependency on residential care. |  |  |  |  |  |
| <u></u>   | The work includes:  |  |  |  |  |  |
| 162   | <ul> <li>Increased access to home care re-ablement for eligible residents on discharge from hospital;</li> </ul>  |  |  |  |  |  |
|   | <ul> <li>Increased access to re-ablement for eligible residents in the community;</li> </ul>  |  |  |  |  |  |
|   | <ul> <li>Better co-ordination with our community health provider including a combined health and social<br/>care offer.</li> </ul>  |  |  |  |  |  |
|   | - improving assessment practice and support planning,   |  |  |  |  |  |
|   | <ul> <li>working with the voluntary sector to provide earlier interventions</li> </ul>  |  |  |  |  |  |
|   | - maximising the benefit of the ASC grants programme  |  |  |  |  |  |
|   | This is a continuation of work that has been undertaken over the last two years.  |  |  |  |  |  |
| 2. How does this contribute to the council's corporate priorities?  | The Adult Social Care Service plan and TOM contribute to the council's priorities and will ensure that the savings targets are achieved in line with the corporate Business Plan.   |  |  |  |  |  |
| 3. Who will be affected by this proposal?.  | Service users   |  |  |  |  |  |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?                   | Partnership working with health, the voluntary sector and social care providers   |  |  |  |  |  |

#### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

Over the last two years, the work described above combined with effective management of the market has seen costs contained. This saving represents a reduced impact than that experienced in the last two years to reflect other pressures that will increase demand.

On an operational level the evidence considered has been to:

- looked at local information about trends, needs and best practice;
- reviewed national benchmarking information about our performance (Adult Social Care Outcomes Framework (ASCOF) and Personal Social Services Expenditure and Unit Costs) compared to other councils;
- considered the impact of pressures such as new legislation, demographic growth and Public Health Needs Assessments;
  - reviewed and monitored contracted services to check if fit for purpose as well as negotiate rates to ensure value for money
- redesigned or re-modelled the way we commission services to achieve better outcomes for customers in the most cost effective way.

### Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic | Tick which applies Positive impact |    | Tick which applies Potential |    | Reason   |  |  |  |  |
|--------------------------|------------------------------------|----|------------------------------|----|--|--|--|--|--|
| (equality group)         |                                    |    |                              |    | Briefly explain what positive or negative impact has been identified       |  |  |  |  |
| ( ) ( ) ( )              |                                    |    | negative impact              |    |  |  |  |  |  |
|                          | Yes                                | No | Yes                          | No |  |  |  |  |  |
| Age                      | ✓                                  |    | ✓                            |    | The aim is to support people to maintain their independence, which         |  |  |  |  |
| Disability               | ✓                                  |    | ✓                            |    | supports people to live their lives in the way that is best for them and   |  |  |  |  |
| Gender Reassignment      | ✓                                  |    |                              | ✓  | therefore supports and respects the diversity of people's lives and needs. |  |  |  |  |
| Marriage and Civil       | ✓                                  |    |                              | ✓  | The proposals might mean, however, that people's needs are met             |  |  |  |  |
| Partnership              |                                    |    |                              |    | differently to the way that they are used to or expect, and they might be  |  |  |  |  |

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet Text in blue is intended to provide guidance – you can delete this from your final version.

| What are the proposals being assessed?                      | Housing Benefit Written Off Debt Recovery – 2020-21 CS4 |
|---|---|
| Which Department/ Division has the responsibility for this? | Corporate Services/Resources                            |

| Stage 1: Overview   |  |
|---|--|
| Name and job title of lead officer  | David Keppler, Head of Revenues & Benefits   |
| 1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria (etc) | To collect previously written off housing benefit overpayment debt by external agency following availability of improved data matching and available information. The exercise is targeting debts that were written off where we were unable to trace the debtor or where we were unable to collect as the debtor failed to communicate. The exercise does not include debts where the debtors were unable to pay due to affordability, vulnerability or compassionate reasons. Enforcement agents (bailiffs) are not being used and debtors are only being contacted by phone or written correspondence |
| How does this contribute to the opuncil's corporate priorities?   | Assists with balancing the budget.   |
| 9. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                        | Residents or ex residents who failed to pay housing benefit overpayments. The proposals assist the Council with making a balanced budget.  |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?                           | Yes – the collection of this debt is being undertaken by an external company (Civica On Demand) although the Revenues and Benefits Service has overall responsibility.   |

### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

• Initial results from the exercise which commenced in July 2019. The income collected so far has been through agreed payment arrangements with debtors or where we have applied a statutory attachment to earnings to recover the debt direct from the debtors salary. We are finding that with the new information now provided by the Department of Work and Pensions regarding debtors employers and earnings a good number of these debtors are now working and are in a position to repay the previously written off debts.

# † Stage 3: Assessing impact and analysis

From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic | Tick which applies Tick which applies  Positive impact Potential |    | n applies       | Reason |  |  |  |
|--------------------------|--|----|-----------------|--------|--|--|--|
| (equality group)         |  |    | Potential       |        | Briefly explain what positive or negative impact has been identified   |  |  |
|                          |  | 4  | negative impact |        |  |  |  |
|                          | Yes  | No | Yes             | No     |  |  |  |
| Age                      |  |    |                 | Yes    | Due to the data provided it is not possible to identify any negative impact.   |  |  |
| Disability               |  |    |                 | Yes    | Due to the data provided it is not possible to identify t-if any debtors have  |  |  |
| -                        |  |    |                 |        | any disabilities   |  |  |
| Gender Reassignment      |  |    |                 |        |  |  |  |
| Marriage and Civil       |  |    |                 |        |  |  |  |
| Partnership              |  |    |                 |        |  |  |  |
| Pregnancy and Maternity  |  |    |                 |        |  |  |  |
| Race                     |  |    |                 | Yes    | Due to the data provided it is not possible to identify the race of debtors  |  |  |
| Religion/ belief         |  |    |                 |        |  |  |  |
| Sex (Gender)             |  |    |                 | Yes    | Due to the data provided it is not possible to identify any negative impact.   |  |  |
| Sexual orientation       |  |    |                 |        |  |  |  |
| Socio-economic status    |  |    | Yes             |        | Potentially some debtors may not be in a financial position to repay debts – consideration is given and income and expenditure assessments |  |  |

undertaken to consider affordability

### 7. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| What are the proposals being assessed?                      | Back office savings in Customers, Policy and Improvement (2020-21 CS5, CS6) A series of Corporate Governance savings (2020-21 CS 13&14) |
|---|---|
| Which Department/ Division has the responsibility for this? | Corporate Services/Resources  |

| Stage 1: Overview  |   |
|--|---|
| Name and job title of lead officer   | Roger Kershaw. AD Resources   |
| 1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, eletion of posts, changing criteria e.c.) | Customers, Policy and Improvement: Various savings in back office costs for 20/21:-  Reduction in running costs across the Division £20,000  Community Engagement – Reduced running costs £8,000  Corporate Governance: Various savings in back office costs for 20/21:-  Miscellaneous savings in running costs £24,000  Saving in Consultancy costs £10,000 |
| 2. How does this contribute to the council's corporate priorities?   | Assists with balancing the budget.  |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                       | None  |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?                          | None  |

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

• An analysis of recent years spend and income data.

### Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Frotected characteristic | Tick which applies Positive impact |    | Tick which | applies | Reason   |
|--------------------------|------------------------------------|----|------------|---------|--|
| <u>(equality group)</u>  |                                    |    | Potential  |         | Briefly explain what positive or negative impact has been identified |
| 7                        |                                    |    | negative   | impact  |  |
| 4                        | Yes                                | No | Yes        | No      |  |
| Age                      |                                    | X  |            | X       |  |
| Disability               |                                    | X  |            | X       |  |
| Gender Reassignment      |                                    | X  |            | X       |  |
| Marriage and Civil       |                                    | X  |            | X       |  |
| Partnership              |                                    |    |            |         |  |
| Pregnancy and Maternity  |                                    | X  |            | Х       |  |
| Race                     |                                    | X  |            | Χ       |  |
| Religion/ belief         |                                    | X  |            | Χ       |  |
| Sex (Gender)             |                                    | Х  |            | Χ       |  |
| Sexual orientation       |                                    | Х  |            | Х       |  |
| Socio-economic status    |                                    | Χ  |            | Х       |  |

### 7. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| Negative impact/ gap in information identified in the Equality Analysis  Action required to mitigate |  | How will you know this is achieved? e.g. performance measure/ target)  By who |  | Existing or additional resources? | Lead<br>Officer | Action added to divisional/ team plan? |
|--|--|---|--|-----------------------------------|-----------------|--|
|  |  |   |  |                                   |                 |  |

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

| Assessment completed by   | Roger Kershaw, AD Resources | Signature: Roger Kershaw | Date: 9.10.19 |
| Improvement action plan signed off by Director/ Head of Service |                             | Signature:               | Date:         |

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet Text in blue is intended to provide guidance – you can delete this from your final version.

| What are the proposals being assessed?                      | Staffing Establishment Reduction in Customer Experience & Communications (CS7) |
|---|--|
| Which Department/ Division has the responsibility for this? | Customers, Policy & Improvement  |

| Stage 1: Overview   |  |
|---|--|
| Name and job title of lead officer  | Sophie Ellis, Assistant Director of Customers, Policy & Improvement  |
| 1. What are the aims, objectives  and desired outcomes of your  Proposal? (Also explain proposals  g.g. reduction/removal of service,  deletion of posts, changing criteria | The proposal is to reduce the staffing establishment in Customer Experience & Communications by 2 x FTE.  This is expected to be enabled through the integration of services leading to greater efficiency and use of resources and the implementation of the Customer Contact Strategy. |
|   | Work to identify which posts will be part of further reviews and reorganisations of the service as the benefits of more integrated, generic working and automating customer contact emerge over the coming year.   |
| 2. How does this contribute to the council's corporate priorities?  | The proposal supports the theme of Corporate Capacity by ensuring the department offers support to the organisation in the most efficient way.   |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                      | The reduction will be possible as a result of more efficient and streamlined arrangements being put in place for residents to contact the council. Therefore there is not expected to be any detrimental impact on residents and service users.  |
| Stakeholders, the workloide etc.  | Whilst ostensibly this proposal involves a reduction in staffing, the service will seek to mitigate the impact of this on staff by exploiting opportunities as vacancies arise naturally.  |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?                         | Responsibility is not shared; though departments will need to be fully consulted as the service is delivered on behalf of the organisation as a whole.   |

### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

The budget available to the department and division going forward.

Lean reviews of elements of the service that indicate potential for efficiency and streamlining which are now being implemented. Analysis of current tasks and volumes as part of the development of a business case for the reorganization of CPI in 2019.

It is not possible to undertake further more detailed analysis on impact on staff at this stage as the detailed proposals have not yet been established.

# Stage 3: Assessing impact and analysis

lgee

From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Improvement action plan signed off by Director/ Head of Service | Add name/ job title | Signature: | Date: |

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet Text in blue is intended to provide guidance – you can delete this from your final version.

| What are the proposals being assessed?                      | Proposed budget savings Reference numbers CS8, CS9 and CS12 which are to be delivered across the period 2020/23. These have all been assessed as not having any potential equalities impact implications. |
|---|---|
| Which Department/ Division has the responsibility for this? | Corporate Services – Infrastructure & Technology Division   |

| Stage 1: Overview   |   |
|---|---|
| Name and job title of lead officer  | Mark Humphries, Assistant Director Infrastructure & Technology  |
| What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals  | CS8 – Reduction in operating costs on the Councils corporate buildings, by moving from planned maintenance to statutory minimum, fix on fail with work only being undertaken where repairs directly affect the safety, security or weather proofing of a building.  |
| a.g. reduction/removal of service, changing criteria etc)   | CS9 – Reduction in the operating cost for the corporate cleaning contract, which will be delivered through a review of the current specification and a reduction in the level and frequency of cleaning within the corporate buildings.   |
|   | CS12 – Cancel lease agreement on two Council vehicles to reduce operating costs. The vans are used to transport equipment and materials around the borough, and this will result in a significant reduction in the level of service and subsequent delays in completing urgent service affecting repairs. |
| 2. How does this contribute to the council's corporate priorities?  | The reduction in operating costs are required in order to meet the requirements of the Council's wider MTFS.  |
| 3. Who will be affected by this proposal? For example who are   | CS8 – No direct impact on any specific individuals or groups, but there will be a gradual reduction in the condition and working environment of the operational buildings.  |
| the external/internal customers, communities, partners,   | CS9 – No direct impact on any specific individuals or groups, but staff and visitors within the corporate buildings will notice the reduction in the level and frequency of cleaning as a result of the reduction.  |
| stakeholders, the workforce etc.  | CS12 - No direct impact on any specific individuals or groups, but there will be a reduction in the time taken to complete repairs and deal with service affecting faults at the operational buildings.   |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility? | No  |

### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

In the main, the proposals relate to general reductions in the level of internal support services provided across the Council, and therefore do not have any direct impact on any specific individuals or groups. Whilst there is no specific evidence available to support this assumption, historically the reductions made in previous years have not been found to have created any such problems or issues.

### **Stage 3: Assessing impact and analysis**

From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| <u>(D</u>                |          |            |            |         |   |

#### Stage 4: Conclusion of the Equality Analysis

Page

### 8. Which of the following statements best describe the outcome of the EA (Tick one box only)

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

Outcome 1 – The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. No changes are required.

Outcome 2 – The EA has identified adjustments to remove negative impact or to better promote equality. Actions you propose to take to do this should be included in the Action Plan.

Outcome 3 – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have 'due regard' and you are advised to seek Legal Advice.

Outcome 4 – The EA shows actual or potential unlawful discrimination. Stop and rethink your proposals.

### **Stage 5: Improvement Action Pan**

### 9. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| Negative impact/ gap in information identified in the Equality Analysis | Action required to mitigate | How will you know this is achieved? e.g. performance measure/ target) | By<br>when | Existing or additional resources? | Lead<br>Officer | Action added to divisional/ team plan? |
|---|-----------------------------|---|------------|-----------------------------------|-----------------|--|
|   |                             |   |            |                                   |                 |  |
|   |                             |   |            |                                   |                 |  |
|   |                             |   |            |                                   |                 |  |

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

### stage 6: Reporting outcomes

### 40. Summary of the equality analysis

This section can also be used in your decision making reports (CMT/Cabinet/etc) but you must also attach the assessment to the report, or provide a hyperlink

This Equality Analysis has resulted in an Outcome 1 Assessment

As a result of completing this equalities analysis it has been determined that there will not be any direct adverse impact on any particular group as a result of implementing the proposed savings.

| Stage 7: Sign off by Director/ Head of Service   |                  |            |       |  |  |  |  |  |

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet Text in blue is intended to provide guidance – you can delete this from your final version.

| What are the proposals being assessed?                      | Proposed budget savings reference numbers CS10 and CS11 for the period 2020/23. These have all been assessed as potentially having equalities impact implications. |
|---|--|
| Which Department/ Division has the responsibility for this? | Corporate Services – Infrastructure & Technology Division  |

| Stage 1: Overview   |  |
|---|--|
| Name and job title of lead officer  | Mark Humphries, Assistant Director Infrastructure & Technology   |
| 1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals a.g. reduction/removal of service,                  | CS10 – Restructure of the Transactional Services team to reduce operating costs, which will result in the loss of 3 FTE posts. This will result in a reduction of capacity within the team and will increase the time taken to produce and process Accounts Payable and Receivable invoices. |
| <b>e</b> letion of posts, changing criteria <b>etc</b> )  | CS11 – Restructure of the Commercial Services team to reduce operating costs, which will result in the loss of 1 FTE post. This will result in a reduction of capacity within the team to provide the specialist technical advice and support on the Councils procurement activities.        |
| 2. How does this contribute to the council's corporate priorities?  | The reduction in operating costs are required in order to meet the requirements of the Council's wider MTFS.   |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners,                               | CS10 – The proposed restructure and subsequent deletion of 3 posts will have a direct impact on staff, but the potential for any adverse impact on any particular protected group will be mitigated through the use of the Councils agreed procedures for Managing Organisational change.    |
| stakeholders, the workforce etc.  | CS11 - The proposed restructure and subsequent deletion of 3 posts will have a direct impact on staff, but the potential for any adverse impact on any particular protected group will be mitigated through the use of the Councils agreed procedures for Managing Organisational change.    |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility? | No   |

### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

Whilst there is potential for savings proposals CS10 and CS11 to have an adverse impact on a particular protected group this will be mitigated by managing the process using the Councils agreed procedures for Managing Organisational change.

### Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| <u>w</u>                 |                                       |          |           |        |   |
|--------------------------|---------------------------------------|----------|-----------|--------|---|
| Protected characteristic | Tick which applies Tick which applies |          | n applies | Reason |   |
| (equality group)         | Positiv                               | e impact | Potential |        | Briefly explain what positive or negative impact has been identified      |
|                          |                                       |          | negative  | impact |   |
| 86                       | Yes                                   | No       | Yes       | No     |   |
| Age                      |                                       | Х        |           | X      | None.   |
| Disability               |                                       | X        |           | X      | None.   |
| Gender Reassignment      |                                       | X        |           | X      | None.   |
| Marriage and Civil       |                                       | X        |           | X      | None.   |
| Partnership              |                                       |          |           |        |   |
| Pregnancy and Maternity  |                                       | X        |           | Х      | None.   |
| Race                     |                                       | X        |           | Χ      | None.   |
| Religion/ belief         |                                       | X        |           | Х      | None.   |
| Sex (Gender)             |                                       | Х        | X         |        | A large percentage of the Transactional Services team are female staff    |
|                          |                                       |          |           |        | and therefore the proposed reduction in posts has the potential to impact |
|                          |                                       |          |           |        | female staff more than males.   |
| Sexual orientation       | _                                     | Χ        |           | Х      | None.   |
| Socio-economic status    |                                       | Х        | _         | Х      | None.   |

#### 7. If you have identified a negative impact, how do you plan to mitigate it?

The restructuring process will be undertaken in accordance with Councils 'Managing Organisational Change' procedures which will mitigate any potential negative impact.

### Stage 4: Conclusion of the Equality Analysis

Page

#### 8. Which of the following statements best describe the outcome of the EA (Tick one box only)

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

Outcome 1 – The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. No changes are required.

Outcome 2 – The EA has identified adjustments to remove negative impact or to better promote equality. Actions you propose to take to do this should be included in the Action Plan.

Outcome 3 – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have 'due regard' and you are advised to seek Legal Advice.

Outcome 4 – The EA shows actual or potential unlawful discrimination. Stop and rethink your proposals.

### **Stage 5: Improvement Action Pan**

### 9. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| Negative impact/ gap in information identified in the Equality Analysis   | Action required to mitigate   | How will you know this is achieved? e.g. performance measure/ target)                         | By<br>when    | Existing or additional resources? | Lead<br>Officer | Action added to divisional/ team plan? |
|---|---|---|---------------|-----------------------------------|-----------------|--|
| A large percentage of the Transactional Services team are female staff and therefore the proposed reduction in posts has the potential to impact female | The restructuring process will be undertaken in accordance with Councils 'Managing Organisational Change' procedures which will mitigate any potential negative impact. | Whether the decision to appoint is subject to any challenge or appeal relating to inequality. | March<br>2021 | Existing                          | МН              | No                                     |

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

#### Stage 6: Reporting outcomes

#### 10. Summary of the equality analysis

This section can also be used in your decision making reports (CMT/Cabinet/etc) but you must also attach the assessment to the report, or provide a hyperlink

This Equality Analysis has resulted in an Outcome 2 Assessment

As a result of completing this equalities analysis it has been determined that there is potential for an adverse impact on a particular protected group as a result of implementing the proposed savings, but that this will be mitigated as a result of managing the process through the Councils agreed procedure for 'Managing Organisational Change'.

| Stage 7: Sign off by Director/ Head of Service                  |  |            |       |  |  |  |  |  |
|---|--|------------|-------|--|--|--|--|--|
| Assessment completed by   | Mark Humphries – Assistant Director Infrastructure & Technology  Signature: Mark Humphries  Date: 03/10/19 |            |       |  |  |  |  |  |
| Improvement action plan signed off by Director/ Head of Service | Caroline Holland   | Signature: | Date: |  |  |  |  |  |

| What are the proposals being assessed?                      | Proposed budget savings CSF2019-01: Review of CSF Admin Structure |  |
|---|---|--|
| Which Department/ Division has the responsibility for this? | CSF/Children's Social Care/Youth Inclusion and Education.         |  |

| Stage 1: Overview  |  |
|--|--|
| Name and job title of lead officer   | Rachael Wardell, El Mayhew, Jane McSherry.   |
| 1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals g. reduction/removal of service, deletion of posts, changing criteria etc) | With changes to the structure of the department, the implementation of MOSAIC and a focus on reduced education and social care core functions we will redesign our administrative workforce across what will be a smaller directorate while dealing with increasing demands.  CSF has various business, finance and performance support functions across a number of numerous services. These functions are carried out either by dedicated business support staff or are integrated within other roles. The aim of the review is to understand whether the current set up is efficient, cost effective and delivers good value to the department.  The review will cover all roles which carry out functions related to business, finance and performance support.  The work will cover roles across both divisions (Education and Social Care & Youth Inclusion), although it is recognised that a review has recently been completed for SC&YI, the outputs of which are already being implemented. The findings and outcomes of this review will be taken into consideration, so as not to duplicate this work. However, further changes are not ruled out.  A reduction of approx. 8 posts from a total of 65FTE is anticipated. (This is a smaller number of reductions than originally envisaged, as a result of the outputs of the review work already conducted). |
| 2. How does this contribute to the council's corporate priorities?   | <ul> <li>This proposal contributes to the councils' corporate priorities in ensuring we manage our resources to provide value for money, high standards of governance, financial and budget management.</li> <li>The desired outcomes of the review are:</li> <li>More joined up provision of performance information and data across the department</li> </ul>  |

|  | <ul> <li>Reduced duplication of work</li> <li>Increased efficiency and effectiveness of the business, finance and performance support functions across CSF services</li> <li>Improved resilience of the business support function</li> <li>Release capacity for other work or deliver financial savings</li> </ul>  |
|--|---|
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc. | Less resource and flexibility to meet increasing demands may lead to a risk of decreased timeliness of response to customers and potentially reduced support for vulnerable children and young people, although the primary impact is likely to be (initially) on colleagues and partners who will have to undertake more 'self-service' and may experience reduced response times. |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?    | This is wholly a Children's Schools and Families workforce.   |

### ്ക് tage 2: Collecting evidence/ data

7

#### What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

We know the staff in this cohort likely to be affected by any reduction in the number and distribution of business support roles. Understanding of equality and diversity impact of any proposal to reduce the numbers of posts forms part of the HR process of service redesign.

We have not been able to identify and quantify the predicted impact on colleagues, external stakeholders and service users, as the underlying principle is to seek to be more efficiently organised, rather than to reduce any service provision, but an evaluation of impact forms part of the review.

#### Stage 3: Assessing impact and analysis

| Protected characteristic | Tick whi               | ch applies | Tick whic                 | h applies |  |
|--------------------------|------------------------|------------|---------------------------|-----------|--|
| (equality group)         | group) Positive impact |            | Potential negative impact |           |  |
|                          | Yes                    | No         | Yes                       | No        |  |
| Age                      |                        |            |                           | *         |  |
| Disability               |                        |            |                           | *         |  |
| Gender Reassignment      |                        |            |                           | *         |  |
| Marriage and Civil       |                        |            |                           | *         |  |
| Partnership              |                        |            |                           |           |  |
| Pregnancy and Maternity  |                        |            |                           | *         |  |
| Race                     |                        |            |                           | *         |  |
| Religion/ belief         |                        |            |                           | *         |  |
| Sex (Gender)             |                        |            |                           | *         |  |
| Sexual orientation       |                        |            |                           | *         |  |
| Socio-economic status    |                        |            |                           | *         |  |

his action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified expanding on information provided in Section 7 above).

| (Negative impact/ gap in Negative impact/ gap in Equality Analysis | Action required to mitigate | How will you know this is achieved? e.g. performance measure/ target) | By<br>when | Existing or additional resources? | Lead<br>Officer | Action added to divisional/ team plan? |
|--|-----------------------------|---|------------|-----------------------------------|-----------------|--|
|  |                             |   |            |                                   |                 |  |
|  |                             |   |            |                                   |                 |  |
|  |                             |   |            |                                   |                 |  |

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

#### **Stage 4: Conclusion of the Equality Analysis**

#### 8. Which of the following statements best describe the outcome of the EA (Tick one box only)

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

| OUTCOME 1 | OUTCOME 2 | OUTCOME 3 | OUTCOME 4 |  |  |

| <u>0</u>  |                               |             |                 |

| What are the proposals being assessed?                      | Proposed budget savings CSF2019-02: Establish more cost effective Merton independent living provision |
|---|---|
| Which Department/ Division has the responsibility for this? | CSF/Children's Social Care and Youth Inclusion  |

| Stage 1: Overview   |   |
|---|---|
| Name and job title of lead officer  | Rachael Wardell/El Mayhew.  |
| 1. What are the aims, objectives The desired outcomes of your Proposal? (Also explain proposals G.g. reduction/removal of service, deletion of posts, changing criteria (Acc) | The proposal is to develop housing pathways for care leavers (including but not limited to shared accommodation, floating support) to replace the semi-independent accommodation currently commonly used, which is high cost and not conducive to improving young, care experienced adults' independence.  This should lead to: |
| -   | <ul> <li>Care leavers who are more independent and who have access to a wider variety of housing<br/>options to meet their individual needs</li> </ul>  |
|   | A reduction in the spend on supported housing for care leavers  |
| 2. How does this contribute to the council's corporate priorities?  | This addresses our corporate priorities by helping us to meet our statutory duties to care leavers and by assisting us to operate within a balanced budget.   |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                        | Our 'customers' for this proposal are our care experienced young adults (care leavers), and the 14+ Team and others who support them. The proposals will benefit care leavers through increased independence and choice, and the council through reduced costs.   |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?                           | This work will need to be conducted in collaboration with the Council's Housing Service, with local social and private landlords.   |

#### Stage 2: Collecting evidence/ data

#### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

List the type of evidence (data, results of consultation, research, etc) and analysis of what this evidence tells you regarding the impact on the protected characteristics (equality groups).

Demographic information about age, gender and race of care leavers, who are the group affected by these proposals, which leads us to conclude that some protected characteristics are over-represented among care leavers.

What impact has this evidence had on what you are proposing? This hasn't changed the overall proposal as the intention is to support independence (which is a positive objective) through developing appropriate and cost effective alternatives to semi-independent accommodation, however, it has highlighted the need to take an individual approach when working with each care leave to determine the most appropriate accommodation options to meet their needs, within the council's budget, and to be particularly aware of each care experienced young adult's readiness for independence. .

there are gaps in data (for example information not being available) you may have to address this by including plans to generate this conformation within your action plan.

#### Stage 3: Assessing impact and analysis

95

| Protected characteristic | Tick whi | ich applies | Tick whic                 | h applies | Reason   |
|--------------------------|----------|-------------|---------------------------|-----------|--|
| (equality group)         | Positiv  | e impact    | Potential negative impact |           | Briefly explain what positive or negative impact has been identified   |
|                          | Yes      | No          | Yes                       | No        |  |
| Age                      | х        |             | x                         |           | The proposal is focused on care leavers, who are older children and young adults with care experience. Therefore, this affects a very specific age group. There are positive benefits, in that young adults will have greater choice of accommodation that meets their needs, however it is possible that some young people may find it harder to have their needs met and / or that the availability of choice leads to indecision or housing disruption. |

| Disability                        |   |   | Х |   |
|-----------------------------------|---|---|---|---|
| Gender Reassignment               |   |   | Χ |   |
| Marriage and Civil<br>Partnership |   |   | Х |   |
| Pregnancy and Maternity           |   |   | Х |   |
| Race                              | х | x |   | The proposal is focused on care leavers. Within this group, young adults who were formerly unaccompanied asylum-seeking children are over-represented, compared to the borough population. Therefore, this proposal may disproportionately affect more young people who are not white British. There are positive benefits, in that young adults will have greater choice of accommodation that meets their needs, however it is possible that some young people may find it harder to have their needs met and / or that the availability of choice leads to indecision or housing disruption. |
| Religion/ belief                  |   |   | Х |   |
| Sex (Gender)                      | Х | Х |   | The proposal is focused on care leavers. Within this group, males are over-represented, compared to the borough population. Therefore, this proposal may disproportionately affect more young men. There are positive benefits, in that young adults will have greater choice of accommodation that meets their needs, however it is possible that some   |
| age 1                             |   |   |   | young people may find it harder to have their needs met and / or that the availability of choice leads to indecision or housing disruption.   |
| Sexual orientation                |   |   | X |   |
| Socio-economic status             | • |   | Х |   |

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| Negative impact/ gap in information identified in the Equality Analysis  | Action required to mitigate  | •  |                                      | Existing or additional resources? | Lead<br>Officer        | Action<br>added to<br>divisional/<br>team plan? |
|--|--|--|--------------------------------------|-----------------------------------|------------------------|---|
| The possibility of negative consequences of the reduction in use of semi-independent accommodation for some care leavers for whom this would be a better fit to their needs. | Take a needs led approach to each placement decision, based on young people's choice and developing independent. | Working with care leavers' personal advisers and in discussion with care leavers themselves. | Ongoing<br>on a YP<br>by YP<br>basis | Existing                          | HoS<br>Care<br>Leavers | Yes   |

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

## **Equality Impact Analysis**

Please refer to the guidance for carrying out an Equality Analysis.

Text in blue is intended to provide guidance – you can delete this from your final version.

| What are the proposals being assessed?                      | Early Help Service redesign – setting up a new Family Wellbeing Service |  |  |
|---|---|--|--|
| Which Department/ Division has the responsibility for this? | CSF (CSF2019-03)  |  |  |

| Stage 1: Overview   |  |
|---|--|
| Name and job title of lead officer  | Allison Jones  |
| 1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc.) | <ul> <li>1.1 A reshape of Merton's Early Help offer is required in order to ensure that CSF continues to deliver an ambitious programme of transformation, meeting its priorities, objectives and savings targets, so that services meet the needs of families in accordance with the MFWBM and that there is assurance of demonstrable and quantifiable outcomes in relation to family wellbeing.</li> <li>1.2 There is acknowledgement that the current offer is fragmented, that there is scope for improvement and that there is room for significant efficiencies to be found, contributing to the overall departmental savings targets and mitigating the impact of significant loss of funding via the Troubled Families DCLG programme.</li> <li>1.3 A reshape in the way proposed will support the reduction of families requiring higher cost provision within the statutory services.</li> <li>1.4 Swift and easy access to Early Help Information, Advice and Guidance (IAG) and Family Wellbeing (FWB) services, reducing the pressures on MASH and more costly child protection services</li> <li>1.5 Improved outcomes for families and evidence of impact</li> <li>1.6 Deliver efficiencies / savings</li> <li>1.7 Mitigate the impact as a result of loss of significant grant funding</li> <li>1.8 Deliver aspirations within TOM and key strategic priorities</li> <li>1.9 Whole systems approach to Family Wellbeing underpinned by value for money and maximising resources/opportunities across the multi-agency networks/agencies</li> <li>1.10  To review and redesign Merton's EH offer, to include the range of functions held within the following teams directly managed by LBM; 0-5 SFT, Bond Road Family Assessment</li> </ul> |

|   | Service, Transforming Families and PEIP, SEND Short Breaks, former VCT Posts x 1, Early Years posts Practice Development, Information Assistants and Business Support   |
|---|---|
| 2. How does this contribute to the council's corporate priorities?  Page 200                    | The reshaped service contributes significantly to giving our children and young people the best start in life and is a key component of our Child, YP and Family Well Being Model, the Children and Young People Plan and the Health and Well-being strategy. It contributes significantly to our MSCP priorities of Early Help; Think Family and Contextual Safeguarding. This proposal is contributing to the councils' corporate priorities which are:  Resilient Merton  Collaborative Merton  Smart Merton  Our proposals contribute to these priorities and aim to deliver across these 4 areas. With a particular focus on Resilient, Collaborative and Ambitious Merton and maximising our use of ICT and new ways of working so that all or work is "SMART"  The way Merton works to deliver against these priorities is important, and the following three things have been identified that motivate all of us to deliver:  Customers - We want to know our customers and provide the very best service for them  Pride - We take personal pride in what we do, in working for Merton and pride in Merton the place  Team - We actively work to support our colleagues to be the best team and look for ways to work with partners beyond the council to improve Merton the place  Corporately, these are Merton's strengths as an organisation – they frame how we work to achieve our aspirations. The proposals will embed these key priorities and motivational aspects into our reshaping and future planning. |
| 3. Who will be affected by this proposal? For example, who are the external/internal customers, | External: families with children and young people living in the London borough of Merton aged between 0 – 25 and Multi agency partners (communities and partners)   |

| communities, partners, stakeholders, the workforce etc.  | Internal: CSF Staff, colleagues across the organisation and statutory partners (stakeholders)   |  |  |  |  |  |
|--|---|--|--|--|--|--|
|  | Workforce directly affected: See business case and associated appendices and documents.   |  |  |  |  |  |
|  |   |  |  |  |  |  |
|  |   |  |  |  |  |  |
|  |   |  |  |  |  |  |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the | This proposal directly affects staff and their teams who currently work in CSF across the two divisions of Social Care and Education, however it is recognised that it will impact differently across various teams in CSF, wider LBM services (ie adult services, housing, Safer Merton) communities and stakeholders. The |  |  |  |  |  |
| partners and who has overall responsibility?   | overall responsibility is with the Director of CSF. The overarching aim is to improve access to appropriate services and follow on improved outcomes for families, many of whom have protected characteristics within   |  |  |  |  |  |
|  | this EIA.   |  |  |  |  |  |

#### Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

We have a range of data sets about the workforce as well as information from the existing services which help identify need, vulnerability and risk. We have considered and taken into account relevant factors with regards to the overall impact of this proposal.

#### Stage 3: Assessing impact and analysis

| 7.7                      |         |             |            |           |  |
|--------------------------|---------|-------------|------------|-----------|--|
| Protected characteristic | Tick wh | ich applies | Tick which | h applies | Reason   |
| (⊈(equality group)       | Positiv | e impact    | Potential  |           | Briefly explain what positive or negative impact has been identified   |
|                          |         |             | negative   | impact    |  |
| 20                       | Yes     | No          | Yes        | No        |  |
| <b>N</b> Age             |         |             |            |           | Service Users Positive impact The age criteria for access to services will be increasing overall supporting families with children across a wider age range  Negative impact Due to the widened age range for the new service, and level of savings required, there will be a possible shift of resource from families with younger children presenting at a lower level of need to accommodate the wider age range and the tighter eligibility criteria.  Staffing 57% of the work force is represented by staff who are aged between 45 and over 55. This proposal therefore affects a higher number of staff within |
| Disability               | /       |             |            | /         | these age categories.  Service Users  Desitive impact  |
|                          |         |             |            |           | Positive impact Increased coordination for families via the new service, (it is proposed that there will be improved coordination for families with children/young people  |

|                                |   |   |   | with disabilities) as well as improved access to early help services for this cohort, which also includes children with SEN.   |
|--------------------------------|---|---|---|--|
|                                |   |   |   | Staffing Self-reported information taken from ITRENT shows that 2% of the workforce have a disability  |
| Gender Reassignment            |   |   |   | Not known  |
| Marriage and Civil Partnership |   |   |   | Not known  |
| Pregnancy and Maternity        | / |   |   | Service Users Positive impact The new service will provide access to a range of services and support that more clearly defines the sign posting, brokerage and early help offer for families who are pregnant and in both the antenatal and the post-natal phase.  Negative Impact As the majority of service users are mothers/women, it is possible that this proposal may impact more negatively on this group.  Staffing 86% of the workforce are women, and the majority of these are over the age of 45. However, 43% of the total workforce (male and female) are under the age of 45.  Service Users |
| (Jacobannian)                  |   |   |   | No anticipated impact for service users. Data and analysis will be reviewed on a quarterly basis to ensure that services are representative of the local community and that there is representation from across all groups in line with expectations/previous figures and population profiles  Staffing 36% of the staff are BME   |
| Religion/ belief               |   |   | / | Service Users No anticipated impact  Staffing 52% of staff classify themselves as religious and 48% prefer not to say  |
| Sex (Gender)                   | / | 7 |   | Service users - parents Evidence shows that the highest proportion of adult service users are women/mothers and any change to delivery model may have a positive impact:  Positive impact  |

|                       |   |  | The new service will provide access to a range of services and support that more clearly defines the sign posting, brokerage and early help offer for families   |
|-----------------------|---|--|--|
|                       |   |  | Negative Impact - parents  Evidence shows that the highest proportion of adult service users are women/mothers and any change to delivery model may have a negative impact due to a possible overall reduction in the capacity/volume of the new service for families presenting with additional needs.  Negative impact — children and young people  Evidence shows that the highest proportion of children/young people service users are males and any change to delivery model may have a negative impact due to a possible overall reduction in the capacity/volume of the new service for children/young people and their families presenting with additional needs. |
| Page 20               |   |  | Staffing  86% of staff classify as female. Therefore this proposal proportionately effects more female staff than male staff.  |
| Sexual orientation    |   |  | Not known  |
| Socio-economic status | / |  | Service users - Proportionately more families with lower socio economic status are represented in early help services and the redesigned service will aim to continue to work with those families presenting with the highest level of need.  Positive impact The new service will provide access to a range of services and support that more clearly defines the sign posting, brokerage and early help offer for families from particular socio economic groups   |
|                       |   |  | Negative Impact Any change to delivery model may have a negative impact due to a possible overall reduction in the capacity/volume of the new service for families presenting with additional needs.   |
|                       |   |  | Staffing Data not collected/unknown  |

#### 7. If you have identified a negative impact, how do you plan to mitigate it?

Summarise actions you plan to mitigate the negative impact(s) identified above. Detail for these actions should be included in the Improvement Action Plan (Section 9 below).

In accordance with the project plan the project board and associated task groups will ensure that equality considerations are at the forefront of service redesign and transformation.

There will be ongoing workforce development, consultation and community engagement activity with staff, key stakeholders and the community throughout the duration on the service redesign which will contribute to mitigating the possible negative impact of the reshaped offer for any groups who have protected characteristics, in accordance with the project aims

#### Stage 4: Conclusion of the Equality Analysis

# 8. Which of the following statements best describe the outcome of the EA (Tick one box only) Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal Outcome 1 – The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. No changes are required. Outcome 2 – The EA has identified adjustments to remove negative impact or to better promote equality. Actions you propose to take to do this should be included in the Action Plan. Outcome 3 – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have 'due regard' and you are advised to seek Legal Advice. Outcome 4 – The EA shows actual or potential unlawful discrimination. Stop and rethink your proposals.

#### **Stage 5: Improvement Action Pan**

# 9. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| Negative impact/<br>gap in information<br>identified in the<br>Equality Analysis | Action required to mitigate   | How will you know this is achieved? e.g. performance measure/ target)   | By when  | Existing or addition al resourc es? | Lead<br>Officer  | Action added to divisional/ team plan? |
|--|---|---|--|-------------------------------------|------------------|--|
| Age/pregnancy maternity/sex (gender)/socio economic status                       | Clear referral pathways in place Assessment process gathers data so that equalities can be monitored and considered/embedded within the family plan Published criteria for access to service Multi - agency working/consultation Regular review of service through continuous improvement framework and auditing of threshold application Communication - new service offer is easily available in variety of formats so that all stakeholders and families are aware of the offer and how to access New proposed posts to provide improved information, advice and guidance for families and professionals so that brokerage and local signposting can take place and there is greater utilisation of universal provision across communities supporting family wellbeing | Practice and service standards and dashboard information Performance measures Analysis of performance data Case auditing Embedding the cycle of Continues Improvement Reporting to various Boards/Partnerships Supervision and appraisals User voice feedback | From June 2019 – March 2020 in phase 1 and ongoing as part of usual managemen t and performance monitoring of a service. | Existing                            | Allison<br>Jones | Contained within the project plan      |

| Embedding the new practice model Embedding a cycle of continuo improvement Ensuring data is accurate and a family characteristics are recorded so that usage and tak up can be reviewed, analysed and service improvements mad as required Workforce development programme delivered Recruitment and selection processes are adhered to |  |
|---|--|
| processe and admoral to   |  |
| D   |  |
| TD<br>20<br>00<br>00<br>00  |  |

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore, it is important the effective monitoring is in place to assess the impact.

#### **Stage 6: Reporting outcomes**

#### 10. Summary of the equality analysis

This section can also be used in your decision-making reports (CMT/Cabinet/etc..) but you must also attach the assessment to the report, or provide a hyperlink

This Equality Analysis has resulted in an Outcome 2 Assessment

Please include here a summary of the key findings of your assessment.

- What are the key impacts both negative and positive you have identified?
- Are there any groups affected more than others?
- What course of action are you advising as a result of this assessment?

• If your EA is assessed as Outcome 3 and you suggest to proceeding with your proposals although a negative impact has been identified that may not be possible to fully mitigate, explain your justification with full reasoning.

As above and in accordance with the project plan and ongoing task and finish groups will inform service developments and opportunities in relation to this assessment.

| Stage 7: Sign off by Director/ Head of Service                  |  |            |                                  |  |
|---|--|------------|----------------------------------|--|

| Improvement action plan signed off by Director/ Head of Service | Jane McSherry Assistant Director Education                                     | Signature: | Date: 17 <sup>th</sup> July 2019 |  |

| What are the proposals being assessed?                      | CSF2019-04 - Proposed Savings: Review of the current Permanency and 14+ Service |
|---|---|
| Which Department/ Division has the responsibility for this? | Children Schools and Families – Children's Social Care & Youth Inclusion        |

| Stage 1: Overview  |  |
|--|--|
| Name and job title of lead officer   | El Mayhew, Assistant Director, Children's Social Care & Youth Inclusion  |
| 1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc) | To review the Permanency and 14+ Services with a view to establishing a defined service for care leavers that:  - fulfils the Council's statutory duties to care leavers  - reflects the Council's changing relationship with eligible young people as they move into adulthood  - makes best use of available budget  Legislation and statutory guidance requires eligible care experienced young people, aged over 18 years, to be provided with a Personal Advisor, a Pathway Plan and support services. Personal Advisors are required to have sufficient knowledge and experience to perform their role but do not require a social work qualification. As a result, the salary for a Personal Advisor is lower than that of a qualified Social Worker. At present there are eligible, care experienced young people in Merton whose Personal Advisor role is being fulfilled by a qualified Social Worker.  The current service for eligible care experienced young people in Merton is provided by the 14+ Service. This is resourced by qualified Social Workers and Personal Advisors. The proposal is to review the services for children in care and eligible care experienced young people so that:  - eligible care experienced young people aged over 18 years will be supported by a Personal Advisor - only young people under 18 years will be supported by a qualified Social Worker |
| 2. How does this contribute to the council's corporate priorities?   | This proposed review contributes to the council's corporate priorities in ensuring we manage our resources to provide value for money, high standards of governance, financial and budget management.  |

|   | The desired outcomes of the review are to provide a value for money service for care leavers, with appropriate support to match their levels of independence and to deliver financial savings.   |
|---|--|
| 3. Who will be affected by this proposal? For example who are the external/internal customers,  | Eligible care experienced young people may be affected by the review and any proposed changes to how they are individually and collectively supported by the Council.  |
| communities, partners, stakeholders, the workforce etc.   | Social Workers currently acting as Personal Advisors in the 14+ and Permanency Services may be affected by this review and any proposals to resource the service to care leavers with Personal Advisors, although the level of social work vacancies in the service overall makes it likely that other social work roles can be offered. |
|   |  |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility? | No. The proposal relates only to CSF – Children's Social Care & Youth Inclusion  |

#### OStage 2: Collecting evidence/ data

U

#### No. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

We know that the Social Workers in the 14+ Service will be affected by the proposed review of the need for qualified Social worker posts in a service for care leavers where the workforce can comprise Personal Advisers. Equality and diversity impacts will be considered as part of the proposed review. Following completion of the review, further consideration of the equality and diversity impact of any proposal to delete qualified Social Worker posts would form part of the HR process of any service redesign and the relevant HR processes would be applied equally across the workforce.

All eligible care experienced young people are within a defined aged bracket of 18 – 25 years. Males and young people of Black, Asian and minority ethnic groups are over represented in the group of eligible care experienced young people (Source: Children, Schools and Families DMT Dashboard August 2019: Males 64%; BAME 64%). Equality and diversity impacts will be considered as part of the review.

As the underlying principle of the review is to seek to use workforce resources more efficiently, rather than to reduce any service provision, further evaluation of impact on care experienced young people and the workforce forms part of the proposed review.

#### **Stage 3: Assessing impact and analysis**

| Protected characteristic (equality group) |     | ch applies<br>e impact | Tick which applies Potential negative impact |    | Reason Briefly explain what positive or negative impact has been identified  |
|---|-----|------------------------|--|----|--|
|   | Yes | No                     | Yes  | No |  |
| Age                                       | Х   |                        | X  |    | Positive: Opportunity to consider how eligible care experienced young people might be supported by Personal Advisors from a wider professional and experiential background.  Negative: Impact of potential changes on stability and wellbeing of young people.   |
| Disability                                |     |                        |  | X  |  |
| Gender Reassignment                       |     |                        |  | X  |  |
| Marriage and Civil<br>Partnership         |     |                        |  | X  |  |
| Pregnancy and Maternity                   |     |                        |  | X  |  |
| PRace<br>Ω                                | Х   |                        | Х  | 2  | Positive: Opportunity to consider how eligible care experienced young people from BAME groups might be supported by Personal Advisors from a wider professional and experiential background.  Negative: Impact of potential changes on stability and wellbeing of young people from BAME groups who are over represented in Merton's care experienced group of young people. |
| Religion/ belief                          |     |                        |  | X  |  |
| Sex (Gender)                              | Х   |                        | Х  |    | Positive: Opportunity to consider how eligible care experienced young men might be supported by Personal Advisors from a wider professional and experiential background.  Negative: Impact of potential changes on stability and wellbeing of young men who are over represented in Merton's care experienced group of young people.   |
| Sexual orientation                        |     |                        |  | Х  |  |
| Socio-economic status                     |     |                        |  | Х  |  |

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| Negative impact/ gap in information identified in the Equality Analysis | Action required to mitigate                              | How will you know this is achieved? e.g. performance measure/target) | By when  | Existing or additional resources? | Lead Officer  | Action added to divisional/ team plan? |
|---|--|--|----------|-----------------------------------|---|--|
| Voices of eligible care experienced young people                        | Consultation with eligible care experienced young people | Completion of survey / young people's engagement group               | 30.11.19 | Existing                          | Head of Service,<br>14+ and<br>Permanency<br>Services | Yes                                    |
| Views and opinions of 14+ and Permanency                                | Review and<br>workforce<br>engagement                    | Task & Finish groups   | 30.11.19 | Existing                          | Head of Service,<br>14+ and<br>Permanency<br>Services | Yes                                    |

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

#### **Stage 4: Conclusion of the Equality Analysis**

8. Which of the following statements best describe the outcome of the EA (Tick one box only)

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

| OUTCOME 1 | OUTCOME 2 | OUTCOME 3 | OUTCOME 4 |
|-----------|-----------|-----------|-----------|
| X         |           |           |           |

| Stage 5: Sign off by Director/ H Assessment completed by  | El Mayhew, Assistant Director, Children's Social Care & Youth Inclusion | Signature: El Mayhew   | <b>Date:</b> 07-10-2019  |
|---|---|------------------------|--------------------------|
| Umprovement action plan signed of the point | Rachael Wardell, Director CSF   | Signature:  24 Wardell | <b>Date</b> : 08-10-2019 |

| What are the proposals being assessed?                      | CSF2019-05 - Proposed Savings: Full Year Effect of the Transfer of the Adoption Team to Adopt London South |
|---|--|
| Which Department/ Division has the responsibility for this? | Children Schools and Families – Children's Social Care & Youth Inclusion                                   |

| Stage 1: Overview   |   |
|---|---|
| Name and job title of lead officer  | El Mayhew, Assistant Director, Children's Social Care & Youth Inclusion   |
| 1. What are the aims, objectives Und desired outcomes of your Oproposal? (Also explain proposals Oe.g. reduction/removal of service, deletion of posts, changing criteria | In March 2016, the government announced changes to the delivery of adoption services proposing that all local authorities' adoption services be delivered on a regionalised basis by 2020. The government reinforced their policy ambition through legislative provisions in the Education and Adoption Act 2016. The effect of this legislation is to require local authorities to join together to form regional adoption agencies. |
| etc)  | In line with the legislation, Merton's Adoption Team functions, staff and budget transferred to the Adopt London South Regional Adoption Agency on 1 July 2019 with a transitionary phase until 1 September 2019.   |
|   | The transfer of Merton's Adoption Team functions and statutory duties to the Adopt London South Regional Adoption Agency aims to:   |
|   | Comply with the Education and Adoption Act 2016   |
|   | <ul> <li>Increase the number of prospective adopters recruited</li> <li>Increase the number of children adopted</li> </ul>  |
|   | Reduce the length of time children wait to be adopted   |
|   | <ul> <li>Improve post-adoption support services to families who have adopted children from care</li> <li>Realise savings from regionalisation efficiencies, increased effectiveness and economies of scale</li> </ul>   |
| 2. How does this contribute to the council's corporate priorities?  | The transfer of Merton's Adoption Team functions and duties to Adopt London South contributes to the Council's corporate priorities in ensuring we manage our resources to provide value for money, high standards of governance, financial and budget management.  |

|   | The desired outcomes of the regionalisation of adoption services are to provide a value for money service for children requiring adoption, prospective adopters and children who have been adopted from care, with appropriate support to match their levels of need and to deliver financial savings.   |
|---|--|
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners,                               | Children requiring adoption, prospective adopters, children adopted from care, birth parents / families and approved adopters may be affected by the regionalisation of adoption services and changes to how they are individually and collectively supported arising from the harmonisation of those services.  |
| stakeholders, the workforce etc.  | Social workers, managers and support staff were affected by the transfer of Merton's Adoption Team to Adopt London South. For Adoption Team staff, the transfer was managed under Merton's HR processes and TUPE requirements. A review of allied staff in the placements and social work services is underway to develop proposals for a future structure which reflects the new adoption service arrangements. |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility? | Yes, 9 neighbouring South London boroughs have regionalised their adoption functions to form Adopt London South. Governance is provided through a monthly Adopt London South Board, the Adopt London Executive Board and each local authorities' internal Corporate Parenting and Scrutiny Boards.   |

#### Stage 2: Collecting evidence/ data

#### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

Equality and diversity impacts for the workforce affected by the regionalisation of Merton's Adoption Team were considered as part of the HR processes which underpinned the transfer of Merton staff under TUPE arrangements.

All children requiring adoption and adoption support are within a defined aged bracket of 0-17 years. It takes longer to find suitable adoptive families for children of Black, Asian and minority ethnic groups, children with additional needs and older children. Less prospective adopters from Black, Asian and minority ethnic groups are successfully recruited and approved as adopters. It is anticipated that regionalisation of adoption resources in South London will enabled targeted approaches to the recruitment, approval and matching of more prospective adopters and matching of children from these groups.

The underlying principle of regionalising adoption services is to use South London's collective workforce resources more efficiently, rather than to preduce any service provision for children and families.

#### Stage 3: Assessing impact and analysis

| Protected characteristic (equality group) |     | ch applies<br>e impact |     |    | Reason Briefly explain what positive or negative impact has been identified  |
|---|-----|------------------------|-----|----|--|
|   | Yes | No                     | Yes | No |  |
| Age                                       | Х   |                        | Х   |    | Positive: Opportunity to improve the timeliness of children moving to live in their adoptive family.  Negative: Impact of potential changes/instability of adoption service delivery during transitionary period on approval of new adopters, family finding timeliness, quality of matching and adoption support. |
| Disability                                | Х   |                        |     | Х  | <b>Positive:</b> Opportunity to recruit a wider range of prospective adopters who can meet the needs of children with additional needs. Reduction in the   |

|                                |   |   | time children with additional needs wait for an adoptive family to be identified.   |
|--------------------------------|---|---|---|
| Gender Reassignment            |   | X |   |
| Marriage and Civil Partnership |   | Х |   |
| Pregnancy and Maternity        |   | Х |   |
| Race                           | Х | Х | <b>Positive:</b> Opportunity to recruit a wider range of prospective adopters from a BAME background and/or those who can meet the cultural needs of BAME children with an adoption plan. Reduction in the time BAME children wait for an adoptive family to be identified. |
| Religion/ belief               |   | Х |   |
| Sex (Gender)                   |   | Х |   |
| Sexual orientation             |   | Х |   |
| Socio-economic status          |   | Х |   |

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| Negative impact/ gap in information identified in the Equality Analysis   | Action required to mitigate   | How will you know this is achieved? e.g. performance measure/ target) | By<br>when | Existing or additional resources?   | Lead<br>Officer | Action<br>added to<br>divisional/<br>team plan? |
|---|---|---|------------|---|-----------------|---|
| Age: Impact of potential changes/instability of service during transitionary period on family finding timeliness, quality of matching and adoption support. | Performance of Adopt London South is governed through a monthly Board with senior representatives from all involved South London Boroughs. Action and Risk logs are in place to identify, mitigate and track risks. | Performance<br>against the<br>national<br>Adoption<br>Scorecard KPIs  | Monthly    | Additional resource established as part of Adopt London South governance. | El<br>Mayhew    | Yes   |
| 22  |   |   |            |   |                 |   |

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

| Stage 4: Conclusion of the Equality Anal | ysis |  |  |

#### 8. Which of the following statements best describe the outcome of the EA (Tick one box only)

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

| OUTCOME 1 | OUTCOME 2 | OUTCOME 3 | OUTCOME 4 |
|-----------|-----------|-----------|-----------|
|           | X         |           |           |

| Stage 5: Sign off by Director/ Head of Service                  |   |                       |                          |  |  |  |  |  |  |
|---|---|-----------------------|--------------------------|--|--|--|--|--|--|
| Assessment completed by   | El Mayhew, Assistant Director, Children's Social Care & Youth Inclusion | Signature: El Mayhew  | <b>Date:</b> 21/10/2019  |  |  |  |  |  |  |
| Improvement action plan signed off by Director/ Head of Service | Rachael Wardell, Director CSF   | Signature:  AMWardell | <b>Date</b> : 22/10/2019 |  |  |  |  |  |  |

| What are the proposals being assessed?                      | CSF2019-06 - Proposed Savings: Review of the Safeguarding and Social Work Training Budget |
|---|---|
| Which Department/ Division has the responsibility for this? | CSF - Children's Social Care & Youth Inclusion  |

| Stage 1: Overview  |   |
|--|---|
| Name and job title of lead officer   | El Mayhew, Assistant Director, Children's Social Care & Youth Inclusion   |
| 1. What are the aims, objectives Und desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc) | To review the training offer for children's social work and safeguarding with a view to achieving savings through:  - Improved alignment of workforce development resources - Recommissioning and / or reduction of training provided.  |
| 2. How does this contribute to the council's corporate priorities?   | This proposed review contributes to the councils' corporate priorities in ensuring we manage our resources to provide value for money, high standards of governance, financial and budget management.  The desired outcomes of the review are to provide a training offer which meets the needs of the workforce, enables the Council to effectively discharge its statutory duties to children and to deliver financial savings. |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                       | Children' Schools and Families and the wider Merton children's partnership workforce.   |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?                          | Yes. The proposal predominately relates to CSF – Children's Social Care & Youth Inclusion. There are also opportunities to review the training offer delivered through the Merton Safeguarding Children's Partnership in collaboration with those partner agencies.   |

#### Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

As the underlying principle of the review is to seek to use workforce resources more efficiently, rather than to reduce any service provision or posts, further evaluation of impact on service delivery and the workforce forms part of the proposed review.

#### Stage 3: Assessing impact and analysis

| Protected characteristic       | Tick whi | ch applies | Tick which                | applies | Reason   |
|--------------------------------|----------|------------|---------------------------|---------|--|
| (equality group)               |          | e impact   | Potential negative impact |         | Briefly explain what positive or negative impact has been identified |
| <b>K</b>                       | Yes      | No         | Yes                       | No      |  |
| ĭ∑Age                          |          |            |                           | X       |  |
| Disability                     |          |            |                           | X       |  |
| Gender Reassignment            |          |            |                           | X       |  |
| Marriage and Civil Partnership |          |            |                           | X       |  |
| Pregnancy and Maternity        |          |            |                           | Х       |  |
| Race                           |          |            |                           | Х       |  |
| Religion/ belief               |          |            |                           | Х       |  |
| Sex (Gender)                   |          |            |                           | Х       |  |
| Sexual orientation             |          |            |                           | Х       |  |
| Socio-economic status          |          |            |                           | Х       |  |

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| Negative impact/ gap in information identified in the Equality Analysis | Action required to mitigate | How will you know this is achieved? e.g. performance measure/ target) | By<br>when | Existing or additional resources? | Lead<br>Officer | Action added to divisional/ team plan? |
|---|-----------------------------|---|------------|-----------------------------------|-----------------|--|
|   |                             |   |            |                                   |                 |  |
|   |                             |   |            |                                   |                 |  |

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

## **Stage 4: Conclusion of the Equality Analysis**

8. Which of the following statements best describe the outcome of the EA (Tick one box only)

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

| OUTCOME 1 | OUTCOME 2 | OUTCOME 3 | OUTCOME 4 |  |  |
|-----------|-----------|-----------|-----------|--|--|
| X         |           |           |           |  |  |

| Assessment completed by  | El Mayhew, Assistant Director, Children's Social Care & Youth Inclusion | Signature: El Mayhew   | <b>Date:</b> 07-10-2019 |
|--|---|--|-------------------------|
| Improvement action plan signed<br>off by Director/ Head of Service | Rachael Wardell, Director CSF   | Signature:  Additional of the state of the s | <b>Date:</b> 08-10-2019 |

| What are the proposals being assessed?                      | Proposed budget savings CSF2019-07: Reduction of Children's Social Care & Youth Inclusion Central Recruitment Budget |
|---|--|
| Which Department/ Division has the responsibility for this? | CSF - Children's Social Care & Youth Inclusion   |

| Stage 1: Overview  |  |
|--|--|
| Name and job title of lead officer   | El Mayhew, Assistant Director, Children's Social Care & Youth Inclusion  |
| 1. What are the aims, objectives Und desired outcomes of your proposal? (Also explain proposals pe.g. reduction/removal of service, deletion of posts, changing criteria | Reduction of Central Recruitment budget from £82,000 to £52,000.  The intended outcome of the reduction is to deliver savings.   |
| 2. How does this contribute to the council's corporate priorities?   | The proposed budget reduction contributes to the council's corporate priorities in ensuring we manage our resources to provide value for money, high standards of governance, financial and budget management.   |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                   | Merton children and families; the CSF workforce and the Council's reputation may be affected.  If there was an increase in vacancies but insufficient budget to advertise and recruit new staff this may result in insufficient staff available to perform the Council's statutory duties and pressure on existing staff |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?                      | No. The budget reduction relates to CSF – Children's Social Care & Youth Inclusion.  |

#### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

The Children's Social Care & Youth Inclusion workforce is relatively stable. There remain vacancies covered by agency staff for which there is ongoing recruitment activity. An annual contract with the national Guardian newspaper is providing a cost effective platform for recruitment advertising.

All recruitment activity is conducted in line with the Council's HR processes and procedures to ensure equality and diversity impacts are considered.

## Stage 3: Assessing impact and analysis

From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic                  | Tick whi | ch applies | Tick which | n applies | Reason   |
|---|----------|------------|------------|-----------|--|
| Protected characteristic (equality group) | Positiv  | e impact   |            |           | Briefly explain what positive or negative impact has been identified |
|   | Yes      | No         | Yes        | No        |  |
| Age                                       |          |            |            | X         |  |
| Disability                                |          |            |            | X         |  |
| Gender Reassignment                       |          |            |            | X         |  |
| Marriage and Civil                        |          |            |            | Х         |  |
| Partnership                               |          |            |            |           |  |
| Pregnancy and Maternity                   |          |            |            | Х         |  |
| Race                                      |          |            |            | Х         |  |
| Religion/ belief                          |          |            |            | Х         |  |
| Sex (Gender)                              |          |            |            | Х         |  |
| Sexual orientation                        |          |            |            | Х         |  |
| Socio-economic status                     |          |            |            | Х         |  |

## 7. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| Negative impact/ gap in information identified in the Equality Analysis | Action required to mitigate | How will you know this is achieved? e.g. performance measure/ target) | By<br>when | Existing or additional resources? | Lead<br>Officer | Action added to divisional/ team plan? |
|---|-----------------------------|---|------------|-----------------------------------|-----------------|--|
|   |                             |   |            |                                   |                 |  |
|   |                             |   |            |                                   |                 |  |

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

## **Stage 4: Conclusion of the Equality Analysis**

8. Which of the following statements best describe the outcome of the EA (Tick one box only)

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

| Umprovement action plan signed of off by Director/ Head of Service o | Rachael Wardell, Director CSF   | Signature:  24 Wardell | <b>Date</b> : 07/10/2019 |  |  |  |  |  |  |

| What are the proposals being assessed?                      | Proposed budget savings CSF2019-08: Review of school premises and contracts staffing structure |
|---|--|
| Which Department/ Division has the responsibility for this? | CSF, Education Division  |

| Stage 1: Overview  |   |
|--|---|
| Name and job title of lead officer   | Tom Procter, Head of Contracts and School Organisation  |
| 1. What are the aims, objectives  The desired outcomes of your  Proposal? (Also explain proposals  G.g. reduction/removal of service,  Peletion of posts, changing criteria  (A)c) | Reorganisation of service with deletion of a management position that is presently vacant   |
| 2. How does this contribute to the council's corporate priorities?   | Meeting the council's financial requirements while protecting frontline services  |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                             | The proposal is to make the service more efficient so should not impact on customers, communities etc. although with fewer staff the service will be less resilient |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?                                | No  |

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

As there is not expected to be any impact on services to anyone there will be no impact on the protected characteristics.

## Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic | Tick wh | ich applies | Tick which | applies   | Reason   |
|--------------------------|---------|-------------|------------|-----------|--|
| equality group)          | Positiv | e impact    | Poter      | ntial     | Briefly explain what positive or negative impact has been identified   |

| What are the proposals being assessed?                      | Proposed budget savings CSF2019-09: Repurposing of some posts in education inclusion service |
|---|--|
| Which Department/ Division has the responsibility for this? | CSF / Education Inclusion  |

| Stage 1: Overview  |  |
|--|--|
| Name and job title of lead officer   | Keith Shipman / Education Inclusion manager  |
| 1. What are the aims, objectives  The desired outcomes of your  Proposal? (Also explain proposals  G.g. reduction/removal of service,  Peletion of posts, changing criteria  (A)c) | The My Futures team has been restructured into one team with reduced management costs. Specialist post have been created to target those most vulnerable to being NEET. This has released 130,000. The Youth Service runs 3 sites to deliver from. It premises and rental budgets have been maintained from when they ran other centres and sites so 20k saving can be made without impacting the three key sites. |
| 2. How does this contribute to the council's corporate priorities?   | Support the council in meeting its savings targets and balancing its budget  |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                             | Young people are supported by the Youth Service and My Futures teams   |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?                                | Other partners form the voluntary sector deliver in partnership with the youth service.  |

# 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

We have monitored the ETE outcome data for the 2 years of the restructure and we have improved results universally with lower NEET and NK. Young people who are NEET are in targeted high risk group and we have created specialist post and processes to meet these needs. The impact of the savings and restructure has been an improvement in data outcomes. For the youth service we have monitored underspends in premises budgets over 3 years and this funding has not been required.

#### Stage 3: Assessing impact and analysis

-6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| NProtected characteristic | Tick wh | ich applies | Tick whic | h applies | Reason  |
|---------------------------|---------|-------------|-----------|-----------|---|
| (Requality group)         | Positiv | e impact    | Pote      | ntial     | Briefly explain what positive or negative impact has been identified              |
| Gi . 7 c . 7              |         |             | negative  | impact    |   |

|--|--|-----------------------|-----------------|
| Inprovement action plan signed<br>off by Director/ Head of Service<br>ກິ່ງ<br>ວິດ<br>ໄດ້ | Rachael Wardell, Director CSF              | Signature:  AMWardell | Date:10/10/2019 |

| , ,   | Proposed budget savings CSF2019-10: Reduced contribution towards the multiagency Merton Safeguarding Children Partnership. |
|---|--|
| Which Department/ Division has the responsibility for this? | CSF / Policy, Planning and Partnerships  |

| Stage 1: Overview  |   |
|--|---|
| Name and job title of lead officer   | Karl Mittelstadt, Head of Performance, Policy and Partnerships  |
| 1. What are the aims, objectives  The desired outcomes of your  Proposal? (Also explain proposals e.g. reduction/removal of service, eletion of posts, changing criteria etc.) | What are you proposing and what are they designed to deliver?  We are proposing to reduce the council's contribution to the multi-agency Merton Safeguarding Children Partnership by £44,000 during this financial year.  The purpose of these savings is to bring Merton council's contribution more into line with those made by the other two statutory partners as the new partnership is billed as being one of equals. Savings can be found by maintaining low discretionary activity of the partnership to ensure low costs.  The MSCP does not deliver direct services to Merton children and families. The impact of reducing the partnership's budget on children and families would therefore be indirect and may occur as a result of reduced multi-agency leadership on safeguarding issues. |
| 2. How does this contribute to the council's corporate priorities?   | The work of the board contributes to the council's objective of keeping Merton children safe.   |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                         | Who are your customers (staff, service users, stakeholders, partners etc)? Who will your proposals benefit? How will your proposals benefit the council?  The saving proposals do not affect staffing. The partnership has shown that it can function on a reduced financial footprint by delivering an in-year underspend. As a result the impact on the partnership will be minimal.  |
| 4. Is the responsibility shared with another department, authority or  | State here whether there are any other service areas, divisions, directorates, partner agencies (such as contracted organisations), other statutory bodies (e.g. the police, other councils etc) or the community and   |

| organisation? If so, who are the |
|----------------------------------|
| partners and who has overall     |
| responsibility?                  |

voluntary sector involved in the delivery of this function.

The council together with the police and CCG have a statutory responsibility to co-ordinate and ensure the effectiveness of actions taken to protect children from harm and to ensure their well-being.

#### Stage 2: Collecting evidence/ data

#### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

List the type of evidence (data, results of consultation, research, etc) and analysis of what this evidence tells you regarding the impact on the protected characteristics (equality groups).

What impact has this evidence had on what you are proposing?

If there are gaps in data (for example information not being available) you may have to address this by including plans to generate this formation within your action plan.

No evidence sought as partnership does not work directly with Merton residents, but rather coordinates multi-agency efforts to safeguard bildren. This will still be possible on a reduced financial footprint.

#### Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic | Tick which applies |          | Tick which applies        |    | Reason   |  |  |  |
|--------------------------|--------------------|----------|---------------------------|----|--|--|--|--|
| (equality group)         | Positiv            | e impact | Potential negative impact |    | Briefly explain what positive or negative impact has been identified             |  |  |  |
|                          | Yes                | No       | Yes                       | No |  |  |  |  |

| 2. How does this contribute to the council's corporate priorities?   | Support the Medium Term Financial Strategy, Directorate TOM and associated savings targets.  |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                             | The group affected by this proposal is the staff directly working in the Integrated Commissioning Team. The proposal will be shared through a business case and the team will have opportunity to comment on the associated re-structure necessary to find the required savings. The proposals will benefit the council by contributing to the Medium Term Financial Strategy and savings targets, without having to cut services to the public.   |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?                                | Children's commissioning in Merton is undertaken through an informal integration model across Children Schools and Families, Public Health and the Clinical Commissioning Group. The Head of Integrated Commissioning (CSF) and the Public Health Consultant with Lead for Children currently jointly lead the team. The Director of Public Health is fully aware of and engaged in this proposal. Discussion with senior leadership within Merton and Wandsworth CCGs has also begun, including the potential for formalising this integration during 2021, once their own restructure and possible merger is complete. |

#### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

The Integrated Commissioning Team have had a combined team/work plan for the past 3 years and the governance of this work is undertaken through a Strategic Children's Integrated Commissioning Group that is jointly chaired by the Director of Children Schools and Families and the Director of Commissioning Merton and Wandsworth CCGs. The Director of Public Health and other members of the CSF Management Team also attend the meeting, which is held monthly.

The proposal is made in the knowledge that work and workloads within the team have changed (and some reduced), so this will also offer opportunity for re-balancing in light of this.

The proposal currently protects the need (in 2020-21) from taking this saving from direct work with Children, Young People and Families.

Significant savings have previously been made from commissioned services, resulting in the current services being directed only at those very ulnerable families just below or already receiving statutory services. List the type of evidence (data, results of consultation, research, etc) and analysis of what this evidence tells you regarding the impact on the protected characteristics (equality groups).

The team are already aware of the proposal and will have the opportunity as part of a consultation to the resulting re- structure of the team, in whe with HR procedures. The re-structure is likely to lead to opportunity with likely appointment of a Senior Commissioning Manager role from within the existing Commissioning Managers.

#### Stage 3: Assessing impact and analysis

X

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| What are the proposals being assessed?                      | Proposed budget savings CSF2019-12: Review of public health commissioned services |
|---|---|
| Which Department/ Division has the responsibility for this? | CSF / Public Health   |

| Stage 1: Overview  |   |
|--|---|
| Name and job title of lead officer   | Julia Groom, Consultant in Public Health  |
| 1. What are the aims, objectives  The desired outcomes of your  Proposal? (Also explain proposals  G.g. reduction/removal of service,                  | A recurrent saving of £400,000 from 2021/22. This will be achieved through the recommissioning of Healthy Child services (including health visiting and school nursing) as part of an integrated approach with Merton CCG, and potentially reducing the public health contribution to the Risk and Resilience service.  |
| Reletion of posts, changing criteria   | The recommissioning of community health services provides an opportunity to review the current service model and gain efficiencies from integrated commissioning and service transformation. There may also be some reductions in universal and targeted healthy child services.  |
|  | At this stage the new service model has not been designed and therefore we do not have detailed proposals on service changes and the consequent potential impact on residents and staff. A market warming event setting out the scope of the community services commissioning will be approved by Cabinet on 15 October 2019, with an engagement period for 4 weeks. Following this period and subject to approval, a high level service specification will be produced with an Equalities Impact Assessment. |
| 2. How does this contribute to the council's corporate priorities?   | Support the Medium Term Financial Strategy, Directorate TOM and associated savings targets  |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc. | The groups directly affected by this proposal are children young people and families, and staff in provider organisations.  |
| 4. Is the responsibility shared with another department, authority or  | There are interdependencies between Public health, C & H, CSF and Merton CCG. Through the commissioning of community health services with MCCG, local integration will help mitigate the impact   |

| organisation? If so, who are the partners and who has overall responsibility? | financial reductions. A new service model will be developed, this may impact on other department services, such as CSF Early Help and Early Years Services including Children's Centres. of |
|---|---|
| responsibility:   |   |

#### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

The information that will be used to inform the full Equality Analysis includes:

- The Merton Story, Joint Strategic Needs Assessment
- Public Health Outcomes Framework, Public Health England
- Benchmarked data on mandated Child health services
- Service level data from Universal Child Health Services
- Feedback from local engagement work including schools surveys and engagement with parents and CYP
- London and national data and research on universal child health services

#### Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic (equality group) |          | which applies itive impact regative impact |          | ntial | Reason Briefly explain what positive or negative impact has been identified  |
|---|----------|--|----------|-------|--|
|   | Yes      | No   | Yes      | No    |  |
| Age                                       | <b>√</b> |  | <b>√</b> |       | The recommissioning of community services with a reduced budget could impact disproportionately on children, young people and young families including women of child bearing age.  The redesign of services through and integrated model will aim to mitigate |

|                                   |   |          |   | negative impacts and identify innovative models of service delivery that improve pathways and outcomes for children and young people.   |
|-----------------------------------|---|----------|---|---|
| Disability                        | ✓ | <b>√</b> |   | A key role of Health visiting services is the early identification of need and developmental delay among new-born and infants, with onward signposting to appropriate services. A reduction in budget could potentially have a negative impact on identifying children with developmental delay and disabilities. |
|                                   |   |          |   | Service redesign of an integrated model which results in closer working across professional groups such as health visiting, paediatrics and CAMHS could result in more robust earlier identification pathways.  |
|                                   |   |          |   | Currently there are 5 mandated child developmental checks and these would be protected as part of any new service model, mitigating risks.  |
| Gender Reassignment               |   |          |   |   |
| Marriage and Civil Partnership    |   |          |   |   |
| Pregnancy and Maternity<br>യ<br>ന | ✓ | <b>√</b> |   | The recommissioning of community services with a reduced budget could impact disproportionately on young families including women of child bearing age.   |
| 248                               |   |          | 2 | The redesign of services through an integrated model will aim to mitigate negative impacts and identify innovative models of service delivery to support pregnancy and perinatal health. A focus on maternal mood and infant feeding is embedded in the mandated child health check at 6-8 weeks after birth.     |
| Race                              | ✓ | Ý        |   | Community healthy child services provide a universal offer to all families in Merton. A reduction in budget could have the potential to reduce services in areas of the borough where there are a higher proportion of residents from BAME communities.   |
|                                   |   |          |   | The redesign of services through an integrated model will aim to mitigate negative impacts and aim to adopt a model of 'proportionate universalism', where services are available to all but targeted proportionate to needs.   |
| Religion/ belief                  |   |          |   |   |
| Sex (Gender)                      | ✓ | ✓        |   | Changes to service design could disproportionately affect women, both in relation to users of service users and to staff who are predominantly female.  |
| Sexual orientation                |   |          |   |   |

| Socio-economic status | <b>√</b> | <b>√</b> | Community healthy child services provide a universal offer to all families in Merton. A reduction in budget could have the potential to reduce services in areas of the borough where there are higher levels of child poverty. |  |
|-----------------------|----------|----------|---|--|
|                       |          |          | The redesign of services through an integrated model will aim to mitigate negative impacts and aim to adopt a model of 'proportionate universalism where services are available to all but targeted proportionate to needs.     |  |

## 7. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| What are the proposals being assessed?  ENV1920-01  Page 251 | Application to change Merton's PCN charge band from band B to band A. To effect this a full business case will need to be presented to Full Council. Following this, an application will be made to the London Councils Transport, and Environment Committee. Depending on the outcome at the Committee, the Mayor will also be required to ratify the application and the Secretary of State has final sign off. This 'saving' reflects the impact on estimated revenue until motorist compliance takes full effect. The objective is to reduce non-compliance but if the band change is implemented it is likely that there will be a short term increase in revenue.  In setting out its measures of success, the proposed bandings and increase in PCN charges aims to deliver better compliance and driver behaviours in respect of parking regulations, which will reduce congestion, and lead to improved traffic flows and availability of spaces.  The purpose of PCN parking charges is to dissuade motorists from breaking parking restrictions and charges must be proportionate. The income from charges must only be used in accordance with the Road Traffic Regulation Act 1984. These purposes are contained within the Council's traffic management and other policy objectives. |
|--|--|
| Which Department/ Division has the responsibility for this?  | Parking Services, Environment and Regeneration   |

| Stage 1: Overvie                   | ¥W   |
|------------------------------------|--|
| Name and job title of lead officer | Ben Stephens, Head of Parking  |
| 1. What are the                    | In setting out its measures of success, the proposed bandings and increase in PCN charges aims to deliver better |

| aims, objectives<br>and desired<br>outcomes of your<br>proposal? (Also<br>explain proposals<br>e.g.<br>reduction/removal<br>of service,<br>deletion of posts,<br>changing criteria<br>etc) | compliance and driver behaviours in respect of of parking regulations, which will reduce congestion, and lead to improved traffic flows and availability of spaces.  Local authorities are not permitted to use PCN parking charges solely to raise income. When setting charges, we must instead focus on how the charges will contribute to delivering the Council's traffic management and other policy objectives.  This proposal supports the rationale of seeking to adjust driver behaviour and to ensure that we can provide a modern, efficient and environmentally sustainable transport policy for residents, visitors and businesses, now and in the future. |
|--|--|
| 2. How does this contribute to the council's corporate priorities?   | Parking and Traffic Management This proposal is part of the important role Parking and transport policy has in managing the roads and wider travel needs of the public. Merton's policy links closely with the local Implementation Plan and the Mayors Transport Strategy, which sets out objectives in detail. It contributes in the following ways:   |
| Page 252   | Reduce congestion     Improve road safety  |
| 252  | 3. Improve air quality and meet EU quality standards   |
|  | 4. To meet the actions set out in the Merton Health and Wellbeing Strategy 2019  5. Adopt a healthy street approach  |
|  | 6. Promote healthier life styles and encourage more active travel  |
|  | 7. To ensure good parking management   |
|  | 8. To support the local economy  |
|  | 9. Providing funding for parking and wider transport scheme improvements   |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the  | The proposal will affect all residents, businesses, workers and visitors to the borough, across all socio-economic groups.   |

| workforce etc.  |  |
|---|--|
| 4. Is the   | Yes. Responsibility is shared with the following departments, organisations and partners.                          |
| responsibility shared with another department, authority or organisation? If so, who are the partners and who | Future Merton, Highways and Transportation, Planning, Mayor of London, TfL, transport operators, Parking Services. |
| has overall responsibility?   |  |

## 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

The Council acknowledges that road safety and traffic flow along with accessibility for residents and visitors to enable them to park near their homes and close to their desired destination as practicable.

A number of key factors were will be considered included:

(i) Air Quality hotspots

U

5

- (ii) Areas of high congestion
- (iii) Enforcement requirements

Merton is committed to undertaking comprehensive consultation to gain the views of residents and stakeholders. This enables the council to make informed decisions and to develop our policies.

# Stage 3: Assessing impact and analysis

| Socio-economic status<br>agge<br>257 | X | X | 2 | Positive Impact  The proposals support the principle of effective traffic management for the whole population of and visitors to Merton.  This includes the shift to more active and sustainable transport modes (such as walking, cycling and public transport) the impact of vehicle emissions and congestion on air quality, and demand for kerbside space, which form the backdrop of the policy direction.  Potential Negative Impact  If the cost of a PCN increases, those on lower incomes may find it more difficult to pay the penalty charge. |

#### 7. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| Negative impact/<br>gap in<br>information<br>identified in the<br>Equality Analysis | Action required to mitigate | How will you know this is achieved? e.g. performance measure/ target)   | By<br>when | Existing or additional resources?   | Lead<br>Officer | Action added to divisional/ team plan?  |
|---|-----------------------------|---|------------|---|-----------------|---|
| Socio-economic status   | Consultation                | An increase in the cost of a PCN may have a negative effect on the ability of individuals on low income to pay. Any changes to the current banding charges will involve further consultation with those groups affected | 2020       | A full set of mitigations will be brought forward as part of the final report for Members consideration | Ben<br>Stephens | A full set of mitigations will be brought forward as part of the final report for Members consideration |
| Pa  |                             |   |            |   |                 |   |
| a qe  |                             |   |            |   |                 |   |

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

# Stage 4: Conclusion of the Equality Analysis

# 8. Which of the following statements best describe the outcome of the EA (Tick one box only)

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

| OUTCOME 1 | OUTCOME 2 | OUTCOME 3 | OUTCOME 4 |
|-----------|-----------|-----------|-----------|
|           | X         |           |           |

#### Stage 5: Sign off by Director/ Head of Service

| Stage 5: Sign off by Director/ Head of Service                  |  |            |                                    |  |  |  |  |  |
|---|--|------------|------------------------------------|--|--|--|--|--|
| Assessment completed by   | Ben Stephens – Head of Parking Services              | Signature: | Date: 8 <sup>th</sup> October 2019 |  |  |  |  |  |
| Improvement action plan signed off by Director/ Head of Service | Chris Lee – Director of Environment and Regeneration | Signature: | Date: 8 <sup>th</sup> October 2019 |  |  |  |  |  |

| What are the proposals being assessed?  ENV1920-02          | Compliance rates for ANPR Moving Traffic Offences have not decreased significantly or as estimated since the implementation of the ANPR cameras and as a consequence the PCN revenue remains above original estimations. This 'saving' recognises revenue currently being received by the Council rather than any estimated increase.  |
|---|--|
| Page 2  | The purpose of PCN parking charges is to dissuade motorists from breaking parking restrictions and charges must be proportionate. The income from charges must only be used in accordance with the Road Traffic Regulation Act 1984. These purposes are contained within the Council's traffic management and other policy objectives. |
| which Department/ Division has the responsibility for this? | Parking Services, Environment and Regeneration   |

| Stage 1: Overview   |  |
|---|--|
| Name and job title of lead officer  | Ben Stephens, Head of Parking  |
| 1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, | ANPR enforcement and the issue of PCNs aims to deliver better compliance and driver behaviours in respect of of moving traffic contraventions, which will reduce congestion, and lead to improved traffic flows and availability of spaces.  Local authorities are not permitted to use PCN parking charges solely to raise income. When setting charges, we must instead focus on how the charges will contribute to delivering the Council's traffic management and other policy objectives.  This proposal supports the rationale of seeking to adjust driver behaviour and to ensure that we can provide a |
| changing criteria etc)  | modern, efficient and environmentally sustainable transport policy for residents, visitors and businesses, now and in the future.  |

| 2. How does this contribute to the council's corporate priorities?  | Parking and Traffic Management This proposal is part of the important role Parking and transport policy has in managing the roads and wider travel needs of the public. Merton's policy links closely with the local Implementation Plan and the Mayors Transport Strategy, which sets out objectives in detail. It contributes in the following ways: |
|---|--|
|   | 1. Reduce congestion   |
|   | 2. Improve road safety   |
|   | 3. Improve air quality and meet EU quality standards   |
|   | 4. To meet the actions set out in the Merton Health and Wellbeing Strategy 2019  |
|   | 5. Adopt a healthy street approach   |
|   | 6. Promote healthier life styles and encourage more active travel  |
|   | 7. To ensure good parking management   |
|   | 8. To support the local economy  |
|   | 9. Providing funding for parking and wider transport scheme improvements   |
| Pa  |  |
| A Who will be affected by this oposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc. | The proposal will affect all residents, businesses, workers and visitors to the borough, across all socio-economic groups.   |
| 4. Is the   | Yes. Responsibility is shared with the following departments, organisations and partners.  |
| responsibility shared with another department, authority or organisation? If so, who are the partners and who                                       | Future Merton, Highways and Transportation, Planning, Mayor of London, TfL, transport operators, Parking Services.   |

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

The Council acknowledges that road safety and traffic flow along with accessibility for residents and visitors to enable them to move freely throughout the borough.

A number of key factors were will be considered included:

- (i) Air Quality hotspots
- (ii) Areas of high congestion
- (iii) Enforcement requirements
- (iv) Road saftey

Page

S

#### Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic | Tick which applies Positive impact |    | Tick which | h applies | Reason   |
|--------------------------|------------------------------------|----|------------|-----------|--|
| (equality group)         |                                    |    | Potential  |           | Briefly explain what positive or negative impact has been identified   |
|                          |                                    |    | negative   | impact    |  |
|                          | Yes                                | No | Yes        | No        |  |
| Age                      | X                                  |    |            | Х         | Positive Impact  |
|                          |                                    |    |            |           | The proposals support the principle of effective traffic management for the whole population of and visitors to Merton.  |

| • • •   | Realign rental income budgets to better reflect current levels of income being achieved from conducting rent reviews in line with tenancy agreements |
|---|--|
| Which Department/ Division has the responsibility for this? | Environment and Regeneration/Sustainable Communities   |

| Stage 1: Overview  |  |
|--|--|
| Name and job title of lead officer   | James McGinlay, Assistant Director for Sustainable Communities   |
| 1. What are the aims, objectives  The desired outcomes of your  Proposal? (Also explain proposals  G.g. reduction/removal of service,  Peletion of posts, changing criteria  October  2. How does this contribute to the | Progress rent reviews established within existing leases to commercial tenants to provide increased revenue income to the Council.   |
| 2. How does this contribute to the council's corporate priorities?   | By increasing revenue income improve the council's revenue position.   |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.   | The council's commercial tenants will be affected and the Council will benefit from increased income.  |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?  | SLLP/Corporate Services will be required to document the changes in rent levels and Transactional Services within Corporate Services will be required to collect the new levels of rent. |

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

We have no data regarding the equality groups within our commercial tenants who's relationship with the council for this purpose is purely commercial and as stated within the lease/contract they agreed with the council.

#### Stage 3: Assessing impact and analysis

 $\Box$

#### 7. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| Negative impact/ gap in information identified in the Equality Analysis  | Action required to mitigate           | How will you know this is achieved? e.g. performance measure/ target) | By when   | Existing or additional resources? | Lead<br>Officer | Action added to divisional/ team plan? |
|--|---------------------------------------|---|---|-----------------------------------|-----------------|--|
| The tenants already have notice of possible rent increases as the rent review dates are clearly stated within their leases and of course we do not impose an increase it is open to negotiation and consideration by a third party if we prove unable to agree a new rent. | Initiate<br>rent<br>review<br>process | Settlement of rent review   | Timetable<br>specified by<br>individual<br>leases | Existing                          | Howard<br>Joy   | No.                                    |
| ٥  |                                       |   |   |                                   |                 |  |
| a g  |                                       |   |   |                                   |                 |  |

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

#### Stage 4: Conclusion of the Equality Analysis

8. Which of the following statements best describe the outcome of the EA (Tick one box only)

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

| OUTCOME 1 | OUTCOME 2 | OUTCOME 3 | OUTCOME 4 |
|-----------|-----------|-----------|-----------|
|           | X         |           |           |

| Stage 5: Sign off by Director/ Head of Service                  |   |            |       |  |
|---|---|------------|-------|--|
| Assessment completed by   | Howard Joy – Property Management & Review Manager   | Signature: | Date: |  |
| Improvement action plan signed off by Director/ Head of Service | James McGinlay – Head of Sustainable<br>Communities | Signature: | Date: |  |

Please refer to the guidance for carrying out an Equality Analysis.

Text in blue is intended to provide guidance – you can delete this from your final version.

| What are the proposals being assessed? ENV1920-04           | Waste minimisation |
|---|--------------------|
| Which Department/ Division has the responsibility for this? | E&R – Public Space |

| Stage 1: Overview  |   |
|--|---|
| Name and job title of lead officer   | John Bosley AD Public Space   |
| 1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria (Cetc) | Following the successful roll out of the new waste collection service in Oct 2018 and the introduction of wheelie bins the service has seen a significant reduction in the volume of general waste which is disposed of vie our Energy from Waste Facility (EFW) in Beddington. |
| How does this contribute to the sbuncil's corporate priorities?  | To be the best it can for the local environment, identifying potential savings through increased recycling and waste avoidance.   |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                         | N/A the disposal of waste has no impact on our residents.  Please see separate EA for the introduction of the new waste collection service (SLWP Phase C) and the impact of the containerised collection service.   |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?                            | No – This project is part of the wider work undertaken in Partnership with our neighbouring boroughs who form the South London Waste Partnership  |

#### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

1. Continued monthly monitoring of our waste volumes. It is important to note that the monitoring of waste volumes does not impact on our residents / customers

Stage 3: Assessing impact and analysis

©

From the evidence you have considered. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic | Tick whi | ich applies | Tick which     | annlies  | Reason   |

| What are the proposals being assessed? ENV1920-05           | <ul> <li>Increase the level of enforcement activity for environmental<br/>offences ensuring that the service is cost neutral.</li> </ul> |
|---|--|
| Which Department/ Division has the responsibility for this? | E&R – Street Scene & Waste   |

| Stage 1: Overview  |  |
|--|--|
| Name and job title of lead officer   | John Bosley AD public Space  |
| 1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals g.g. reduction/removal of service, deletion of posts, changing criteria etc) | What are you proposing and what are they designed to deliver?  To undertake a procurement exercise to identify an external provider for environmental enforcement – The aim is for an enhanced enforcement presence across the Borough and opportunity to work across divisions in order to improve the standards of the public realm in our communities through a sustained, efficient and deliverable enforcement model. |
| Atc)  2. How does this contribute to the council's corporate priorities?   | Increasing in the ability of our enforcement capabilities and range of activities that can be regulated, reducing the level of street litter, improving the image of the public realm.   |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                       | The 'in house 'enforcement team will be retained and will work closely with the external provider in order to identify hot spots and areas of operational activity across the borough.  Affected person(s) will include residents and visitors of the borough that may commit environmental enforcement breaches which may be prosecutable.  |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?                          | No, The service will continue to be managed as part of the current Public space division.  |

#### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

Litter control and management is one of the number main concerns of our residents. The range of possible enforcement activities being considered within the larger procurement of enforcement services will contribute to reductions in litter occurrences as well as other environmental offences, such as fly-tipping, which impacts negatively on the standards of our public realm. In considering the impact that this has on groups with protected characteristics, the positive benefits are universal and therefore all should benefit from the successful application of this proposal. Likewise, perpetrators of environmental enforcement offences are not representative as coming from a specific group or particular segment of the community, while any prosecutions or issuing of sanctions is based on evidenced gathering and / or witnessing the occurrence.

#### Stage 3: Assessing impact and analysis

From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| <u>IQ</u>                |          |             |            |           |  |

| Assessment completed by   | Charles Baker | Signature: | Date:9 10 19  |  |
| Improvement action plan signed off by Director/ Head of Service | John Bosley   | Signature: | Date:21.10.19 |  |

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet Text in blue is intended to provide guidance – you can delete this from your final version.

| What are the proposals being assessed?                      | 2020-21 CH1 Further reductions in Public Health |
|---|---|
| Which Department/ Division has the responsibility for this? | Community & Housing                             |

| Stage 1: Overview  |   |
|--|---|
| Name and job title of lead officer   | Dr Dagmar Zeuner  |
| What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals   | The aim is achieve the proposed budget savings of £500k from 2021/22 in a way that the public health function continues to meet its statutory duties and minimises adverse impact on service users, taking in to account previous budget savings and the cumulative effect on service delivery.   |
| e.g. reduction/removal of service, deletion of posts, changing criteria (etc)  | There is more work to do to identify the specifics, however this will involve exploring: seeking further efficiencies from services, identification of new efficiencies, service transformation and integration, channel shifting to digital services, risk-sharing with providers, exploring opportunities for cross-borough working and reducing activity in non-statutory programmes.                                      |
| 2. How does this contribute to the council's corporate priorities?   | It contributes to the medium term financial strategy and impacts on delivery of the Health & Wellbeing Strategy.  |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc. | Public Health Services aim to support residents to improve their health and promote Merton as a Healthy place, thereby the overall health and wellbeing of the community, to reduce health inequalities and to commission both universal prevention and early identification services (e.g. Health Visiting and School Nursing) and targeted interventions to support people at risk e.g. sexual health and substance misuse. |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?    | Public Health is part of the local authority and there are interdependencies between public health, C & H, CSF and with external partners e.g. Merton CCG. Reductions in Public Health spend may have impacts on health and social care demand and costs.   |

#### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

The evidence that has been considered as part of this assessment includes:

- The Merton Story, Joint Strategic Needs Assessment
- Public Health Outcomes Framework, Public Health England
- Benchmarked data on public health services
- Service level data from public health commissioned services

### stage 3: Assessing impact and analysis

From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic | eristic Tick which applies Positive impact |    |          |        | Reason   |
|--------------------------|--|----|----------|--------|--|
| (equality group)         |  |    |          |        | Briefly explain what positive or negative impact has been identified         |
|                          |  |    | negative | impact |  |
|                          | Yes  | No | Yes      | No     |  |
| Age                      |  | X  | X        |        | Health inequalities correlate to a range of protected characteristics. Older |
| Disability               |  | X  | X        |        | people, those with disabilities and those from more economically             |
| Gender Reassignment      |  | X  |          | X      | disadvantaged groups, for example, are more likely to suffer worse ill       |
| Marriage and Civil       |  | X  | *        | Х      | health than the population in general.                                       |
| Partnership              |  |    |          |        |  |
| Pregnancy and Maternity  |  | X  | X        |        | Reduced level of interventions and access to services may therefore          |
| Race                     |  | X  | X        |        | affect those with protected characteristics by more than the general         |
| Religion/ belief         |  | Х  |          | Х      | population, as they currently benefit from these services                    |
| Sex (Gender)             |  | Х  | Х        |        | disproportionately. Although provision of these services will continue       |
| Sexual orientation       |  | Χ  |          | Х      | to help tackle inequalities, this may be reduced.                            |
| Socio-economic status    |  | Х  | Х        |        |  |

#### 7. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| Negative impact/ gap in information identified in the Equality Analysis               | Action required to mitigate   | How will you know this is achieved? e.g. performance measure/ target)                                   | By<br>when    | Existing or additional resources? | Lead<br>Officer        | Action added to divisional/ team plan? |
|---|---|---|---------------|-----------------------------------|------------------------|--|
| Age, disability, pregnancy and maternity, race, sex (gender) and socioeconomic status | Options to make proposed savings e.g. service transformation and integration will explicitly address health inequalities and protected characteristics. | KPIs and data monitoring schedules and quality reporting will be developed as part of service redesign. | April<br>2021 | Existing resources                | Dr<br>Dagmar<br>Zeuner | Public Health<br>C&H                   |

| Assessment completed by   | Barry Causer, Head of Strategic Commissioning | Signature: BC | <b>Date</b> :22/10/19 |  |  |
| Improvement action plan signed off by Director/ Head of Service | Dr Dagmar Zeuner, Director of Public Health   | Signature:    | Date:                 |  |  |

Please refer to the guidance for carrying out an Equality Analysis.

Text in blue is intended to provide guidance – you can delete this from your final version.

| What are the proposals being assessed?                      | In line with the annual review process growth is required to maintain the core service provision in waste collection and street cleansing. This takes into account additional property growth and other contractual matters. Following the annual review process schedule 10 of the contract is revised and the core financial cost updated. This equates to £740k per annum for Merton. (ENV1920 – G1) |
|---|---|
| Which Department/ Division has the responsibility for this? | E&R – Public Space  |

| Stage 1: Overview  |  |
|--|--|
| ame and job title of lead officer  | John Bosley (AD Public Space)  |
| R. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals elg. reduction/removal of service, deletion of posts, changing criteria etc) | What are you proposing and what are they designed to deliver?  As part of the annual review process it is recommended that we agree a growth bid in order to maintain the current service provision for waste collection and street cleansing service. This is to take into account increases in Household growth and 'assisted collections'  In addition to this the growth bid recognizes changes in the recycling market. |
| 2. How does this contribute to the council's corporate priorities?   | To maintain and improve resident's satisfaction with the waste collection and street cleansing service and to address the fact that litter is the number one priority for our residents.   |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                       | Residents will continue to receive the same frequency of service   |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?                          | The growth bid is a joint requirement with our South London Waste Partnership Boroughs.  The contract is held by LB Croydon and managed on our behalf by SLWP.   |
|  | For avoidance of doubt Merton has overall accountability and responsibility for all service  |

delivered and implemented within the borough boundary.

#### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

Under this proposal there will be no change in the frequency of service or the number of residents entitled / qualify for the 'Assisted collection' service.

#### Stage 3: Assessing impact and analysis

 $\Box$ 

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic | Tick which applies |                 | Tick which applies |       | Reason   |  |  |  |
|--------------------------|--------------------|-----------------|--------------------|-------|--|--|--|--|
| (Pequality group)        | Positiv            | Positive impact |                    | ntial | Briefly explain what positive or negative impact has been identified |  |  |  |
| 2                        |                    |                 | negative impact    |       |  |  |  |  |
| N<br>&<br>Age            | Yes                | No              | Yes                | No    |  |  |  |  |

| Pregnancy and Maternity  |                    | ✓               |                    | ✓     |  |  |  |  |
| Race                     |                    | ✓               |                    | ✓     |  |  |  |  |
| Religion/ belief         |                    | ✓               |                    | ✓     |  |  |  |  |
| Sex (Gender)             |                    | ✓               |                    | ✓     |  |  |  |  |
| Sexual orientation       |                    | ✓               |                    | ✓     |  |  |  |  |
| Socio-economic status    |                    | ✓               |                    | ✓     |  |  |  |  |

| 7.        | If you have identified a negative impact, how do you plan to mitigate it?   |
|-----------|---|
| 1.<br>N// | 4   |
|           |   |
| Sta       | age 4: Conclusion of the Equality Analysis  |
| 8.        | Which of the following statements best describe the outcome of the EA (Tick one box only)  Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal   |
| <b>√</b>  | Outcome 1 – The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. No changes are required.   |
|           | Outcome 2 – The EA has identified adjustments to remove negative impact or to better promote equality. Actions you propose to take to do this should be included in the Action Plan.  |
| Page 290  | Outcome 3 – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have 'due regard' and you are advised to seek Legal Advice. |
|           | Outcome 4 – The EA shows actual or potential unlawful discrimination. Stop and rethink your proposals.  |
|           |   |
|           |   |
|           |   |

#### **Stage 5: Improvement Action Pan**

#### 9. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

| Negative impact/ gap in information identified in the Equality Analysis | Action required to mitigate | How will you know this is achieved? e.g. performance measure/ target) | By<br>when | Existing or additional resources? | Lead<br>Officer | Action added to divisional/ team plan? |
|---|-----------------------------|---|------------|-----------------------------------|-----------------|--|
|   |                             |   |            |                                   |                 |  |
|   |                             |   |            |                                   |                 |  |
|   |                             |   |            |                                   |                 |  |

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

## stage 6: Reporting outcomes

| What are the proposals being assessed?                      | Budget growth to address the increase in fly tipping. (ENV1920 – G2) |
|---|--|
| Which Department/ Division has the responsibility for this? | E&R – Public Space   |

| Stage 1: Overview   |   |  |  |  |
|---|---|--|--|--|
| Name and job title of lead officer  | John Bosley (AD Public Space)   |  |  |  |
| 1. What are the aims, objectives  | What are you proposing and what are they designed to deliver?   |  |  |  |
| and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria (etc)  How does this contribute to the | Merton, in common with the rest of the country, has experienced a significant increase in fly-tipping and abandoned waste. The service has been handling approx. 12,000 incidents across the borough each year. In order to take a proactive approach to fly-tipping the service has implemented a new Fly tipping strategy and agreed action plan for 2020 21. |  |  |  |
| How does this contribute to the council's corporate priorities?   | To maintain and improve resident's satisfaction with the street cleansing service and to address the fact that litter is the number one priority for our residents.   |  |  |  |
| 3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.                        | Residents will continue to receive the same frequency of service and access to reporting fly tipping incidents.   |  |  |  |
| 4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?                           | . The contract is held by LB Croydon and managed on our behalf by SLWP.   |  |  |  |
|   | For avoidance of doubt Merton has overall accountability and responsibility for all service delivered and implemented within the borough boundary.  |  |  |  |

#### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

Under this proposal there will be no change in the frequency of service and the contractual requirement to remove fly tipping will remain unchanged. Residents and visitors will continue to be able to access all current forms of communication to advise the service of fly tipping incidents.

#### Stage 3: Assessing impact and analysis

From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

| Protected characteristic     | Tick which applies Positive impact |    | Tick which applies Potential negative impact |    | Reason   |  |  |  |
|------------------------------|------------------------------------|----|--|----|--|--|--|--|

# **Section E**

# Service Planning

#### E. SERVICE PLANNING

Our proposed 20 Final Service Plans, and three Final Commissioning Plans for our commissioned services, are set out in the following pages.

The three Commissioning Plans are:

- Merton Adult Education
- Parks and Green Spaces
- Waste Management and Cleansing

Service Plans were developed by service departments during the 2020/24 Business Planning process. The attached Second Draft Service Plans will be considered by Cabinet on 27 January 2020 and incorporated into the Information Pack for scrutiny by the Overview and Scrutiny Commission and Panels during the February 2020 cycle of meetings.

The proposed Final Service Plans being presented here will be considered for approval by Council on 4 March 2020.

The service plan is designed to be a two page document. The first page summarises key resources, drivers, performance and budgets and the second page focuses on the outcomes and benefits of major projects.

Departmental managers were issued with guidance to clarify their understanding of the process and to ensure quality and consistency of submitted plans, and each department reviewed the appropriateness of their service plans during the process. An overview of this guidance is provided below:

#### **Front Page**

- Service description: Concise description of the service's key activities and how they might change over the next four years
- Anticipated demand: Details of the demands on the service
- Anticipated non-financial resources: Details of the key resources used to deliver the service
- Corporate strategies: The key strategies to which the service contributes
- Performance indicators: The key monthly, quarterly, or annual performance indicators for the service including their targets
- Budget information: Full details of previous, current and future years' budget, including future anticipated budgetary changes

#### Back page

Details of major projects and/or procurement being undertaken during 2019/20 including:

- Project timeframe
- Project description
- Major expected benefits of the project (consistent with the benefit categories used by the Merton Improvement Board)
- Risk assessment relating to the project's completion

Below are our Service Plans for 2020/24 in departmental order:

#### **Index of Departmental Service and Commissioning Plans**

Our Youth Inclusion Service provides a range of targeted services to support vulnerable young people & their parents. We work with children who are under supervision in the YOT, those who are at risk of contextual threats as well as those children who have left care. The Access to Resources Team covers placements and commissioning for children in our care and those with care experience. Our strategies and annual sufficiency statements drive placement and commissioning decisions and the strategy for recruiting in-house foster

| Dr.             | oject 1   | Project Title:    | Early Help and Family Wellbeing Service Development   | Improved effectiveness        | Likelihood | Impact | Score |
| Start date      | 2019-20   | Project Details:  | An Early Help review has taken place and as a result implementation and mobilisation of the new Family Wellbeing Service is under way. This will improve our service offer so that children and families can swiftly access the right services at the right time, reducing the need for statutory intervention. A review to support the re-structure will take place in allied teams and services within CSC&YI and the Education Division to support improved ways of working.   | improved enectiveness         | 4          | 3      | 12    |

| End date        | 2020-21   |                   | As part or these wider hanges to Early helps services and approach, the Saleguarding Chidden Partnership will review the current welldering model (intestitions document) with partners. This will enable statutory and non-statutory partners to identify need earlier, and put in place integraed responses based on a shared understanding of risk and need.   |                               |            |        |       |
| Pr              | oject 3   | Project Title:    | SENDIS IT Infrastructure programme  | Improved customer experience  |            |        |       |
| Start date      | 2019-2020 | Project Details:  | A programme to oversee the introduction of both an EHCP Hub as well as electronic case management system to support Merton's SENDIS service. This programme will facilitate joint ownership of EHCP assessment, review and planning process across the partnership by providing a secure platform for multiple professionals to work together securely online in the best interests of the child or young person and their parents/guardians. It will also provide a secure web-based platform for the SENDIS case recording and performance reporting. It will also migrate existing EHCPs to the portal to schedule annual reviews of plans as may be required employing the agreed approaches for the implementation as well as migrate existing |                               | 3          | 3      | 9     |

| ()              | oject 4   | Project Title:    | Implement SEND Action plan and DSG recovery plan Improved customer experience   |                               |            |        |       |
| Stabote         | 2019-2020 | Project Details:  | Following the agreement of the SEND Strategy and DSG Recovery Plan, the key actions will need to be implemented. This will include a focus on widening the Local Offer, preparation for adulthood pathways and early identification pathways. The DSG recovery plan provides a number of strategies to prevent further increases in spend but will be further influenced by visits and possible direction from the Department for Education.  |                               | 3          | 3      | 9     |
| End date        | 2019-20   |                   | A SEND action plan is being developed alongside the SEND Strategy which will detail the key activity and performance measures that will be monitored to achieve each strategic objective. Progress will be overseen by the multi-agency SEND Strategic Implementation Board and the Children and Young People's Integrated Commissioning Group and will also be reported to Merton's Children's Trust Board.  |                               |            |        |       |
| Pr              | oject 5   | Project Title:    | Implementation of Secondary & Special School (SEN) Places Strategy (EducationTOM)   | Infrastructure renewal        |            |        |       |
| Start date      | 2015-16   | Project Details:  | To progress further projects to provide additional state special school places in Merton, and in particular the expansion of Melrose School and an additional site for children with ASD (Autism Spectrum Disorder). To continue to work with Merton mainstream schools to encourage inclusion wherever possible with a strategy to avoid any further secondary places permanent expansions unless it is absolutely necessary and to continue to closely monitor the demand for secondary school places to ensure sufficient places are being provided.   |                               | 4          | 3      | 12    |

| Cllr Tobin Byers:Cabinet Member for Adult Social Care, Health & the Environment   |
|---|
| Enter a brief description of your main activities and objectives below  |
| Main duties for Public Health in Local Authority comprise: -Strategy/system leadership for health – Health and Wellbeing Board, JSNA and Health and Wellbeing Strategy, independent Annual Public Health Report (all mandatory) -Commissioning / securing provision of a defined range of Public Health Services (including the following mandatory services: sexual health, NHS health checks, healthy child 0-5 services, National Child Measurement Programme) - Commissioning support to the NHS (mandatory) and council; - Health protection oversight (mandatory), including screening, infection control, emergency preparedness and immunisations |
| Our vision for public health in Merton over the next five years is to: - Protect and improve physical and mental health outcomes for the whole population in Merton   |

Public Health

- Protect and improve physical and mental health outcomes for the whole population in Merton throughout the life course, and reduce health inequalities, especially between the west and east of the borough, within the shrinking financial envelope available.

- Fulfil our statutory PH duties.

- Contribute to Merton's corporate vision, working to be London's best council by 2020 nd beyond

#### Our strategic objectives are:

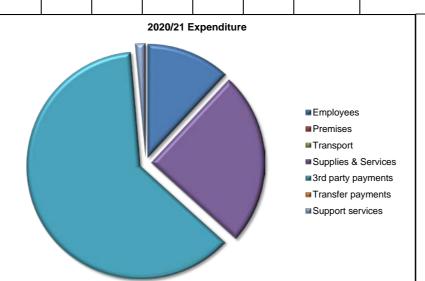

Objective 1: Service integration and transformation - support SID and MHCT boards to further develop and implement their respective programmes including: integrated community health and care services (children and adults); a personal prevention offer for adults; whole system approach to diabetes and potentially other long-term conditions; life-course sexual health strategy

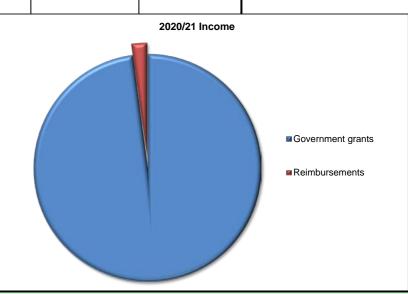

**Objective 2**: Deliver Health and Wellbeing Strategy - embed health & wellbeing into council and partner business; with a focus on implementing healthy workplaces programme linking health and climate change; supporting whole system approach to tackling childhood obesity and diabetes (see above); strengthen CYP leadership for healthy place, ie through school neighbourhood action plans (SNAP).

Objective 3: Strengthen commissioning and commissioning support – develop integrated commissioning for children; public health strategic commissioning (end-to-end) & public health support to commissioning for health and wellbeing outcomes in order to deliver integrated service models.

#### Summary of major budget etc. changes

#### 2020/21

Based on the letter from the Chief Executive of Public Health England (PHE) dated 21 December 2017, it is anticipated the grant will be replaced by an allocation from retained business rates. Public Health England is working with the Department of Health to agree the assurance arrangements before the grant comes to an end and expect to confirm those measures in 2019. Should this not be possible, the Government may wish to consider continuing with the ring-fenced grant beyond 2020. In addition, work on an updated ACRA formula to describe and compare PH need is under way.

2021/22

Internal Audit and Fraud Investigations- Merton has joined the audit and fraud partnership with its neighbouring authorities. Internal Audit covered by SWLAP (South West London Audit Partnership) and fraud Investigations covered by SWLFP (South West London Fraud Partnership) covering Merton, Kingston, Richmond, Sutton and Wandsworth ).

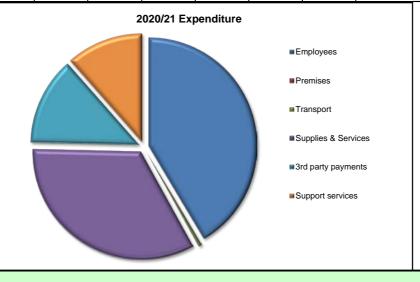

The service provides independent, objective appraisal of risk management, governance & internal control processes and fraud risks including planned & unplanned audits. Co-ordinates the Annual Governance Statement. Reviews and updates anti fraud polices. Reports poor practice/weak controls to members.

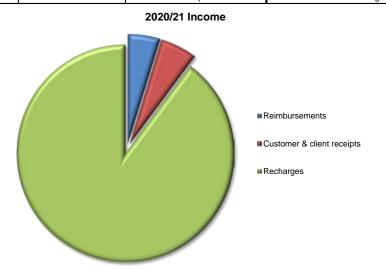

Investigates external allegations by residents e.g blue badge, tenancy and council tax and employee fraud.

Management (FTE)

**Transactional Services** - Incorporates Accounts Payable, Accounts Receivable, Carefirst Administration and Vendor Maintenance. Ensuring prompt and accurate payment for all goods and services provided to LBM. Raise and issue invoices promptly and accurately to maximise revenue received. Ensuring that Vendor Maintenance database is controlled, accurate and cleansed. Providing training and support for all users of the systems required for payments or invoicing

Safety Services - Provides Health and Safety, Emergency Planning and Business Continuity services across the Council as required by duties imposed under the Health and Safety At Work Etc. Act 1974, The Management of Health and Safety At Work Regulations 1999, The Civil Contingencies Act 2004 and all sister regulations.

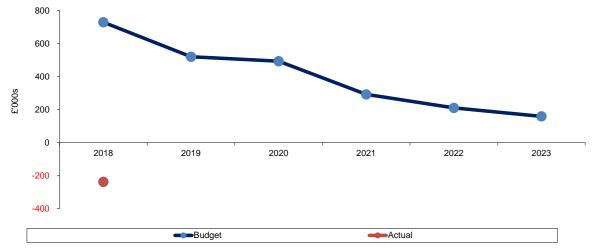

Client Financial Affairs - Act as court appointed deputies for vulnerable clients who do not have the capacity to make their own decisions or manage their own personal financial affairs. These decisions are for issues involving the person's property, financial affairs and health and welfare working in accordance with the statutory principles set out in the Mental Capacity Act Code of Practice to ensure that they act in the best interests of the person who lacks capacity.

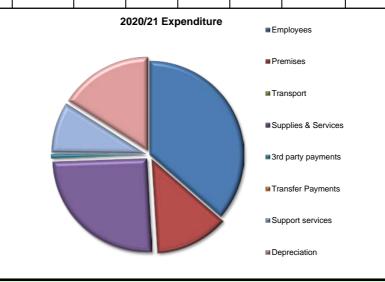

Commercial Services - Are the strategic centre of excellence for procurement and category management, guidance, training and advice including ownership of the Council's Procurement Strategy, involvement in key tender processes, identification of savings opportunities and commercial benefits, compliance with EU and UK procurement legislation, benchmarking and best practice and ownership of the contracts register.

# Summary of major budget etc. changes

# 2020/21

ENV1819-02 = £57k - 2fte reduction in admin/processing roles

ENV1819-03 = £1,900k - review of parking supply/demand - link to Air Quality Strategy

ENV1819-04 = £13k - reduction in number of P&D machines

ENV1920-01 = £340k - Application to change Merton's PCN charge band from band B to band A

ENV1920-02 = £300k - Recognition of ANPR revenue currently being received by the Council rather than any estimated increase.

#### 2021/22

ENV1819-04 = £26k - reduction in number of P&D machines

ENV1920-01 = £340k - Application to change Merton's PCN charge band from band B to band A

### 2022/23

ENV1819-04 = £14k - reduction in number of P&D machines

#### 2023/24

|            |                      |                  | DETAILS OF MAJOR PROJECTS (INCLUDING  | PROCUREMENT) - MAXIMUM OF 10 OVER THE FOUR YEAR PERIOD  Parking   |            |       |       |
|------------|----------------------|------------------|---|---|------------|-------|-------|
|            |                      |                  | PROJECT DESCRIPTION   | MAJOR PROJECT BENEFIT   | Likelihood | Risk  | Score |
| Start date | Project 1<br>2018/19 | Project Title:   | ICT Update Implementation of a new software system for PCNs, Permits, Customer Appeals and improved data management and analysis.  Project description The purpose of this project is to procure a PCN and permit management system, which will be hosted and managed by the supplier.  | Improved effectiveness  The new system will give the ability to direct the nearest CEO to the location of a complaint, improving response times and increasing customer satisfaction with Parking Services. Plotting PCNs on a map and producing an enforcement 'heat map' will help us to better understand compliance across the borough. This in turn will help us to deploy our resources more effectively by directing staff to the areas with lowest compliance. Mapping will also enable us to monitor performance and ensure that every road in a Controlled Parking Zone is patrolled regularly.  The new system will also allow us to better use our two ANPR enforcement vehicles to patrol Controlled Parking Zones.  | EREINOCU   | mpact | ocore |
| End date   | 2019-20              | Project Details: | The system will include the following features or functions:  • Mobile enforcement software (for on-street officers to issue PCNs using smartphones and a Bluetooth-connected printer), • Hosted software system for managing PCNs from issue through to closure. • Customer-facing website for appealing against, viewing evidence for, and paying PCNs • Integration with our existing Siemens Zengrab ANPR (Automatic Number Plate Recognition) enforcement system, • Geographical information (Civil Enforcement Officer (CEO) and PCN mapping) • Workflow management • Integrated payment processing, • Customer-facing website for applying for and managing parking permits, including cancelling and amending permits.  • Hosted software system, accessed over the Internet, for staff to process permits and permit applications. • The ability to issue 'Virtual' or paperless permits • Issue and management of parking suspensions and dispensations. • Integrated payment processing, • Management information reports, • Integration with corporate and third party systems. • Standard letters and paragraphs | A new permit system will bring numerous benefits including improved self-serve online functionality; the ability to operate an emissions-based charging scheme; and 'virtual' permits.  Virtual parking permits are issued digitally rather than as a physical device that customers display in their vehicle. CEOs check for permits by entering the vehicle registration into their handheld device or checking VRMs against a downloaded list of valid permits. The registration is then checked against a list of valid permits downloaded to the handheld. We already use this process with our RingGo cashless parking service, and customers will be familiar with it since DVLA stopped issuing paper discs for the Vehicle Excise Licence.  Issuing permits virtually will mean residents and businesses no longer need to wait to receive their permits in the post. All functions (changing address/vehicle and cancelling permits) are carried out manually by the permit team. A new system will move these transactions online, improving the customer experience and reducing the workload of the permits team.  | 2          | 2     | 4     |
|            | Project 2            | Project Title:   | Review Diesel Levy, CO2 emission based charging and use of cashless.  | Improved effectiveness  |            |       |       |
| Start date | 2018-19              |                  | The Section will undertake a review of the diesel level as requested by Members during the implementation of the levy. In addition the principle of CO2 emission based charging will be investigated with a view to introducing emission based charging on all parking and permit activity in the borough.  | We will review our diesel levy in 2019 to ensure that this is pushing change and reducing emissions in the borough. We will carry out in depth air quality audits in these areas, which will review traffic and building sources, traffic management, parking, obstructions and deliveries. We will also assess the contributions made by individual vehicle types and their impact upon air quality, which will then influence what actions can be taken in these areas over the coming years.   |            |       |       |
| Page 342   | 2019-20              | Project Details: |   | Merton's Air Quality Action Plan 2018-2023 strongly supported by Members is a key policy document which clearly sets out the links between vehicle use and air quality in the Borough. Within the plan there is a specific point number 32 which states, Review the impact of our diesel levy* and consider a review of parking and charges to help reduce combustion engine vehicle use and the consequent emissions. Since the diesel levy was introduced in April 2017 the proportion of permits issued to diesel vehicles has fallen and the full effect of the levy will be reviewed in early 2019.  Consideration will also be given to a full emission-based charging scheme for permits as referred to in the AQAP. Emissions have a direct relationship to air quality and emissions-based charging conforms to the 'polluter pays' principle. There is a clear logic which is now commonplace in London for a higher premium to be charged for vehicles that have high emissions, and a lower charge for cars that have lower emissions. This principle will be reviewed along with the diesel levy in early 2019 and reported back to Members.  The review will also consider options for emission based charging based on individual parking sessions which take place on a day to day basis in our car parks and on street. Technology is developing quickly to be able to deliver this form of charging and the 2019 report will update Members.  It is clear in this context the vital role that Parking must play in moving motorists towards more sustainable modes of transport and less polluting vehicles. Most Parking charges have been frozen for a number of years and there is now a need to assess them in order to change behaviour and reduce car usage. The new charges are designed to reflect the key policies and objectives. | 2          | 1     | 2     |
|            | Project 3            | Project Title:   | Cashless and P&D Machine removal  | Improved efficiency (savings)   |            |       |       |
| Start date | 2018-19              |                  | To facilitate the CO2 emission based charging increased transactions need to take place on a cashless platform. To encourage uptake of cashless payment over cash in the machine payments a publicity campaign will take place along with the removal of a number of P&D machines.  | Cashless parking is central to the TOM objective of introducing emissions-based charging for all parking sessions, as our existing ticket machines are not capable of performing the DVLA database lookup that is required in order to determine the fuel type or emissions of a particular vehicle.  |            |       |       |
| End date   | 2021-22              | Project Details: |   | The cashless parking service allows motorists to pay for parking using their mobile phone and a debit/credit card via an app, mobile webpage, or automated telephone service. This payment method offers several advantages over buying a paper ticket from a machine:  • No need to carry change for parking  • Customers can extend their parking time (subject to the maximum stay) without having to return to their vehicle.  • Customers can choose to receive a reminder text when their session is due to expire.  • Online account where customers can view a record of their parking sessions, print invoices etc.  | 2          | 2     | 4     |
| ı          | Project 4            | Project Title:   | Public Health, Air Quality and sustaiable transport - a strategic approach to parking charges.  | Select one major benefit  |            |       |       |
| Start date | 2018-19              |                  | The Merton parking service already contributes to, and helps deliver, the key policies set out in: Merton's Health and Wellbeing Strategy; Merton's Air Quality Action Plan; the Council's Local Implementation Plan; and the Mayor of London's Transport Strategy.   | The help meet the aims of the Council's Public Health, Air Quality and Transport objectives. The project will contibute towards a change in driver behaviour and to ensure that we can provide a modern, efficient and environmentally sustainable transport policy for residents, visitors, businesses now in the future.  | 3          | 2     | 6     |
| End date   | 2019-20              | Project Details: | The project falls into 4 phases: 1. Policy justification and recommendation, 2. Consultation and approval process 3. implementation and 4. review.  |   |            |       |       |

# **Commissioned Service**

# Parks & Green Spaces

Cllr Caroline Cooper-Marbiah: Cabinet Member for Commerce, Leisure & Culture

Service Provider:

idverde UK Ltd

The service maintains and develops Merton's numerous parks & open spaces (some117 separate sites), including sports facilities (including pavilions), gardens, playgrounds (more than 40), the borough's highways verges, and the management of its cemetery and allotments services. The portfolio also includes support for, and the production of, a varied programme of outdoor events from small community to large commercial ones in parks, including the annual civic fireworks displays and Mitcham Carnival and hosts various elements of the Wimbledon (tennis) Championships. The service manages more than 50,000 Council-owned trees and several nature reserves. Greenspaces serves as the managing agent for Mitcham Common (for the Mitcham Common Conservators) and the Merton & Sutton Joint Cemetery (for the Merton & Sutton Joint Cemetery Board). The grounds maintenance elements of the service are outsourced to idverde UK Limited under a long-term contract (up to 24 years from 2017) and is overseen by the Greenspaces client team who, in addition, retain overall responsibility for policy, strategy & investment in the borough's parks & open spaces.

|---|
| Provide statutory environmental health, trading standards and licensing functions across those  |
| councils that make up the Regulatory Services Partnership (currently LB Merton, LB Richmond amd |

Regulatory Services - Merton element only Cllr Mark Allison: Deputy Leader & Cabinet Member for Finance Cllr Tobin Byers: Cabinet Member for Adult Social Care

LB Wandsworth).

Deliver savings and efficiencies in line with the Target Operating Model:

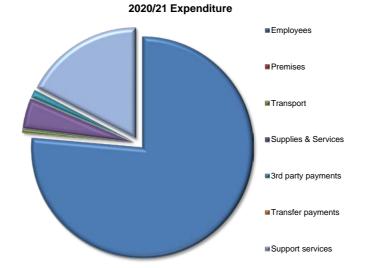

- Switch to intelligence-led, risk based, targeted enforcement
- generating additional income from trading activities
- attracting new business
- rationalising ICT systems

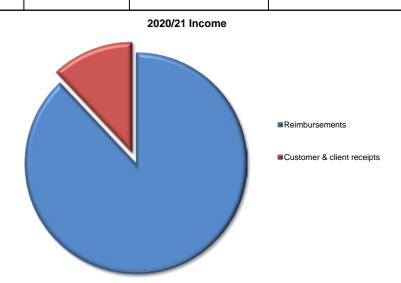

Transform the service by:

- demand management
- streamlining business processes
- implementing new ways of working
- Developing commercial/business planning skils (L&D)

| Start date | 2018 -19<br>2019 - 23               | Project Details:  | Deliver Merton's Air Quality Action Plan including monthly reporting and review.  Air quality has been identified as a priority both nationally and within London, where pollution levels continue to exceed both EU limit levels and UK air quality objectives. Merton, along with nearly all London Boroughs, continues to breach the legally binding air quality limits for both Nitrogen Dioxide (NO2) and particulate matter (PM10). In 2018, Merton published its new Air Quality Action Plan 2018-2023 (AQAP) - this was developed in response to recommendations made by the 2017 Air Quality Task Group. |                      |         |                  | PROJECT DESCRIPTION   | MAJOR PROJECT BENEFITS  | Likelihood | Impact | Score |
| Pro                  | oject 1 | Project Title: 1 | Merton says NO MORE - Sexual Violence Focus   | Improved customer experience  |            |        |       |
| Start date  End date | 2017-18 |                  | Building on the success of the UK SAYS NO MORE launch in September 2016 (Merton was the second London borough to launch the campaign), the Community Safety Partnership, and VAWG board wish to now focus more on sexual violence. Since September 2016 a lot of work has been undertaken on DV and now work on SV will commence - this is to align with the #MeToo campaign, increased approach of sexual violence and the people to repeat to this more selected. | For the victim - Improved victim awareness and increased numbers of victims seeking support, Reputational - Merton is seen as a pro-active borough in SV and understanding the drivers behind it  | 2          | 2      | 4     |
|                      |         |                  | increased awareness of sexual violence and the need to respond to this more coherently  |   |            |        |       |
| Pro                  | oject 2 | Project Title: 2 | ASB Strategy renewal  | Improved effectiveness  |            |        |       |
| Start date           | 2020-21 |                  | Review and redesign the councils, and partnerships, approach to ASB incorporating the administrations requirements on enforcement, the service development in court presentation and ensuring that the Police BCU model does not negatively impact on ASB outcomes around matters   | By being clear and concise in what work the ASB service will undertake, under what powers and timeframes LBM residents will be clearer as to the service deliverables. The council will also have greater   | 2          | 2      | 4     |
| End date             | 2020-21 |                  | such as CBOs and PSPO enforcement   | scope to hold partners to account for their delivery  |            |        |       |
| Pro                  | oject 3 | Project Title: 3 | VAWG Strategy renewal   | Improved reputation   |            |        |       |
| Start date           | 2020-21 |                  | Review and redesign the partnerships VAWG strategy ensuring that the council, and partners, identify and address the VAWG strands most needed. Build on the developed areas of work to further enhance outcomes and commence exploration in less developed fields of work.  | Merton is known as a good council for VAWG already but a redesigned strategy will further enhance this reputation and cement our work   | 2          | 2      | 4     |
| End date             | 2020-21 |                  | Move away from Safer Merton holding all responsibility for the VAWG strategy to a more co-designed and jointly owned approach   | reputation and cement our work  |            |        |       |
| Pro                  | oject 4 | Project Title: 4 | ASB Enforcement - Tackling Law Breakers   | Improved reputation   |            |        |       |
| Start date  End date | 2018-19 |                  | As part of work to meet the manifesto pledge to "tackle non law abiding citizens" Safer Merton, and the Community Safety Partnership, will increase enforcement work across key areas of business as set out in the TOM. Areas of work will include:  Issuing community protection warnings and notices, use of premise closure powers, use of injunctions,   | The community - Residents understand, and can see, what work is being undertaken to address poor behaviour and how their support contributes to this  Reputational - elected members can see how their manifesto is being delivered and Merton is known as a borough where action is taken against non law abiding citizens | 5          | 1      | 5     |
|                      |         |                  | use of positive prohibitions to encourage engagement in treatment and care services   | , , , , , , , , , , , , , , , , , , ,   |            |        |       |
| Pro                  | oject 5 | Project Title: 5 | Public Space Protection Order (PSPO) renewal  | Risk reduction and compliance   |            |        |       |
| Start date           | 2019-20 |                  | The current street drinking PSPO expires in October 2020. In Autumn 2019 a thorough consultation and engagement process must be undertaken to ascertain if PSPOs should continue in Merton beyond 2020 and if so in which area(s).  Consultation will involve residents, businesses, elected members and any other person(s) whom have  | The community - Residents state the street drinking is one of their top three crime concerns. Any extension of the current PSPO will allow for continued work to enforce against problematic persons Reputational - Data will show where, and how, the PSPO is being enforced and where street drinking                     | 5          | 3      | 15    |
| E date               | 2020-21 |                  | an involvement with Merton. This will be the biggest engagement process undertaken by Safer Merton for some time  | challenges are present. This will shape geographical areas of consideration. A data lead approach will mean that areas of need are covered and areas where demand is not present will not   |            |        |       |
| 3 Pro                | oject 6 | Project Title: 6 | CCTV service review   | Improved staff skills and development   |            |        |       |
| Start date           | 2019-20 |                  | A full, root and branch review of CCTV is required. Previously commissioned service review (undertaken in 2014) identified several areas for review which have not been progressed. Gaps in service delivery are an ever present risk, contracts for key aspects of service are not in place and/or   | The significance and volume of work for this project is significant and cannot be under-estimated. The benefits will vary significantly depending on the final scope of the review. Potential benefits:  For the recipients - Staff are more engaged and are able to work in a more effective and efficient manner.         | 2          | 3      | 6     |
| End date             | 2020/21 |                  | do not offer value for money and the service requires a dedicated manager to look at greater commercialisation possibilities and operational hours - do we need a 24/7 service, can we seek to share service, how do we become a more efficient, cost neutral benefit to LBM  | Reputational - Outcomes and improvements are seen across the CCTV service with current operational challenges overcome  |            |        |       |
| Pro                  | oject 7 | Project Title: 7 | CCTV maintenance commissioning  | Improved efficiency (savings)   |            |        |       |
| Start date           | 2020/21 |                  | To commission a new CCTV service maintenance contract - this contract will ensure that all LBM owned cameras are maintained and operational alongside, capital funding dependent, that a replacement programme of camera upgrades also takes place  | It is envisaged that the council will benefit from greater scales of economy in annual maintenance fee per camera alongside decreased downtime of cameras - especially if a replacement programme is rolled out   | 3          | 2      | 6     |
| End date             | 2020/21 |                  | It is likely that the contract length will be upwards of five years and may also link in with Project 6, CCTV service review  | oamora alongolae acoreasca aoviname of cameras - especially if a replacement programme is folled out  |            |        |       |

# **Commissioned Service**

**Waste Management and Cleansing** 

Cllr Tobin Byers:Cabinet Member for Adult Social Care, Health & the Environment

Cllr Martin Whelton Cabinet Member for Regeneration, Environment & Housing

**Service Providers:** 

Veolia UK Ltd

**Viridor Waste Management** 

**Kingdom Ltd (Environmental Protection)** 

Noah's Ark (Stray Dogs / Enforcement)

The London Borough of Merton is committed to managing the provision of high quality and sustainable waste management and cleansing services to residents, businesses and those passing through the borough. The service ambition is to maintain a clean, green and safe environment that meet the standards of London's Best Council.

These services are delivered through a combination of commissioned services and in-house engagement and enforcement activities.

# The key objectives of the service are:

- > To fulfil the council's statutory responsibilities and duties with respect to waste management, street cleaning, waste enforcement and the management of stray animals.
- > To provide value for money services that meet the needs of the community
- > To provide a safe and supportive environment for our community and all employees engaged in delivering services.
- > To promote and encourage sustainable waste management activities, maximising resource efficiency and securing value from all waste streams as far as practicably possible To maintain greater public space of which we can all be proud.
