# London Borough of Merton Audit results report

Year ended 31 March 2020

10 September 2020

Page 227

22 8 London Borough of Merton Standards and General Purposes Committee

Dear Committee Members

We are pleased to attach our audit results report for the forthcoming meeting of the Standards and General Purposes Committee. This report summarises our preliminary audit conclusion in relation to the audit of the London Borough of Merton (the Authority) for 2019/20. We will issue our final report on completion of the audit after the Committee meeting on 22 September 2020.

At the date of this report our audit of the Authority's accounts for the year ended 31 March 2020 remains in progress. However, subject to concluding the outstanding matters listed in our report, we anticipate issuing an unqualified audit opinion on the financial statements in the form at Section 3 of this report. As set out on pages 5 to 8, as per our update to the Committee in July 2020, the Covid-19 pandemic has impacted the statements and our audit opinion. Our work on your arrangements to secure economy, efficiency and effectiveness in your use of resources is currently in progress.

This report is intended solely for the use of the Standards and General Purposes Committee, other members of the Authority, and senior management. It should not be used for any other purpose or given to any other party without obtaining our written consent. We would like to thank your staff for their help during the engagement given the additional pressures they have faced responding to the pandemic and working remotely.

We welcome the opportunity to discuss the contents of this report with you at the Standards and General Purposes Committee meeting on 22 September 2020.

Yours faithfully

Suresh Patel

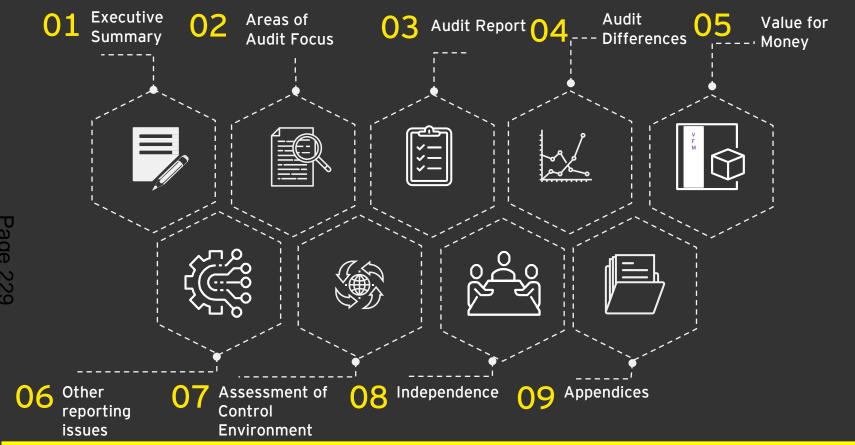

Associate Partner

For and on behalf of Ernst & Young LLP

Public Sector Audit Appointments Ltd (PSAA) have issued a 'Statement of responsibilities of auditors and audited bodies'. It is available from the Chief Executive of each audited body and via the PSAA website (<u>www.psaa.co.uk</u>). This Statement of responsibilities serves as the formal terms of engagement between appointed auditors and audited bodies. It summarises where the different responsibilities of auditors and audited bodies of auditors and audited bodies begin and end, and what is to be expected of the audited body in certain areas.

The 'Terms of Appointment (updated April 2018)' issued by PSAA sets out additional requirements that auditors must comply with, over and above those set out in the National Audit Office Code of Audit Practice (the Code) and statute, and covers matters of practice and procedure which are of a recurring nature.

This Audit Results Report is prepared in the context of the Statement of responsibilities / Terms and Conditions of Engagement. It is addressed to the Members of the audited body, and is prepared for their sole use. We, as appointed auditor, take no responsibility to any third party.

Our Complaints Procedure - If at any time you would like to discuss with us how our service to you could be improved, or if you are dissatisfied with the service you are receiving, you may take the issue up with your usual partner or director contact. If you prefer an alternative route, please contact Steve Varley, our Managing Partner, 1 More London Place, London SE1 2AF. We undertake to look into any complaint carefully and promptly and to do all we can to explain the position to you. Should you remain dissatisfied with any aspect of our service, you may of course take matters up with our professional institute. We can provide further information on how you may contact our professional institute.

#### Scope update

In our audit planning report tabled at the 12 March 2020 Standards and General Purposes Committee meeting, we provided you with an overview of our audit scope and approach for the audit of the financial statements. We carried out our audit in accordance with this plan, with the following exceptions which we reported to the Committee in July 2020.

#### Changes to reporting timescales

As a result of COVID-19, new regulations, the Accounts and Audit (Coronavirus) (Amendment) Regulations 2020 No. 404, have been published and came into force on 30 April 2020. This announced a change to publication date for final, audited accounts from 31 July to 30 November 2020 for all relevant authorities.

#### Changes to our risk assessment as a result of Covid-19

- Valuation of Property Plant and Equipment The Royal Institute of Chartered Surveyors (RICS), the body setting the standards for property valuations, issued guidance to valuers highlighting that the uncertain impact of Covid-19 on markets might cause a valuer to conclude that there is a material uncertainty. Caveats around this material uncertainty were included in the year-end valuation reports produced by the Authority's external σ valuer. We considered that the material uncertainties disclosed by the valuer gave rise to an additional risk relating to disclosures on the valuation of ພັ
- property, plant and equipment. We had already identified valuation of the Authority's fixed assets as a significant risk.
- age-2 Disclosures on Going Concern - The pandemic has had a significant impact on the Authority's finances and as a result there was a need for the Authority to revisit and update financial plans for 2020/21 and the medium term financial plan. We determined that the unpredictability of the ω
- current environment gave rise to a risk that the Authority would not appropriately disclose the key factors relating to going concern, underpinned by management's assessment with particular reference to Covid-19 and the Authority's actual year end financial position and performance.
- Events after the balance sheet date We identified an increased risk that further events after the balance sheet date concerning the Covid-19 pandemic would need to be disclosed. The amount of detail required in the disclosure needs to reflect the specific circumstances of the Authority.
- Impairment of receivables We identified impairment of receivables as a new area of focus. The Authority hold material third party receivable balances as at 31 March 2020. There is a risk of increasing amounts written off as irrecoverable and impairment of year-end balances due to the increased number of businesses and residents unable to meet their financial obligations. We have reviewed significant judgements made by management.
- New accounting standard on leases (IFRS16) The planned implementation of IFRS16 for the 2019/20 accounts has been deferred to 2021/22. As a result, we removed this areas of audit focus from the audit.

#### Scope update

**Changes in materiality** - We updated our planning materiality assessment using the draft financial statements and have also reconsidered our risk assessment. Based on our planning materiality measure of 2% of gross expenditure on provision of services and performance materiality at 75% of planning materiality:

Materiality	Group (£m)		Authority (£m)	
	Audit Plan	Final	Audit Plan	Final
Planning	9.9	9.8	9.7	9.6
Performance	7.4	7.3	7.3	7.2
Reporting	0.494	0.488	0.487	0.480

Pa

formation Produced by the Entity (IPE): We identified an increased risk around the completeness, accuracy, and appropriateness of information produced by the entity due to the inability of the audit team to verify original documents or re-run reports on-site from the Authority's systems. We undertook the following to address this risk:

Ň

• Used the screen sharing function of Microsoft Teams to evidence re-running of reports used to generate the IPE we audited; and

• Agree IPE to scanned documents or other system screenshots.

#### Additional EY consultation requirements concerning the impact on auditor reports because of Covid-19.

The continued impact of the Covid-19 pandemic increases the risks to the material accuracy of financial statements and disclosures. To ensure we are providing the right assurances to the Authority and its stakeholders the firm has introduced a rigorous consultation process for all auditor reports to ensure that they include the appropriate narrative.

The changes to audit risks, audit approach and auditor reporting requirements changed the level of work we needed to perform. We have set out the impact on our audit fee on page 36.

#### Status of the audit

We have substantially completed our audit of the London Borough of Merton's financial statements for the year 31 March 2020 and have performed the procedures outlined in our Audit Plan. Subject to satisfactory completion of the following outstanding items we expect to issue an unqualified opinion on the Authority's financial statements in the form which appears at Section 3. However until work is complete, further amendments may arise:

Final review of the going concern assessment and disclosure	Testing of CHAS revenue	Lease agreements
Receipt of IAS19 assurance from PF auditor	Review of MRP	Payroll expenditure testing
Review of operating lease schedule	Testing of on-street parking income	Review of trading operations note
Final review of audit work	Completing post balance sheet events review	Testing for unrecorded liabilities
Review of management representations	Consultation on the audit report	Review of final version of statements

We do not expect to issue the audit certificate at the same time as the audit opinion because of changes in the Whole of Government Accounts timetable.

Property, plant and equipment valuation - We will draw users attention to the valuation uncertainty disclosure in Note 19 of the accounts.

• Going concern and the impact of the Covid-19 pandemic - We will draw users attention to the Authority's going concern disclosure.

Both the above items are likely to be included in the majority of upper tier authority EY audit reports for 2019/20.

#### Audit differences

At the date of this report there are two adjusted audit differences which we wish to bring to your attention and are included in Section 04. Neither impact the general fund balance.

There is one unadjusted difference relating to industrial sites accounted for as Property, Plant and Equipment in the financial statements where we have disagreed with the approach taken by the Authority's valuer. Based on the work of our valuation specialist we have concluded that the value of industrial sites is understated by approximately £6.3m in the financial statements. We consider this to be a judgemental difference involving estimation which relate to facts or circumstances that are uncertain or open to interpretation. Management considers this to be a difference in professional opinion between two sets of valuers and therefore that no adjustment should be made. Further narrative disclosure has been added to Note 43, Assumptions Made About the Future and Other Sources of Estimation Uncertainty, to explain Management's view.

### Areas of audit focus

Our audit plan identified significant risks and areas of focus for our audit of the Authority's financial statements. We summarise below our latest findings.				
Significant risk	Findings & conclusions			
Management Override: Misstatements due to fraud or error	We have completed our testing and found no indications of management override of controls.			
Incorrect capitalisation of revenue expenditure	We have completed our testing, subject to review, and have nothing to report			
Valuation of land and buildings	We have completed our work and have reported an unadjusted audit difference on page 7 and one adjustment in Section 04. We will be including an emphasis of matter paragraph in our audit report about the material uncertainty reported by the Authority's valuer. This is not a modification to the audit report but highlighting to the reader an important disclosure.			
Data migration of property, plant and quipment for the new fixed asset register	We have completed our review of the reconciliations carried out by the Authority and have not identified any issues to report.			
Ancorrect classification of the Dedicated Schools Grant (DSG)	We have reviewed the Authority's accounting treatment of the DSG deficit and can confirm that it meets the requirements of the Code.			
Other area of audit focus	Findings & conclusions			
Pension liability	We have agreed the Authority's pension liability disclosures to the actuarial report. However, we are awaiting the IAS19 assurance letter from the auditor of the Merton Pension Fund to enable us to conclude against this area of audit focus.			
Private finance initiative	We have completed our review and have nothing to report.			
Going concern	The draft accounts did not include a detailed disclosure on going concern. Officers have used the assessment of the impact of Covid-19 on the Authority's finances, as reported to Cabinet, to draft a new going concern disclosure note. We have scrutinised the financial assessment, cashflow, liquidity forecasts, known outcomes, sensitivities, mitigating actions and key assumptions. We have also reviewed the revised going concern disclosure and subject to the EY consultation process, we are likely to include an emphasis of matter paragraph in our audit report about the impact of Covid-19. This is not a modification to the audit report but highlighting to the reader an important disclosure.			

#### Areas of audit focus

This report sets out our latest observations and conclusions on the above matters, and any others identified, in the "Areas of Audit Focus" section of this report. We ask you to review these and any other matters in this report to ensure:

- There are no other considerations or matters that could have an impact on these issues; and
- You agree with the resolution of the issues; and there are no other significant issues to be considered.

There are no matters, apart from those reported by management or disclosed in this report, which we believe should be brought to your attention.

#### **Control observations**

We have adopted a fully substantive approach, so have not tested the operation of controls. We have not identified any key control deficiencies as part of the audit process. Please refer to Section 7 for details.

# Pag

#### Value for money

we identified one significant risk relating to sustainable resource deployment and in particular the Authority's arrangements to manage the financial challenges outlined in the Medium Term Financial Strategy. Our work is currently in progress. We will provide a verbal update on our findings and conclusions at the 22 September Committee meeting and include details in the final version of this report.

#### Other reporting issues

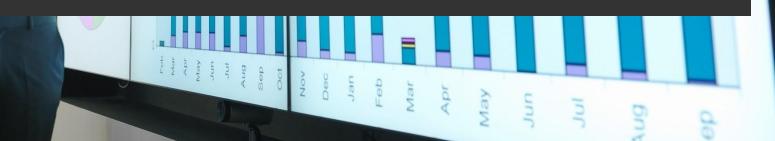

We have reviewed the information presented in the Annual Governance Statement for consistency with our knowledge of the Authority. We have no matters to report as a result of this work.

We have not yet performed the procedures required by the National Audit Office (NAO) on the Whole of Government Accounts (WGA) submission. However Treasury has extended the reporting timetable for WGA so we may not certify completion of the audit at the same time as issuing the audit opinion.

#### Independence

Please refer to Section 8 for our update on Independence. There are no relationships from 1 April 2019 to the date of this report, which we consider may reasonably be thought to bear on our independence and objectivity.

## Areas of Audit Focus

# Significant risk

Management Override: Misstatements due to fraud or error

(Fraud risk)

#### What is the risk?

The financial statements as a whole are not free of material misstatements whether caused by fraud or error. As identified in ISA (UK and Ireland) 240, management is in a unique position to perpetrate fraud because of its ability to manipulate accounting records directly or indirectly and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating effectively. We identify and respond to this fraud risk on every audit engagement.

For the Authority, we have assessed that this risk could manifest in:

- Inappropriate journal entries; specifically manual journals posted by management in the preparation of the financial statements.
- Significantly unusual transactions entered into by management that are outside of the normal scope of business of the Authority.
- Management bias in key accounting estimates and judgements.

#### at judgements are we focused on?

We have considered the risk of management override in respect of the Authority's judgements over capitalisation of revenue expenditure (see over).

#### What did we do?

- Identified fraud risks during the planning stages.
- Asked management about risks of fraud and the controls put in place to address those risks.
- Understood the oversight given by those charged with governance of management's processes over fraud.
- Considered the effectiveness of management's controls designed to address the risk of fraud.
- Determined an appropriate strategy to address those identified risks of fraud.
- Performed mandatory procedures in relation to journal entries and other adjustments
- Assessed the nature of significantly unusual transactions
- Considered if management bias was present in key accounting estimates and judgments in the financial statements

#### What are our conclusions?

Our testing is complete. We did not identify any:

- material weaknesses in controls or evidence of material management override;
- instances of inappropriate judgements being ► applied; or
- any other transactions during our audit which appear unusual or outside the Authority's normal course of business.

# Significant risk

Incorrect capitalisation of revenue expenditure (Fraud risk)

#### What is the risk?

The financial statements as a whole are not free of material misstatements whether caused by fraud or error.

As identified in ISA (UK) 240, management is in a unique position to perpetrate fraud because of its ability to manipulate accounting records directly or indirectly and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating effectively. We identify and respond to this fraud risk on every audit engagement.

Misstatements that occur in relation to the risk of fraud in revenue and expenditure recognition could affect the income and expenditure accounts.

# Page

#### at judgements are we focused on?

We have identified a risk of expenditure misstatement due to fraud or error that could affect the income and expenditure accounts. We have focused on the Authority's judgement that an item is capital expenditure in nature. If this were to happen it would have the impact of understating revenue expenditure and overstating property, plant and equipment additions and/or Revenue Expenditure Financed as Capital Under Statute (REFCUS) in the financial statements.

#### What did we do?

Our approach focused on:

- Sample testing additions to property, plant and equipment to ensure that they had been correctly classified as capital and included at the correct value in order to identify any revenue items that have been inappropriately capitalised; and
- Using our data analytics tool to identify and test journal entries that moved expenditure into capital codes.

#### What are our conclusions?

Our sample testing of additions to property, plant and equipment:

- Found they had been correctly classified as capital and included at the correct value.
- Did not identify any revenue items that were incorrectly classified as capital.

Our data analytical procedures did not identify any journal entries that incorrectly moved expenditure into capital codes.

# Significant risk

# Valuation of other land & buildings

#### What is the risk?

as an area of audit focus. The Royal Institute of Chartered Surveyors (RICS), the body setting the standards for property valuations, has issued guidance to valuers highlighting that the uncertain impact of COVID-19 on markets might cause a valuer to conclude that there is a material uncertainty, which the valuer would then disclose in their report. RICS has explained this is not a 'disclaimer' in the valuation: valuers are continuing to apply their professional judgement, this is disclosing the additional uncertainty attached to current valuations. This is particularly relevant for Fair Value / Market Value based assets because of the paucity of market information available at 31 March upon which to give those valuations. The Authority's valuation report includes this reference. Our work.

#### What judgements are we focused on?

The reasonableness of the methodologies adopted by the valuer in undertaking their valuations in 2019/20 and of the key assumptions input into these maluations. In particular assets with reference to fair value/ market value. Additionally, we considered assets not revalued in the current year for the potential of material misstatement in valuation as of 31 March 2020.

#### What did we do?

- Considered the work performed by the Authority's valuers, including the adequacy of the scope of the work performed, their professional capabilities and the results of their work.
- Disaggregated the Authority's other land and buildings and adopted different testing strategies for specialised assets the Authority values using depreciated replacement cost (DRC) and non-specialist assets valued using existing use value (EUV):
  - For DRC we checked that the Authority had used the methodology it revised in the prior year following our audit which included the work of our expert. We also tested a sample of valuations, challenging the Authority on key assumptions and base data such as agreeing floor areas back to original documentation.
  - For EUV, due to the extent of subjectivity and professional judgement that management's expert applies and the impact of Covid-19 on aspects of these valuations we engaged our own expert (EY Real Estates) to enable us to audit a sample of valuations, challenging management on key assumptions and judgements.
- Reviewed assets not subject to valuation in 2019/20 to confirm that the valuation remaining asset base was not materially misstated.
- Checked that the material uncertainly reported by the Authority's valuer was appropriately disclosed in the financial statements.

# Significant risk

Valuation of other land & buildings

#### What are our conclusions?

- We have substantially completed our work in response to this risk, including the work carried out by our EY Real Estates.
- We have reviewed the disclosure in the financial statements relating to the material valuation uncertainty paragraph included by the valuer in their valuation report, and consider the disclosure appropriate.
- م We have concluded that the assessment of fair values performed by the valuer and the directors are within an acceptable range and the carrying
- values of assets are fairly stated at 31 March 2020 within material parameters. There is, however, one area relating to the valuation of industrial sites
- N accounted for as Property, Plant and Equipment in the financial statements where we disagreed with the approach taken by the Council's valuer.
- Based on the work of our valuation specialist we have concluded that the value of industrial sites is understated by approximately £6.3m in the financial statements. We consider this to be a judgemental difference involving estimation which relate to facts or circumstances that are uncertain or open to interpretation. Management considers this to be a difference in professional opinion between two sets of valuers and therefore that no adjustment should be made. Further narrative disclosure has been added to Note 43, Assumptions Made About the Future and Other Sources of Estimation Uncertainty, to explain Management's view.
- The Authority undertook a desktop review to estimate the change in value for land and buildings not actually subject to revaluation by a valuer in 2019/20. However, this estimate was not reflected in the draft accounts. We reviewed the exercise and concluded that the estimate made was reasonable, being based on the results of the actual revaluation exercise undertaken in the year. We recommended that the Authority adjust the carrying value of land and buildings assets in the financial statements to account for the estimate. This had the impact of reducing the carrying value of property, plant and equipment assets by approximately £2.9m.

# Significant risk

#### Data Migration of the property, plant and equipment Fixed Asset **Register (FAR)**

#### What is the risk?

During 2019/20, the Authority has changed its fixed asset register (FAR) from the current system to the CIPFA accounting module. Given output from the system is material and there have been significant issues relating to property valuations in prior years we have concluded this should be treated as a significant risk in our 2019-20 audit.

#### What judgements are we focused on?

 ${\mathfrak M}$ he adequacy of the reconciliations undertaken by the Authority and occuracy of data held on the new FAR.

#### N

#### Vhat did we do?

- Reviewed the Authority's reconciliation of the prior year 2018-19 closing balance to the 2019-20 opening balance in the old FAR on Excel.
- Reviewed the Authority's reconciliation between the old FAR on Excel to the new CIPFA accounting system to confirm that data transfer is complete and accurate.
- Considered the Authority's investigation into any variances between the two systems.
- Assessed the accuracy of data held on the new FAR through substantive testing of a sample of PPE.

#### What are our conclusions?

We found that:

- The prior year 2018-19 closing balance fully reconciled to the new year 2019-20 opening balance in the old FAR.
- Property, plant and equipment data had been completely and accurately transferred between the old FAR and new CIPFA accounting system in 2019/20.
- All variances between the two systems were adequately explained.
- Some immaterial adjustments were made to improve the accuracy of data on the new CIPFA accounting system.

U

## Areas of Audit Focus

# Significant risk

#### Incorrect classification of **Dedicated Schools Grant** (DSG) deficit

#### What is the risk?

At the end of 2018/19 the Council had incurred a cumulative deficit of £2.9 million against DSG funded activities, This was accounted for as a negative, or debit balance, earmarked reserve. We concluded it was not permissible under extant accounting rules to have a negative earmarked reserve, and therefore considered this to be an uncorrected misstatement in the 2018/19 audit. The Authority was forecasting a cumulative DSG overspend in 2019/20 of £13 million.

In January 2020 the Department for Education (DfE) released some further guidance on the accounting treatment of the DSG deficit.

#### Vhat judgements are we focused on?

 $\mathbf{\hat{n}}_{\mathbf{h}}$  he decision made by the Authority on how it would account for its DSG Reficit. Ň

#### What did we do?

- DSG income: we reconciled DSG income reported to the DSG funding schedule for the Authority on the DfE website.
- DSG expenditure: we performed a year on year analytical review and substantive testing of relevant expenditure.
- We considered the accounting decisions taken by the Authority to determine the acceptability of the accounting approach taken and any impact on the financial statements.

#### What are our conclusions?

Our procedures on DSG income and expenditure identified no significant issues.

The Authority has followed the guidance issued by CIPFA following clarification of the DfE guidance which allows the Authority to disclose a negative DSG deficit without this being charged to the General Fund.

#### **Pension Liability Valuation**

The Local Authority Accounting Code of Practice and IAS19 require the Authority to make extensive disclosures within its financial statements regarding its membership of the Local Government Pension Scheme. The Authority's pension fund deficit is a material estimated balance and the Code requires that this liability be disclosed on the Authority's balance sheet. At 31 March 2020 this totalled £279 million (£343 million at 31 March 2019). The information disclosed is based on the IAS 19 report issued to the Authority by the actuary to the Pension Fund. Accounting for this scheme involves significant estimation and judgement and therefore management engages an actuary to undertake the calculations on their behalf. ISAs (UK and Ireland) 500 and 540 require us to undertake procedures on the use of management experts and the assumptions underlying fair value estimates.

Our approach has focused on:

- Liaising with the auditors of the Merton Pension Fund to obtain assurances over the information supplied to the actuary in relation to the Authority;
- Assessing the work of the Pension Fund actuary (Barnett Waddingham) including the assumptions they have used by relying on the work of PWC -Consulting Actuaries commissioned by the NAO for all Local Government sector auditors, and considering any relevant reviews by the EY actuarial team; and
- Reviewing and testing the accounting entries and disclosures made within the Authority's financial statements in relation to IAS19.

#### Rindings and conclusions

We have agreed the Authority's pension liability disclosures to the IAS19 report provided by the actuary. However, at the date of this report, we are awaiting the IAS19 assurance letter from the auditor of the Pension Fund to enable us to complete our procedures.

#### Private Finance Initiative (PFI) accounting

The Authority has a material PFI arrangement in relation to schools. PFI accounting is a complex area, and a detailed review of these arrangements was undertaken by our internal expert in 2016-17 and followed-up in 2017-18 and 2018-19. Our approach has focused on:

- Reviewing the accounting entries and disclosures in relation to PFI in detail in 2019-20, with a focus on any significant changes since the expert's follow-up review in the previous year.
- Testing of in-year inputs to the accounting models and agreeing relevant entries in the financial statements to year-end output from the accounting model.

#### Findings and conclusions

Officers have affirmed that there have been no significant changes in the way the Authority accounts for PFI. We have completed our review and found that the accounting entries and disclosures are in line with the prior year arrangements and satisfactorily reported in the 2019/20 statements.

#### Going concern disclosure

There is presumption that the Authority will continue as a going concern. However, the current and future uncertainty over government funding and other sources of Authority revenue as a result of Covid-19 increases the need for the Authority to undertake a detailed going concern assessment to support its assertion. From an audit perspective, the auditor's report going concern concept is a 12-month outlook from the audit opinion date, rather than the balance sheet date. So, this year, for example, we will need to see evidence of the going concern assessment up to and including around September / October 2021.

#### Findings and conclusions

The draft accounts did not include a going concern disclosure but officers had carried out assessment of the impact of the Covid-19 pandemic on the Authority's income, expenditure, balances and reserves to inform reporting to Cabinet. Officers have used these assessments, and working in collaboration with the audit team, drafted a new going concern disclosure note for inclusion in the final version of the statements.

we have reviewed the assessment, focusing on the reasonableness of the financial impact assessment, cashflow and liquidity forecasts, known outcomes, sensitivities, mitigating actions and key assumptions, particular around reductions in fees and charges. We have also considered the adequacy of management's new disclosure note and its agreement with the financial assessment.

Authority is forecasting that as at July 2020 it will incur an overspend in 2020/21 of £23m which is predominantly Covid-19 related. Whilst the Authority continues to review all service areas revenue and capital budgets to identify options for delivering efficiency savings and / or generating income with the aim of setting a balanced budget in 2021/22 and reducing the overspend in 2020/21, The Authority has the following reserves to call on in delivering its services:

General Fund	£13.8m	Earmarked	£59.6m
Capital grants	£21.9m	Capital receipts	£2.1m

If required the Authority is prepared to 'un-earmark' certain reserves to meet its Covid-19 related commitments.

We therefore note that the Authority has headroom within the General Fund to absorb the estimated financial impact of the Covid-19 pandemic in the short to medium-term.

In terms of cash, at the end of June the Authority had a cash balance of  $\pounds13.4m$ , with a further  $\pounds35m$  in money market funds which are instantly callable,  $\pounds65m$  in short term deposits maturing between one month and eight months and  $\pounds10m$  in longer term property related investments, also available within a few days.

We have now reviewed the new going concern disclosure which officers plan to include at Note 42 of the statements, and are satisfied that it adequately reflects the Authority's assessment and informs the reader of the impact of the pandemic on the Authority's finances. We are completing our final review procedures and subject to EY internal consultation process we will be including an emphasis of matter paragraph in the audit report.

# Draft audit report

#### This is an example report - our audit report will not be completed and issued until the work and internal consultation on opinion is complete.

#### Our opinion on the financial statements

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE LONDON BOROUGH OF MERTON

#### Opinion

We have audited the financial statements of the London Borough of Merton for the year ended 31 March 2020 under the Local Audit and Accountability Act 2014. The financial statements comprise the:

# age 2

- Authority and Group Movement in Reserves Statement,
- Authority and Group Comprehensive Income and Expenditure Statement,
  - Authority and Group Balance Sheet,
  - Authority and Group Cash Flow Statement and the related notes 1 to [x].
  - Collection Fund and the related notes 1 to [x]

The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2019/20.

In our opinion the financial statements:

• give a true and fair view of the financial position of the London Borough of Merton as at 31 March 2020 and of its expenditure and income for the year then ended; and

► have been prepared properly in accordance with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2019/20.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report below. We are independent of the authority in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard and the Comptroller and Auditor General's (C&AG) AGNO1, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Emphasis of matter - Disclosure in relation to the effects of the Covid-19 pandemic

We draw attention to note 42 of the statement of accounts which describes the forecast financial impact of the Covid-19 pandemic on the Authority. Our opinion is not modified in respect of this matter.

## Emphasis of matter - Property, Plant and Equipment and Investment Property valuation

We draw attention to Note 19 of the statement of accounts, which describes the valuation uncertainty the Authority is facing as a result of the Covid-19 pandemic in relation to specific property valuations. Our opinion is not modified in respect of this matter.

# Draft audit report

This is an example report - our audit report will not be completed and issued until the work and internal consultation on opinion is complete.

#### Our opinion on the financial statements

#### Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

 the Director of Corporate Resources use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or

 the Director of Corporate Resources has not disclosed in the financial statements any identified material uncertainties that may cast significant doubt

about the Authority's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

# 'age 247

#### Other information

The other information comprises the information included in the Statement of Accounts 2019/20, other than the financial statements and our auditor's report thereon. The Director of Corporate Resources is responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

Opinion on other matters prescribed by the Local Audit and Accountability Act 2014

Arrangements to secure economy, efficiency and effectiveness in the use of resources

In our opinion, based on the work undertaken in the course of the audit, having regard to the guidance issued by the Comptroller and Auditor General (C&AG) in April 2020, we are satisfied that, in all significant respects, the London Borough of Merton put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2020.

#### Matters on which we report by exception

We report to you if:

 in our opinion the annual governance statement is misleading or inconsistent with other information forthcoming from the audit or our knowledge of the Council;

► we issue a report in the public interest under section 24 of the Local Audit and Accountability Act 2014;

▶ we make written recommendations to the audited body under Section 24 of the Local Audit and Accountability Act 2014;

▶ we make an application to the court for a declaration that an item of account is contrary to law under Section 28 of the Local Audit and Accountability Act 2014;

 we issue an advisory notice under Section 29 of the Local Audit and Accountability Act 2014; or

▶ we make an application for judicial review under Section 31 of the Local Audit and Accountability Act 2014.

# Draft audit report

This is an example report - our audit report will not be completed and issued until the work and internal consultation on opinion is complete.

#### Our opinion on the financial statements

#### Responsibility of the Director of Corporate Resources

As explained more fully in the Statement of the Responsibilities, the Director of Corporate Resources is responsible for the preparation of the Statement of Accounts, which includes the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2019/20, and for being satisfied that they give a true and fair view.

In preparing the financial statements, the Director of Corporate Resources is responsible for assessing the Authority's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Authority either intends to cease operations, or have no realistic alternative but to do so.

The Authority is responsible for putting in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

#### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

# Scope of the review of arrangements for securing economy, efficiency and effectiveness in the use of resources

We have undertaken our review in accordance with the Code of Audit Practice, having regard to the guidance on the specified criterion issued by the Comptroller and Auditor General (C&AG) in April 2020, as to whether the London Borough of Merton had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people. The Comptroller and Auditor General determined this criterion as that necessary for us to consider under the Code of Audit Practice in satisfying ourselves whether the London Borough of Merton put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2020.

We planned our work in accordance with the Code of Audit Practice. Based on our risk assessment, we undertook such work as we considered necessary to form a view on whether, in all significant respects, the London Borough of Merton had put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources.

We are required under Section 20(1)(c) of the Local Audit and Accountability Act 2014 to satisfy ourselves that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. The Code of Audit Practice issued by the National Audit Office (NAO) requires us to report to you our conclusion relating to proper arrangements.

# Draft audit report

#### This is an example report - our audit report will not be completed and issued until the work and internal consultation on opinion is complete.

#### Our opinion on the financial statements

We report if significant matters have come to our attention which prevent us from concluding that the Authority has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

#### Delay in the certification of completion of the audit

We cannot formally conclude the audit and issue an audit certificate until we have completed the work necessary to issue our assurance statement in respect of the Authority's Whole of Government Accounts consolidation pack. We are satisfied that this work does not have a material effect on the financial statements or on our value for money conclusion.

Until we have completed these procedures we are unable to certify that we have completed the audit of the accounts in accordance with the requirements of the Local Audit and Accountability Act 2014 and the Code of Audit Practice issued by the NAO.

#### Use of our report

This report is made solely to the members of the London Borough of Merton, as a body, in accordance with Part 5 of the Local Audit and Accountability Act 2014 and for no other purpose, as set out in paragraph 43 of the Statement of Responsibilities of Auditors and Audited Bodies published by Public Sector Audit Appointments Limited. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Authority and the Authority's members as a body, for our audit work, for this report, or for the opinions we have formed.

Suresh Patel (Key Audit Partner) Ernst & Young LLP (Local Auditor) London Date

04 Audit Differences

2 2 2

Hong Kong

### 📈 Audit Differences

In the normal course of any audit, we identify misstatements between amounts we believe should be recorded in the financial statements and the disclosures and amounts actually recorded. These differences are classified as "known" or "judgemental". Known differences represent items that can be accurately guantified and relate to a definite set of facts or circumstances. Judgemental differences generally involve estimation and relate to facts or circumstances that are uncertain or open to interpretation.

#### Summary of adjusted differences

#### Judgemental misstatement

The Authority undertook a desktop to estimate the change in value for land and buildings not actually subject to revaluation by a gualified valuer in 2019/20. We reviewed the exercise and concluded that the estimate made was reasonable as it was based on the results of the actual revaluation exercise undertaken in the year. We therefore recommended that the Authority adjust the carrying value of land and buildings assets in the financial statements to account for the estimate. This had the impact of reducing the carrying value of property, plant and equipment assets by approximately £2.9m.

#### σ

#### **Sonown misstatements**

- Bebtors on the main Authority balance sheet have been reduced by a total of approximately £1.34m, with a corresponding adjustment made to receipts nadvance. The adjustment is as a result of two issues:
- The write back of historic council tax and NNDR receipts in advance to the general fund totalling approximately £860k had been incorrectly debited to
- debtors rather than to receipts in advance.
- Approximately £480k of income relating to 2020/21 had been reversed from the year account by adjustment of receipts in advance rather than debtors. This has the impact of grossing up debtors and receipts in advance.

Both of these adjustments had no impact on the general fund balance.

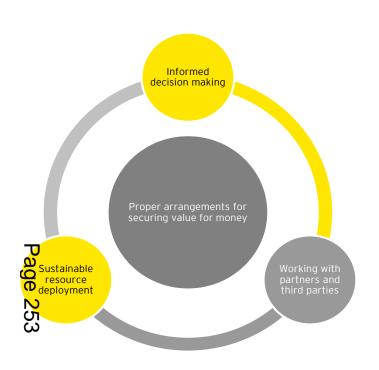

#### **Unadjusted difference**

There is one unadjusted misstatement we wish to bring to your attention. Based on the work of our valuation professionals we have concluded that the value of industrial sites accounted for as Property, Plant and Equipment in the financial statements is understated by approximately £6.3m. We consider this to be a judgemental difference. Management considers this to be a difference in professional opinion between two sets of valuers and therefore that no adjustment should be made. Further narrative disclosure has been added to Note 43, Assumptions Made About the Future and Other Sources of Estimation Uncertainty, to explain Management's view.

# Value for Money

## Value for Money

#### Background

We are required to consider whether the Authority has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources. This is known as our value for money conclusion.

For 2019/20 this is based on the overall evaluation criterion:

"In all significant respects, the audited body had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people"

Proper arrangements are defined by statutory guidance issued by the National Audit Office. They comprise your arrangements to:

- Take informed decisions;
- Deploy resources in a sustainable manner; and
- Work with partners and other third parties.

In considering your proper arrangements, we will draw on the requirements of the CIPFA/SOLACE framework for local government to ensure that our assessment is made against a framework that you are already required to have in place and to report on through documents such as your annual governance statement.

#### Impact of covid-19 on our Value for Money assessment

On 16 April 2020 the National Audit Office published an update to auditor guidance in relation to the 2019/20 Value for Money assessment in the light of Covid-19. This clarified that in undertaking the 2019/20 Value for Money assessment auditors should consider Local Authorities' response to Covid-19 only as far as it relates to the 2019-20 financial year; only where clear evidence comes to the auditor's attention of a significant failure in arrangements as a result of Covid-19 during the financial year, would it be appropriate to recognise a significant risk in relation to the 2019-20 VFM arrangements conclusion.

#### **Overall conclusion**

We identified one significant risk around these arrangements. The tables below present our findings in response to the risks in our Audit Planning Report and any other significant weaknesses or issues we want to bring to your attention.

We have not identified any new significant risks around these arrangements.

We have no matters to include in the auditor's report about your arrangements to secure economy, efficiency and effectiveness in your use of resources.

## Value for Money

# Value for Money Risks

We are only required to determine whether there are any risks that we consider significant within the Code of Audit Practice, where risk is defined as: "A matter is significant if, in the auditor's professional view, it is reasonable to conclude that the matter would be of interest to the audited body or the wider public"

Our risk assessment supports the planning of enough work to deliver a safe conclusion on your arrangements to secure value for money, and enables us to determine the nature and extent of any further work needed. If we do not identify a significant risk we do not need to carry out further work.

We present below the findings of our work in response to the risk area in our audit plan.

#### What is the significant value for money risk?

Sustainable resource deployment

The March 2020 Audit Plan we reported that like other local government bodies, the Authority continued to have a challenging financial outlook. To Dalance the budget over the next four years it was planning to deliver cumulative agreed savings of approximately £7.0 million with further savings of Approximately £3.3 million needing to be found to fully balance the budget and avoid further dependence on its reserves.

As at January 2020, the draft business plan 2020-24 showed a cumulative budget gap, including the use of reserves, and assuming no Adult Social Care grant but that Council Tax hypothecation can be used, as follows over the next four years:

No budget gap in 2020-21.

£4,239,000 in 2021-22.

£8,052,000 in 2022-23.

£10,541,000 in 2023-24.

These financial pressures were compounded by other activities. Firstly the Ofsted inspection of the Authority's services for special educational needs and/or disabilities (SEND) in September 2019, which identified some significant weaknesses, particularly in leadership and partnership working with CCGs, and opportunities for improvement. Secondly the Authority's overspending against its Dedicated Schools Grant (DSG) budget.

We consider all of the above to be relevant to the sustainable resource deployment VFM criterion and as a result it constituted a significant risk.

Since the March 2020 Audit Plan, we have clarified with the NAO that the overspend relating to the DSG budget should not be a consideration for our VFM conclusion work around sustainable resource deployment because the revised DfE regulations make it clear that local authorities are not required to fund the DSG deficit with general fund monies. However, there remains an expectation that authorities will put in place arrangements to manage DSG related spending.

## Value for Money

# Value for Money Risks (continued)

#### What did we do?

Our approach focused on reviewing the robustness of the Authority's plans and arrangements to:

- Address budget pressures in Children, Schools and Families, and
- Achieve its savings targets and address budget gaps to deliver sustainable financial balance over the medium term.

We also followed up the issues we highlighted as part of our prior year 2018-19 programme of value for money work.

In doing this we explicitly considered the:

- Financial pressures created by the need to address the findings of the SEND inspection and whether these have been adequately considered in the Council's medium-term financial plans.
- The Authority's deficit recovery plan in respect of the cumulative DSG deficit.

#### N ₩hat did find?

Our work is in progress.

We will provide a verbal update of our findings and conclusions to the 22 September Committee meeting and provide written details in the final version of this report on conclusion of the audit.

# 06 Other reporting issues

#### Consistency of other information published with the financial statements, including the Annual Governance Statement

We must give an opinion on the consistency of the financial and non-financial information in the Statement of Accounts 2019/20 with the audited financial statements. We must also review the Annual Governance Statement for completeness of disclosures, consistency with other information from our work, and whether it complies with relevant guidance. Financial information in the Statement of Accounts 2019/20 and published with the financial statements was consistent with the audited financial statements.

We have reviewed the latest version of the Annual Governance Statement and can confirm it is consistent with other information from our audit of the financial statements and we have no other matters to report.

#### Whole of Government Accounts

The Treasury has extended the timetable for the Authority to make its WGA submission and for the auditor's assurance statement. As a result, we have yet to receive the submission.

### wther powers and duties

we have a duty under the Local Audit and Accountability Act 2014 to consider whether to report on any matter that comes to our attention in the ourse of the audit, either for the Authority to consider it or to bring it to the attention of the public (i.e. "a report in the public interest"). We also have a duty to make written recommendations to the Authority, copied to the Secretary of State, and take action in accordance with our responsibilities under the Local Audit and Accountability Act 2014. We have had no reason to exercise these duties.

#### **Other matters**

As required by ISA (UK&I) 260 and other ISAs specifying communication requirements, we must tell you significant findings from the audit and other matters if they are significant to your oversight of the Authority's financial reporting process. They include the following:

- Significant qualitative aspects of accounting practices including accounting policies, accounting estimates and financial statement disclosures;
- Any significant difficulties encountered during the audit; Any significant matters arising from the audit that were discussed with management;
- Written representations we have requested; Expected modifications to the audit report;
- Any other matters significant to overseeing the financial reporting process; Related parties; External confirmations; Going concern; and
- Consideration of laws and regulations.

We have nothing to report.

# 07 Assessment of Control Environment

### Service Assessment of Control Environment

#### **Financial controls**

It is the responsibility of the Authority to develop and implement systems of internal financial control and to put in place proper arrangements to monitor their adequacy and effectiveness in practice. Our responsibility as your auditor is to consider whether the Authority has put adequate arrangements in place to satisfy itself that the systems of internal financial control are both adequate and effective in practice. As part of our audit of the financial statements, we obtained an understanding of internal control sufficient to plan our audit and determine the nature, timing and extent of testing performed. As we have adopted a fully substantive approach, we have therefore not tested the operation of controls. Although our audit was not designed to express an opinion on the effectiveness of internal control we are required to communicate to you significant deficiencies in internal control.

We have not identified any significant deficiencies in the design or operation of an internal control that might result in a material misstatement in your financial statements of which you are not aware.

Page 259

### Confirmation

We confirm there are no changes in our assessment of independence since our confirmation in our audit planning report dated March 2020. We complied with the APB Ethical Standards. In our professional judgement the firm is independent and the objectivity of the audit engagement partner and audit staff has not been compromised within the meaning of regulatory and professional requirements.

We consider that our independence in this context is a matter which you should review, as well as us. It is important that you and your Audit Committee consider the facts known to you and come to a view. If you would like to discuss any matters concerning our independence, we will be pleased to do this at the meeting of the Standards and General Purposes Committee on 22 September 2020.

We confirm we have not undertaken any non-audit work outside the NAO Code requirements in relation to our work.

### Relationships, services and related threats and safeguards

The FRC Ethical Standard requires that we provide details of all relationships between Ernst & Young (EY) and your Authority, senior management and to affiliates, including all services provided by us and our network to your Authority, senior management and its affiliates, and other services provided other known connected parties that we consider may reasonably be thought to bear on the our integrity or objectivity, including those that could compromise independence and the related safeguards that are in place and why they address the threats.

There are no relationships from 1 April 2019 to the date of this report, which we consider may reasonably be thought to bear on our independence and objectivity.

#### Services provided by Ernst & Young

The table overleaf includes a summary of the fees that you have paid to us in the year ended 31 March 2020 in line with the disclosures set out in FRC Ethical Standard and in statute.

As at the date of this report, there are no future services which have been contracted and no written proposal to provide non-audit services has been submitted.

## Appendix A

# Fees

As part of our reporting on our independence, we set out below a summary of the fees paid for the year ended 31 March 2020. We have included the fees paid by the Authority in engaging us as a reporting accountant on DWP's the housing benefits assurance programme. We have adopted the necessary safeguards in completing this work and complied with Auditor Guidance Note 1 issued by the NAO.

In our Audit Plan and subsequent reporting to the Standards and General Purposes Committee, we have communicated our proposal to increase the scale fee for 2019/20. This proposal is currently being considered by PSAA as part of their national consideration of EY's fee proposals. The table below does not reflect those proposals and includes items where we need to determine the final fee to present to the Director of Corporate Services.

	Final fee 2019/20 (£)	Planned fee 2019/20 (£)	Final Fee 2018/19 (£)
Scale Fee - Code work	110,493	110,493	110,493
Additional work:

Total other non-audit services	TBC	TBC	TBC
Total fees	TBC	TBC	ТВС

# 😤 Independence

### New UK Independence Standards

The Financial Reporting Council (FRC) published the Revised Ethical Standard 2019 in December and it will apply to accounting periods starting on or after 15 March 2020. A key change in the new Ethical Standard will be a general prohibition on the provision of non-audit services by the auditor (and its network) which will apply to UK Public Interest Entities (PIEs). A narrow list of permitted services will continue to be allowed.

#### Summary of key changes

- Extraterritorial application of the FRC Ethical Standard to UK PIE and its worldwide affiliates
- A general prohibition on the provision of non-audit services by the auditor (or its network) to a UK PIE, its UK parent and worldwide subsidiaries
- A narrow list of permitted services where closely related to the audit and/or required by law or regulation
- Absolute prohibition on the following relationships applicable to UK PIE and its affiliates including material significant investees/investors:
  - Tax advocacy services Remuneration advisory services Internal audit services Secondment/loan staff arrangements
- An absolute prohibition on contingent fees.
- Requirement to meet the higher standard for business relationships i.e. business relationships between the audit firm and the audit client will only be permitted if it is inconsequential.
- Permitted services required by law or regulation will not be subject to the 70% fee cap.
- Grandfathering will apply for otherwise prohibited non-audit services that are open at 15 March 2020 such that the engagement may continue until
   completed in accordance with the original engagement terms.
- A requirement for the auditor to notify the Standards and General Purposes Committee where the audit fee might compromise perceived independence and the appropriate safeguards.
- A requirement to report to the Standards and General Purposes committee details of any breaches of the Ethical Standard and any actions taken by the firm to address any threats to independence. A requirement for non-network component firm whose work is used in the group audit engagement to comply with the same independence standard as the group auditor. Our current understanding is that the requirement to follow UK independence rules is limited to the component firm issuing the audit report and not to its network. This is subject to clarification with the FRC.

### **Next Steps**

We do not provide any non-audit services which would be prohibited under the new standard.

## Other communications

#### EY Transparency Report 2019

Ernst & Young (EY) has policies and procedures that instil professional values as part of firm culture and ensure that the highest standards of objectivity, independence and integrity are maintained. Details of the key policies and processes in place within EY for maintaining objectivity and independence can be found in our annual Transparency Report which the firm is required to publish by law. The most recent version of this Report is for the year end 30 June 2019: https://assets.ey.com/content/dam/ey-sites/ey-com/en\_uk/about-us/transparency-report-2019/ey-uk-2019-transparency-report.pdf

### 🖹 Appendix A

### Required communications with the Standards and General Purposes Committee

There are certain communications that we must provide to the Audit Committees of UK clients. We have detailed these here together with a reference of when and where they were covered:

		Uur Reporting to you
Required communications	What is reported?	📅 💎 When and where
Terms of engagement	Confirmation by the Standards and General Purposes Committee of acceptance of terms of engagement as written in the engagement letter signed by both parties.	The statement of responsibilities serves as the formal terms of engagement between the PSAA's appointed auditors and audited bodies
Our responsibilities	Reminder of our responsibilities as set out in the engagement letter.	Audit Plan - March 2020
Nanning and audit	Communication of the planned scope and timing of the audit, any limitations and the significant risks identified.	Audit Plan - March 2020
Significant findings from the audit	<ul> <li>Our view about the significant qualitative aspects of accounting practices including accounting policies, accounting estimates and financial statement disclosures</li> <li>Significant difficulties, if any, encountered during the audit</li> <li>Significant matters, if any, arising from the audit that were discussed with management</li> <li>Written representations that we are seeking</li> <li>Expected modifications to the audit report</li> <li>Other matters if any, significant to the oversight of the financial reporting process</li> </ul>	Audit Results Report - September 2020

		Our Reporting to you
Required communications	What is reported?	📅 💎 When and where
Going concern	<ul> <li>Events or conditions identified that may cast significant doubt on the entity's ability to continue as a going concern, including:</li> <li>Whether the events or conditions constitute a material uncertainty</li> <li>Whether the use of the going concern assumption is appropriate in the preparation and presentation of the financial statements</li> <li>The adequacy of related disclosures in the financial statements</li> </ul>	No conditions or events were identified, either individually or together to raise any doubt about Merton Council's ability to continue for the 12 months from the date of our report
Misstatements	<ul> <li>Uncorrected misstatements and their effect on our audit opinion</li> <li>The effect of uncorrected misstatements related to prior periods</li> <li>A request that any uncorrected misstatement be corrected</li> <li>Material misstatements corrected by management</li> </ul>	Audit Results Report - September 2020
Sposequent events	<ul> <li>Enquiry of the audit committee where appropriate regarding whether any subsequent events have occurred that might affect the financial statements.</li> </ul>	Audit Results Report - September 2020
Fraud	<ul> <li>Enquiries of the Standards and General Purposes Committee to determine whether they have knowledge of any actual, suspected or alleged fraud affecting the Authority</li> <li>Any fraud that we have identified or information we have obtained that indicates that a fraud may exist</li> <li>Unless all of those charged with governance are involved in managing the Authority, any identified or suspected fraud involving: <ul> <li>a. Management;</li> <li>b. Employees who have significant roles in internal control; or</li> <li>c. Others where the fraud results in a material misstatement in the financial statements.</li> </ul> </li> <li>The nature, timing and extent of audit procedures necessary to complete the audit when fraud involving management is suspected</li> <li>Any other matters related to fraud, relevant to Standards and General Purposes Committee responsibility.</li> </ul>	Audit Results Report - September 2020

### 🖹 Appendix B

### Management representation letter

#### Management Rep Letter

[To be prepared on the entity's letterhead] Date Suresh Patel Associate Partner Ernst & Young LLP

This letter of representations is provided in connection with your audit of the financial statements of the London Borough of Merton ("the Group and Council") for the year ended 31 March 2020. We recognize that obtaining representations from us concerning the information contained in this letter is a significant procedure in enabling you to form an opinion as to whether the financial statements give a true and fair view of the financial position of the London Borough of Merton as of 31 March 2020 and of its income and expenditure and its cash flows for the year then ended in accordance with CIPFA LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2019/20.

We understand that the purpose of your audit of our financial statements is to express an opinion thereon and that your audit was conducted in accordance with International Standards on Auditing, which involves an examination of the accounting system, internal control and related data to the extent you considered necessary in the circumstances, and is not designed to identify - nor necessarily be expected to disclose - all fraud, shortages, errors and other irregularities, should any exist.

Accordingly, we make the following representations, which are true to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves:

#### A. Financial Statements and Financial Records

1. We have fulfilled our responsibilities, under the relevant statutory authorities, for the preparation of the financial statements in accordance with the Accounts and Audit Regulations 2015 and CIPFA LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2019/20. 2. We acknowledge, as members of management of the Group and Council, our responsibility for the fair presentation of the financial statements. We believe the financial statements referred to above give a true and fair view of the financial position, financial performance (or results of operations) and cash flows of the Group and Council in accordance with the CIPFA LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2019/20, and are free of material misstatements, including omissions. We have approved the financial statements.

3. The significant accounting policies adopted in the preparation of the financial statements are appropriately described in the financial statements. 4. As members of management of the Group and Council, we believe that the Group and Council has a system of internal controls adequate to enable the preparation of accurate financial statements in accordance with CIPFA LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2019/20 that are free from material misstatement, whether due to fraud or error. We have disclosed to you any significant changes in our processes, controls, policies and procedures that we have made to address the effects of the COVID-19 pandemic on our system of internal controls.

5. There are no unadjusted audit differences identified during the current audit and pertaining to the latest period presented.

#### B. Non-compliance with laws and regulations, including fraud

 We acknowledge that we are responsible to determine that the Group and Council's business activities are conducted in accordance with laws and regulations and that we are responsible to identify and address any noncompliance with applicable laws or regulations, including fraud.
 We acknowledge that we are responsible for the design, implementation and maintenance of internal controls to prevent and detect fraud.
 We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
 We have no knowledge of any identified or suspected non-compliance with laws or regulations including fraud that may have affected the Group and Council (regardless of the source or form and including without limitation, any allegations by "whistleblowers"), including non-compliance matters:

### Appendix B

#### Management Rep Letter

- Involving financial improprieties
- Related to laws or regulations that have a direct effect on the determination of material amounts and disclosures in the Group and Council's financial statements
- ▶ Related to laws or regulations that have an indirect effect on amounts and disclosures in the financial statements, but compliance with which may be fundamental to the operations of the Group and Council's business, its ability to continue in business, or to avoid material penalties

► Involving management, or employees who have significant roles in internal control, or others

In relation to any allegations of fraud, suspected fraud or other noncompliance with laws and regulations communicated by employees,

former employees, analysts, regulators or others

### C. Information Provided and Completeness of Information and Transactions

- 1. We have provided you with:
- $\blacktriangleright$  Access to all information of which we are aware that is relevant to the
- preparation of the financial statements such as records, documentation and other matters

Additional information that you have requested from us for the purpose of the audit and

► Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.

2. All material transactions have been recorded in the accounting records and are reflected in the financial statements, including those related to the COVID-19 pandemic.

3. We have made available to you all minutes of the meetings of Group and Council and the Standards and General Purposes Committee held through the 1 April 2019 to the most recent meeting on the following date: 22 September 2020.

4. We confirm the completeness of information provided regarding the identification of related parties. We have disclosed to you the identity of the Group and Council's related parties and all related party relationships and transactions of which we are aware, including sales, purchases, loans, transfers of assets, liabilities and services, leasing

arrangements, guarantees, non-monetary transactions and transactions for no consideration for the period ended, as well as related balances due to or from such parties at the 31 March 2020 end. These transactions have been appropriately accounted for and disclosed in the financial statements.

5. We believe that the significant assumptions we used in making accounting estimates, including those measured at fair value, are reasonable.

6. We have disclosed to you, and the Group and Council has complied with, all aspects of contractual agreements that could have a material effect on the financial statements in the event of non-compliance, including all covenants, conditions or other requirements of all outstanding debt.

7. From 1 April 2019 through the date of this letter we have disclosed to you any unauthorized access to our information technology systems that either occurred or to the best of our knowledge is reasonably likely to have occurred based on our investigation, including of reports submitted to us by third parties (including regulatory agencies, law enforcement agencies and security consultants), to the extent that such unauthorized access to our information technology systems is reasonably likely to have a material impact to the financial statements, in each case or in the aggregate.

#### D. Liabilities and Contingencies

1. All liabilities and contingencies, including those associated with guarantees, whether written or oral, have been disclosed to you and are appropriately reflected in the financial statements.

We have informed you of all outstanding and possible litigation and claims, whether or not they have been discussed with legal counsel.
 We have recorded and/or disclosed, as appropriate, all liabilities related to litigation and claims, both actual and contingent, and have disclosed in Note [X] to the financial statements all guarantees that we have given to third parties.

#### E. Subsequent Events

1. There have been no events, including events related to the COVID-19 pandemic, subsequent to period end which require adjustment of or disclosure in the financial statements or notes thereto.

N

N

#### Management Rep Letter

#### F. Other information

1. We acknowledge our responsibility for the preparation of the other information. The other information comprises Narrative Report and Annual Governance Statement.

2. We confirm that the content contained within the other information is consistent with the financial statements.

#### G. Going Concern

1. Note [X] to the financial statements discloses all the matters of which we are aware that are relevant to the Group and Council's ability to continue as a going concern, including significant conditions and events, our plans for future action, and the feasibility of those plans.

#### H. Estimates

When we have identified following estimates as significant or higher risk:

#### i. Pension Liability

ii. Property, Plant & Equipment / Investment Properties - Valuation and Impairment

iii. Provision for impairment of receivables

iv. NDR Appeals Provision

1. We believe that the measurement processes, including related assumptions and models, used to determine the accounting estimates have been consistently applied and are appropriate in the context of CIPFA LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2019/20.

2. We confirm that the significant assumptions used in making the accounting estimates appropriately reflect our intent and ability to carry out the operations on behalf of the Group and Council.

3. We confirm that the disclosures made in the financial statements with respect to the accounting estimates are complete, including the effects of the COVID-19 pandemic on 31 March 2020 and made in accordance with CIPFA LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2019/20.

4. We confirm that no adjustments are required to the accounting estimates and disclosures in the financial statements due to subsequent events, including due to the COVID-19 pandemic.

#### I. Retirement benefits

1. On the basis of the process established by us and having made appropriate enquiries, we are satisfied that the actuarial assumptions underlying the scheme liabilities are consistent with our knowledge of the business. All significant retirement benefits and all settlements and curtailments have been identified and properly accounted for.

#### J. Group audits

1. There are no significant restrictions on our ability to distribute the retained profits of the Group because of statutory, contractual, exchange control or other restrictions other than those indicated in the Group financial statements.

2. Necessary adjustments have been made to eliminate all material intragroup unrealised profits on transactions amongst Council, subsidiary undertakings and associated undertakings.

Yours faithfully,

Director of Corporate Services (Chief Financial Officer)

Chair of the Standards and General Purposes Committee
