4 MERANTUN DEVELOPMENT LTD: COMPANY PROGRESS REPORT (Agenda Item 4)

The Director of Environment and Regeneration presented the report which updated on progress since the last meeting. The approval of the planning permissions for the four sites the company was seeking to develop was a significant milestone and provided an opportunity to review the business plan. The conclusion of the independent review of the business plan would be completed by the end of October and would be brought back to the Sub-Committee at the earliest opportunity. A number of factors were significant in the review, including the Council's own financial position as a result of the covid-19 pandemic, the impact the pandemic had on the housing and rental markets and Brexit.

The Cabinet Member for Regeneration, Housing and Transport thanked the officers involved in their work in obtaining planning permission for the four sites, which would have a positive impact and provide much needed housing.

The Cabinet Member for Finance echoed those comments and welcomed the review of the business plan in light of the external factors.

The Chair welcomed the granting of planning permission and the progress made to date.
