# MERTON AND SUTTON JOINT CEMETERY BOARD

# ABSTRACT OF ACCOUNTS FOR THE YEAR ENDED 31st MARCH 2021

Treasurer of the Board

Merton Civic Centre London Road Morden Surrey SM4 5DX

### MERTON AND SUTTON JOINT CEMETERY BOARD

### **ABSTRACT OF ACCOUNTS 2020/21**

### STATEMENT OF MAIN ACCOUNTING PRINCIPLES

The accounts have been prepared in accordance with the latest Accounts and Audit Regulations. There was a change in the basis of accounting during 1995/96. In prior years accounts have been prepared on an income and expenditure basis. Since 1996/97, the accounts have been prepared on an accruals basis. The Revenue Account therefore includes all sums due to the Board in respect of the financial year and all sums payable for work done or goods received during the year.

The accounts have been produced in accordance with CIPFA's Code of Practice which is based on International Financial Reporting Standards (IFRS).

Capital expenditure defined as expenditure relating to assets in excess of £1,000. Capital expenditure is financed from the capital fund and loans, the redemption of which is provided for by the annual setting aside of sums in the Movement of Reserves Statement to repay the principal and the charging of interest on the loan in the revenue account.

A precept can be levied on the London Boroughs of Merton and Sutton to meet the net expenditure of the Board (after adjusting for contributions to or from balances held in the Board's Common Fund). No precept was levied in 2020-21. This is to be reviewed in the 2022-23 budget setting process.

# Guidance notes on completing the 2020/21 annual return

- 1. Make sure that your annual return is complete (i.e. no empty red boxes), and is properly signed and dated. Avoid making any amendments to the completed return. But, if this is unavoidable, make sure the amendments are drawn to the attention of and approved by the joint committee, properly initialled and an explanation provided to us. Annual returns containing unapproved or unexplained amendments will be returned and may incur additional costs.
- 2. Use the checklist provided below. Use a second pair of eyes, perhaps a member or the Chair, to review your annual return for completeness before sending it to us.
- 3. Do not send us any information not specifically asked for. Doing so is not helpful. However, you must notify us of any change of Clerk, Responsible Financial Officer or Chair.
- 4. Make sure that the copy of the bank reconciliation which you send with the annual return covers all your bank accounts. If the joint committee holds any short-term investments, note their value on the bank reconciliation. We must be able to agree your bank reconciliation to Box 8 on the Accounting statements. You must provide an explanation for any difference between Box 7 and Box 8.
- 5. Explain fully significant variances in the accounting statements on page 3. Do not just send in a copy of your detailed accounting records instead of this explanation. We want to know that you understand the reasons for all variances. Include a complete analysis to support your explanation.
- 6. If we have to review unsolicited information, or receive an incomplete bank reconciliation, or you do not fully explain variances, this may incur additional costs for which we will make a charge.
- 7. Make sure that your accounting statements add up and the balance carried forward from the previous year (Box 7 of 2020) equals the balance brought forward in the current year (Box 1 of 2021).

Completion checklist – 'No' answers mean you may not have met requirements

Page 38	MSJCB02 Pandemic leading to a reduction in income	Risk	possible Pandemic on short, medium and	Initially, there has been an increase in income at the cemetery due to increased demand. It is foreseen that this has the potential to reduce demand in the short to medium term, impacting on pre-pandemic income levels.	It is envisaged that overall initial increase in income due to overall pandemic demand would negatively impact future annual income projections due to lower demand. During 2020-21 the cemetery experienced higher level of income, officers are expecting lower income levels during 2021-22 and will monitor the situation closely	10 Jun 2021

This is dependent on supplier resource availability and possible future Government, especially considering groundworks delivered during periods of past increases in positive cases.	The lack of installation of bearer beams has the potential to negatively impact available grave capacity. Replacement bearer beam programme can accommodate delay as long as memorial testing ensures H&S requirements. Road & pathway delays can be postponed if required.	SP	Likelihood	6 (09- Jun- 2021	Developed capital work programme has additional contingency periods worked within the plan and priority shall be given to projects that support operational necessities.	10 Jun 2021
