

CABINET

Date 19 February 2024

Subject: Sales, Fees and Charges Review

Lead officer: Asad Mushtaq

Lead member: Councillor Billy Christie

Recommendations:

- A. That Cabinet approve the proposed fee changes outlined in appendix 1 and appendix 2.
-

1. PURPOSE OF REPORT AND EXECUTIVE SUMMARY

- 1.1 The purpose of this report is to outline the current sales, fees and charges applied by the Council and recommend revised fees to apply from 1st April 2024.

2. INTRODUCTION

- 2.1 The Council provides a wide range of services to residents, organisations and others. Where appropriate, many of their services have a charge applied to them. The charge may be fully at the discretion of the Council for some service areas or may be subject to various laws and regulations for others.
- 2.2 The ability to levy a charge for the services the Council perform is a vital source of funding for the activities of the Council and will continue to be so.
- 2.3 The list of fees and charges currently applied by the Council is shown in Appendix 1 and Appendix 2. Appendix 2 is not published publicly due to commercial sensitivity.
- 2.4 Fee charging services include both statutory and discretionary services. Where fees and charges apply to mandatory services, these may be set nationally. These fees are listed in Appendix 1 for completeness but this report will focus on the options available for amendments to the discretionary fees whereby the Council can independently set an appropriate charge level.

3. PROPOSED FEE CHANGES

- 3.1 It is proposed to apply a blanket inflationary uplift of 3% to those fees which are at the discretion of the Council. This is based on the 2024/25 price inflation assumption built into the draft MTFS 2024-28.
- 3.2 On an exception basis, some fees are proposed to be amended at a different rate than the standard 3% inflationary uplift, or to be kept at the same level as the existing charge for 2023/24. These exceptions are detailed in the appendices to this report and have been proposed on the basis of service specific benchmarking, contractual obligations or fees already having been agreed covering the financial year 2024/25.
- 3.3 Current fees and charges in relation to the Parking Service have been listed in Appendix 1 of this report but fees to apply from 2024/25 have not been listed as

these are subject to a separate report due to Cabinet in February 2024.

- 3.4 Current fees and charges for the Registrars Service have been listed in Appendix 1 of this report, but it should be noted that these fees are applicable for the calendar year 2024. The service's fees are reviewed annually and bookings relating to the calendar year 2025 will be decided and published outside of this report in due course taking in consideration appropriate benchmarking and commercial factors.
- 3.5 For those fees and charges which are dictated by regulation, the fees will continue to align to the regulations applicable at the relevant point in time.

4. OPTIONS

- 4.1 Alternatively, the Council could decide not to amend fees in line with the proposals but this would limit the potential income of services and contribute to future financial budgetary pressures.

5. CONSULTATION UNDETAKEN OR PROPOSED

- 5.1 Parking services have proposed new charges following a consultation exercise which is covered by a separate report to Cabinet in February 2024.

6. TIMETABLE

- 6.1 It is proposed that the new fees outlined in this report will be applicable from 1st April 2024.

7. FINANCIAL, RESOURCE AND PROPERTY IMPLICATIONS

- 7.1 The current level of sales, fees and charges 2023/24 income budgeted, forecast to be achieved (as at December 2023) and achieved in 2022/23 is illustrated in the table below to provide context on the scale of the income achieved through sales, fees and charges. It should be noted, however, that this includes fees for services where the Council does not have discretion to increase or reduce the charge, as well as income from some shared services whereby we are then required to pass an appropriate proportion of the income to our partner organisations.
