Rapid Ready Mix, Alpha Place, Garth Road

Amend second part of paragraph 2.06 as follows:

“This is the second notice and it came into effect immediately as there is no right of appeal and the business has 28 days to comply and operate within the approved hours or face prosecution. Officers have been monitoring the development by carrying out early morning random visits and also checking the company’s on-site CCTV recordings. Until recently, a contractor was carrying out some works to install a canopy required by planning condition. The company has now installed an acoustic canopy as required by Condition 8 of planning approval ref 11/P2523 within the RRM site to minimise any noise disturbance.

Secondly the whole yard has been replaced with a new concrete slab. The previous concrete floor was part of the old warehouse slab with only 150 mm thickness. This was weak and not acceptable to resist vibration from the use of heavy equipment and trucks. This has now been replaced with 250 mm reinforced concrete slab with drainage which will also reduce vibration. The

replacement had involved breaking up and removing the old concrete. While the works were taking place, this obviously generated a lot of noise and vibration in the mornings from as early as 8.00 am as the contractor was not subject to the existing planning condition regulating working hours for the business from 9.00 am”.
