Merton Safeguarding Children Board

Business Plan 2014 – 16

Agreed 16 September 2014

Progress of this Plan will be monitored at each MSCB Meeting
Introduction

Merton Safeguarding Children Board aims to ensure that local services work knowledgeably, effectively and together to safeguard children and young people and to support their parents.

The Board is seeking to improve its Quality Assurance and Learning and Improvement System to ensure that there is clear understanding of the complexity of work to protect children at the frontline. The Board is seeking to improve its links to practitioners and their managers.

The Board recognises that Partner agencies have been undergoing their own changes and that the revised governance and implementation of these changes take time but that safeguarding children must remain a priority.

In reviewing its own effectiveness the Board is seeking to streamline its business processes to ensure SMART* working and to prioritise and de-bureaucratise its work streams.

Priorities for this business year are:

- quality assurance and challenge to improve direct safeguarding with children, young people and their parents in all local agencies,
- engaging with and listening to children and young people,
- continuous learning and feedback,
- better understanding of our local needs, including children with particular vulnerabilities,**
- greater involvement of schools and early years services as places where children and young people are best safeguarded,
- increasing understanding about chronic neglect and working to safeguard children who are particularly vulnerable**;
- and better communication to the local community and to practitioners about safeguarding.

Keith Makin
Independent Chair, Merton Safeguarding Children Board

September 2014 v3
**SMART** Specific, Measurable, Achievable, Realistic/Resourced & Timely - also Proportionate

**e.g.** domestic violence, sexual exploitation, parental mental ill-health, neglect, alcohol and substance misuse, abusive cultural practices, etc.

<td>Agree themes and structure of the Conference Seek involvement of children and young people Seek involvement of practitioners and supervisors</td>
<td>Greater awareness of principles of engagement in frontline practice Consultation between the LSCB, practitioners and service users</td>
</tr>
</tbody>
</table>

This Business Plan contains the MSCB priority actions. The on-going work of the MSCB and its SubGroups and Task Groups continues alongside it and will be incorporated into the SubGroups’ annual work plans and reporting cycle to the MSCB.

New priorities may be added during the year, including any identified risks which will be monitored in the confidential risk log below.

The Plan will be updated and presented to each MSCB meeting by the Board Manager for monitoring and exception reporting.

The plan will have two appendices:
A **rolling action plan** which will list all the agreed actions from MSCB meetings monitoring them until they are completed.
A **risk and challenge log** listing identified risks and particular challenges which may impact on the whole safeguarding system or single agencies.
At each meeting MSCB will consider any specific risks to the local safeguarding system, either across the system or within a single agency – these may be as a result of increased or new need or demand; problems with pressures, resources or staffing, including change or identification of concerns from performance management or quality assurance reviews.

The MSCB Chair may also add to this risk log executive and/or in consultation with a Member or Members where there is a particular challenge. SubGroup Chairs may also add to the Challenge Log where there are concerns about progress of the SubGroup WorkPlan or delivery.

The Board will consider what actions need to be taken to mitigate the risks, their priority and these actions will form an Appendix to the Business Plan for continual monitoring until the risk has been reduced to an acceptable level and can be removed.
