

Agenda Item 10

MINOR ORAL AMENDMENT TO MOTION AGENDA ITEM 10 COUNCIL MEETING 9 SEPTEMBER 2015

Since this motion was written, it has been confirmed by Transport for London that the launch of the Night Tube is definitely being deferred and will no longer commence on Saturday 12 September 2015 as had previously been planned.

*Councillor Daniel Holden will therefore move and Councillor David Dean will second a minor oral amendment to the **penultimate line of the 3rd paragraph of the Conservative motion** replacing the words '**could potentially be**' with '**has now been**'.*
